Hero Side Story

City Escape

Objective

[text] Escape from the military pursuit!

Recap

Sonic	I'm Sonic--Sonic the Hedgehog! Some military troops suddenly showed up, saying they were looking for me. It looks like they might be taking me for a ride somewhere. Hey, what's this? Handcuffs?! Wait a minute, what're you talkin' about? I'm not a deserter from any military facility! I thought it might be some kinda joke, but this isn't funny. I gotta get outta here!
-------	--

Start

[text] 13:27 Above the capital city

A military helicopter flies over a city.

Pilot	Sigma Alpha 2, heading due south over the city. We're en route. Everything's a go.
Man on radio	This is control tower. We have you on radar. Report cargo status of captured hedgehog aboard. Over.
Pilot	That's a 10-4. Cargo secured on board and...
Man on board	What?!
Man on radio	Didn't copy that. Over!
Pilot	He's gone! He's taken out everyone aboard and...
Man on radio	Come in! Over!

Sonic breaks down the door of the helicopter and jumps outside, grabbing onto a metal pipe on the underside of the aircraft.

Man on board Freeze! What do you think you're doing?! Get that hedgehog!

Sonic swings up to the top and tears off a piece of metal, which is conveniently the size and shape of a snowboard.

Sonic Talk about low-budget flights! No food or movies? I'm outta here. I like running better.

He slides the steel board under his feet and jumps off of the helicopter. As he falls head-first, he smirks at the camera and starts to spin rapidly.

Gameplay

Start

Pilot	This is fighter troop Big Foot reporting to headquarters. Target has been located.
Radio	Copy that.

End

Pilot	It can't be...! With just one hedgehog?!
Sonic	Hey guys, take care!

End

Sonic pants from fatigue. As he looks up a bit...

Sonic	What?!
-------	--------

...he sees Shadow, another hedgehog colored black instead of blue, standing atop the downed robot. Shadow stares at the Chaos Emerald in his hand.

Shadow	It all starts with this... a jewel containing the ultimate power.
Sonic	That's the... Chaos Emerald! ...Now I know what's going on!

Shadow's gaze shifts away from the emerald as he notices Sonic walking towards him.

Sonic	The military has mistaken me for the likes of you! So, where do you think you're going with that emerald?
-------	---

Shadow doesn't respond. Sonic starts to run more quickly.

Sonic	Say something, you fake hedgehog!
-------	-----------------------------------

Shadow tosses the emerald into the air.

Shadow	Chaos Control!
--------	----------------

As he catches the emerald, a green light envelops him, pulling him across the area at a speed equal to that of Sonic. Shadow lands on a roof, as Sonic skids to a stop and turns around.

Sonic	Wow, he's fast! Hey, it's not his speed. He must be using the Chaos Emerald to warp!
Shadow	My name is Shadow. I'm the world's ultimate life form. There's no time for games. Farewell!

He triggers Chaos Control again and disappears. Sonic shields his eyes from the light.

Sonic	Kuu! ...Shadow... what is he?
-------	-------------------------------

Numerous GUN units appear and swarm Sonic.

Soldier	Don't move! Keep your hands up in the air, and stay where you are!
Sonic	Not again...

Wild Canyon

Objective

[text]	Find 3 pieces of the Master Emerald!
--------	--------------------------------------

Recap

Knuckles	I'm Knuckles the Echidna. Just call me Knuckles. Once again, the Master Emerald was stolen from Angel Island. The thief turned out to be this know-it-all bat-girl of all things. When that bat-girl was within my reach, who do you think shows up? Yep, that's right. Eggman. He came just in time to spoil my plan, and even tried to take the Master Emerald! I managed to break the Master Emerald into pieces before Eggman managed to escape. Now I have to find the pieces. That bat-girl is after the pieces as well. I have to collect them all and put the Emerald back together quickly!
----------	--

Start

[text]	11:08 Desert area
--------	-------------------

In the desert, Knuckles and Rouge are arguing by the Master Emerald.

Rouge	Just... let it go! You just don't know when to give up, do you?
Knuckles	What're you talkin' about? That Emerald's mine. You got that? The Master Emerald contains special powers that neutralize the energy of the Chaos Emeralds. That makes it very powerful -- What the?!

Eggman flies down and uses a crane attached to his machine to grab the Master Emerald.

