I can't write every infomation here so sorry...
just email me for the other info.

5) Power Berries

At the beginning your farmer doesn't have much stamina. You'll be able to work for a bit, but eventually she'll get tired and you'll have to stop working. To raise your strength you'll need to find Power Berries. There are 10 berries that you can find in various locations. Every berry you find is worth 10 Heroine points towards your Judgement.

PBerry 1 » In your field
Simple enough! Take your hoe and dig around your crop field. The berry will eventually turn up.

PBerry 2 » Harvest Goddess
Take items you've grown on your farm to the Harvest Goddess. Toss the item into the water to make her appear. After throwing in an item for 10 days she'll reward you with a berry.

PBerry 3 » Turn in medals
When you bet on the horses during the derby race, you can win medals. Exchange 900 medals to Mayor Thomas to get the berry.

PBerry 4 » Win the Horse Race
Your horse will become an adult at the beginning of your second year. You can now participate in the Spring and Fall horse race! Yeehaaw! If the two of you come in first place you'll win the berry.

PBerry 5 » Frisbee disc winner
In your second year you can have your dog join in the Dog Frisbee event on Summer 01. The prize is a Power Berry, so practice throwing the frisbee with your dog when it becomes an adult in the Fall of your first year. You will also have to buy the Frisbee from Won for 5,000 G.

PBerry 6 » Fishing off the pier
When you upgrade your fishing pole to level 5 (Mystrile), use it at Mineral Beach in the Winter. You might just catch a berry.

PBerry 7 » Dig down into the mine
Next to the Harvest Goddess' pond is the Spring Mine. Usually you go here to get ore for tool upgrades, but if

you did down far enough you'll find a berry. Actually the berry is down on the 100th floor and you'll have to dig it up with your hoe once you get down that far.

PBerry 8 » Television Shopping

Once you've purchased most of the items off of the Saturday t.v. shopping show, they might just have a berry for sale. It's not cheap! You'll have to fork over 10,000 G.

PBerry 9 » Behind the Lake Mine

When it's Winter time the lake on Mother's Hill will freeze over. Walk across it and you'll see a small island in the middle of the lake. The island has the entrance to the Winter Mine on it, but if you walk behind the island and press the A button you'll find a hidden berry.

PBerry 10 » Dig in the Lake Mine

Pretty much the same as the berry that's hidden in the Spring Mine, but you don't have to work as hard for it. The berry is only on the 19th floor this time.

Blue berry Special Berry

You can earn this berry from Kappa. He lives in the lake on Mother's Hill and he has a fondnes for Cucumbers. If you throw a cucumber into the lake he'll pop out for a second, then return back into the water. Throw in a Cucumber again the next day and he'll emerge and call you persistant. Keep throwing in a Cucumber for a total of 10 days. On the 10th day he'll give you the Special Berry in hopes that you'll leave him alone. You will also earn 27 Villager, 1 Event, and 50 Heroine points.

Just like any of the other guys, you'll also need to give gifts to Gourmet. The only time you get that chance is a few hours after the Cooking Festival is over. If you walk back to Rose Square you can meet up with Gourmet and give him presents. The Gourmet leaves Mineral Town at 8:00 pm and will return a year later.

### 7.c) Won Events

These are the events of Won.

#### Event 1 - The Flower Vase

~~~~~

When you've collected enough money, Won will stop by your house and offer to sell you a Flower Vase for 5000 G. If you don't buy the vase you can't marry Won. The vase is worth 50 Building points and you can place flowers in it to regain your energy level. If you turned down the purchase of the Vase the first time, he will come by again later in another season and ask if you want to buy it.

Event 2 - Buying ability unlocked

~~~~~

The second one you'll come across will let you know that Won will start buying the items you bring him. Normally you can only buy things from Won, but after raising your friendship level with him you can start to sell things to him as well. Won will give you gold for things that you can't sell via Zack's shipping, like cooking recipes and flowers. You'll also earn 1 Event point.

