Each of the girls listed in this section you can marry. When you giive a gift to a girl on their birthday they will like it a lot. Gifts that a girl likes normaly will typically raise her one heart level on her birthday. I recomend you date advantage of these dates.

If your birthday is the same as the birthday of a girl on here then her birthday will become the secondary birthday that is listed.

If you give gifts to a Harvest Sprite then they will begin to like you. If they like you a lot then they will help out on your farm. This can be very, VERY, usefull. The Harvest Sprites like flowers that are the same color as they are. Different Harvest Sprites will respond differently to questions and answers. Wrapping a gift for a Harvest Sprite makes a BIG difference. The Harvest Sprites are listed in the order that their beds are in their house (from the far left bed to the far right bed).

Nappy, Orange: Winter 22

So, thats basicaly it. Thanks guys, and, as I said, feel free to e-mail me. Bye.
