Modes
=====

-Mini Camp

Tour NFL cities in the Madden Cruiser and fine-tune your playing skills in Mini-Camp mode. Earn trophies along the way in various drill for Madden Cards.

=Skills

- QB-Precision Passing - You will have to manually throw the ball to each one of the wide receivers, you will be playing as a quarterback, this is just to improve your passing skill.
- RB-Ground Attack - You will play as a half back, can you avoid the two defenders and get as many rush yards and touchdowns in a minute?
- P-Coffin Corner - You will play as a punter, you have to punt the ball in a left or right direction and try to get 5 or 6

Bull's Eye in 6 attempts, watch the wind meter.

-LB-Chase and Tackle - You will play as either one of the two defenders and tackle the halfback as many and as quick as you can, you get more points if you tackle him behind the offensive linesmen (posts) and a extra couple if you force a fumble.

-QB-Pocket Presence - This can be a pretty tough skill to achieve in, you have to throw the ball to whatever one of the three dummies with a coordinated button to press (B, A, or X) and the buttons changes around after you complete a pass or sacked.

-K-Clutch Kicking - You will play as a kicker, your goal here is to kick the perfect field goal kick by kicking the ball in the red zone, to get the gold, you have to have at least 2200 points.

-DL-Trench Fight - You will play as a defender and you have to reach all three flag posts under a certain time to get a trophy, pressing R or X helps get you to get through the offensive linesmen, I got 6.58 seconds as my best record so far.

-DB-Swat Ball - You will play as a cornerback and a machine will automatically throw 20 balls and you have to either block or intercept it, the more you do it in a row, the more points you get.

-Franchise

Run the table for 30 seasons in franchise mode.

-Tournament

Compete in a single or double-elimination tournament with playoff like pressure.

-Two Minute Drill

The pressure is on and the clock is winding down. Run the Two Minute Drill and rack up as many points - and tokens - as you can before the final gun sounds.

-Football 101

With the help of John Madden, get in-depth knowledge of each play and learn how each formation can help you during a game. Madden runs the play first and then you take control for a chance to earn tokens.

-Practice

Brush up on your playing skills or master a team's playbook.