Won's buy prices change every time you talk to him with the item held above your head. If the price he offers is too low for your tastes, refuse to sell and then try again. For items that Zack also buys, Won's prices can fluctuate to be a little lower than Zack's, or up to 30% higher.

#### Event 3 - Apple shuffle

~~~~~

If you visit Won one day you might find him surrounded by lots of apples. Somehow the apples have been knocked to the ground and since they all look alike, he doesn't know which ones are the SUGDW, HMSGB, and AEPFE apples! He ponders for a bit and then decides he should quickly pick up the apples before someone comes by and finds out he can't tell the difference. As he begins to clean up, he suddenly realizes you've been standing there listening to him the whole time!

He tries to make up an excuse but he knows it's useless; you found out that he can't even tell the difference between his three "special" apples. He picks up an apple and gives it to you, hoping to bribe you into keeping your mouth shut. Then he kicks you out of Zack's house. You will earn 1 Event point for seeing

poor Won's confusion.

Event 4 - Won's Apple game

When you walk into Zack's house one day you might see Won with 3 apples in front of him. Won will name off the apples (SUGDW, HMSGB, and AEPFE) and then shuffle them around. He will then ask you to point out one of the apples he calls for. If you get it right you can play again. If you guess the wrong apple the first time then you don't win anything. Your very first game of apple-swap is free (and will earn you 1 Event point), but if you want to play again you have to pay him 100 G.

7.d) Rival Events

The 5 main bachelors have rivals that will challenge you for the boy's hands in marriage. Cliff's rival is Ann, Gray's rival is Mary, Kai's rival is Popuri, Rick's rival is Karen, and Doctor's rival is Elli. The rival also have their own series of heart-based events. If you trigger all 4 events then the boy will marry the other girl!

The 4 rival events will trigger when the bachelor's heart color is Black, Blue, Green, and Orange. The Green event won't happen until you've at least reached your 2nd year in the game, and the Orange one won't occur until your 4th year. That gives you 4 years to pick which boy you want to marry.

If you've raised a bachelor's heart all the way up to the Red color, the rival events won't trigger any more! The boy is so infatuated with you that no other girl can come between him and you. You can see the other boys' rival events again until after you get married to your bachelor. If you're very good friends with the rival girl and her boy, they will invite you to their wedding.

Each rival event you trigger is worth 5 Event points and a couple of Villager points.

Kappa, Won, and Gourmet don't have any rivals for their affection.

=====
Doctor:::Rival Events

Black Heart

~~~~~  
Go to the clinic on any day except Tuesday or Wednesday when Doctor's heart color is black. When you enter the door you'll see Elli and Doctor talking to each other. Elli has been working hard and she's feeling a little tired, so Doctor reminds her not to work too hard. Elli is happy that Doctor is concerned about her health, but Doctor is just more worried that his clinic's nurse

will overwork herself!

Elli was hoping that Doctor was more concerend about her than her role as the nurse. She becomes a little sad and Doctor doesn't understand what he might of said to upset her.

Blue Heart

~~~~~

Go to Ellen's house on Monday between 9:00 am and 7:00 pm. Ellen isn't feeling very well so Elli and the Doctor have come by to visit. Ellen says she's feeling better, but Doctor says she probably has a cold and just needs some rest. When he asks Ellen how her legs are feeling, she says they hurt as always. Doctor feels guilty for not being able to help Ellen with her legs, but Ellen and Elli tell him he does enough work. Doctor thanks them for their compliments and he walks back to the clinic.

Green Heart

~~~~~

Once you have reached your second year in the game, go to the Clinic on any day except Tuesday and Wednesday between 9:00 am and 7:00pm. Inside you'll find Doctor coughing as though he is sick! Elli suggests that he take the day off, but Doctor is stubborn and says that he couldn't let the villagers down if he took time off. Elli is concerned about his health so Doctor says he can take care of himself and says it's okey because she is with him.

Elli requests that he doesn't try to overdo his work, else she'll get mad at him. Doctor laughs and says that she would make a good wife someday.

