1. ACKNOWLEDGEMENTS

In memory of:

- The seven astronauts on the NASA space shuttle USS Columbia, which was lost in action (Mission STS-107) about 203,000 feet above north-central Texas, USA, at about 9 AM EST (14:00 GMT, 16 minutes before her scheduled landing at Kennedy Space Center, Cape Canaveral, Florida, USA) on Saturday, 1 February 2003 (Chinese New Year Day).

"The seven astronauts on board were accomplished women and men of great courage who put their extraordinary skills and knowledge to the service of humankind. Each one was a hero. Their contribution to science and space exploration will never be forgotten."

- Jean Chretien, Canadian Prime Minister, 1 February 2003

"The Columbia is lost. There are no survivors."
- George W Bush, US President, 1 February 2003

4. HIDDEN COMMANDS (and undocumented features)

- Omake for PC use.

Insert the GD-ROM into a PC, access the disc, and find a file called Warning.wav.

It is a warning voiced by the game chara. The same sound as the warning of CD track.

- Fast scroll.

The manual says the analogue direction keys are not used.

Actually, in Visual Mode, while displaying a two-screen CG, the up and down analogue direction keys can scroll faster than the digital direction keys. The scroll speed corresponds to the analogue input.

- Female seiyuu.

A (possibly incomplete) list of the female seiyuu who perform in the

game. Typed up in Kunrei siki ro-mazi and in the format of my friend Doi Hitoshi han's Seiyuu (Voice Actor) Database HP. (^_^)