Rouge	Wha -- Thief!!
Knuckles	Look who's calling who a thief.
Eggman	I came here following the signal from the Emerald. If I'm not mistaken, this is the Master Emerald, is it not?
Knuckles	It's you... Doctor Eggman...
Rouge	So that's Doctor Eggman.
Eggman	Well, I guess I can use it for something. I'll just take it with me. Farewell, Knucklehead.
Knuckles	Not if I can help it!

Knuckles jumps up and punches the emerald, shattering it into dozens of shards.

Rouge	AHHH!!
-------	--------

Rouge pauses for a moment, dazed, then starts shaking Knuckles by the neck.

Rouge	What was that all about?! And look what you did to my Emerald!
Knuckles	I did that to prevent it from being stolen, you idiot! If it's in pieces, I can restore it. And by the way, that's not YOUR Emerald.

Eggman scratches his head.

Eggman	Hmm...doesn't matter. I'll look into it once I get back to the base.
--------	--

He floats away.

Rouge	I despise anyone who takes jewels from me. All the world's gems are mine to keep!
Knuckles	Yeah, well we'll see about that, bat-girl!

Boss: Doctor Eggman 1

Objective

[text]	11:56 Prison Island: Nearby Airspace
--------	--------------------------------------

Recap

Tails	My name is Miles Prower, but everyone calls me Tails. I was watching TV, and just happened to catch the news. I was shocked to see Sonic on TV. Sonic was arrested for something really terrible, which isn't like Sonic. I couldn't believe it was true, so I hopped in my new Tornado, and headed straight for Prison Island. And guess who I ran into. Eggman. He's up to his evil ways again, chasing Amy! That can't be good... Okay, time to break out the new Tornado and save Amy! Tornado Transformation!
-------	--

Start

In the Tornado, Tails is flying above the ocean on his way to Prison Island.

Tails	There's no mistake about it; this must be the island. It's a secret military base that's reinforced, and super-strong. It's called "Prison Island". I heard the news about it on satellite TV. I still can't believe that Sonic would destroy the military buildings, or rob the bank. Wait for me, okay Sonic? I'm on my way.
-------	--

He looks down.

Tails	What?
-------	-------

On a ship, Eggman walks up behind Amy.

Tails	Hey, look, it's Amy! And Eggman, too. What's Amy doing here? Doesn't matter. I have to help Amy, because she's in danger. Tornado Transformation!
-------	---

Tails hits a button on the Tornado, converting it to Walker Mode.

Gameplay

Start

Eggman	You're just a kid. You couldn't beat me in a hundred years!
--------	---

End

Eggman	This time I'll let you go. But the next time we meet, you won't be so lucky.
--------	--

Eggman walks off. "My Sweet Passion" starts to play as Amy jumps in front of Tails.

Amy	Wow Tails, you did it! But what are you doing here on this island?
Tails	I'm the one who should be asking that question. Don't you know it's dangerous here?
Amy	I know, but I'm here to save my hero, Sonic!
Tails	Again?
Amy	Hurry! I know Eggman is up to no good again!
Tails	Okay! You stay here; I'll be right back.

Tails walks away.

Amy	Hey, don't leave without me! I wanna help Sonic too!
-----	--

She starts chasing Tails.

Prison Lane

Objective

[text]	Find the core of the Prison!
--------	------------------------------

Recap

Tails	My name is Miles Prower, but everyone calls me Tails. I was able to save Amy from Eggman, but she told me that Eggman is up to his evil ways again, planning something really big this time. I need to keep an eye on Eggman, but first I have to save my bud, Sonic. What's that? You wanna come too? Well, if you really wanna... it's okay with me. Just don't get in my way.
-------	--

Metal Harbor

Objective

[text]	Escape from the military base!
--------	--------------------------------

Recap

Sonic	I'm Sonic---Sonic the Hedgehog! What in the world is Amy doing here? Never mind that... I need to focus on finding that black hedgehog who looks like my shadow! He's somewhere on this island--I know it! I'm wastin' my time! I'll trick the military guards, and bust outta this joint! Does this mean that... I'm a deserter now?
-------	---

Start

Deep in Prison Island, Sonic is walking restlessly around his cell. Amy drops down from above, holding a keycard.

Sonic	Huh? Amy?
Amy	Shh! Keep your voice down! Have no fear...

She twirls.