Orange Heart

~~~~~

After you reach your 4th year, go to Mineral Beach on a Wednesday between 7:00 pm and 10:00 pm. The weather must be sunny. You'll see Doctor and Elli standing on the beach. Elli asks him if there was a reason he asked her out to the beach. Doctor mumbles for a bit and nervously asks how her grandma is doing. Elli tells him that she massages Ellen's legs every day, but she hopes to someday cure her grandmother. Doctor says that Elli is strong and then finally admits that he has fallen in love with her! Elli blushes sweetly while Doctor continues to explain that he wants her to stay by his side.

=====

Kai:::Rival Events

Black Heart

~~~~~

During the Summer season only, walk down to Mineral Beach between 3pm and 4pm on a sunny day.

Kai has just finished giving Popuri some food that he's cooked. Kai says he knows about food from other towns because he travels in the Winter to avoid the cold. Popuri wonders if her mom would feel better if she ate some of Kai's interesting foods. Kai tells Popuri he'll make her mom some food.

#### Blue Heart

~~~~~

During the Summer season, walk down to Mineral Beach between 9:00 am and 7:00 pm on a sunny Tuesday, Thursday, or Saturday. Popuri and Kai will be there standing at the shoreline. Popuri thanks Kai for the food he cooked for her mom. The two of them are talking nicely to each other when Rick spots them. Rick demand to know what Kai is doing with his sister and orders her to return to the store. Popuri sticks up for Kai and tells Rick that he needs to stop bothering Kai.

Rick quiets down for a moment, but then starts up with his normal whining. Kai suggests that it might be a good time for Popuri to head back to the store. Popuri apologizes for her obnoxious brother and the two siblings walk home.

Green Heart

~~~~~

During the Summer season after you have reached your 2nd year, walk down to Mineral Beach on a Sunday between 2pm and 4pm on a sunny day. Popuri and Kai are watching the waves from the edge of the boat dock. Popuri is trying to understand why her brother has a problem with her seeing Kai. Kai tries to convince her that it's because he's trying to protect her. Popuri then asks about Kai's family. Kai begins to complain about his parent and how poorly they treated him. He eventually got fed up with them and left. He says it's given him a lot of opportunities to explore other towns. Popuri mentions that she would like the same thing! Kai is a bit skeptical and says her family is too nice for her to leave.

#### Orange Heart

~~~~~

Go to the Chicken Ranch in the Summer of your 4th year (between 11:30am and 4:00pm) and you'll find Popuri's family and Kai inside. Kai says that he and Popuri plan on leaving the village! Rick asks Popuri if it's true and she says it is. Her brother is mad and blames Kai. Popuri denies that Kai is a bad person and it was all her idea! While the two kids bicker, Lillia pops up and gives permission for Popuri to go.

Rick completely flips out and can't believe what his mom just said! Lillia says there's no point in opposing since she's going to go anyway. She has a condition before Popuri can go though; Kai has to keep Popuri happy forever! Lillia says that Kai doesn't have to give her a reply right away. Kai says he'll consider it and then leaves.

=====
Cliff:::Rival Events

Black Heart

~~~~~

Go to the 2nd floor of the Inn on a Spring night on any day except Saturday. Cliff will be upstairs, keeping to himself as usual, when Ann walks into his room to say hello. Cliff naturally pulls the shy-guy routine but Ann says she's just there to talk. She asks him the reason why he's moved to the village but Cliff replies that he's sorry, but he doesn't want to talk about it. Ann realizes she's walked upon a sensitive subject for him and apologizes for her question. She says she's going to go tidy up now but just before she leaves, Cliff thanks her.

This event won't trigger during the Summer after you have played through the first week of the season. It will become available again when you reach the Fall season.

