- V1.03 - Finishing touches to some songs. Live And Learn and All Of The Darkness added (I don't have them to hand so I'll have to trust the guys that gave me them).
- V1.04 - Tails' Theme, Amy's Theme and part of Knuckles' Theme added.
- V1.05 - Added other names to songs, 'cause I'm getting contrasting views on what the actual names are. Sites with MP3s say one thing, people who email me say another... AGH! I don't like doing it on paper :) Also made all the lines 79 characters or less, GameFAQs' ASCII standard.
- V1.06 - Added Rouge's Theme; moved White Jungle from the no lyrics pile, 'cause it has... strange that; :) Also emailed Sega Europe asking what the real song names are - they told me to email the Sonic Team. Hopefully I'll get some answers soon.
- V1.07 - More of Rouge's Theme added; none of Knuckles' Theme added :P any help?
- V1.08 - Part of the Biolizard track added (no idea how Sonique got it!); more of Knuckles's Theme added (I just put some of the stuff I wasn't sure of originally in :D); Shadow's Theme corrected; Sonic's Theme corrected. =====  
INTRODUCTION:  
=====

I originally wrote this FAQ (up to v1.26) over 4 months in 2001 - there was no official set of lyrics until the OSTs were released, and so, what with all the incorrect lyrics (not to mention song titles - Shadow's theme was widely thought to be called All Of The Darkness, which isn't the right lyrics anyway!) I, along with a number of people credited below, aimed to give fans a correct set of lyrics.

Boy, were we in for a tough task.

It's not that we were bad at transcribing by any stretch of the imagination, but as with many songs, there are some parts which are hard to recognise, and with some themes (like Biolizard's theme for example), you can hardly hear the lyrics, let alone make them out. On many occasions we chopped and changed lyrics, replacing words, then putting them back in when we realised they were right in the first place. In the end though, we succeeded, and I had a full set of passable, if not correct, lyrics here.

Then the soundtrack came out, and I groaned.

Thoroughly sick with maintaining the FAQ, I decided to leave it as it was rather than use the official lyrics. Truth be told, the official ones weren't that good anyway. Most of the Knuckles tracks were badly edited and had rapping-style spelling and grammar errors, and some of the other tracks had errors as well. Despite the fact that neither this version or the official lyrics were really right, I abandoned the FAQ.

What I wasn't expecting was an influx of emails to my old email account over the next two and a half years (...yes) sending in various corrections which I'd already seen at least twice before. So eventually, I decided to complete this bugger. Version v1.27 was a thorough go-over of every song, correcting any mistakes I found; and v1.28 has turned this into a general music FAQ rather than concentrating on lyrics.

All of the lyrics in this FAQ are based on the SA2 soundtracks, and as such, may be slightly different to the in-game versions, or last longer and have more parts to them.

Lyrics in (brackets) are either parts added to the end of the line; quiet lyrics, or echoes. If you see two parts separated by a |, e.g.:

Large pots of treasure, if they're much better. (Uh) | in the heavens,

...the two parts are sung at the same time. Words with a dash - sign between them have less of a gap between being sung, than words separated by spaces. In turn, commas mean there is a pause before the next word.

Currently, there are a few events I'm not sure about in the track listing. They're marked as "???". If anyone could send info (gamefaqs at w00ty dot com) to me it'd help me out. Also, I'm not certain which track plays when Knuckles and Rouge battle in Meteor Herd. Thanky!

Can you feel life movin' through your mind?

Ooh, looks like it came back for more,

Yeah!

Can you feel time slippin' down your spine?

Ooh, You try and try to ignore,

Yeah!

But you can hardly swallow,

Your fears and pain.

When you can't help but follow,

It puts you right back where you came.

Live and learn!

Hanging on the edge of tomorrow,

Live and learn!

From the works of yesterday.

Live and learn!

If you beg or if you borrow,

Live and learn!

You may never find your way.

Whoa, yeah!

Can you feel your life tangle you up inside?

Yeah, now you're face down on the floor!

Oh!

But you can't save your sorrow,

You've paid in trade.

When you can't help but follow,

It puts you right back where you came.