Amy	Amy Rose is here!
Sonic	How'd you get here?!
Amy	Well, if you gotta know, I caught a ride with Tails. Are you sure you don't need my help? It looks like you could use it.
Sonic	The reason I'm in here, is because of that fake hedgehog!
Amy	You mean... that black hedgehog?
Sonic	Did you see it? Where is it now?
Amy	If I tell ya, will you marry me?
Sonic	No way!
Amy	I thought I had you this time...!

Amy walks up to a panel near the cell and slides the keycard through it. The door opens and Sonic steps out.

Amy	That black hedgehog came here with Doctor Eggman.
Sonic	So Eggman's behind this, huh?

Amy walks a bit into the cell and looks at the complex writings on the ceiling and walls. A number of them resemble mathematical equations.

Amy	What's all that writing on the walls anyway? Did you write that?
-----	--

She realizes that Sonic has already left.

Amy	Hey, wait for me, Sonic!
-----	--------------------------

She mutters to herself:

Amy	He's such a brat sometimes!
-----	-----------------------------

Sonic	Whew! So far so good.
-------	-----------------------

He looks to the left, and notices Shadow on the branch of a tree.

Sonic	Hey, that's...
Shadow	That blue hedgehog again, of all places!

Sonic	I found you, faker!
Shadow	Faker? I think YOU'RE the fake hedgehog around here. You're comparing yourself to me? Hah! You're not even good enough to be my fake.
Sonic	I'll make you eat those words!!

Gameplay

Start

Shadow	There's no time to play games. You won't even get the chance!
--------	---

Start

Shadow	Darn... Not bad for an imposter
Sonic	Do you know who I am?

End

Sonic and Shadow, their battle having ended in a draw, breathe heavily. Eggman starts talking over Shadow's radio.

Eggman	Shadow?! What are you doing?! Get back here right now before the island blows up with you on it!
Sonic	Blows up?!

Shadow looks at Sonic, then jumps back and runs off. Sonic reaches out to him, but stops himself.

Sonic	I gotta get outta here, and find Amy and Tails... right away!

Tails	My name is Miles Prower, but everyone calls me Tails. Eggman just announced his evil plans to take over the world. He just blew up half the Moon with his powerful weapon. Now he's threatening to take over the planet! I'll make sure that won't happen! Eggman's tapping into the energy of the Chaos Emeralds to power that weapon. It's up to me now. I'll find Eggman and the Chaos Emeralds! But first, I gotta find a safe place to hide.
-------	---

Start

Part 1 (full motion video)

[text] Day X 18:00

Eggman has projected himself onto every television across the world.

Eggman	Bwahahahaha!! Citizens of Earth, lend me your ears! Listen very closely... My name is Doctor Eggman, the world's greatest scientist, and soon to be the world's greatest ruler! Now, this is the beginning of the greatest empire of all time! Hahaha!
--------	--

In outer space, an asteroid cracks its lower half off, revealing a design reminiscent of Eggman's face. The 'nose' area splits apart into four stems, at the center of which is the Eclipse Cannon. The four stems begin radiating an energy net, which the Cannon launches straight at the Moon. Its entire side is blown up.

Eggman	Bwahahahaha! Bwahahahaha!!
--------	----------------------------

A timer counting down from 24:00:00:00 appears on the televisions.

Part 2

Sonic, Tails, and Amy are standing in the middle of a street, looking up at what just happened.

Amy	Look! Half of the Moon is gone?!
Sonic	Eggman! Oh, that creep never gives up.
Tails	But how did he manage to harness all that energy?
Sonic	It's gotta have something to do with the Chaos Emeralds... Yeah, that's why they were looking for them!

Tails reaches down, and pulls out a Chaos Emerald.

Sonic	Tails?!
Tails	The Chaos Emeralds are like magnets; they have the power to attract each other. I can use that to find Eggman!
Police	The three of you, FREEZE! Put your hands up in the air and get on the ground!
Sonic	Tails, I'll take care of the police, while you look for a way outta here. Find Eggman!
Tails	Okay!

They both leave. Amy starts talking to herself.

Amy	The three of you...? That means me too!
-----	---

She realizes that they're already gone.

Amy	Hey, wait!!
-----	-------------

She starts running after them.

