(2.) Version History\*

Version 1.00 (2/15/05-5/22/05)

Started. Put in just about everything about this game. It took me many hours of work to do this including one 2 month-long break. For right now I am done but when I get around to it, I will add a few more things.

Version 1.1 (6/2/20)

I fixed a few mistakes I made. Added a few things.

Version 1.2 (7/16/05)

Added a new section (Thanks to Jessica Hopper), added in the FAQ section, fixed a few mistakes.

 (3.) | Introduction* |
 _____/\

I recently submitted a gift guide. It got rejected because someone made one before I submitted mine. While I was putting information into it, I kept thinking of more stuff I wanted to put that didn't really have anything to do with gifts. So, since they didn't accept my gift guide I decided to make a full guide. This will only be my second guide so far. Since it is only my second I will appreciate any helpful hints, corrections, questions, comments, complaints, or information I haven't included in this guide yet, through email. I hope this guide includes what you are looking for, if not, check again later and it might be there.

(4.) | In The Beginning...* |
\...../

```

The story starts out with you wandering on to an old man's farm. He invites you and your family to stay on the farm for vacation. Right before you leave he asks you to write to him.

Years later you come back to the farm looking for the old man because he has not written you back in a while. When you get there the mayor tells you that the old man has passed on. He also tells you that the old man has left you his farm in his will. You have a short conversation with the mayor and then suddenly you wake up in the house on the farm the next day.

          \|\|          \|\|  
-----Stamina and Fatigue-----  
          /|\          /|\
```

~~Stamina~~

Stamina is the amount of Healthy Energy you have. As you work throughout the day, your stamina will go down. You wake up every morning with about 100 stamina points. Doing different things takes away different amounts of stamina. Some tools take away more than others.

~Your character will show signs letting you know about how much stamina you have left.

-When he wipes his forehead, he has about 50 points left.

-When he slumps over a little bit, he has about 25 points left.

-When he sits down he has about 10 points left.

-When he falls down completely he has 0 points left.

~When you eat power berries your max stamina will increase permanently by 5 points

~~Fatigue~~

Fatigue is how tired your character is. After you use all of your stamina you will start to get fatigue. The number of fatigue points you get will increase with the amount of work you do after you use all of you stamina. If you get 50 points of fatigue your character will pass out.

~Your character will show signs letting you know about how much fatigue you have.

-When he shakes his head, he has about 25 points.

-When his face turns blue he has about 40 points.

-When he passes out he has about 50 points.

~When you eat the Blue Mystic Berry(SEE POWER BERRIES SECTION) the max amount of fatigue you can get without passing out will increase.

~When you pass out you will end up at the Clinic, and it will be the next day.

(6.) | Getting Started\* |

\\_\_\_\_\_/\

On your first day you need to explore the town, meet the villagers, get used to the map, and plant your first seeds. You should start buy heading out the North exit of your farm. Go to as many buildings as you can and meet all of the villagers you find in them. As you make your way around the village you will come by the store in the middle of the most Northern part of the village. You need to go here in order to buy seeds to plant on your farm.

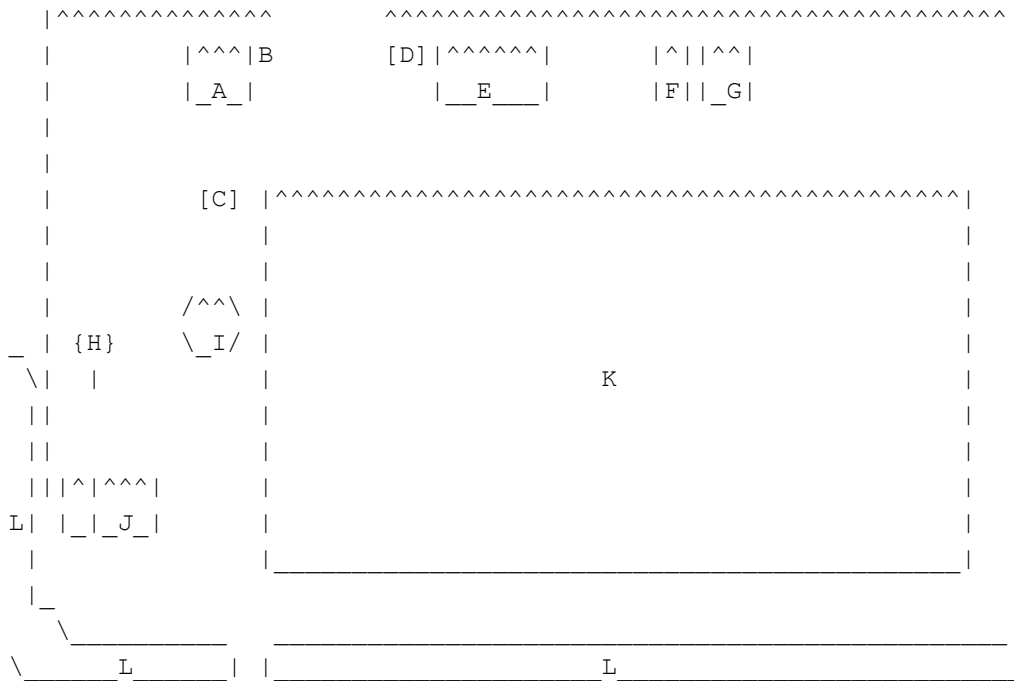

Seeds will be the big moneymaker on your farm for at least the first few seasons and maybe the first year. As you enter the store you should see the seeds in the middle of the room(for other information on the store go to the VILLAGE section). Walk up to them and press "A". You have a choice of Turnips, Potatoes, Cucumbers, and Grass. Do not worry about the grass for now(for information on it go to the ANIMALS section). You have 500g and can buy 2-3 packages of seeds. It is your choice to which ones you buy, but I advise that you go with buying 3 packages of Turnip seeds, seeing as they grow the fastest and cost the least. You can make a pretty good profit off of turnips compared to the other seeds(see CROPS section for more details). Once you buy them they will be put into the tools part of your rucksack, unless it is full, then it will be sent to you toolbox(see YOUR FARM section for more details).

Now explore the rest of the village and return to your farm when you want to plant your seeds.(Go to the CROPS section to learn how to plant your crops).