Live and learn!

Hanging on the edge of tomorrow,

Live and learn!

From the works of yesterday.

Live and learn!

If you beg or if you borrow,

Live and learn!

You may never find your way.

Hey, whoa, whoa,

Oh yeah!

Yeah, yeah, yeah, yeah, yeah!

There's a face searching far, so far and wide.

There's a place where you dreamed you'd never find.

Hold on to "what if?"

Hold on to "what if?"

Live and learn!

Hanging on the edge of tomorrow,

Live and learn!  
From the works of yesterday.  
Live and learn!  
If you beg or if you borrow,  
Live and learn!  
You may never find your way.

Live and learn!  
Hanging on the edge of tomorrow,  
Live and learn!  
From the works of yesterday.  
Live and learn!  
If you beg or if you borrow,  
Live and learn!  
You may never find your way.

Live and learn!  
Yeah, yeah, yeah, yeah, yeah!  
Live and learn!  
Yeah, yeah, yeah, yeah, yeah!

Oh yeah!  
Alright!

Well, I don't show off, don't criticise,  
I'm just living by my own feelings.  
And I won't give in, won't compromise,  
'Cause I only have a steadfast heart of gold.  
I don't know why I can't leave, though it might be tough,  
But I ain't out of control, just living by my word.  
Don't ask me why, I don't need a reason,  
I've got my way, my own way.

It doesn't matter now what happens,  
I will never give up the fight.  
Long as the voice inside drives me to run and fight,  
It doesn't matter who is wrong and who is right.

Well, I don't look back, I don't need to,  
Time won't wait, and I've got so much to do.  
Where do I stop, now it's all a blur, it's so unclear,  
Well, I don't know, but I can't be wrong.

It doesn't matter now what happens,  
I will never give up the fight,  
Long as the voice inside drives me to run and fight,

Place all your bets on the one you think is right.

Oh, it doesn't matter now what happens,  
I will never give up the fight.  
Long as the voice inside drives me to run and fight,  
It doesn't matter who is wrong and who is right.

No, no, no, no,  
It doesn't matter!

When all alone in my chair,  
I just go about wishing,  
Wanna be strong, really wanna be trusted, ah.  
When all alone in my bed,  
I just go about yearning,  
Wanna be cool, I also wanna be like him.

But that's not something I can do so easily,  
This is not simply my way,  
My own style,  
Gotta get a hold of my life.

I wanna fly high,  
So I can reach the highest of all the heavens!  
Somebody will be,  
Waiting for me so I've got to fly higher!

When all alone in my sleep,  
I just go about dreaming,  
I see myself there, having the same adventure.

If I just follow you, I will never see the light,  
Now's the time to find my way through this life,  
Trying so hard to be strong.

I've gotta keep going,  
Everything is a brand new challenge for me.  
And i will believe,  
Believe in myself, this is the only way for me!

Many friends help me out,  
In return I help them.  
Certain things I can do,  
And there are things that only I can do,  
No-one's alone!

I wanna fly high,

So I can reach the highest of all the heavens.  
Somebody will be,  
Waiting for me so, I've got to fly higher!

Yeah, yeah, yeah.

His duty's to protect Master Emerald diamond,  
Hold the climate, he's searching for shining.  
But every time he look for the sun, can't find it, (Uh)  
Is this the way, the path I chose? (Yeah)  
Then why am I living with my heart so cold? (Uh)  
All that I see is a storm of stones?

I like to dig holes in search of gold,	Born on an island
Large pots of treasure, if they're much better. (Uh)	in the heavens,
If I find Eggman, Rouge, whoever, (Yeah)	The blood of my ancestors
Clench my fists tight, become more reddah. (Yeah)	flows inside me.
I don't wanna hurta, my passion observed,	My duty is
Been lonely all my life, doesn't matter.	to save the flower,
Here for the mission, whoever want it bring it,	From evil
Call me stubborn but I'm still gon' live it. (Uh)	deterioration, yeah!
Doing anything to get the pieces of the Emerald,	---
Climb the mountain, through the valley around the hill.	Oh, yeah!
Wild and hungry, ain't a damn thing funny,	
My philosophy's my knuckles and feet!	