Aquatic Mine

Recap

Knuckles	I'm Knuckles the Echidna. Just call me Knuckles. Following the signal from the Master Emerald, I found myself deep inside this canyon. This place looks like a deserted mine of some kind - most of it is underwater now. It's gonna be tough finding the pieces of the Master Emerald in here. No time to complain about it! I have to find the pieces of the Master Emerald quickly!
----------	--

Start

[text]	Mountainous region: Mine
Knuckles	Hmm, I didn't expect the inside of the mines to be like this... This is gonna be tougher than I thought.

Route 101

Objective

[text]	Chase the President's limousine
--------	---------------------------------

Recap

Tails	My name is Miles Prower, but everyone calls me Tails. I tracked the signal from the Chaos Emeralds and located Eggman. What's Eggman doing in outer space? No worries... I've gotta find the exact location of Eggman, and quick. No worries, Amy! Remember, I'm a "Whiz" when it comes to mechanical things. I'll find the president!
-------	--

Start

[text]	9:03 In the capital city
--------	--------------------------

Amy and Tails are standing near a manhole in a little cut-off area of the road. Tails is in the Cyclone's drive mode. Sonic contacts them via radio.

Sonic	Sheesh! There always seem to be a lotta police around when ya DON'T need 'em! Tails, any news yet?
Tails	For some reason, I'm not getting a signal form the six remaining Chaos Emeralds. Maybe Eggman took them into outer space.
Amy	Outer space?!

The manhole starts to rattle. Amy steps aside as Knuckles climbs out.

Amy	Knuckles?!
Knuckles	Hey guys, long time no see. I must've got lost in the mines. Looking for the Master Emerald pieces was tougher than I thought it would be. ...Where are we, anyway?

Amy tries to pull Knuckles out of the way.

Knuckles	Hey, where ya going!
Amy	Move aside, Knuckles!
Tails	I managed to find the transcript between Eggman and the president in the government computer. I'm following the president's limo right now. If we get into the limo, we can trace the call to find Eggman!
Sonic	Okay, let's meet up there.

Tails drives away.

Amy	Hey, wait for me, Tails!
-----	--------------------------

Gameplay

Start

Tails	The President must be over there. Let's go!
-------	---

Checkpoint 1

Tails	I'm getting closer!
-------	---------------------

Checkpoint 2

Sonic (radio)	Tails, did ya find the President?
Tails	Almost, Sonic! Just a few more minutes!

End

Tails	Yeah, I found the President!
-------	------------------------------

End

In the President's limousine...

Secretary	Mister President, reports show that since the incident three hours ago, the country is in turmoil. Our financial communities are impacted, and our satellite communications are down. An emergency meeting has been called. Mister President, this is a national crisis.
President	Spare me the details. Exactly just what is it that you want... Doctor Eggman?

On the video-screen inside the car, Eggman is projected from the ARK.

Eggman	Hahahaha! Let's just get down to business then, shall we, mister President? I won't bore you with all the details since I know you are a very busy man. Mister President, my demands are quite simple: surrender to the Eggman Empire and make no attempts to resist. Otherwise...
--------	--

President	Otherwise?
Eggman	Otherwise your country will cease to exist. You have twenty-four hours to give me your answer.
Sonic	No way!
President	What the...?!

Sonic is running outside of the limo, and smirks at the President. He jumps in from the skylight, closely followed by Tails.

Eggman	Sonic, you...!!
Sonic	Eggman Empire... yeah, right!
President	What the heck's going on here?!

Tails slides a tracking device into the video screen's terminal.

President	Oh no, what did you do?!
-----------	--------------------------

Sonic	Don't worry, Mister President, everything's under control! Just leave it to us! Got it Tails?
Tails	...I got it! He's transmitting from the Space Colony ARK!
Sonic	Okay! Let's move it!!

He jumps back out of the car.

Tails	Wait up, Sonic!
-------	-----------------

Tails follows.

President	Hey, you, wait!!
Secretary	Mister President, we're receiving an incoming signal from our agent.

Hidden Base

Objective

[text]	Find the entrance into Hidden Base!
--------	-------------------------------------

Recap

Tails	My name is Miles Prower, but everyone calls me Tails. We rode in the president's limo, and guess what? We found where Eggman is hiding! Eggman and his buddies are in a space colony, "ARK". Next step is to find Eggman's secret pyramid base, somewhere in the desert. Got it! I'll go first and find the entrance!
-------	---

Start

[text]	13:04 Desert area
--------	-------------------

In the desert, Sonic, Tails, Knuckles, and Amy are standing on a platform, overlooking the pyramid in the distance.

