

- Add some GameShark Codes

2) Introduction

I made this guide is to help you to beat the game and I do not responsible if some strange things happen if you use this guide. Anyway, this guide is totally free. If you found any other codes, please e-mail me or leave a message in GameFAQ's message board. Please tell me too if you found some codes are not working correctly. You can only get this FAQ at www.gamefaqs.com . Sometimes, I received some e-mail. They asked me to give them rom. My advise to you is DON'T ever send that kind of e-mail again. you should find what you want by yourself. Besides, giving rom to you is illegal.

3) Item hacking guide

Note: All these codes work on VBA (Visualboy Advance) a gba emulator. You must put all these codes on the cheat code section. You can get the emulator at vboy.emuhq.com