(7.) | Your Farm* |
 _____/

On your farm you start out with your small house, a mailbox, a shipping bin, a barn, a stable, a wood bin, a chicken coop, an apple tree with a beehive, a water hole, and a huge field.

{Your Farm Map}

A. House:

Your house includes a bed, a diary, a tv, a table, and a toolbox. You will be able to get more stuff in your house once you expand it. Every Morning you will wake up at the table and automatically eat something for breakfast. Your toolbox already has 5 tools in it. The tools are: watering can, hoe, hammer, axe and sickle(see TOOLS section for more information on them). To use the tv simply walk up to it and press "A". There are four stations. Press UP to get the weather station, RIGHT to get the upcoming events station, DOWN to get the life on the farm station and LEFT to get the miscellaneous station(see TV SHOWS section for more information). The bed is self explanatory. Use the diary to save your game.

B. Mailbox:

You will get mail in your mailbox every once in a while. You will usually get mail at the beginning of the season, but you will also recieve mail for announcements from the villagers.

C. Shipping Bin:

Once you leave your house on the first day, Zack will explain the shipping bins to you.

D. Dog House:

This really serves no purpose because your dog never uses it. It's only for decoration.

E. Barn:

You will use your barn to keep cows and sheep in once you can afford to buy them. You will find eight spots to put food(fodder) in to feed your cows and sheep. You will also find a spot at the top area of the barn where the food is stored(see ANIMALS section for more information). There is also a shipping bin in the barn.

F. Wood Bin:

Your Wood bin is between the barn and stable. When you chop wood it will automatically go to the bin. You can take it out buy walking up to it and pressing "A".

G. Stable:

The only reason you have a stable is to keep your horse in on rainy days(when you get it, see ANIMALS section).

H. Apple Tree:

Your apple tree will have a beehive that you can get honey from everyday. You can ship honey. It will also produce apples during the fall.

I. Water Hole:

Use it to fill your watering can.

J. Chicken Coop:

You will use your chicken coop to keep chickens in once you can afford to buy them. You will find four spots to put chicken feed in to feed your chickens. You will also find an incubator to put eggs in so they can hatch into baby chicks(see ANIMAL section). You will also find a spot where the chicken feed is stored. There is also a shipping bin in the chicken coop.

K. Huge Field:

You can use your field to plants crops in. You can also use it to plant grass to let your cows and sheep graze in(see ANIMALS section).

L. River:

You can go fishing there.

(9.) | Tools* |
      \_____/

```

```

      ~~~~~^~~~~~
(9a. | Regular Tools |
      ~~~~~v~~~~~

```

You start out with five basic tools that you can find in your toolbox when you start the game include the Watering Can, Hoe, Hammer, Axe, Sickle, and pedometer.

Watering Can:

Used to water crops.

Hoe:

Used to till the soil in your field before you plant your seeds. Also used in the mines to dig(see MINING section).

Hammer:

Used to smash rocks. Also used to flatten tilled soil. Also used to smash ruined fences.

Axe:

Used to chop sticks and stumps to collect lumber.

Sickle:

Used to cut weeds. Also used to cut grass you've grown and turn it into fodder for your cows and sheep.

Pedometer:

Used to record the number of steps you take.(Kindof useless)

(9b.) Extra Tools

There are more tools you get that you don't start out with. They are the fishing pole, brush, milker, wool sheers, and a bell.

Fishing Pole:

To get it you must have one open space in your rucksack for a tool. Then you must go to the beach and enter Zack's house. There will be a cutscene(see CUTSCENES section) and Zack will give it to you. If a different cutscene happens, just exit after it is done and reenter.

Used to catch fish(see FISHING section).

Brush:

Buy it from the Blacksmith.

Used to keep a nice, healthy coat on your horse, cows, and sheep.

Milker:

Buy it from the Blacksmith.

Used to get milk from your cow.

Wool Sheers:

Buy it from the Blacksmith.

Used to cut wool off of sheep.

Bell:

Buy it from Yodel Farm(see VILLAGE section).

Used to call your cows and sheep. They will come to you when you ring it.

(9c.) Leveling Up

All of them start out as normal, but as you use certain tools more and more, you get more experienced with them and can eventually level them up. The tools you can level up are the Watering Can, Hoe, Hammer, Axe, Sickle, and fishing pole. To level them up you must take them to the blacksmith and he will do it for you. Once you get 100% experience you can level it up the first time, 200% for the next level, then 300%, then 400% to get it to the last level. In order to level them up you must get ore from the Spring Mine(see MINING section).

-Once you get 100% you need to take the tool, a copper ore and 1000g to the blacksmith.

-When you get 200% you need to take the tool, a silver ore and 2000g to the blacksmith.

-When you get 300% you need to take the tool, a gold ore and 3000g to the blacksmith.

-When you get 400% you need to take the tool, a mystrile ore and 5000g to the blacksmith.

Any time you level up a tool you can charge it by pressing and holding the "B" button. Charging tools will produce greater effect on the use of them.

(9d.) Cursed Tools

Once you level up all of the tools to Mystrile level you will be able to find the Cursed tools in the winter mine(see MINING section).

Cursed Tools are more powerful versions of your tools that, once equipped, cannot be unequipped unless removed by Carter or Blessed.

Once you get them you will be able to uncurse them. After you uncurse them you can upgrade them 1 more time by getting the Mythic stone from the Spring Mine (see MINING section) and taking it, the blessed tool, and 20,000g to the Blacksmith.

| Crops\* |  
| \_\_\_\_\_ |

Planting crops will probably be your biggest money maker for at least the first couple of years. You can get seeds from the supermarket. Each bag of seeds takes up a 3x3 section adding up to 9 spaces.

There are a total of 15 different crops. There are 5 for every season except Winter, you can not grow crops in Winter. The crops are all different in the way that they take different amounts of time to grow and there selling prices are different. Some crops will grow back without you having to plant more seeds

after you harvest them. You can also plant flowers, I will list them at the end of this section. Here is a list of all of the crops including their name, season, time it takes them to grow, if they regrow and time it takes them to regrow, and the total profit you make from every bag of seeds:

There are 3 types of seeds listed above that you will not be able to purchase at the supermarket until you meet a requirement. They are the Strawberry, Pumpkin, and Spinach. To get the Strawberry seeds you must ship 100 Turnips, 100 potatoes, and 100 Cucumbers. To get the Pumpkin seeds you must ship 100 Onions, 100 Tomatoes, and 100 stalks of Corn. To get the Spinach seeds you must ship 100 Carrots, 100 Eggplants, and 100 Sweet Potatoes. Once you meet the requirement for each one they will be available for you to purchase at the supermarket during the season that they are planted in.

Flowers only serve a couple of purposes in the game. The first purpose is the most important one, gifts for girls. Depending on which girl you are going for, flowers can be VERY helpful when trying to get her to like you. You can find the flowers in the wild, but you can also plant them yourself by buying seeds from Won. Here is a list of the flowers, their seasons, where you can find them, and how long it takes for them to grow if you plant them yourself:

**Moon Drop**  
 Season: Spring  
 Found: There are 2 by the woodcutter's house and several on Mother's Hill.  
 Grown: It takes 6 days for them to grow if you plant them.

**Toy Flower**  
 Season: Spring  
 Found: There are several on Mother's Hill.  
 Grown: It takes 12 days for them to grow if you plant them.

Pink Cat

Season: Summer

Found: There are 2 by the Hot Spring and several on Mother's Hill.

Grown: It takes 6 days for them to grow if you plant them.

Magic Red Grass

Season: Fall

Found: There are 2 by the Woodcutter's house and several on Mother's Hill

Grown: It takes 9 days for them to grow if you plant them.

::::::Special Flowers:::::

There are 2 flowers that are hard to come by unless you know how to find them.

Red Magic Red Grass

Season: Fall

Found: There is only 1 way to find them, and that is to plant them yourself.

You need to buy the Magic Red Grass seeds from Won. Then go to your farm and plant them. Most of the time the flowers will grow and turn out blue, but every once in a while some will turn out red. An easy way to get them to turn out red is to save your game right before you plant them. Once you have planted them, go to the map screen of your farm. scroll around until you find the spot where you planted them. You will see pictures showing where they have been planted. If the flowers are blue then they will show up blue. If they are red then they will show up red. If none of them show up red, then just load and plant them again until they turn up red.

Purpose: The purpose of the red magic red flower is that you can use it to make recipes. Unlike other flowers, you can sell it.

The White Winter Flower

Season: Winter

Found: This flower is VERY hard to find. First you must be in your 5th year.

Second you must be friends with Basil and Ellen. Third you must go to Ellen's house and trigger an event where Ellen tells you about the flower. Fourth you must go to the Peak of Mother's Hill at night after you have triggered the event. There you will see the White Winter Flower

////////~::~:~::~The rest of this section will be telling you how~::~:~::~\\\\ to plant all of your crops.

(10c.) Clearing Your Field

Before you can plant your crops you must clear some space in your field to plant them. In your field there are weeds, sticks, stones, tree stumps, big rocks, and boulders. To get rid of weeds you can use your sickle or simply pick it up and throw it. To get rid of sticks, use your axe on them. I recommend that you do not destroy the stone because you can use them to make a very strong fence compared to a wooden fence(see ANIMALS section). If you want to use them later to make a fence, just pick them up and set them down in a part of the field that your not using. If you are not going to use them, use the hammer to smash them. You can not get rid of tree stumps and big rocks until you level your axe and hammer up to level 1. You cannot get rid of boulders until you level your hammer up to level 2.

(10d.) Tilling Soil

Before you plant your seeds you must till the soil with the hoe. When you lay the seeds out they will always be spread in a 3X3 pattern so that is the pattern you must till. Until you get your watering can leveled up to level 3 you will not be able to reach the center square with the watering can so it would be best to till in the following patterns so you can reach all of the plants(X represents a tilled square):