Sonic	Inside that pyramid?
Knuckles	I saw Eggman go inside the pyramid. But more importantly, I saw that bat-girl go inside with him as well. You saw them too, right?
Amy	Well, yeah.
Sonic	We should be able to get into outer space from there. I don't know what this space colony is all about, but I'll find and destroy that cannon... and then kick their imperial butts!
Knuckles	Alright!
Tails	I'll go and find the entrance!

Pyramid Cave

Objective

[text]	Infiltrate Eggman's Hidden Base
--------	---------------------------------

Recap

Sonic	I'm Sonic---Sonic the Hedgehog! We managed to sneak into the pyramid, and find Eggman's secret base! There's got to be a way to get to outer space from here! We don't have much time. Let's go!
-------	--

Death Chamber

Objective

[text]	Find the 3 Gate keys!
--------	-----------------------

Recap

Knuckles	I'm Knuckles the Echidna. Just call me Knuckles. We were able to locate Eggman's secret base, deep inside the pyramid. Now we need to find the key to open the door, to get to the other side. What? Why do I have to find that key? That's not my job, but I'll do it. I have to, because it's for the Master Emerald. I'll show you the skills that make me the ultimate treasure hunter!
----------	---

Start

Within the Base, Sonic, Tails, Knuckles, and Amy stand before a giant locked door.

Tails	Looks like we're headed towards the center of the base...
Sonic	That Egghead sure loves mechanical things, doesn't he? I'll bet he has one or two space ships lying around here somewhere.

Tails	The door is locked. We need a key to get in there.
Sonic	No problem. We can find it, right Knuckles?
Knuckles	What? Why do I have to find the key?
Sonic	We're counting on ya, buddy. The world's greatest treasure hunter!

Boss: King Boom Boo (The King of Ghosts)

Recap

Knuckles	I'm Knuckles the Echidna. Just call me Knuckles. That was a piece of cake! I found the key and now it's time to explore Eggman's secret base! What was that? I've got a bad feeling about this... it's creepy in here. Could there be spirits that guard the tombs? I don't think I can deal with this... But then how am I gonna find the pieces of the Master Emerald? Darn, I have no choice.
----------	--

Start

King Boom Boo, a white blob of a ghost, "speaks" from off-screen.

King Boom Boo	Blarararar!!
Knuckles	Huh? Who's there? ...What the... A ghost...?

Gameplay

End

Knuckles	Oh, what a hassle.
----------	--------------------

Boss: Egg Golem (Hero)

Recap

Sonic	I'm Sonic---Sonic the Hedgehog! Thanks to Knuckles, we were able to unlock the door to Eggman's secret base! Out of nowhere, Eggman appeared, and a huge statue came alive! That evil Egghead! How did he know we were coming?! Do you really think that piece of rock can stop us?!
-------	--

Start

The door opens. Knuckles sighs.

Knuckles	That was pretty rough...
Tails	We did it! Let's go Amy!
Amy	Yeah!
Eggman	You little thieves! Did you really think you could get out of here alive?
Amy	Huh?

As the door rises up, Eggman comes into view behind it.

Sonic	Come and get some, Eggman!
Tails	Sonic!
Sonic	Just leave it to me!
Eggman	This time, I'll take your lives, as well as the Chaos Emeralds! I call on you to destroy these pests! Come out, my servant!

The Egg Golem rises from out of the sand in the center of the next room.

Sonic	Whoa!
-------	-------

It looks down at Sonic as it towers over the room.

Gameplay

End

Sonic	Nice try, rocky!
-------	------------------

End

The top of the pyramid slides off, revealing a shuttle.

Computer	Green light for launch. Primary engine ignition on. Beginning liftoff countdown.
----------	--

Sonic runs in from the other room, and boards the shuttle.

Computer	10, 9, 8, 7, 6, 5, 4, 3, 2, 1. Shuttle liftoff.
----------	---

It launches, and enters into orbit shortly thereafter. Every starts talking as it draws nearer to the ARK, passing through a small field of asteroids on its way.

Sonic	So this is the space-colony where Eggman is hiding...
-------	---

The shuttle bumps into an asteroid, jarring the cargo bay's doors open. The Master Emerald shards fly out.