Streaking lights, loud sounds, and instinct,  
Are the elements that keep me going.

(Yeah)

(Oh!) Won't be frightened, I'll stand up to all the pain and turmoil,  
Just believe in myself, won't rely on others.

(Oh!) I get this power to wipe out the havoc and anarchy,  
This is my planet, gonna fight for my destiny.

Something's callin' me, I don't know what, (Yeah)  
Something's talkin' but I don't know who. (Yeah)  
Something's callin' me more and more,

I have no such things as weak spots,  
Don't approve of him but gotta trust him.  
This alliance has a purpose,  
This partnership is only temporary, oh!

Hey!

(Oh!) Won't be frightened, I'll stand up to all the pain and turmoil,  
Just believe in myself, won't rely on others.

(Oh!) Freedom will be waiting when serenity is restored,  
This is my planet, I shall not surrender.

I was born like this, to fear no-one,  
I'm straight thugged out, only live to my ones,  
Diamonds and gems, we 'ka battle to the end,  
You best to be aware of the knuckles that I send.  
Once they penetrate, they put you to your death,  
They hard as iron, and my feet is like fire,  
You'll never see me run and I won't surrender,  
I just fly away like it's no other contender, uh!

(Oh!) Won't be frightened, I'll stand up to all the pain and turmoil,  
Just believe in myself, won't rely on others.

(Oh!) I get this power to wipe out the havoc and anarchy,  
This is my planet, gonna fight, ah!

(Oh!) Won't be frightened, I'll stand up to all the pain and turmoil,  
Just believe in myself, won't rely on others.

(Oh!) Freedom will be waiting when serenity is restored,  
This is my planet, I shall not surrender! (Oh!)

Something's callin' me, I don't know what, (Yeah)

Ooh, ooh, ooh, uh, yeah!  
Di-di-di, di-di-di, di-di-di di di di di di-no!

The story begins, with who's gonna win,  
Knowing the danger lies within.  
Aboard the ARK, a genius at heart,  
Wanting to unlock the mysteries of life.

I am the Eggman, that's what I am,  
I am the Eggman, I got the master plan.  
I am the Eggman, that's what I am,  
I am the Eggman, with the master plan.

I'm plotting my schemes wherever I go,  
They're perfect in every way.  
I'd love to destroy the blue one you know,  
He's an obstacle who always gets in my way.

I must play this game by my rules,  
I will conquer the world with my tools.  
All my machines are made for destruction,  
I will build my empire.  
I will succeed, and you will see,  
With my machines, there is no retreat.

I am the Eggman, that's what I am,  
I am the Eggman, I got the master plan.  
I am the Eggman, that's what I am,  
I am the Eggman, I got the master plan.

I am the enemy, I will succeed,  
My mission, yeah, I must complete.  
My name is Eggman, don't forget my name,  
If you ask me again, I'll show you the same!

I am the Eggman, that's what I am,  
I am the Eggman, I got the master plan.  
I am the Eggman, that's what I am,  
I am the Eggman, I got the master, master plan.

I am the Eggman!

Day ay di-day day day dare!

No, du, du, du, du, du, Eggman, du, so, Eggman.

All right.

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Everybody tries to be straight,

But things are still unchanged.

It's useless to resist,

Their effort will be wasted.

Head straight for your goal by any means,

There is a door that you've never opened,

There is a window with the view you have never seen,

Get there, no matter how long it takes.

Oh dark, the darkness that dozes in the dusk,

Throw it all away.

No-one can break you, nobody can tear you,

You live an endless life forever.

Oh dark, the darkness that dozes in the dusk,

Throw it all away.

You see a light wherever you go,

You have to face it again and again.

And again and again and again!

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Now, wake up (up, up, up, up...)

(Oh dark, the darkness...)

Oh dark, the darkness that dozes in the dusk,

Throw it all away.

No-one can break you, nobody can tear you,

You live an endless life forever.

Oh dark, the darkness that dozes in the dusk,

Throw it all away.  
You see a light wherever you go,  
You have to face it again and again.