```
XXX          X X
X X    or   XXX
XXX          XXX
```

Personally I think the first one works the best.

(10e.) Planting The Seeds

Once you have tilled the soil you can plant the seeds. Place the seeds in the tool section of your rucksack. Then equip them. Make sure you are in the very center of the 3X3 pattern then use the seeds like a tool to plant them. If you did it right you should see little dots on the tilled soil.

(10f.) Watering Your Crops

Once you have planted the seeds you can water them. If you haven't already filled your watering can with water, do so at the water hole by the field. Once it has water in it you can water your crops by standing next to the square you want to water and pressing "B". If you have done it right the square should be darker than it was before. Make sure you water your crops everyday. You do not need to water when it is raining.

(10g.) Harvesting Crops

You will know that your crops are ready to be harvested when you can pick them up out of the ground. When you pick them up simply put them in the shipping bin. Now you are ready to plant more crops.

(11.) | Animals* |
  \_____/
```

After a couple of years your animals will become your biggest money maker. But you must properly take care of them to make the full possible profit.

(11a.) Your Dog

You get the dog at the beginning of the game, and you get to name him. When the game starts he is just a puppy but will be fully grown at the beginning of the fall. When he is fully grown, you can enter him into the Beach day contest.

Your dog does not serve many purposes. You don't have to take care of him. The only purpose he really serves is on Beach day. If you win the beach day contest then you get a power berry.

--Taking Care of him--

The only thing you have to do to take care of him is bring him inside when it rains. To get him to like you more, simply pick him up and put him down again.

(11b.) Your Horse

You get the horse during the first few days of the game. Barley should show up at your house within the first week of the game. He will ask you to take care of the horse. If you accept you will be able to name it. Your horse will be fully grown exactly one year after you get him. Then you can enter him into the horse races

Your horse serves a couple of helpful purposes. When he is fully grown you will be able to ride him around your farm. He will also have a shipping bag on his back. You will also be able to enter him into the horse race to win a power berry.

--Taking Care of Him--

All you have to do is brush him, talk to him, and put him in the barn when it is raining.

About a year after you get your horse, Barley will come to check if you are taking care of it properly. If you have 6+ hearts you can keep the horse, but if you have less than 6 hearts will take care of it for another year.

(11c.) Chickens

In order to get chickens you must go to the poultry farm and buy one. It will be about 1500g. You get to name it when you buy it. When you buy a chicken, it is also a good idea to buy some food for it. Which is 10g a piece.

You only have to buy one chicken because once it lays an egg you can put that egg into the incubator and the egg will hatch after 3 days. It will be born into a chick and takes about 8 days for it to become fully grown.

