----- Introduction -----

Burnout 2: Point of Impact is possibly the best racing game. Burnout 2 has great graphics, controls and sound. Burnout 2 also has many, many modes and racing to choose from, including vehicles. This FAQ is solely for the Crash Course Mode, a fun mode in which you must do as much damage as possible to earn Bronze, Silver or Gold Medals. This FAQ is for the Gamecube version also. Anyway, on with the FAQ!

----- Crash Courses -----

NOTES: When you begin driving, hold down the R Button to Boost. As soon as you begin driving, press A, B, and then hold down A. Before it says "GO!", quickly press A again to do a Boost. Lastly, before you begin, I can't fully guarantee that every stradegy here will get you a Gold Medal. These stradegies randomly work, as it depends on how you impact with another vehicle. The following stradegies as explained as thorough as possible. Sorry for the any inconvenience.

----- Down Hill Demolition -----

TARGETS

Gold Medal: \$2,000,000
Silver Medal: \$1,000,000
Bronze Medal: \$500,000

To do the most damage, as you begin, hold down the R Button to go faster for boosting. Then, as you approach the traffic lanes, swerve into the taxi. That way, your vehicle will fly into the tree area, and the trucks will collide, including other vehicles.

Coastal Crush

TARGETS

Gold Medal: \$10,000,000
Silver Medal: \$5,000,000
Bronze Medal: \$3,000,000

Go forward while holding down the R Button, and go down the streets, avoid any vehicles on the lanes. When you reach the busy intersection, smash into the back of the trailer on the truck. This will cause a chain reaction amongst other vehicles, thus doing much more damage.

Out of Control Tower

TARGETS

Gold Medal: \$35,000,000
Silver Medal: \$20,000,000
Bronze Medal: \$100,000,000

This one is pretty basic, just keep a good speed going, and go between the 2 blue cars on the lane, and smash into one of the vehicles. Then, buses will smash into other buses, causing a good deal of destruction.

Pacific Peril

TARGETS

Gold Medal: \$5,000,000
Silver Medal: \$3,000,000
Bronze Medal: \$1,000,000

In this race, you can either go left or right. Go left, where the oncoming traffic is. Then, at top speed, smash into the bus head-on. The bus will stop and your vehicle will fly into a railing. It'll then cause other vehicles to hit the bus, doing major damage.

Rattlesnake Row

TARGETS

Gold Medal: \$30,000,000
Silver Medal: \$20,000,000
Bronze Medal: \$10,000,000

Going full speed, race down the roads. Then smash into the trailer of the truck. It'll set off a chain reaction of vehicles smashing into each other, causing a lot of destruction. Another way to do this is to go at full speed, and hit the _tip_ of the taxi in the front. This should set off a lot of crashes, and you'll know the true meaning of destruction!

Dip Disaster

TARGETS

Gold Medal: \$15,000,000
Silver Medal: \$7,000,000
Bronze Medal: \$3,000,000

In this race, you'll have to speed at full speed at the left lane, then, before you crash into a vehicle, quickly swerve to the right. That way, the car that you came impact with will fly into the other lane, causing destruction on that lane, as well as the lane you are already in.

Sandstorm Shredder

TARGETS

Gold Medal: \$17,000,000
Silver Medal: \$10,000,000
Bronze Medal: \$5,000,000

For this race, speed fast and then Drift left, at the wall. Then, smash head-on with the truck at the left. This will cause yet another chain reaction with other cars and do more destruction.

Ridge Riot

TARGETS

Gold Medal: \$5,000,000
Silver Medal: \$3,000,000
Bronze Medal: \$1,000,000

For this course, just go at top speeds around the curve and smash into the first car. Your car will fly into the snowy wall, and the crash will cause a large pile up of cars crashing into each other.

Freeway Fury

TARGETS

Gold Medal: \$25,000,000

Silver Medal: \$15,000,000
Bronze Medal: \$10,000,000

For this race, speed fast and then Drift left when the wall appears. Then, smash head-on with the truck at the left, or the red car. This will cause yet another chain reaction with other cars and do more destruction.

Hairpin Havoc

TARGETS

Gold Medal: \$20,000,000
Silver Medal: \$15,000,000
Bronze Medal: \$8,000,000

When you start, go fast, and before the curve, start Drifting slowly to the right, because you'll hit the wall. Once you past the wall, at speed, smash into a vehicle. It'll cause a chain reaction of cars.

TARGETS

Gold Medal: \$10,000,000
Silver Medal: \$7,000,000

TARGETS

Gold Medal: \$23,000,000
Silver Medal: \$17,000,000

As you begin, go at high-speed down the street. However, avoid the first intersection and keep going. Smash into the car at the light to do some major damage.

Avalanche

TARGETS

Gold Medal: \$6,000,000
Silver Medal: \$3,000,000
Bronze Medal: \$1,500,000

This course is a little bit hard, due to the fact that the traffic is on a

curve. Anyway, get a good speed going, then smash into a vehicle. Try to skid the vehicle a bit to the right, so your car has a better chance of smashing into another vehicle. If done correctly, you should do some damage. Don't expect much, though...

Also, you can just wait for the last part of the course, then quickly smash into the yellow car, while aiming to the left a bit. You'll fly off the cliff, and bring a few vehicles down with you...;)

Dam Buster

TARGETS

Gold Medal: \$10,000,000
Silver Medal: \$7,000,000
Bronze Medal: \$3,000,000

Another quite difficult course. For this one, just go at high-speeds and smash into the truck at the left lane. Before you do, though, I recommend moving your vehicle a bit to the right, to increase the damage done.

Ballistic Beach

TARGETS

Gold Medal: 17,000,000
Silver Medal: \$14,000,000
Bronze Medal: \$8,000,000

This one can be difficult if you do not time it correctly. As you begin, get a head-start and boost. Drift around the corner. Now, go to the oncoming traffic lane. At full speed, smash into the oncoming vehicle. You will then do a lot of destruction, with vehicles hitting each other.

Long Distance Destruction

TARGETS

Silver Medal: \$15,000,000
Bronze Medal: \$7,000,000

Gold Medal: \$45,000,000
Silver Medal: \$30,000,000

Bronze Medal: \$15,000,000

For this course, just speed down the lane your own. Then, smash head-on with the gray vehicle. Your car will hit the wall, and buses will hit cars, cars will hit buses, trucks will hit the buses that hit the cars, well you get the idea. If you time the hit correctly, it'll be destruction.

Criss Cross Crush

TARGETS

Gold Medal: \$20,000,000
Silver Medal: \$14,000,000
Bronze Medal: \$9,000,000

As you start, boost and keep the boost button down. Then, stay on your lane. When you see the lights from a vehicle, smash into it. Again, try to move a bit to the right, so you can get over the lane and do more damage on that lane also.

Roadblock

TARGETS

Gold Medal: \$15,000,000
Silver Medal: \$10,000,000
Bronze Medal: \$6,000,000

Surf Shocker

TARGETS

Gold Medal: \$32,000,000
Silver Medal: \$22,000,000
Bronze Medal: \$15,000,000

Twilight Turmoil

TARGETS

Gold Medal: \$40,000,000
Silver Medal: \$30,000,000
Bronze Medal: \$10,000,000
