Mary Jane: Hey Peter, I just won some new goldfish at the amusement park, but I forgot to pick up a fishbowl for them.

Peter: I'll pick one up for you.  
... Hang on a sec ...

TV Reporter: ... Reports are coming in of rampant criminal activity around the downtown New York area.

TV Reporter: Police won't commence on whether these incidents are connected.

TV Reporter: Trouble has been reported at Pier 54, the Empire Metal Foundry, as well as massive mob activity downtown.

TV Reporter: People are being warned to stay indoors.

Peter: Mary Jane, something has come up  
... I gotta go.

Mary Jane: Alright Peter, just don't  
forget my fishbowl!

Spider-Man: It's gonna be a long night ...

Stop the crime wave in

Spidey: This is it, Hammerhead! You've got  
nowhere to go!

Hammerhead: Think again, webface!  
Get him boys!

Spidey: Hammerhead's thugs bought him  
time to escape into that nightclub. I'll  
track him down soon enough.

Hostage: Spider-Man! These mobsters are  
holding other hostages in the nightclub.  
I managed to escape, but you've got to  
save the others!

```

```

Spidey: So, flat skull ... want to tell me  
what your interest in this nightclub is?

Hammerhead: It's a contract job ... it  
was good money, so I didn't ask any  
questions.

Spidey: Well, I hope you don't mind me  
looking around. Don't go anywhere now.

Spidey: Seems like some sort of laser  
transmitter inside this crate. Looks a  
little too hi-tech for hammerhead's  
caliber. Who would be using him to move  
around equipment like this ...? I better  
follow my other leads ...

Rhino: Help, Spider-Man!

Spidey: That overgrown bully fell into the water. I bet he can't swim. I can't let him frown now, can I?

Rhino: Umm ... Where am I? What is this place? Whay am I all wet?

Spidey: Hey Rhino, you don't seem like your usually grumpy self. Why were you causing such a ruckus at this pier?

Rhino: I ... I don't know ... I was supposed to cause trouble here and keep any cops occupied while a shipment of crates was being moved to the museum.

Spidey: What was in the shipment? Who was moving it to the museum?

Rhino: I ... I don't remember ...

Spidey: Well, it looks like I'm going to have to find out for myself ...

Uncover the secret behind
the shipments
```

Spidey: Pesky ninjas, always trying to steal precious artifacts from the museum. Won't you ever learn?

Ninja: Catch me if you can spider-wuss!

Spidey: I'll catch you and the rest of your ninja buddies.

```
*****
Ninja: Ha ha ha. You've wasted your time
hunting us down Spider-Man. Scorpion
surely has everything set up by now.
```

Spidey: Scorpion? What's his interest in the museum?

Ninja: Sorry bu brain. Why don't you ask him yourself?

Spidey: I think I'll do just that.

```
*****
Scorpion: You weren't supposed to come
here, bugbreath!
```

Spidey: Let me guess, you were expecting a shipment from the docks?

Scorpion: I don't know where the shipment was coming from. The deal was that I would set up this hardware and in return I'd be given the technology to get out of this suit.

Spidey: Well sorry to disappoint you Gargan, but it looks like you've been taken for a ride. Stay put while I check out what you've got here.

Spidey: Hmmm. Seems like a pophisticated holographic projector inside this crate. How does that tie in with the other equipment I found earlier ...?

Find out who's behind the  
mayhem at the foundry

Spidey: Don't I know you? Wait, don't tell me ... Not with the Sinister Six ... Not with Hydra. That wasn't it either. Who are you again?

Big Wheel: You fool! You think you've outsmarted us, but I did what I was being paid to do.

Spidey: What was that? Roll back and forth until you run out of steam?

Big Wheel: I've distracted you long enough Spider-Man. You'll never make it over to Chemcorp in time before they fully drain the power core.

Spidey: Draining the power core will cause a meltdown!  
I'd better get over there fast!

Big Wheel: You're wasting your time  
Spider-Man ... Ha ha ha ha

Stop the power core from  
shutting down

Spidey: So, Electro ... Why steal electricity from this plant? Couldn't foot the electric bill at home?

Electro: Fool! I still have enough energy to power up the towers!

Spidey: What towers, Electro? Did your

brains get fried?

Electro: You're the one who's going to be fried, insect.

Spidey: Whoa, that was close ... No trace of Electro anywhere. I'd better take a look around and make sense of this.

Spidey: I should've known ... Hammerhead's parts for a laser transmitter, Scorpion's holographic projector ... And this transmitter tower. Looks like they've all been hired to setup various transmitters around the city.

SPidey: Holographic illusions. But I thought I stopped all the transmitters ...? There must have been one that I missed. There's only one man who could pull off such a scheme ...  
... Mysterio! I better find a way to pinpoint his location and put an end to this.

Spidey: With this tracking device, I can find the tower that's projecting these illusions.

Spidey: Hmmm ... Seems like a strong signal coming from the abandoned amusement park. Outside of town. I'd better go over there and put an end to Mysterio's handiwork.

Spider-Man: Well chrome dome. Looks like there's only one of you now. What's the matter, ran out of magic pixie dust?

Mysterio: You think you've defeated me Spider-Man? Think again!

Spider: Great. Now I'm left holding your dirty laundry. I should have figured you had an escape route planned.

Spidey: Spider-sense is going haywire!

Spidey: got to get ...

Spidey: So once again, Mysterio managed to escape somehow. Just my luck. Some day this turned out to be ...

Mary Jane: Hey Peter! Thanks for remembering to pick up the fishbowl.

Spidey: Well Mary Jane, you'll never believe what I went through to get it ...