--Taking Care of Them--

To take care of them you must feed each one once a day. If you cannot afford food for them then you can keep them outside for them to eat worms. You must take them back inside if it is raining.

Your chickens will produce eggs for you when they are fully grown. These eggs will become more valuable as your chickens start to like you more. Here is the value of eggs and the number of hearts the chicken must have to produce the

egg:

Regular Egg-0-3 hearts

Good Egg-4-7 Hearts

Excellent Egg-8-10 hearts

--GOLDEN EGGS

Your Chicken will also produce golden eggs if you enter it into the chicken festival and win. If you win and the chicken does not have at least 8 hearts it will not produce golden eggs until it has the 8 hearts.

--P EGGS

Your chicken will be able to produce p size eggs after you meet 3 requirements. You must have 8 hearts or more for it, you must have won the Chicken Festival, and you must have kept your chickens outside for a total of 600 game hours or 30 days.

--X Eggs

X Eggs are completely random and rare. Your chicken must be producing P size eggs. Every once in a while it might lay a X egg but it doesn't happen very often.

(11d.) Cows

In order to get cows you must go to the yodel farm and buy one. It will be about 5000g. You get to name it when you buy it. When you buy a cow, it is also a good idea to buy some food for it. Which is 20g a piece.

You only have to buy one cow because after it becomes fully grown you can impregnate it, although I do not suggest it. It only costs 3000g to get it pregnant, but it takes 20 days for it to be born, and another 20 for it to become fully grown, and you can't milk the cow while its pregnant. So I suggest just to buy the cows instead of impregnating them. It produces milk so you can milk it once a day.

(NOTE: YOU MUST BUY THE MILKER FROM THE BLACKSMITH IN ORDER TO MILK THE COW)

--Taking Care of Them--

To take care of them you must brush them and talk to them once a day, and feed each one once a day. If you cannot afford food for them then you must plant some grass in your field for them to eat and put them outside. You must take them back inside if it is raining. You can grow your own food for them by planting grass and cutting it when it is fully grown.

Your cows will produce milk for you when they are fully grown. The milk will become more valuable as your cows start to like you more. Here is the value of milk and the number of hearts the cow must have to produce the milk:

Regular Milk-0-3 hearts

Medium Milk-4-7 Hearts

Large Milk-8-10 hearts

--GOLDEN MILK

Your Cow will also produce golden milk if you enter it into the cow festival and win. If you win and the cow does not have at least 8 hearts it will not produce golden milk until it has the 8 hearts.

--P Milk

Your cow will be able to produce p size milk after you meet 3 requirements. You must have 8 hearts or more for it, you must have won the Cow Festival, and you must have kept your cow outside for a total of 600 game hours or 30 days.

--X Milk

X Milk is completely random and rare. Your cow must be producing P size milk. Every once in a while it might produce a X milk but it doesn't happen very often.

(11d.) Sheep

In order to get sheep you must go to the yodel farm and buy one. It will be about 4000g. You get to name it when you buy it. When you buy a sheep, it is also a good idea to buy some food for it. Which is 20g a piece.

You only have to buy one sheep because after it becomes fully grown you can impregnate it, although I do not suggest it. It only costs 3000g to get it pregnant, but it takes 20 days for it to be born, and another 20 for it to become fully grown, and you can't shear the sheep while its pregnant. So I suggest just to buy the sheep instead of impregnating them. It produces wool so you can shear it once a week.

--Taking Care of Them--

To take care of them you must brush them and talk to them once a day, and feed each one once a day. If you cannot afford food for them then you must plant some grass in your field for them to eat and put them outside. You must take them back inside if it is raining. You can grow your own food for them by planting grass and cutting it when it is fully grown.

(NOTE: YOU MUST BUY THE SHEERS FROM THE BLACKSMITH IN ORDER TO SHEER THE SHEEP)

Your sheep will produce wool for you when you buy them. The wool will become more valuable as your sheep start to like you more. Here is the value of wool and the number of hearts the sheep must have to produce the wool:

Regular Wool-0-3 hearts

Medium Wool-4-7 Hearts

Large Wool-8-10 hearts

--GOLDEN Wool

Your cheep will also produce golden wool if you enter it into the sheep festival and win. If you win and the sheep does not have at least 8 hearts

it will not produce golden wool until it has the 8 hearts.

--P WOOL

Your Sheep will be able to produce p size wool after you meet 3 requirements. You must have 8 hearts or more for it, you must have won the sheep Festival, and you must have kept your sheep outside for a total of 600 game hours or 30 days.

--X WOOL

X wool is completely random and rare. Your sheep must be producing P size wool. Every once in a while it might produce a X wool but it doesn't happen very often.

(11e.) Fences and Grass

| - | - | - | - Fences - | - | - | - |

If you are going to keep your animals outside it is a good idea to build a fence to put them in. The fence will keep wild dogs from attacking them and keep them from getting lost.

Building a Fence: All you need to build a fence is wood and room in your field
To make a fence simply get a piece of wood from your woodbin and put it on the ground somewhere on your field, now put more beside that one and make a square shape to enclose the animals.

-Another more efficient way to build a fence is by using the small stones in your field instead of wood

//////////Grass//////////

If you are going to keep your cows and sheep outside you will need to have full grown grass in your field for them to eat.

Growing Grass: You can buy grass seeds from the supermarket for 1000g. You grow it just like you would grow any other crop except you don't have to water it. It will grow on its own once you plant it.

--When it is full grown you can put your cows and sheep outside or you can cut the grass with your sickle for fodder. Once you cut the grass it will automatically go into your barn in the fodder container.

(12.) | Building Upgrades\* |  
 \ \_\_\_\_\_ /

There is a reason to have an axe and collect all of that wood. You can expand your house (twice), Barn, and Chicken Coop. You need wood and money in order to

expand them.

House:

Upgrade 1: Cost: 3,000g  
Wood Required: 200

Upgrade 2: Cost: 10,000g  
Wood Required: 700

Barn: Cost: 6,800g  
Wood Required: 500

Chicken Coop: Cost: 5,000g  
Wood Required: 420

After you get all of those upgrades there will be more available, including a Bathtub, changing your Mailbox, changing your Window, and changing your Doghouse. The new options for the window, mailbox, and doghouse will be, Blue, Red, and Weird.

