3.0: Second Update. 6 People added. Just 4 More!

1.0: First Release. Everything is new!

three) Future Plans

-Eventually, all of the heads and bodies will be identified. Currently, there are 4 unknowns.

-I plan to include the fake names for the characters in the American version of the game i.e. Steve Austin as Steve Majors, Vader as Saber, etc.

four) The Heads/Bodies

Ahhh, here it is. The meat of this FAQ! Here are all the heads in the Edit mode of Fire Pro Wrestling A. To select the head, just scroll to it. To get the body and colors that go with it, hold down the B button as you scroll through.

five) Other Information

I'm not perfect. Some of these may be wrong. Most of them are right, as I checked with Fire Pro Wrestling G and Fire Pro Wrestling D to confirm the identities. If you can tell me who the as of now 4 mystery wrestlers are, when I update the FAQ I will list you as a contributor and give credit where credit is due. And hey, this is my first FAQ-so cut me some slack!