Sonic	What the?!
Tails	Is everyone alright? We should be landing soon.
Knuckles	Oh, no! The hatch door is open.
Sonic	Don't sweat it, Knuckles. The only thing in the cargo bay are those Master Emeralds, --
Knuckles	Whaddaya mean "don't sweat it"? --
Sonic	-- right? --
Knuckles	-- Land this shuttle and let me out!
Sonic	-- Now get off the control panel. We're gonna crash if ya keep that up! OH NO! DON'T TOUCH THAT LEAVER!!

Sonic, Tails and Amy start all start yelling.

Recap

Tails	My name is Miles Prower, but everyone calls me Tails. We managed to hotwire the space shuttle in Eggman's secret base, and finally arrived at the Space Colony, ARK! It was my idea to destroy that weapon using the fake Emerald I made! I wonder if Sonic understands the plan. It's up to me to find the power supply, and fast!

Start

[text]	Inside Space Colony ARK / Cannon countdown: 2 hours 11 minutes
--------	--

Sonic, Tails and Amy and inside a hall in the ARK. Knuckles has left.

Sonic	What's up with that Knucklehead anyway, tryin' to take over the shuttle!? I thought we were toast for sure! Huh? Where did he go NOW?
Tails	Looks like he bailed.
Amy	This place looks deserted. Dusty, too.
Tails	This place was shut down about fifty years ago, because of a terrible accident. The first Bernoulli spherical space-colony, called "ARK". When it was operational, it was the most advanced research center of its kind. But looking at it now...
Amy	Now it's an abandoned ARK, wouldn't you say?
Sonic	There's not much time left before Eggman fires that weapon again. We've got to hurry. Let's find the cannon and destroy it!
Tails	Yeah!

On the Tornado's computer, Tails accesses a diagram of the ARK, which shows its layout, as well as power levels within certain regions.

Tails	Someone designed that weapon to be impenetrable from outside attacks. Its defense shields are super-strong, so we have to find a way to destroy it from the inside.
-------	---

He takes out what looks like a Chaos Emerald.

Amy	Isn't that a Chaos Emerald?
Tails	It looks like it, doesn't it? But in fact it's a fake one I created after researching the real Emerald. It has the same wavelength and properties, but is less powerful than the real one. It's designed to reverse the energy field inside the Chaos Emeralds, and blow up. It looks so real, even a machine can't tell the difference. I'll find the power supply and destroy it. Sonic, you find the control room, okay?
Sonic	So the plan is, we switch the Chaos Emeralds when the machine has stopped, right?

He and Tails walk away.

Amy	I hate you! You guys always leave me behind, and have all the fun!
-----	--

The word "fun" echoes.

Eggman (radio)	Ahem. Tails, tell Sonic to meet you back at the research facility. Now.
Tails	Sonic, Amy is...
Sonic	I-I didn't get that Tails! What happened to Amy? ...Tails?!

Knuckles and Rouge stand on the crosswalks above the pit of lava that's opened up at the base of the tower. They both breathe heavily from fatigue. After a few moments, they begin speaking at the same time.

Knuckles, Rouge	Stop fooling around, and give me back MY Emerald!
Rouge	What're you babbling about? You call yourself a hunter, attacking a lady? Shame on you!
Knuckles	What kinda lady goes around stealin' gems, anyway?
Rouge	Those belong to me --

She trips.

Rouge	-- AH! AHHH!!
-------	---------------

Knuckles grabs her arm.

Rouge	(What in the world...?)
-------	-------------------------

He pulls her back up. She stares at him for a moment, but then quickly backs up.

Rouge	Keep your hands to yourself! Don't touch me!
Knuckles	Is that how you say 'thanks' to someone who just saved your life?!
Rouge	Saving my life? Don't think I owe you one. You just wanted to hold my hand, didn't you? That's why you saved me... You're such a creep!
Knuckles	This isn't a joke, you know. Think what you want, bat-girl. I was saving the Master Emerald!

Rouge sighs.

Rouge	No matter what you say, it sounds crazy.
-------	--

She tosses the Master Emerald shards to Knuckles.

Knuckles	Wha...?
Rouge	Fine, then just take them. They stink like echidnas do.
Knuckles	If that's what you thought, you should've given me them in the first place!

He gathers them up off the platform, and puts the ME back together.

Knuckles	Finally.
----------	----------

He looks at Rouge. She turns away.

Rouge	What?
Knuckles	I'm sorry... if I hurt you.

He runs off. She looks up into the air.

Rouge	We should get going...