Bathtub: Cost: 30,000g  
Wood Required: 580

Window: Cost: 25,000g  
Wood Required: 300

Doghouse: Cost: 20,000  
Wood Required: 500

Mailbox: Cost: 10,000g  
Wood Required: 200

The last thing you can get from the woodcutter is the hardest one to get. It is the Town Cottage.

Town Cottage: Cost: 100,000,000g  
Wood Required: 999

(13.) | The Characters* |
 _____ /

(13a.) /\/\ ----- \/\/\
 \ / Girls \ /
 \/ ----- \/

Finding a wife is one of the main parts, if not, the most important part of the game. Giving gifts to girls increases their heart level(how much they like you). The heart levels in order are: Black, Purple, Blue, Green, Yellow, Orange, and Red. Once it reaches red you can ask the girl to marry you.

In order to get any of the girls to marry you, you must have met all of these requirements first.

- Have the biggest house and the big bed.
- She must have a Red heart.
- You must buy the Blue feather.
- You have to have seen all of the heart events.(see CHARACTER EVENTS section)
- Then you must give her the Blue Feather.

You will automatically get married 7 days after you give the girl the Blue Feather.

{~~~~~ANN~~~~~}

Ann is the Tomboy of all of the girls. She lives at the Inn with her father, Doug. She could possibly be the hardest of the girls to get to marry you (besides the Harvest Goddess). You can find her at the Inn 90% of the time, but in the mornings, 7-10, you can find her at the waterfall.

Appearance: Orange hair in a ponytail. Always wearing overalls.

Birthday: Summer 17
Best Gift: Spa Boiled Eggs
Good Gift: Almost Any Recipe

{~~~~~ELLI~~~~~}

Elli is the old fashioned one of all of the girls. She lives at the clinic with the Doctor. You can find her at the Clinic everyday except Wenesday. On Wednesday she will be at her grandmother' house(Ellen).

Appearance: Short brown hair. Always wearing an old fashioned nurses dress.

Birthday: Spring 16
Best Gift: Elli Leaves(Check Recipe Guide on how to make it)
Good Gift: Any Flower

{~~~~~KAREN~~~~~}

Karen is the "hot" one of the girls. She lives at the store with her parents, Sasha and Jeff. She is possibly the best and most popular choice to marry.You can find her outside the store in the mornings until 10. Then she will be in the back of the store(through the door) until 1. Then she will be in the front of the store until 4. On Sundays you won't be able to see her until 7pm when she goes to the Inn to drink. On Tuesdays you will only be able to see her 1-4 at the waterfall.

Appearance: Long brown hair with highlights in the front. Always wearing a purple vest with a white shirt.

Birthday: Fall 15
Best Gift: Wine
Good Gift: Bamboo Shoot

{~~~~~MARY~~~~~}

Mary is the shy one of the girls. She lives at home with her parents(Basil and Anna) and she also runs the library. You can find her at the library everyday from 10-5 except Mondays. On Monday she goes to Mother's Hill with her parents in the morning, then to the store with her mom in the afternoon, then she goes home for the rest of the day.

Appearance: Long blackish brown hair. Always wearing glassed and a blue dress.

Birthday: Winter 20
Best Gift: Mushrooms
Good Gift: Basically any kind of herb or
mushroom you find outside your farm

{~~~~~POPURI~~~~~}

Popuri is the girly one of the girls. She lives and helps out at the poultry farm with her mother(Lillia) and brother(Rick). You can find her at the waterfall in the mornings until 10am. Then at the poultry farm the rest of the day. On Sundays she goes to the church most of the day. During the summer you can find her at the beach almost everyday hanging out with Kai.\

Appearanzez: Long pink hair. Always wearing a red and black dress.

Birthday: Summer 3
Best Gift: Any flower
Good Gift: Eggs, or any recipe
with eggs in it

{~~~~~HARVEST~GODDESS~~~~~}

The Goddess is worshipped by all of the Villagers. Believe it or not you can marry the Harvest Goddess. She is the hardest one to marry. You can find the Harvest Goddess buy going to the waterfall by the hot spring and Spring Mine then throwing any object(a gift is probably the best choice) into the waterfall.

In order to get the Harvest Goddess to marry you, you must first do the following:

- Catch all the different species of fish, including the 6 Kings
- Ship at least 1 of every shippable item
- Collect all 9 of the Goddess Jewels and receive the Gem of Goddess
- Own the Big Bed for your home

- Ask Carter for permission to "Marry the HG" during his Confessional times

Appearance: Green hair in a long ponytail. Always wearing a beautiful blue dress.

Birthday: Spring 8
Best Gift: Any crop grown
 on your farm
Good Gift: Any flower

(13b.) (-----)
)Rival Guys(
 (-----)

These are your rivals for each of the girls, if you don't marry the girl, your rival will. In order to get them to get married you must see all of the cutscenes between the girl and the rival. After you see the last one they will automatically get married a week later. The only way to get invited to the wedding is to give gifts to the rival and get him to like you. If he likes you he will invite you to the wedding.

{~~~~~CLIFF~~~~~}

Cliff is your rival for Ann. He stays at the Inn. You can find him at the church during the day and at the Inn in the evenings. The Harvest Sprites are the most helpful characters in the game. If you become friends with them they will help you on your farm by Watering Plants, Harvesting Plants, and Taking Care of your animals. In order to get them to like you, you must become friends with you by giving them gifts.

Like your animals, they have a heart meter that lets you know how much they like you. To see their heart meter, go to the earnings menu and scroll until you see a menu that says Harvest Sprites at the top. It shows a list with all of their faces, beside each of their faces is their heart meter. They will offer to help you on your farm once they have 3-4 hearts.

When they first start working on your farm, they will not be the best workers. In order for them to get better at their jobs you must do the following:

- Get their heart meter higher
- Play the mini games with them
- Let them gain experience by working more

(Secret Characters)
)===== (

There is one character that isn't secret but only shows up once a year.

Gourmet:

The gourmet shows up only on the day of the cooking festival, so he can judge it.

Birthday: ?
Gifts: None

There are two characters that you cannot get on the game unless you connect your Gameboy with a gamecube that has Harvest Moon: A Wonderful Life in it. The two characters are Van and Lou(Her name is Ruby on Harvest Moon: AWL).