Blue Heart

~~~~~

Walk into the Church between 11:00 am and 4:00 pm before you reach Fall 1st of your first year. Inside you'll find Carter talking with super-shy Cliff. Carter is suggesting that Cliff go out and talk to the villagers, but Cliff says it's hard to talk to new people. Ann walks in and Carter warmly welcomes her. Cliff of course can only mumble a greeting. Ann is there to deliver Carter his lunch from the Inn and she asks Cliff what he's doing at the Church. Another mumbled answer from Cliff gives Carter an idea. He asks Ann if she would be nice enough to introduce Cliff to some of the other residents of Mineral Town. Ann gladly agrees to take Cliff around town later.

This event won't happen during the Fall.

Green Heart

~~~~~

Once you've reached your 2nd year in the game, go to Doug's Inn on a Saturday between 11am and 1pm. Inside you'll find Doug and Ann talking to each other. Doug is wondering how long Cliff will stay in Mineral Town and he hopes that Cliff doesn't leave. Cliff then walks in and asks what the two of them are talking about. Doug tries to keep cool, but Ann blurts out and asks how long Cliff is planning on staying in town! Ann tells him that he can stay at the Inn forever if he wanted to. Cliff thanks them for their generosity and asks if they're sure about the offer. Both Ann and Doug are very sure they would like to have Cliff around forever.

### Orange Heart

~~~~~

Go to the Winery Storehouse on any day except Saturday between 10:00 am and 1:00 pm once you've reached your 4th year in the game. Cliff is hard at work at the Winery so Ann has come by to deliver his lunch. Duke walks in and Ann gives him a friendly greeting. Duke asks what she's doing here and Cliff says she's come to bring him his lunch. Duke laughs and thanks Ann for bringing Cliff's lunch, then makes a small comment on how they look like newlyweds! Ann is truly embarrassed and Cliff reacts in shock! She naturally denies anything is going on and runs out of the Winery. Duke doesn't see the problem with his comment and then ask Cliff when he's going to propose marriage to Ann. Cliff is still taken back by Duke's suggestion and doesn't know what to say.

Head to Saibara's blacksmith shop on any day except Monday between 10:00 am and 1:00 pm. Inside you'll find Gray and Saibara hard at work. Mary comes walking in and thanks Saibara for some work he did to upgrade one of her tools. While the two of them are talking, Gray lets out a pathetic little ouch" because he hurt himself. Saibara scolds him for being careless but Mary notices he's bleeding all over the place. Gray is trying to act macho but Mary soon takes control of the situation and bandages Gray up.

### Blue Heart

Head to the Library on any day except Monday between 1:00 pm and 4:00 pm. Inside you'll see Gray looking at some of the books when Mary walks up to him and thanks him for coming to the Library. A lot of people don't visit the Library and that shocks Gray. There are so many good books there why wouldn't anyone not want to go to the Library! Mary asks Gray if he would like to read the novel that she's been writing and he says he'd love to.

Green Heart

~~~~~

Once you reach your 2nd year in the game, walk up to the summit of Mother's Hill on Sunday, Tuesday, or Friday between 7:00 am and 10:00 am. The weather has to be sunny too! At the top, Gray is telling Mary that the Novel that she has been writing is really great. He says that she'll get better with practice, but he doesn't believe he can. When Mary asks what he means, Gray says that no matter how

much he practices he can't seem to get better at being a blacksmith. Mary tells him that he's wrong because if he really loves being a blacksmith, then he'll eventually improve automatically.

#### Orange Heart

~~~~~

Go to the Library on Thursday or Saturday between 1:00 pm and 4:00 pm after you've reached your fourth year. Inside you'll see Gray and Mary talking. Gray says that his grandpa is finally letting him do some real work, even though it's only small jobs. Mary notices that he seems a little sad, so she asks him what's wrong. Gray says that he owes everything to her. Her talk with him on top of Mother's Hill helped him realize what was going wrong in his life. If he and Mary hadn't had that conversation, Gray says he might of just given up on being a blacksmith!

Gray says that his grandpa is going to give him a test on his blacksmith skills. If he passes the test there's something he wants to ask Mary. He won't tell Mary what is until after he passes his test.

Black Heart

~~~~~

Leave the Spring Mine on a sunny Wednesday, Thursday, Friday or Saturday. The time must be between 11:00 am and 6:00 pm. Outside you'll find Karen and Rick talking to each other. Karen asks if Rick has heard from his dad recently. Rick is dissapointed that he hasn't and doesn't understand how his dad could just leave his mom like that. Karen sticks up for Rick's dad and reminds Rick that he is out searching for a cure because he's trying to protect his family. Rick realizes she's right and the two of them have to take care of things while his dad is away.

