----- 1.0 Intro -

1.1 Guide Introduction

=====

Hello fellow farmers! This is nothing more than a simple, quick and easy guide to cooking. There will most likely only be one version of this guide since this is all information I've already gathered from playing Harvest Moon: Friends of Mineral Town. However, I will update if needed.

=====
1.2 Game Introduction
=====

Harvest Moon: More Friends of Mineral Town is the female version of Friends of Mineral Town. In it you play a female instead of a male and court the local boys as well. It's pretty much the same game with a few new additions and of course the XX gender flare.

=====
1.3 Author Introduction
=====

As stated in the top of the guide, my name (or rather nickname) is Usagi. I'm a 20 year old female living in New York City. I'm a huge Harvest Moon fan and this is my first attempt at writing a guide for any of the games.

----- 2.0 Cooking Basics -

=====
2.1 Kitchen/Utensils
=====

Before you even think about turning into a mini Emeril you're going to need the tools of the trade. As with most cool items, you need to buy your cooking tools from the T.V. Shopping channel on Saturdays. However, the kitchen and utensils won't show up to buy until you've gone to Gotz and expanded your house at least once and you have bought the refrigerator. Here, I will list the prices of all the basics for cooking.

House Upgrade	3,000 G + 200 wood
Refrigerator	2,500 G
Kitchen	4,000 G
Oven	2,500 G
Seasoning Set	2,500 G
Knife	1,500 G
Pot	1,500 G
Frying Pan	1,200 G
Mixer	1,200 G
Whisk	500 G
Rolling Pin	750 G
<hr/>	
Total	20,475 G

=====
2.2 Store Bought Items
=====

Now, the other main part of cooking is having ingredients. Most come from your farm, crops and animal produce, some come from foraging and then, of course, there is fishing. In this section I'll simple list what you can buy from stores around town.

Jeff's General Store	
Bread	100 G
Rice Balls	100 G
Curry Powder	50 G
Flour	50 G
Oil	50 G
Chocolate	100 G
Muffin Mix	100 G

Aja Winery
Wine 300 G
Grape Juice 200 G

Mineral Clinic
Bodigizer 500 G
Turbojolt 1000 G
Bodigizer XL 1000 G
Turbojolt XL 2000 G

-Bodigizer XL is available after you ship 50 Blue Grass.
-Turbojolt XL after you ship 50 Green Grass.

=====
2.3 Other Basics
=====

Once you have your kitchen, tools and ingredients it's time to start cooking! First, make sure you're not holding anything above your head, your ingredients can either be in your rucksack or your refrigerator. Now, step up to the kitchen and press the A button. You'll have three choices: "Cook," "View Recipes," "Exit." Cook, of course, is to begin cooking. View Recipes takes you to your very own cook book. Exit does as it says, exits from the cooking task.

Next you pick the utensils, highlight the tool then press A, Start and A or B to confirm. The next screen will have your ingredients to use. Once you picked them press Start. Finally you'll be at a confirmation screen. You'll have another three choices: "Use these Ingredients," "Restart from Ingredients," "Restart from Utensils." Once you're happy with the choices start cooking! If you have the right combo you'll see the name of the recipe and have a new, yummy dish above your head and if not, you'll have burnt mush. Hopefully with the help of this guide you will not have mush!

----- 3.0 Recipes -

A quick note, I put the basic recipes first. Then, optional things you can add to make it better. As a rule of thumb, better quality egg and milk makes a much better dish. Unless stated, optional choices (ingredients, not utensils) can be interchanged with the normal recipe choices.

Festival Basics
=====

So you think you're a super chef now huh? Want to tackle the big contest? Look no further! This guide also has help with making the perfect winning recipe! Normal dishes will not win, you'll need to add something extra (in this guide normally the optional items) to make the dish amazing!

On Spring 22nd at around 10am there will be an annual cooking festival, this is also you're only chance to run into Mr. Gourmet and court him. Once you enter

the square, find out what category the dish must be (changes every year) then return home and make your feast. Once made, rush back and hand it to Mayor Thomas. Winning gets you nothing but happy smiles and a happy Mr. Gourmet.

Speaking of Mr. Gourmet, if you want to woo this hunk of a man you must win five times and complete your recipe book, all 108 yumminess. You only have one chance to give him gifts, the night after the festival in the square.

After the first five years, the theme of the festival will change up randomly.

Also, if you found a recipe in this guide that also wins that I have not put on the list please let me know, and feel free to submit any other recipes you know of that have won that I didn't list here. And please tell me if any of these do NOT win so I can change them! I'm pretty sure they all will though.

----- 5.0 FAQ -----

If for some reason you actually have questions after fully reading this guide, e-mail me.

Q. Where do I get a refrigerator from?

A. Same as the kitchen, T.V. Shopping channel on Saturdays.

Q. I need a truffle for my dish but it's Spring and there are none around, what do I do?!

A. You should have stocked up on them (at least) in the Fall. Always plan ahead, if you didn't then you're pretty much in trouble.

Q. So-and-So requested a food item with a weird name. What is it and how do I make it?

A. Yes, English strikes again. If the name is odd use your common sense a bit. If it's an egg dish, look through the egg dishes for something that sounds like it. "Egg bowl" could be Egg Over Rice.

Q. Im so in love with Mr. Gourmet. What food does he like?

Basically anything cooked by you extremely well, he really likes Elli Leaves though.

A. I want to try my own recipes for the festival, any tips?
The more things you add the better!