(Oh dark, the darkness...)  
You live an endless life forever,  
(Oh dark, the darkness...)  
Forever.

Now, wake up (up, up, up, up...)

Oh dark, the darkness that dozes in the dusk,

Tap the rhythm against the floor,  
To look for another door.  
I am slipping, to the mystery of the night.  
I know there is an easier way,  
But it is my choice anyway.  
Don't let me waste my time in futile thinking any more.

Fated not to be tamed.  
Watch me, I never will lean upon you.  
I can go, by myself.

Fly in the freedom,  
Time never stop and wait for me. (Show the way!)  
Looking for answers and looking for the clue.  
Fly in the freedom!

Oh!

(Chu-chu-di-chu, yeah,)  
(Chu-chu-di-chu, yeah.)

Nobody taught me to hint,  
Win a happy life of a dream,  
I'm not waiting for a fortune teller.  
I feel that my wish will come true,  
I've never thought ahead to that luck,  
Is it my treasure? Tell me what I've really looked for.

Fancy came to my mind,  
It leads me to somewhere far away,  
Distant place, distant time.

Fly in the freedom,  
Time never stop and wait for me. (Show the way!)  
Looking for answers and looking for the clue.

Fly in the freedom,  
There is a lot of things to do.  
Come on, I'm ready to gamble, it's time to play the game.

Fly in the freedom,  
Tell me, what is this feeling? (Show the way!)  
I'm in paradise, I'll keep it forever.

Fly in the freedom,  
I'll never stop my steps.

(Never lose, hurry.)

I believe in my future, farewell to the shadow,  
It was my place to live, but now I need your hand.  
Lead me out with your light, I have breathed in,  
The disgusting air of darkness, but I never lose out.

To the pressure, everything's just like,  
An illusion, I'll be losing you, before long.

(I never lose my confidence,)

I know you were supporting me,  
Supporting me,  
Supporting me,  
I'll be losing you before long.

Whooh!

Oh yeah!

Rolling around at the speed of sound,  
 Got places to go, gotta follow my rainbow.  
 Can't stick around, have to keep moving on,  
 Guess what lies ahead? Only one way to find out!  
 Must keep on moving ahead,  
 No time for guessing, follow my plan instead.  
 Trusting in what you can't see,  
 Take my lead, I'll set you free.

Follow me, set me free,  
 Trust me and we will escape from the city.  
 I'll make it through, follow me.  
 Follow me, set me free,  
 Trust me and we will escape from the city.  
 I'll make it through, prove it to you.

Follow me!

Oh yeah!

Danger is lurking around every turn,  
 Trust your feelings, got to live and learn.  
 I know with some luck that I'll make it through,  
 Got no other options, only one thing to do!  
 I don't care what lies ahead,  
 No time for guessing, follow my plan instead.  
 Find that next stage, no matter what that may be.  
 Take my lead, I'll set you free.

Follow me, set me free,  
 Trust me and we will escape from the city.  
 I'll make it through, follow me.

I been away for a while,  
But I'm back to kick some butt at Wild Canyon!  
I shall find all the lost pieces of the Master Emerald here.  
I'm gonna get those fools.  
They wanna play with my Emeralds?  
They playing with the wrong guy!

Echidona, that's what I'm representing,  
Never seen a mic-hog spit like a menace.  
Wild Canyon fun, I gotta chase a bat, huh,  
Yeah, Rouge, she's sexy and smooth.  
A double cross spy thief that's out for my jewels, uh!  
I'm feelin' her in mysterious ways.  
That's why I stay on point like every single day,  
I gotta protect this place, I do it for my race, uh, uh!

Yeah, you know how it is,  
Yo, yo,  
Uh (uh),  
Throw your hands up,  
Come on, come on. | Yeah

Ain't nobody gon' come here and eat my plate, no!  
Yo what happened, my Emerald's gone!  
Somebody gonna get their's quick, my word is born!  
Who could'a did this, that stitch named Rouge!  
When I catch her, I'm-a get her with these tools,  
There you are, come here you little thief!  
Think you gon' fly and get away quick? Uh, uh!  
Give up the Emerald or die, I don't love you!

