Items: 100s, 600s 2x, Freshring

Once you're in the Lann Island, you will see a man standing. He is Peddler Mack (mechant). You can buy some items. I suggest you to buy Heal Drop because the next boss you will encounter is very hard, according to me.

After your preparation is done, you can now proceed into the game. This place is a little bit confusing. You will have to go all the way to the north until you find the fake Dragonmaster. (I will not say to you the way, it's a little bit challenging, some surprise awaits you when you open some blue chest).

Once you find the fake Dragonmaster, you will fight him and his stupid, fat frog...

When you go to Meribia and selling the dragon diamond for 20, 000 Grand, keeps refusing 20 times until he gives you the Master Book. This book is needed to get the Angel Sword in Protector Cave. (Thanks To Game Winners on this Info)

Getting the Dragon Cards:

Once you return to Saith with Ghaleon in your party, talk to a man in town who will tell you about an old hag in the forest who collects cards. Visit her. Then, after Ghaleon captures Quark, go to her and she will give you the Quark Card. For every dragon you meet after that, visit her to get their Card.  
(Thanks To Game Winners on this Info)

Protector Cave:

After Alex becomes a Dragonmaster, talk to the man behind the counter in Reza at the main building. He will talk about a cave nearby with a lot of treasure. Go there to get the fabled Angel Sword, as well as a lot of other items. (Thanks To Game Winners on this Info)

Red Chest in Ramus's Shop

If you open the chest immediately, you will get a bunny suit. However, If you wait and open it later in the game after you lose to Ghaleon, you will get the Magic Plate. If you wait until you talk to Mia and Kyle after losing to Ghaleon, you will get the Mirror Shield. (Thanks to Game Winners on this Info)

#### Secret Galleries

For Jessica's after you get Kyle go to Althena's Shrine and talk to the girl to the right a few times until she gives it to you. For Mia, after you loose Nash, go to that town where you caught the Fluffball and talk to the guy in the house, he'll give you Mia's Picture. For Luna's, after you beat the game, in Meribia, talk to Ramus, he'll give you Luna's. (Thanks to SybreTiger)

#### Alex's Liner attack:

When you get the Angel Sword (in Protector's Cave) and Master Book, equip both of them on Alex to get his most powerful special attack, Liner. It does massive damage to one enemy. (Thanks to Gamewinners for this Info)

#### Duplicating equipment and unlimited money:

This trick allows you to duplicate your equipment. First, equip your characters with the item to be duplicated. You can do this with more than one item. Then, go into a battle and win. Save your game, then remove the item(s) to be duplicated that you equipped on the character. Save the game again. Load your game, and you should now have the item in your inventory (from when you unequipped it) and another one equipped. Repeat this as many times as desired. You can get unlimited money very early in the game by doing this, When you first get Nash, he is equipped with a Sorcerer's Robe. Use this trick to duplicate it, and sell each Sorcerer's Robe for 1,000 silver. When you get the Master Book, use the duplication trick on it. Each sells for 15,000 silver. When you get to Vane, buy the Wind Boots and duplicate them. They sell for 40,000 silver each. (Thanks to Gamewinners for this Info)

#### Opening red treasure chests:

To open red treasure chests, you have to wait until you reach the City Of Thieves and pass the trial to become a member of their guild. When you get the card that lets you open the treasure chests, get all of the red treasure chests immediately. They will make you very powerful at this point in the game. (Thanks to Gamewinners for this great info)

#### Secret Sewers:

First after you finish the Grindery get Mia and Kyle back to your team then after that when Laike goes to you don't go with him right away. So go next door instead.