Van:

Once you link Harvest Moon: FOMT and Harvest Moon: AWL Van will automatically show up on the next Wednesday at your house. He will come every Wednesday and stay at the Inn and you will be able to buy a record player, records, and ore from him. He has black hair pulled back into a ponytail and he wears glasses, a red shirt and black pants.

Birthday: ?
Best Gift: Any rare or valuable item
Good Gift: Just about anything

Lou(Ruby):

Once you link Harvest Moon: FOMT and Harvest Moon: AWL Van will automatically show up on the next Sunday at your house. She will come every Sunday and stay at the Inn. She will tell you one recipe a week, and that's pretty much all she does. She has short black hair and wears a yellow shirt.

Birthday: ?
Best Gift: Any cooked meal
Good Gift: ?

/~There is another character that might not be so secret but I decided to\
\ include him in this section anyway.~ /

Kappa:

He is a green monster like creature that lives in the Lake on Mother's Hill.

There are two ways you can find him. First is by fishing in the lake, every once in a while you might fish him up. Second, throw a Cucumber in the left side of the lake and he will come out. If you throw a cucumber in, once a day, for ten days straight, on the last day he will offer you the mysterious blue power berry to leave him alone. The power berry permanently increases the maximum amount of fatigue you can get by 50 points.

Birthday: ?

Best Gift: Cucumbers

Good Gift: None

(14.) | Festivals* |
      \_____/
```

Festivals are the social events of the town that happen every year. They can serve no purpose at all or can benefit you greatly. Here is a list of all of the festivals of Mineral Town, all of the festivals are held in the square and start at 10 am unless it says otherwise.

Spring 1

New Year's Day

On New Year's Day you can go to the Bar and have a few Drinks with some friends or you can go to the square and eat ricecakes with some friends. If you go to the square, when you leave you will receive some ricecakes, which you can cook with.

Spring 14

Spring Thanksgiving

On Spring Thanksgiving its not really a festival because noone gathers to celebrate. If you have a kitchen and the right ingredients, you can make cookies or cake for a girl to increase her affection towards you.

Spring 18

Horse Race

If your horse is fully grown you can enter the horse race. If you win, you receive a power berry. If you don't enter you can go and bet on other horses. If you win the bet, you get Horse medals, which you can use to purchase items (including a power berry and jewel of truth from the Mayor. You can only purchase these items at the horse race.

Spring 22

Cooking Festival

If you have a kitchen and can cook, you can enter the cooking festival. If not, you can go and watch someone else win. In order to enter the cooking festival you must go to the square and talk to the Gourmet, he will tell you what kind

of food to make. Go back home and make that type of food. Take it back to the square and give it to the Mayor. Then the Gourmet will judge all of the dishes and decide the winner. I don't remember if you get anything if you win, but I will let you know.

Summer 1  
Beach Day

This festival happens at the beach. If your dog is fully grown you can enter him in the beach day contest. The object is to throw a frisbee as far as you can and have your dog catch it. If you win, you get a power berry.

Summer 7  
Chicken Festival

If you have a full grown chicken, you can enter it in this contest. The object is to cheer your chicken on to get him to scare another chicken out of a ring. You go up against 3 chickens. If you win, your chicken will start laying Golden eggs as soon as it has 8 hearts or higher for you.

Summer 20  
Cow Festival

If you have a full grown Cow that isn't pregnant you can enter it in this contest. The only thing you have to do to get it to win is to take very good care of the cow. It must have at least 8 hearts for you and be healthy. If you win, your cow will start giving Golden Milk.

Summer 24  
Fireworks Festival

This event occurs on the Beach at 6 pm. If you are interested in a girl and her heart level is green or higher you can watch the fireworks with her to get her affection for you to increase. In order to get her to watch fireworks with you, talk to everyone on the beach and talk to her last, she will ask you to watch the fireworks with her.

Fall 3  
Music Festival

This event occurs in the Church at 6 pm. You can participate by telling Carter yes when he asks you if you want to participate. If you participate, all of the villager's affection for you will increase.

Fall 9  
Harvest Festival

If you bring an ingredient to the harvest festival and it's a good ingredient, give it to the mayor to put in a pot with other ingredients. If the villagers like it, their affection for you will increase.

Fall 13  
Festival at Mother's Hill

This event occurs at the Peak of Mother's Hill at 6 pm. You can go there to watch the full moon with the girl that has the highest affection for you.

Fall 18  
Horse Race

Its just like the one in Spring except its in the Fall.

Fall 21  
Sheep Festival

Its just like the cow festival except with a sheep. Your sheep must be fully grown, healthy, and have wool on it. It must have at least 8 hearts for you to have a chance of winning. If you win, your sheep will produce golden wool.

Fall 30  
Pumpkin Festival

Its just like Halloween. When you wake up in the morning, May will come to your house and ask for some candy, Stu will come at 8 am and ask you for some candy, and Popuri will come over at 10 am and ask you for some candy. If you give them some chocolate their affection for you will increase.

Winter 2  
Thomas's Request

This is not really a festival. The mayor will come over at 6 am and ask you to get a random rare item for him. He will come back at the end of the day or the next day(i can't really remember) to get the item. If you get it for him, he will give you some golden lumber.

Winter 14  
Valentines Day

This is just like Spring Thanksgiving except the girls give YOU candy and cake. As long as the girls heart is higher than black, she will show up at your door and give you cookies or cake depending on how much she likes you.

Winter 24  
Starry Festival

If the girl you are interested in has a heart level of green or higher for you she will invite you over to her house for dinner. If you go to her house at 6pm you will have dinner with her and her family. Her and Her family's affection for you will increase.

Winter 25  
Stocking Festival

If you get Ellen to make a stocking for you and hang it on your wall the night before the 25th, you might get a surprise in it the next day.

You can go to the peak of Mother's Hill at 10pm and watch the first sunrise of the year with some friends or you can go to the square and eat some buckwheat with some friends. If you go to the square you will receive some buckwheat when you leave.

Finding a wife is one of the main parts, if not, the most important part of the game. When you get married it's like beating the game. You even get the credits for the game in your mail the day after you get married.

The girls you have to choose from are: Ann, Karen, Mary, Elli, and Popuri.
(see CHARACTER section for information on them and gifts to give them.)

In order to get a girl to marry you, you must get her to fall in love with you. Giving gifts to girls increases their heart level(how much they like you). The heart levels in order are: Black, Purple, Blue, Green, Yellow, Orange, and Red. Once it reaches red you can ask the girl to marry you. But it isn't that simple. You have to meet certain requirements to get married.

1. Have the biggest house and the big bed.
2. She must have a Red heart.
3. You must buy the Blue feather.
4. You have to have seen all of the heart events.(see CHARACTER EVENTS section)
5. Then you must give her the Blue Feather.

You will automatically get married 7 days after you give her the blue feather. You will not be able to do anything on the day of your wedding, so plan ahead and get the Harvest Sprites to take care of your animals and water your crops on that day.

