I: Walkthrough

Day 1

First of all you have to select you language...

Then you need to enter some info. Like your birthday, gender, etc.

Then rainbow ham appears on stage and welcomes you to the ham ham games!

Theres Team Ham-Ham, Team Seahams, Team Djungle, and Team Rainbow.
(Who reminds me of the mini hamuzu group from the 2nd movie for some reason)

Now it's on to the games.

Remember: Play Hard, Play Fair, and Do Your Best For The Next Seven Days! (whispers: Seven dayyys.. LOL) And Dont Forget...
PLAY TO WIN!

The First Event is at the STADIUM the 100HM DASH.

Now you're at the clubhouse.

Bijou announces she's going to the stadium.

Maxwell writes tips down for you at the desk there.

Panda says he built some stuff at the stadium and he goes to make sure it isnt broken.

Dexter says that the show is being broadcasted on TV. Hey. that's DJ Hamu!

If you go up the white ladder on the right theres a weird looking ham up there that wants you to teach him how to greet hamsters. Enter a word into the Hamha machine and see what happens. Its.. 'Hilarious' Hahah. Go up to the machine. It says 'How does everyone say Hi? And.. It's Hamha! but. Eh. you're choice.

Green Controller:

If you go to the left there's a table. If you go up to it you'll notice it's a game. It's an easy game. You use Penelope to try and get the basketballs into the hoop. Pashmina throws the ball, YOU (Penelope) has to hit it to Bijou and then you hit it to Hamtaro then Hamtaro hits it to you and you hit it in the hoop. It's a simple arcade game. You get 3 chances to miss and it's game over. When I first played it my score was 20.

Red Controller:

This is the same as the green controller but eh, I think it might be a little harder. Who knows.

If you go up to the blue and orange thing, it's a ham ham jukebox where you can play CDs.

You can go up yet another white ladder and stand on the A to get a basket that carries you to the other side. That's it for this room.

Now you go out, which is just down.. and you can go to the Pool, Stadium, Athletes' Village, Tennis Court, Ham Studios, Lawn, or the Clubhouse.

Go to the Stadium.

There's some hams on the left that say they're practicing. Go up by the firetruck and you get to the next ledge. There's sunflower seeds there. Go right and over the bridge. There's some more seeds. Now go down by the yellow block there. It's sort of hard to see. Go up to the sunflower and there's some more seeds to get. Now you're ready to enter the stadium.

Enter... the stadium. Lol.

You can talk to the ninja hams(?)

And Cappy who's looking for 'THE' Stucky.. and Jingle and one of the ninja hams go off to the awards ceremony.

Putting the game settings on easy, medium, or hard determines how many seeds you win.

Talk to Howdy twice. The 100HM DASH is the next event. It's good to practice practice practice before you enter the tournament because you have ONE chance to win it.

Game: 100hm Dash

Starting - Press A when you see the start signal. If you get three false starts in the tournament event, you'll be disqualified.

Running - Hit A when the blue mark reaches the red mark on the left edge. The closer to the right the blue mark is when you press A, the faster you run.

Sprinting - If you press B just before the goal, you'll stick your chest out and run faster, but you'll tire out quickly.

Also- The faster you run, the faster the blue mark goes so it

gets harder.

Honestly i thought this game was really hard. I put it on easy and couldnt beat it.

When you've had enough practice, you can enter.

When you win, you will be on 1st place pedistol thing.
My score was 10.11. You go back to the main room and collect your seeds.

Pashmina congradulates you. Talk to Boss and he will show you where you can sleep. All the athletes sleep at Athletes Village. However - YOU have to sleep at the clubhouse.

Snoozer saved your spot at your bed. Aww thanks Snooz-man! ^_^
Sandy and Stan were late comming because Stan got distracted by a cute girl. -_- Maxwell welcomes you back and Dexter announces that Howdy is tired from all HIS hard work. He did NOTHING compares to what YOU did. lol.

Anyways. You can watch TV now. You can watch the Ham Studio News with the lovely Sparkle. Sparkle's here to give you an update on today's sports results. The first event was the 100hm dash. *It shows your scores* And the dazdling athlete is: Hamtaro! That was an update from the cutest reporter in the world, Sparkle! Oh PLEASE. X_X Waste of my time.

After your done with that, you can check Maxwell's tips.
And after your done exploring the clubhouse, you go to sleep in your bed. It then displays the results.

Now you see Crystal, the snow fairy. She says you can trade player cards with people via a link cable. You can also find out how much you and your friends have in common.

Day 2

An orange ninja ham explains that the tennis prelims, hammer throw, and diving going on today. You can check the tournament schedule by pressing START.

