1.2 - Version History

0.21 - CANCELLATION RELEASE - 6/16/2001

- Just to let people know (I've gotten an increase in email about this game, and this guide). I have cancelled this guide.

If you are creating your own Evo2 guide, you may use any of the information I have found, but not the information submitted by others.

0.2 - 8/10/2000

- Added items 61-70 (15/70 still unknown).
- Eryk submitted 10 items.
- Aron Dodger submitted 3 items, and assembly info on another.

0.1 - FIRST RELEASE - 8/7/2000

- Added items 1-60 (26/60 still unknown to me).
- Added uh, everything else.
- I still have to finish up my Rippin' Riders FAQ, and much work needs to be done on my Mag Force Racing FAQ. It could take months before all 200 Appraisal Items are up on this guide.
