1. Fodder Navi Codes? WTF?
=====
```

Fodder Navis are navis with empty program deck for easy victories in the tournaments. Here is a list of names and navi codes for the fodder navis.

```
=====
2. Version History
=====
```

v1.04 - June 16th 2004

- PhQ's email changed.

v1.03 - March 14th 2004

- Colin Mahoney sent me an email with all the codes that didn't work and corrected versions of them. Huge thanks to him for doing it ^_^.

v1.02 - March 8th 2004

- Modified copyrights section a bit.

v1.01 - March 6th 2004

- Fixed code for name F009. Thanks to John Rogers, Lyell Walker and Neil Chatterjee for notifying us.

v1.00 - March 5th 2004

- First version.

- We made 127 codes in one night. Go us! That's enough for the biggest

tournament.

3. The Codes

All these have Lan and MegaMan as the characters.

Key:

c: Club

d: Diamond

h: Heart

s: Spade

*: Star

4. Credits
=====

- Me, PhQ, and Kuru Seed, for making all those codes.
- Capcom for making the MMBN series.
- All places that are hosting this file for, well... hosting it. >_>
- John Rogers, Lyell Walker and Neil Chatterjee for telling us that code F009 was incorrect.
- Colin Mahoney for correcting the remaining non-working codes (18).
