v.1.0

Finished writing, and prepared to present to GameFAQs.

v1.1

Updated that Shikamaru can be copied.

1. Introduction

Welcome. This FAQ has been created to help you know which character has what power. Let's continue, shall we? *Note* when a character doesn't have a move that can be copied, I won't write down "Can't be copied."

2. Characters

Now each character has a different jutsu(except for Kakashi (w/sharingan), Sasuke w/sharingan, Iruka and Mizuki.), and each one has a different total of combo hits, and in turn, different levels of damage(1<---->5). Now let's get to the machinations of how each jutsu works.

3. Naruto Uzumaki

A Ninja Academy washout, failed 3 years in a row before mastering the Shadow Clone jutsu(clones were his worst subject) and beating the crap out of Mizuki.

=====

3.1 Special Jutsu

=====

Naruto Uzumaki Barrage

Power: 2

Combo hits: 6

Naruto generates 4 clones making 5 of him. He then proceeds to send his opponent skyward and then slams them back down with an aerial axe kick. Not powerful, but fun to watch. Careful when using this on Kakashi w/sharingan, he can copy it.

4. Sasuke Uchiha

The year's No. 1 rookie and last of his clan. Gifted with the Sharingan, he's able to copy any ninjutsu or taijutsu he sees(doesn't work in the game). Will stop at nothing to avenge his family's death.

=====
4.1 Special Jutsu
=====

Lion Barrage
Power: 3
Combo hits: 5

A move he made after trying to copy Lee's Primary Lotus. Sends the opponent skyward and knocks them back down with kicks and punches. Does a fair amount of damage. Can be copied by Kakashi w/sharingan.

5. Sakura Haruno

A smart girl with a crush on Sasuke. The best ninjutsu user out of the team, actually does worse on the missions than Naruto. Can overcome nearly any obstacle. Has a crush on Sauke like all girls in Konaha. Prefers not to show her true feelings, which are represented by Inner Sakura.

=====
5.1 Special Jutsu
=====

Inner Sakura
Power: 4
Combo hits:19

A powerful move where Sakura starts beating the crap out of her opponent. Inner Sakura appears on the side of the screen to help out. Sends opponent flying across the stage at the end, presuming that you didn't back them up into a corner. Can be copied by Sharingan-Eye Kakashi.

6. Kakashi Hatake

A Jonin-level shinobi, and one of the most powerful, at that. Has taken a special interest in training Sasuke when it isn't inconvenient. Might guy's eternal rival, has a record of 49 wins and 50 losses against him.

=====
6.1 Special Jutsu
=====

Lightning blade
Power: 1-4
Combo hits: 1

By concentrating chakra to his hand, Kakashi will cause massive damage to the enemy. The only move that Kakashi made himself. Can be copied. Hold x for more power.

7. Kakashi w/Sharingan

When he needs to, Kakashi will move his headband to use the Sharingan. He will then be able to copy any ninjutsu that isn't a kekkei-genkai.

7.1 Special Jutsu

Lightning Blade/Sharingan eye

Power: 1-4/1-5

Combo hits: 1/1-25

Ok, let's break this one down. The 1st is the same as before. Hold x for more power. Kakashi can copy almost any special jutsu that he's hit with.

He can copy Lee, Naruto, Sasuke, Sakura, Mizuki, Iruka, Sasuke w/sharingan, Kiba, Zabuza, Shikamaru, and himself. Hold <-A to try and copy it. If done correctly, he will say "Sharingan!" and copy them.

8. Iruka Umino

A Chunin-level shinobi who actually treated Naruto as a person. A father-figure to Naruto, he taught Naruto everything he knows about ninjutsu, except for the Shadow Clone Jutsu. He also taught all of the other genin that Naruto must fight.

8.1 Special Jutsu

Lightning Bolt Attack

Power: 3

Combo hits: 25

A move where Iruka rushes forward, gives 2 quick jabs, smashes them into the ground, pins them down with 4 Demon Shuriken, and gives a spiraling drill attack. Another copy-able move.

9. Nine-tailed Naruto

In extreme conditions, Naruto's Kyubi begins to try and seize control. In this state, Naruto gets more powerful, vicious, and begins to act feral. First used when Naruto kicks the crap out of Haku and nearly kills him.

9.1 Special jutsu

Nine-Tailed Fury

Power: 4

Combo hits: 9

Naruto begins a powerful combo that slashes and kicks the opponent, ending with a helix-shaped chakra explosion. Powerful, and will give you some breathing room between you and your enemy.

10. Sasuke w/sharingan

After the encounter with Haku, Sasuke's Sharingan awakens. As mentioned before, he will be able to copy any jutsu that isn't kekkei-genkai. This doesn't work in the game, but he will be using a couple of Lee's moves.

=====

10.1 Special Jutsu

=====

1000 birds/Fire style: Phoenix flower jutsu
Power: 1-4/1-3
Combo hits: 1/1-22

Let's break this one down also. This is a move that Kakashi taught Sasuke. Sasuke gathers enough chakra for it to become visible and tries to literally tear through his opponent. Hold X for more power. This can be copied. The 2nd is where you have to be in the air and initiate a spread out flame attack. The closer you are to the enemy, you will get more hits in. Best used against tall people.