#### Blue Heart

~~~~~

To trigger this event, walk out of Gotz's house on a sunny Sunday or Monday between the hours of 11:00 am and 6:00 pm. Karen and Rick will be talking about the games they played together when they were children. Rick told her that she would always beat him in wrestling. Karen denies the event ever took place, even though Rick told her that he use to cry when she threw him on the ground. Karen becomes very irritated at Rick, says she doesn't remember any of it, and walks off. Rick doesn't know why she's mad at him!

This event won't trigger in the Spring.

Green Heart

~~~~~

Once you've hit your 2nd year, go to the Goddess' Pond area and go into the Spring Mine. When you exit you might trigger this event between the hours of 11am and 6pm on a sunny Wednesday or Friday. Karen is angry at Rick because he fought off a dog that had attacked her and he had received an injury! Rick's just glad that he wasn't hurt worse than he was, but that doesn't make her feel any better. Karen finally swallows her pride and thanks Rick for helping her out

Orange Heart

~~~~~

Starting in your 4th year, go into the Poultry Farm shop between 1pm and 4pm and then exit outside to start the event. Popuri has to be married before this will trigger. You can see this event on Tuesday, Thursday, or Saturday. As you leave the farm house, you'll see Karen and Rick talking to each other by the grain mill. Karen says that Lillia is beginning to look a little bit healthier. Rick is glad that his mom is feeling better. Lillia walks up to them and asks Karen how she is doing. Karen replies that she hears that Lillia is feeling better. Lillia says that there is one thing that worries her and that's the relationship between Rick and Karen! Lillia finally just asks when the two of them are going to get married.

Rick freaks out for a moment, but Lillia says that they have always liked each other and there's no point in hiding it. Karen blushes and Lillia walks back to the house.

7.e) Family Events

All the family events.

=====

When you finally get to marry your honey the two of you will appear at Carter's Church for the ceremony. Once it's completed, the credits for the game will appear. That doesn't mean the game is over! As soon as the credits finish, you will appear back in your house with your new husband. The first thing he'll ask you is what pet-name you would like him to call you. You can select one of the choices or create your own special name.

Depending on who you marry, you might have a stay-at-home husband or you might have one who goes off to work every day. You don't earn any income from the husbands who leave every morning for their job, and the homebodies just walk around the table all day long. The husbands won't even help you with any of the farm chores!

If you ignore your husband for 10 days, in the morning he'll wake up and complain that he feels ill. He decides he's going to stay in bed all day long! You don't earn any points for making him sick, but you should feel guilty for

not talking to him for 10 days! Bad, bad you! He'll be back up and running the next morning. You'll only see this occur once.

On the Spring Thanksgiving your husband will put Chocolate Cookies in your Rucksack if you go to bed after 7:00 pm.

Instead of being invited to dinner on the Starry Festival your family will cook you a meal. Enter your house before 6:00 pm to see your dinner event.

Your husband will be around to celebrate Birthdays every year. Walk into your house after 6:00 pm and before midnight. He'll make a meal and then ask you who's birthday it is today. If you guess correctly (your's, his, or your baby's) he'll be pleased and you can eat a nice meal together. If it's your first birthday since you were wed together, he will also give you one of the 7 Rings.

7.f) Your Child

Before you can have a child (and you only get one) you'll need to be married. One or two seasons after the wedding ceremony you will wake up one morning and feel ill. Your husband will notice and take you to the Clinic. At the Clinic the Doctor and Elli will inform you that you are pregnant. The two of you will be happy and you'll return to your farm.

While you are pregnant the farm will still need to be maintained. You don't take any time off for bedrest and your husband still won't help you with any of the chores. Hmph! The game will continue on as normal for another 2 seasons.

