Section 1: Feng Shui Room Arrangement

--S--E--C--T--I--O--N-----1-

Items that are arranged in their correct positions raise your ratings for the HRA (Happy Room Academy).

Furniture Series that are implemented in a room will boast an extremely higher HRA rating. (Mixing Series or not having basic items, such as dresser, bed, etc. will lower a score.)

Colored Items should be places in the following positions:

North-----Orange items should be placed here-----North

East-----Red items should be placed here-----East

South-----Green items should be placed here-----South

West-----Yellow items should be placed here-----West

Some items bring you luck regardless of their position....examples include: G-Logo, Luigi Trophy, and Mario Trophy