Yeah, you know how it is,  
Yo, yo,

 And we're at Pumpkin Hill,  
 You ready?

I ain't gonna let it get to me, I'm just gonna creep,  
 Down in Pumpkin Hill I gots to find my lost piece.  
 I know that it's here, I can sense it in my feet,  
 The great Emerald's power allows me to feel.  
 I can't see a thing but it's around somewhere,  
 I'm gonna hold my head 'cause I have no fear.  
 This probably seems crazy, crazy, a graveyard theory,  
 A ghost tried to approach me and got leery.  
 Ask him a question and he vanished in a second,  
 I'm walkin' through valleys cryin' pumpkin in the alley.  
 Didn't seem happy but they sure tried to get me,  
 Had to back 'em up with the fist, metal crack 'em.  
 I'm hearing someone saying you a chicken, don't be scared!  
 It had to be the wind, 'cause nobody wasn't there.  
 I searched and I searched as I climbed up the wall,  
 And then I started to fly, I went in deeper!

(And this is Aquatic Mine, come on y'all.)

Let's take a dive, in Aquatic Mine,  
Once was a coal pit, but now it's a water ride,  
Makes you wanna sit back, enjoy the life,  
And do things you like doing, get to shine.  
It sure beats fighting with the foes all the time,  
But I gotta do it, they always stay outta line,  
Sometimes I wanna just chill and lamp,  
But I'm the protector of the Emeralds and gems.  
I stay knuckled up, I'm in a deep cut,  
I'm seeing skulls that burn, they trying to cut me off,  
Avoiding my luck, I'm feeling kinda stuck,  
I'm in narrow hallways running like it's a ballgame.  
Hand tracks be trackin' me to different doorways,  
In a maze, and I don't know what to do,  
Guaranteed though, Imm'l find the Emeralds,  
Don't call me Knuckles for nothing, I get loose!  
Sure beats fighting with the foes all the time,

(Death Chamber, Death Chamber, Death Chamber)

From front to back all I see is stones,

I'm glad that I don't own this room,

A lot of trick stuff that makes you fall into a trap,

(Death Chamber, Death Chamber, Death Chamber)

Eggman wants to steel us all, keep the Emeralds and build a throne,

(Death Chamber, Death Chamber, Death Chamber)

Not if I can help at all, I will not let him take it over.

Sonic, what are you doin' here?

I heard you were on a quest for the Master Emerald.

You know me and you don't get along.

I don't think that's the point right now, Knuckles,

I know how much the Emerald means to you, and I wanna help get it back,

Stop being stubborn and think!

Well, I guess you're right.

You're damn right, Knuckles!

I know Eggman's secret station's here somewhere,

All we have to do is find it.

I know we'll need a key to get inside,

That's our only way to find it, so let's go!

You ready to go in space? Help me get the Emeralds.

Took a shuttle to space, and left my homes,

At least with friends, and I'm not all alone,

Bad thing was that the Emeralds spilled,

Gotta search space, man, time to get in.

What's this? Can't fly or climb,

I just could float, hope I don't die.

Meteors coming my way, weavin', gotta go straight,

The first soundtrack to Sonic Adventure 2, released two months after the game itself, is for the most part a simple set of the main vocal tracks - the main

theme Live and Learn, the character themes, and Escape From The City. With so little, Cuts Unleashed would surely be defunct after Multi-Dimensional's release, (as M-D contains all CU's tracks and more), but for the fact that Cuts Unleashed also has instrumental versions of each track.

Multi-Dimensional is the definitive Sonic Adventure 2 soundtrack. It contains pretty much every track in the game, in its 60 tracks on two CDs. And it is PACKED - both discs break 74 minutes. The CDs are split somewhat into the Hero disc (disc 1), with the Hero Story level themes, and the Dark disc (disc 2), with the Dark Story level themes.

The Official Soundtrack is a "best of" compilation, which takes some of the best of the themes from SA2 (including all the songs that are on Cuts Unleashed), and puts them on one CD. Compared to Multi-Dimensional, it's nothing special, but the bonus remix of the Chao Racing theme is an enjoyable addition.