```

      ~~~~~
(15b.           }Starting a Family{
      ~~~~~

```

(Caution! This section may contain spoilers)

One season after you get married your wife will be complaining about feeling sick. She will go to the Doctor and he will tell her that she is pregnant. 3

seasons later, your son will be born. On the day he is born you will not be able to do anything so plan ahead.

Exactly one month after he is born you will wake up to your wife telling you that he fell or that he is sick. You will automatically go to the clinic and the Doctor will say that he's fine. You will not be able to do anything that day, so plan ahead.

When he is born your wife will carry him around until he can walk, so you will not be able to talk to him or hold him. Exactly one year after he is born he will learn to walk and you will be able to talk to him and give him gifts.

(15c. ~~~~~
}Family Celebrations{
~~~~~

Your family will celebrate on special occasions. These occasions include, your birthday, your wife's birthday, your son's birthday, and your anniversary.

In order to activate these celebrations,all you have to do is walk into your house after 12pm. Your wife and son will be standing there and there will be food on the table. You will automatically go to bed after the celebration, so finish your work before you go in.

You will also celebrate on certain festivals like the starry night festival. You activate these celebrations just like you activate the other ones.

~~~~~

You will have to meet a few requirments before you can cook. You must buy the refrigerator, kitchen, and all of the Utensils from the Shopping Network. Here is a list of these things and how much they cost:

- Refrigerator 2500g
- Kitchen 4000g
  
- Whisk 500g
- Rolling Pin 750g
- Oven 2500g

Step 1

To cook, walk up to the kitchen and press "A". It will ask you if you want to cook or view recipes. If you have already cooked before you can go to "view recipes" and use the recipes you have already made, if you haven't then choose "cook".

Step 2

Then you will pick the utensils you want to use. Press "start" once you have picked them.

Step 3

Then you will pick your ingredients. Press "start" once you have picked them.

Step 4

Then it will make the food. If you chose the wrong ingredients or utensils, you will have a "failure", if it is a success, you will write the recipe down and you will get the food.

(17.) | TV Shows* |  
      \_____/
```

To use the tv simply walk up to it and press "A". There are four stations. The Weather Channel, Upcoming Events Channel, Life On the Farm, and Miscellaneous. Press UP to get the weather station, RIGHT to get the upcoming events station, DOWN to get the life on the farm station and LEFT to get the miscellaneous station.

```

The weather channel tells you what the weather will be like on the next day. That's pretty much all it does. The seasons have pretty much the same weather with a few exceptions. These are the kinds of weather you can have and what seasons they will be in.

Clear Day: Spring, Fall, and Winter

Rainy Day: Spring, Summer, and Fall

Hot Day: Summer

Snowy Day: Winter

Typhoon: Summer

Snow Storm: Winter

*Note: During a typhoon or snow storm you will not be able to leave your house, so plan ahead! Put all of your animals inside, including your horse and dog.

The upcoming events channel tells about all of the upcoming events. It will you all of the festivals going on during that season. It will also let you know when a festival is just a few days away. Towards the end of the season it will tell you that the season is almost over and that you should harvest your crops.

The miscellaneous station has MANY shows, some of which are helpful, and some of which are meant to be entertaining (but aren't). Here is a list of the shows and when they come on.

-My Dear Princess

On: Sundays

Description: A story about a princess that gets kidnapped by a demon lord.

-Fishing Hour

On: Mondays

Description: Fishing show where the host tells you about the kinds of fish you can catch and where you catch them.

-Dueling Chefs

On: Tuesdays

Description: Two chefs compete while making the same recipe and seeing who can make it better. This show is useful, seeing as how it gives you recipes (but so does this guide)

-Aaron Changes

On: Wednesdays

Description: A story about a boyfriend and girlfriend that switch bodies.

-Star Lily, Bandit Girl

On: Thursdays

Description: I think its about a bandit and a detective. I'm not sure. I can't ever understand what's going on.

-Mechabot Ultror

On: Fridays

Description: This is like a power rangers/transformers kinda show. Robots go around fighting bad guys in this one.

Ok this is where it gets kindof complicated. There are a few different shows that air on Saturdays.

-Home Shopping Network:

On: Saturdays

Description: You buy stuff from it.

The first one is the Home Shopping Network. On this show they advertise items you can buy. To buy the items go to the Inn after you have seen the item they are selling. Use the Phone by the register to order the item. Here is what you can order right when you start the game:

Mirror:

Cost: 1000g

Use: Tells you if you are tired.

Clock:

Cost: 2000g

Use: Tells you the exact time.

>These are the items that you can buy after you get the first house extension.

Shelves(Cabinet):

Use: Required to get married. Your wife sleeps in it when you get married.

Carpet: 5000g

Use: Decoration

Power Berry:

Cost: 10000g

Use: Increases your Maximum Stamina permanently by 5 points.

-St. Emerald Academy

On: Saturdays after you buy everything from the home shopping network.

Description: It's about random girls who go to the school. It's put in a kind of Law and Order type format.

This is the last one that comes on during the last few and first few days of the year

-New Year Gameshow/Harvest Goddess Game

The New Year Gameshow is too boring and stupid for me to explain so I'm

skipping that one.

The Harvest Goddess Game will appear if you keep pressing right on the TV until it appears. It is a game you play with the Goddess. She gives you a number between 1 and 10 and you guess if the next one will be lower or higher. You will get different prizes depending on how many times you guess right in a row,

Mining is an important part of the game because you need it to fully progress in the game. When mining you can find useful ore, jewels you can sell, and even tools.

~~ When you enter a mine you will see rocks and dirt. If you smash the rocks with your hammer you will find ore, jewels, and even new tools(see TOOLS or WINTER MINE section). If you till the dirt with your hoe you will find gold, black grass, and stairs going down.

~~ LEVELS

There is more than just one level in the mine. If you till the ground you can find stairs going down. If you walk into them it will ask if you want to go down or not. Obviously if you would like to go down choose "Yes". If you go down to the next level you can go back up by walking into the stairs that you went down on. NOTE: If you go back up the stairs it will automatically take you back to the surface, it will not take you to the level before the one you are on. You can find more rare and valuable items on the deeper levels. As far as I know the mines go down to level 255.

~~ SAVE/RELOAD TRICK

You may notice that when you are looking for items that are on the lower levels, you are unable to get them because you get tired before you get to the level the items are on. The first solution to this is to take Bodigizer, Bodigizer XL, and Elli leaves with you

      Fishing      'o