If you try to leave theres breaking news on TV. Ham Studios will be crankin' out some great shows, starting...NOW! Be sure to watch em all. (Gotta watch em all?) If you do decide to watch TV they're doing requests.

Anyways. On to the tennis prelims! You can talk to the hams and get some seeds on the bolts. If you go to the right Oxnard + Boss are lost... and Cappy is worried about Stucky.

Thats about all to do here. Now go in.

Jingle is north of where you are. He wants to know where the champs are and the blue ninja ham shows him.

Now you can talk to Howdy and register.

Game: Tennis

Winning - The first one to win two games wins.

Moving - Move Bijou with +

Serving - Toss the ball with A. Aim with +, and serve with A. You have to try over if you get a let. If you get two faults, your opponent scores.

Hitting the Ball - Swing the racket with A. To aim where you want the ball, press + while swinging the racket.

Lob - If you swing the racket with B you can hit the ball up high. (That's a lob!)

Smash - If your opponent hits a lob to you, return it with A to turn it into a smash.

Arg. Tennis is really hard too! You gotta hit the tennis ball to the same side of the court that the other ham is on. INSIDE that box. and while the ball is in midair you gotta press left or right to aim it higher. My best best is to do B smashes when he throws it to you and try to hit the ball as far away from him as you can without going out of bounds.

After you win bijou is excited about making it into the finals.

Now go do the Hammer Throw in the Stadium. If you go to the left Cappy is fed up with stuckie and decides to hide himself. If you go in you can talk to Penelope. She says "Yeah" o_o; Strange. Jingle goes to the victory podium again. Now you can go do the hammer throw.

Game: Hammer Throw

Winning - Throw the hammer three times. Whoever throws it the farthest wins.

Starting - Press A to start swinging the hammer. You can spin the hammer up to seven times.

Swing It Fast! - Hold A when the hammer is at the top of the gauge.

Swing It Faster! - Release A when the hammer passes the top of the gauge.

Throwing - Throw the hammer with B, but be sure to time it so that you throw it between the white lines.

This game was hard to figure out. Basically get Oxy spinning, press A to make white lines appear press A when the ball is in the green area and press B when you want to let it go.

My highest was 75, 90 hm and it took MANY tries to get /THAT/.

After you win... (or lose) lol.. Oxnard eats a seed.

Diving is next at the pool. If you go to the left and bounce on a mushroom you can get the seeds. Bijou announces the little ninja

hams are the babies from rainbow land. Jingle wants to go to the victory podium as usual. Go to the right and talk to any of the hams and they talk about pools. Go right even more and you can get some more seeds. Anyways you use Cappy for this one.

Game: Diving

Winning - The diver with the highest total score from five dives wins.

Starting - Press A to dive.

Performance 1 - Press the buttons in the order in which they appear. (A, down, R)

Performance 2 - Press the last two buttons at the same time. (L, A)

Final Score - You will earn a high score if you hit the correct buttons quickly.

Max Scores -

1st Dive: 90.00

2nd Dive: 99.00

3rd Dive: 87.00

4th Dive: 96.00

5th Dive: 96.00

For this game just press the buttons they say midair and you see a replay. My highest was 96, 90. If you do it really fast, Cappy does a special trick with his pan.

When you go outside, it gets dark out. Time to go to sleep!

I took this opportunity to explore Athlete's Village. There's some seeds to be found!

When you go back to the clubhouse, the mailham comes in and yells "SAMPLES! SAMPLES!" You get a hamster costume set courtesy of the Ham shopping network.

Now you can go to sleep.

The crystal ham comes again and says... You can change costumes by using a Player Card. You can get costumes by trading cards with your friends.

Day 3

Some more baby hams come and say the following events are going on.

Beach Volleyball Prelims @ Beach

Hurdles @ Stadium

Bird-Back Riding @ Lawn

Go to the Beach Volleyball Prelims at the beach. If you go left you can get some seeds inside the shells. You can also get a new costume.

Game: Beach Volleyball

Winning - The first side to reach seven points wins.

Moving - Move hamtaro with +

Serving - Toss the ball with A. Aim with +, and serve with A. Hit it to an area your opponent cant reach.

Setting - When the ball comes toward you, follow it and press A to set the ball or hit the ball.

Jumping - Jump with B. Stand near the net to block your opponent's hit.

Spiking - While jumping, press A to spike the ball. Press B to feint. You can aim with +.

Tips:

Winning the most medals: The team that ears the most gold medals in Ham-Ham Games wins. Check your team ranking by pressing START and looking at the results on the menu. If you're having a tough time winning the gold medal, don't give up! Just keep trying!

Difficulty Secrets:

The number of seeds you can win changes depending on your place and difficulty setting. Set the difficulty to hard and come in first place to get lots of seeds! If you set the game to east and come in last, you won't get as many seeds.