After 60 days you'll finally give birth. Elli will come by to help you with the delivery of your new baby daughter. Everyone will be happy and you get to select her name. The next day you'll be up and doing chores like normal, while your girl stays in the bed all day. Don't worry, she'll be fine laying there by herself. The baby doesn't require any maintenance like your animals do.

Since your little kid is in bed all day there's no way to give her gifts.

Once another 60 days has gone by, your husband will wake you up in the morning. He will be in a panic because your child seems to have fallen out of bed! You can choose to stay home, or take her to the Clinic (option 2). When you arrive Doctor says that she's fine. When the three of you return back to the house your baby can now crawl around.

Now that she's out of bed you can give her gifts. The baby likes all sorts of sweets like Ice Cream, Cake, Hot Cakes, Honey, Cheese Cake, and Strawberry Milk. So you don't rot out your child's teeth (even though she doesn't have any) you can also give her Hot Milk, Wild Grapes, and balls of Yarn to play with.

At the end of another 60 day period, your husband will excitedly bring something to your attention in the morning. It turns out that your baby has finally begun to walk! Your baby will like to receive more gifts such as Apple Pie, Chocolate, flowers, and Omelette Rice.

Once the baby begins to walk she has completely "grown up" and won't age anymore. She will never leave the inside of the farm house and she won't help you with any of your farm work.

9) Catching Fish

Catching fish is a good way to make money when you first start your life in Mineral Town. You might not have any animals to care for yet, but your waterways are full of fish to sell. Before you can try your luck at angling, you'll need a fishing pole!

Your first fishing pole will come from Zack, the shipper who lives with Mr. Won on Mineral Beach. If you visit him between the hours of 11am and 4pm, he will give you an old fishing pole that belong to his friend Greg. Greg moved out of Mineral Town and eventually ended up with his own television show that airs in Forgotten Valley (from A Wonderful Life for Gamecube).

There are many different waterways you can find fish in. You can go to Mineral Beach and fish in the Sea, or cast your line along the Down Stream area that flows from your farm and on past Barley's Ranch. You can also catch fish in the Harvest Goddess' Pond next to the Spring Mine, in the Lake where Kappa lives on Mother's Hill, and a little portion of Up Stream area between Kappa's Lake and the bridge that leads to the summit of the hill. Each of the 5 areas will have different fish to catch. The fish stocks will also change depending on the season.

To use your fishing pole, walk up to your chosen water area, equip it, and then press the B Button. Your line will cast out and wait in the water for a bite. When a fish nibbles on your line, you will see a ! above your head. That's when you press the B Button again to reel in your line! If you're skilled you'll pull up a fish. If not, just try again.

You may find that your first fishing pole doesn't catch very large fish. If you want a better one, you'll need to talk to Saibara the Blacksmith. If you find the appropriate ores in the Spring Mine, the Blacksmith will upgrade your fishing pole so you can catch larger fish. When you get the Mythril Fishing Pole you can catch a Power Berry and a Cooking Recipe. You can also find the Cursed Fishing Pole in the Winter Mine. Once you get it blessed by using it 255 times, you can catch the River King fish, Fish Fossils, and Pirate Treasures. If you go for the ultimate Mythic Fishing Pole than it will be easier for you to catch Fossils and Treasures to sell.

All the fish you catch will appear in your Farm Memo.

You can see how many of a particular fish species you've caught, and even the largest size. Each time you catch a new species of fish you'll earn 5 points towards your Fishing Degree. For every 10cm over the size of your previous largest fish of that species, you'll earn 1 point. If you don't feel like selling your catch, you can throw the fish into the watering pond on your farm. You can only keep 100 fish in the pond and they don't grow in size.

=====

10) Cooking

After you expand your farmhouse once you can buy a kitchen. Watch the T.V. Shopping channel on Saturdays and you'll be able to buy the kitchen for 4,000 G. After you buy the kitchen you're going to need some utensils to cook with. Those are also bought via the T.V. Shopping channel. There are 8 types of cooking equipment you can buy.

