### I. Mission Passwords

---

Here for your benefit is a complete password list for MoH:U. Keeping with the locale, the passwords are all French words, and there are separate mission passwords for each difficulty.

#### Mission One - Occupied!

|                                   | Easy      | Medium   | Hard    |
|-----------------------------------|-----------|----------|---------|
| Midnight Rendez-Vous - 1 May 1942 | TRILINGUE | IRRADIER | DOSSARD |
| Amongst the dead - 1 May 1942     | SQUAME    | FRIMAS   | CUBIQUE |

#### Mission Five - ???

NOTE: For some very odd reason, there doesn't seem to be an official Mission Five. After you finish A Vicious Cycle, the final part of Mission 4, you go straight to Mission 6. Strange indeed...

Mission Six - A Mittelwurk Saboteur

|                       | Easy    | Medium  | Hard    |
|-----------------------|---------|---------|---------|
| Plans for Destruction | INCISER | PIGISTE | QUELQUE |

Mission Seven - Liberation!

|                       | Easy     | Medium   | Hard     |

II. Cheat Passwords

---

Invincibility

MODEDEDIEU (literally, mode of God)

Unknown Effects:

MODEDOUX

NORM

ENTREZVOUS (literally, you, enter)

PORTECLEF (literally, door key)

LEMONSTRE (literally, the monster)

NOTE: The above are all valid passwords, but I haven't been able to figure out what their effects on the game are. MODEDOUX works relatively similar to MODEDEDIEU, but the others are a complete mystery to me.

Unknown Effects 2:

MULA

MULB

MULC

MULD

NOTE: MULA and MULB both bring the game back to the title screen and then freeze the game. MULC and MULD both open up all of the missions on Medium difficulty (Start Game leads to the Audio menu, however).