```

Fishing can be helpful. When you catch fish you can sale them, eat them, and cook them. In order to fish you must get the fishing pole from Zack first.

(20a.

```

|\/____.\          \_____\ /|
|\/_____/Fishing Faqs\_____\ /|

```

-To Fish you need to equip your fishing pole. Then you need to stand next to the water and use the fishing pole.

-When the hook goes into the water you will see the bobber on the surface of the water. When the bobber shakes and your character jerks, quickly press the "B" button. If you press it at the right time, you will catch something.

-You will not always catch fish. Sometimes you will catch garbage.

-The higher the level of the fishing pole, the bigger the fish you can catch.

```

There are many types of fish. Some fish can only be caught in certain seasons, some can only be caught with a certain level on the fishing pole, and some can only be caught in certain parts of the river and sea.

The parts of the river and sea are:

- Lake: The lake on Mother's Hill
- Upstream: The part of the river on Mother's hill
- Waterfall: The pond by the Hotspring and Spring Mine
- Downstream: Any part of the river that isn't on Mother's Hill
- Sea: The sea is on the beach

Here is a list of all of the fish and where, when, and with what level of the fishing pole you can catch them:

King Fish are the legendary fish of Mineral Town. They are so large that when you catch them, you can't even take them with you, so you make a print of it. There are 6 King Fish. You cant't just go out and catch these fish anytime you want. There are certain requirements you must meet for each fish. The first requirement you need to catch all of them is to have the cursed or blessed Fishing Pole. Here is a list of the King fish, their requirements, and where/when you can catch them.

(23.) | Miscellaneous Stuff\* |
                  \\_\_\_\_\_/\

This is the stuff that I didn't feel like making a full section for so I just put it here.

(23a.)                    '                  '
                  /~~~\Power Berries/~~~\
                  \\_\_\_/                  \\_\_\_/

Power Berries are little red fruits that you can eat to permanently increase your max stamina by 5 points. There are 10 of them including 1 secret berry. Here is a list of where you can find all of them.

- You can find it by digging in your field with your hoe
- You receive it from the Harvest Goddess by giving her a gift everyday for 11 days straight
- You get it by winning the Horse Race
- You get it by buying it with Horse medals at the Horse Race
- You get it by Winning the Beach Day festival
- You get it behind the Winter Mine
- You dig it up with your hoe on Level 19 of the Winter Mine
- You dig it up with your hoe on Level 100 of the Spring Mine
- You fish it out of the sea with the level 5 fishing pole
- You buy it off of the Shopping Network

^^

^^

If you throw a cucumber in the left side of the lake, once a day, for ten days straight, on the last day he will offer you the mysterious blue power berry to leave him alone. The power berry permanently increases the maximum amount of fatigue you can get by 50 points.

(23b.)

⎵ \Jewels of Truth/ ⎵  
⎵ /

A Jewel of truth is a silver looking pearl. If you collect 9 of them you will receive the truth Gem. The truth Gem tells you how much Stamina and Fatigue you have. Here is a list of where you can find them.

- Press "A" while facing the back of your dog's house
- Press "A" while facing the water bin in your horses barn
- Exchange horse medals at the horse race to get one
- Buy it from Won
- Press "A" while facing the lamppost between the Church and the Square
- Press "A" while facing one of the bookshelves on the 2nd level of the library
- Play the "New Year's Game show on the tv in the Town Cottage gotz builds for you
- Drops from the Calendar in the Mountain Cottage your wife gives you on your 50th anniversery
- Take the other 8 to the Mayor's house and Press "A" while facing his refrigerator

(23c.)

\$Wons Shop\$

Won will show up at your farm within the first couple of days of the game. He will tell you that he is running a shop at Zack's house. He will sell you items that you will not be able to find anywhere else:

Ball(For your dog when he is full grown)-500g  
Frisbee(For your dog when he is full grown)-5000g  
Jewel of Truth-50000g

-----\*The rest are seeds.

Cabbage-500g  
Pineapple-1000g  
Green Pepper-150g  
Moondrop-500g  
Pink Cat-300g  
Magic-600g  
Toy Flower-400g

\*There are other items that you will be able to buy from him. He will come to your house at the beginning of each season and try to sell you certain items:

Special Apples: (There is nothing special about these apples other than you can make certain recipes with them and they are on the Shippable Items List.)

SUGDW Apple-500g

AEPFE Apple-500g

HMSBG Apple-500g

Vase: (You can only purchase this after you have upgraded your house at least once. You can put flowers in it)  
-5000g

Blue Feather: (There is no reason to buy this from him because you can get the same thing at the Supermarket for a fraction of the price.)  
-10000g

(24f.) Conclusion

I am going to stop at year 5 because you get the point.

You technically can't finish the game until at least year 50 because of the Mountain Cottage, but I'm going to ignore that and say this is what you need to basically say that you finished the Game:

- Large Rucksack
- 2nd House Extension
- Chicken Coop Extension
- Barn Extension
- bathroom
- 8 chickens
- 8 cows
- 4 sheep

- A field of grass
- Have all three makers
- All animals with full hearts producing p size products
- Dog with all Hearts
- Horse with all Hearts
- Everything you can buy off of the Shopping Network