11. Mizuki

A Chunin who had Naruto steal a scroll of powerful jutsus. However, he had gotten the crap beaten out of him by Naruto. He was friends with Iruka, but that wasn't to last very long before he turned evil.

=====

11.1 Special Jutsu

=====

Lightning Bolt attack
Power: 3
Combo hits: 25

If you've mostly been playing as Iruka, then you'll know how to use Mizuki. It's exactly the same as Iruka's special. I don't know if they taught each other this, but it's exactly the same as before. And just like before, this can be copied. *Note* When he does this to Naruto, He says "Come on, Demon Fox!"

12. Rock Lee

A genin who was laughed at by the other students because of his inability to

use ninjutsu or genjutsu(illusionary techniques). However, he persevered to perfect his less-than-average taijutsu. With the help of Might Guy, he was able to beat the odds and pass the academy. Since Guy has a special bond with Lee, He was able to learn some powerful taijutsu. Through training with 1-ton each leg weights, he became very skilled.

12.1 Special Jutsu

Primary Lotus/Hidden Lotus

Power: 2-3/5

Combo hits: 2-8/13

This is the final guy with 2 jutsus, I swear. The Primary Lotus was the first powerful taijutsu that guy taught Lee. He sends the enemy into the air, wraps them in his forearm bndages, and drives them headfirst into the ground. Unlock the 1st gate(\X with at least 1/4 chakra bar full), Gate of Opening, to cause more damage. Can be copied. *Note* If this Is done to Gaara, He will be kicked 7 times in to the air. This is a reference to the anime.

The hidden Lotus was the second powerful taijutsu that he was taught.By opening 3rd gate(\X with at least 1/4 chakra bar full), The gate of Life, Lee will have limitless chakra and be able to use the Hidden Lotus. In this attack, Lee will send them skyward again, but will smash 'em around like a pinball, hit them in the gut to tie a bandage around them, pull them back up, and smash them into the ground by hitting the enemy with a punch and kick at the same time.

13. Neji Hyuga

A member of the Hyuga family who deeply loathes the main house family because he can't take the role of leader because he's part of the branch family. Believes that everyone's fate is set at birth. Would do anything to take the role of house leader. Can't believe that his cousin, Hinata, who's weaker than him, is supposed to be the Hyuga clan heir.

13.1 Special Jutsu

8 Trigrams 64 palms

Power: 3

combo hits: 64

A jutsu that at the end, will shut off your opponents chakra. Neji will hit the opponent 2 times, then 4, then 8, then 16, then 32, then finally 64 times.

14. Might Guy

A Jonin who has an eternal rivalry against Kakashi. Shares a special bond with Lee and used to be a loser, too. Taught Lee how to open the 8 chakra gates and how to use the Primary and Hidden Lotus.

=====
14.1 Special Jutsu
=====

Power of Youth
Power: 3
combo hits: 9

Guy hits the enemy in the face, and gives a bearhug that nearly breaks their back. Kinda funny.

15. Shikamaru Nara

An incredibly smart genin that can defeat anyone. With an IQ of 200, he can think hundreds of moves ahead of the enemy until he thinks of a winning plot.

=====
15.1 Special Jutsu
=====

Shadow Possesion Jutsu
Power: 4
Combo hits: 2

Shikamaru stretches his shadow to take control of his opponent, and a large wall appears behind them. He then makes his opponent throw a shuriken, then he ducks backwards, making the other duck and bash their head into the wall. Can be copied.

16. Ino Yamanaka

A kunoichi who was best friends with Sakura. Like almost all the other girls, she has a crush on Sasuke. On the same team as Shikamaru, She can't stand his slacker attitude. After a tie against Sakura during the Chunin exams, they begin to rekindle their friendship.

=====
16.1 Special Jutsu
=====

Ninja art: Mind Transfer jutsu
Power: 4
Combo hits: 2

Ino places her mind into the opponent, giving her full control. Once inside, she calls Choji who will then smash them into the ground after Ino leaves. Won't work on Crow, because he's an inanimate object.

17.1 Special Jutsu

Sand Coffin/Sand Burial

Power: 4

Combo hits: 2

The puppet master of the Hidden Sand Village whose main puppet is usually Crow. Scared to death of his brother, would never dare to show his true self in Gaara's presence.

18.1 Special Jutsu

Puppet Master Jutsu

Power: 3

Combo hits: 13

Kankuro uses Crow to wrap his puppets arms around the target. He then proceeds to break their back. At the end, he nearly cripples the enemy by breaking their neck.

19. Hinata Hyuga

A member of the Hyuga family main house and heir to leadership. The only girl who has eyes(It's a joke) for Naruto. *Note* If playig in the Village Hidden In the Leaves-Gate in the daytime version, and Naruto's fighting against anyone but Hinata, she can be seen spying on him from behind a tree.