frying pan	Frying Pan	1,200 G
knife	Knife	1,500 G
mixer	Mixer	1,200 G
oven	Oven	2,500 G
pot	Pot	1,000 G
rolling pin	Rolling Pin	750 G
season set	Seasoning Set	2,500 G
whisk	Whisk	500 G

With the kitchen and matching utensils you can cook food for the villagers and yourself. You're not going to be very successful if you just throw stuff together and expect it to turn out. You're going to need to know a recipe to follow before your dish can become edible. There are 108 recipes to collect in FoMT. Some of them you can get by watching the Delicious Hour; another T.V. show that airs on Tuesdays. Another way to get recipes is to give food to the residents of Mineral Town. Sometimes they will give you a recipe to follow in exchange for your gifts.

Every new recipe you hear from a villager will get you 10 Cooking points towards your Judgement points. When you make a new recipe for the first time, you'll earn 5 Cooking points.

To start cooking make sure you don't have any items being held above your head. The ingredients you want to use can be in your rucksack or just stored in the refrigerator. Then just press the A button while standing next to the counter. You'll be asked if you want to cook something new, cook a recipe from your cookbook, or cancel cooking. The cookbook is always nice to look through since you can see what pages are missing recipes that you haven't discovered yet. Anytime you want to cancel cooking just press the B button a few times.

If you're making a recipe you've already done before then there's no need to carry the ingredients around. The

kitchen will automatically pull them out of the Fridge.

The first thing you have to pick are the utensils you want to use. Just select the one(s) you want and press the A button. If you want to use any of the seasonings you'll need to select the set, then select what seasonings you want to use. The seasonings are Sugar, Salt, Vinegar, Soy Sauce, and Miso (in that order). To back out of the seasoning selection just press B. When you're done picking your utensils press the Start button, then press A or B to confirm.

On the next screen is where you select the ingredients you want to use. You can use items that you've grown on your farm, picked up for free around the town, or dishes you've already cooked once before. Just select the item out of your rucksack on the right side of the screen and it will be listed over on the left side. To use the ingredients that are stored in your refrigerator, press the Down or Up buttons to move out of your rucksack and into the Fridge. When you're finished selecting your ingredients press the Start button.

The last screen you'll reach is the confirmation screen. You can start your cooking, modify your ingredients, or modify the utensils you've chosen. When you choose to cook you'll hear *chop* *chop* *chop* *ding!*. If you've chosen the correct ingredients the name of the recipe will be shown to you and you'll have your new yummy dish in your hands. If not, you'll be told it wasn't successful and you'll have a hand full of burnt goo. You can give your dishes to your friends, eat them yourself, or store them in your Fridge for later.

23) TV Shopping

When you take over the farm, you also inherit a 1-room farmhouse. It's not big enough for a family, but you can have Gotz build extensions to it. Their isn't a whole lot of furniture either. Luckily you have T.V. Shopping to the rescue!

Every Saturday the left-channel on t.v. airs the Shopping Show. Each week the hostess will show you a brand new spank'n item you can buy for your house. All you have to do is watch the Shopping Show in the morning, find out the weekly item and price, and then walk down to Doug's Inn. On his counter you'll see a telephone you can use to call in your order. The telephone call costs 10 G and you can only use it for a few days after the weekly item has been advertised on t.v. Two days later Zack will stop by with your new piece of furniture.

You have to complete special requirements before the T.V. Shopping show will sell you furniture. There are 15 items you can buy to decorate your house.

On Wednesdays you can find Van's shop upstairs in Doug's Inn. He will sell the Record Player and the records you can use. The Records allow you to change the background music of your farm.
