## 1.Introduction [INT]:

OK, this IS my first FAQ EVER made, so bear with me, people. I have been working day and night to get these codes I have made so far made, so you should buy me dinner or something (but that takes valuable time from code making!). Anyways, you should know how to use the GameShark/Action Replay enough to use it.

\_IMPORTANT\_NOTE\_: It is ADVISED you finish the game without cheats before you actually attempt to use codes for your convenience. I did, 'cause it really seems stupid that you can't beat the game without cheats. Anyways...

\_THE\_OTHER\_IMPORTANT\_NOTE\_: This is for Action Replay/GameShark V3 ONLY. Check HankChilX's FAQ for the older versions of Action Replay/GameShark. This also DOES NOT work with GameShark SP. Go to GSCentral.com for those codes.

## 2.FAQ [FAQ]

All these questions are in a gigantic pack when I checked my e-mail. If you e-mail me and it's already answered here, I'm going to virtually punch you.

Q:I tried the Master code that you put on the FAQs but it did not work. the only one that did work was from Codejunkies.com. It would not activate my codes, and when i looked and my Action Replay it said error.

A:Probably a problem with your version. Make sure it's V3.

Q:you know the code to reduce enemies health to one what do you mean by ar

button. Do you mean to push the A button & the R button together. Please tell.  
A:Press the pretty grey button, please.

Q:I like that you have lots of codes, but i cannot get the chip ones to work.  
A:E-mail me with the ones that don't work.

Q:does the action replay v3 codes work if i put it in a action replay? will it work if i replace the codes from my action replay with yours?

A:What's the point of making a guide with codes if you won't put it in?

Q:I just want you to try and make a pro action replay codes to choose your own operator and navi just like Megaman battle chip challenge.

Q:I know you probably haven't been asked to make a code like this, but please try to make this code. Plus that would probably be the best code for everyone.

A:No. My AR and my GBSP is currently either at my local GameStop or in the hands of somebody else. Sorry.

Q:Hey, I've tried those codes, and what a wonder! They work for gameshark too! I just wanted to mail you that those codes can be also used with VBA gameshark! I've been looking all over for this! So... thanks for posting those codes!

A:Hmm. Good to know. :)

Q:hey i was just wondering if you could create a code that gives you every chip that way we dont need to go through and add so many codes. and to help us out make all of the chip codes \* that way we can use any at any time in a fight. if you could do that it would be awesome thank you.

A:I'd love to, but again, I don't have the tools.

### 3.Contact Info [COI]

OK, if you are so desperate for a code that you'd pee in your pants for, and really want me to get you a code for a chip I haven't posted yet, you can e-mail me at axlthesniper\*gmail.com (replace \* with @). Make SURE what you're sending it's not already covered in the FAQ and you MUST put a subject in your e-mail; something like "MMBN2 AR code request" and put it on high priority I WILL get to it as fast as I can. If you MUST talk to me "active time"

you \_may\_ chat with me on AIM. More than likely I will be talking to friends but I will respond. My SN is equinoxkr. Just tell me what you're talking to me about and what your name is on the message boards. More than likely I WON'T talk to you if you're not on the message board.

### 4.Master Code [MAC]

Well, the codes wouldn't work if you didn't have the master code, right? Here you go!

#### 10. Chips After Battle Codes [CAC]

Unfortunately, I am unskilled so that I cannot make the chips after battle into star code, just into the first code of it.

If you put in the code for Cannon, for example, you would get Cannon A only. Simple enough?

11.Credits [CRE]:

I just added this so I can raise my status. No, I'm kidding. It's just to

thank the people who helped out on my FAQ. The people so far are:

Myself for making this

CJayC for posting this FAQ

Capcom (obviously)

YOUR NAME HERE (if you help me)

Koichi/DB - 'Cause he asked me and pointed some stuff out.

Dark RPG Wizard 06 - Because every other FAQ for this game has him in it.

Lord\_Yawgmoth - Asked me for a legit site to post this FAQ on. And yes,  
he makes life fun by keeping this FAQ alive...to a degree.

\*gives Lord\_Yawgmoth a hug\*

Uryimap777 - Made me want to check my old e-mail and update after two years.

You can help me by:

Reporting a code that ISN'T working.

Praise.

12.Version History/Copyright [VHC]:

3.0 - 7/22/07

11:05 PM (Eastern Time)

Gigantic FAQ update. Pretty much it. Answered two year old e-mails. :(

2.1 - 11/9/05

11:47 AM (Eastern time)

Added new sites where this FAQ may be posted (AOL Games and the Under Square)

2.0 - 11/7/05

12:05 PM (Eastern time)

Fixed spacing problems, reworked contact information (not that I get any, anyway). Added a few credits.

1.0 - 2/9/05

9:38 PM (Eastern time)

Almost completely done. One huge chunk of codes in my FAQ, and this is just the first version! Might add more codes later.

13.Copyright [COP]

All right, let's see, no copying, no posting any part of this on your site, and anything related to that UNLESS I give you my written permission (via e-mail, post or otherwise) that you may post my information, in part or in whole, on any site (wow, I sound like a darn lawyer). This FAQ may only be posted on:

GameFAQs

AOL Games (sorta unwillingly)

"The Under Square" (H0tSh0tZ's web site, recommended by Lord\_Yawgmoth)

And NOWHERE ELSE! If you see these anywhere except for the site(s) above, contact me IMMEDIATELY. I WILL take appropriate action and put you in the credits. Whoever THAT DOES rip off my work will be brutally flamed forevermore.