She turns around, but looks back and faintly smiles before leaving as well.

[text] ARK: Research lab / Cannon countdown: 33 minutes

Inside the research facility, Tails is in the Cyclone, and Eggman holds a gun to Amy's head. Sonic enters in from the door.

Eggman	Let's take care of business first, shall we, Sonic? Hand over the Chaos Emerald, slowly, and then we'll talk about your girlfriend. That is, if you really care for her.
Sonic	(Handing over the fake Emerald... I can kill two birds with one stone!)

He looks at Tails, who nods. Eggman points to a small circle on the floor.

Eggman	Put the Emerald down right there and back off.
Sonic	[smugly] You've turned into a big-time villain, doctor!

As he steps on the circle, a capsule rises out and traps him inside.

Sonic	Whoa?!
Eggman	You thought you could trick me with that fake Emerald, didn't you?
Tails	So... how did you know it wasn't the real one?
Sonic	Tails!!
Eggman	Heh. Because you just told me, Fox-boy.

Tails looks surprised.

Eggman	Now, for a little space-ride! Once the capsule clears the colony -- BAM!!
Sonic	I'm counting on ya Tails. And Amy... take care of yourself.
Eggman	Farewell, Sonic the Hedgehog!!

He presses a remote control, ejecting the capsule from the ARK.

Amy Sonic!!

With the capsule about to clear the range of the colony, Sonic remembers what Tails said about the fake Emerald.

Tails	"It has the same wavelength, and properties, but is less powerful than the real one."
Sonic	The same wavelength and properties... But, can I do this?

The camera exits the capsule. Moments later, it detonates.

Eggman	Farewell Sonic, my admirable adversary.
Amy	S...So...SONIC!!

Amy sobs. Eggman turns around and points his gun at Tails.

Eggman	Now we have some unfinished business to take care of. If you give me the REAL Emerald, I will release you both. You have my promise.
Tails	...Sonic...
Eggman	Huh?
Tails	Sonic has asked me - for the first time - to do something for him. I won't let him down. I won't give up!!

Knuckles	Hey, Sonic!
Sonic	Whoa... I wasn't sure if I could pull that one off. Somehow, I managed to use the Chaos Control...
Knuckles	"Chaos Control"? ...Are you okay?
Sonic	I'm worried about Tails and Amy. I hate to ask, but... could you help them? This is our last chance! I got it! Before the cannon fires, I'll slam dunk it in there!

Sonic	You know, what can I say? I die hard.

He pulls out the fake Emerald and shows it to Shadow.

Sonic	You actually saved me, ya know.
Shadow	It WAS a Chaos Emerald, wasn't it? But... there's no way you could have activated the Chaos Control... using an Emerald that's fake.

They both start running through the passage.

Shadow	So... there's more to you than just looking like me. What are you, anyway?

Knuckles jumps up to the Master Emerald and punches it, shattering it into dozens of shards.

Rouge	AHHH!!

Rouge pauses for a moment, dazed, then starts strangling Knuckles.

Rouge	What was that all about?! And look what you did to my Emerald!
Knuckles	I did that to prevent it from being stolen, you idiot! If it's in pieces, I can restore it. And by the way, that's not YOUR Emerald.

Eggman scratches his head.

Eggman	Hmm...doesn't matter. I'll look into it once I get back to the base.

Eggman	So this is the space colony ARK. I have got to locate the central control room that Shadow mentioned before he left.

End

Eggman walks into the control room for the Eclipse Cannon.

Shadow	I've been waiting for you, Doctor. Now, I will show the glorious achievement of what the world's leading scientist – Professor Gerald - has created.
--------	--

The device behind Shadow boots up.

Shadow	The ARK was the first space colony created by mankind. Not many people know that the ARK contained a top-secret research facility, where weapons of mass destruction were being created. This is one of them, a weapon capable of destroying an entire planet, codenamed: "The Eclipse Cannon".
Eggman	Destroying an entire planet...? Was this my grandfather's legacy?
Shadow	But, it's been deactivated for some time now...

He tosses the Chaos Emerald into the panel behind him. Its energy surges through the machine.

Shadow	To reactivate it... large amounts of energy are necessary.
Eggman	Oh, so that's why we needed the Chaos Emerald.
Shadow	Exactly. To reactivate the machine, we need the seven Chaos Emeralds. Once you have that, then you have the ultimate power of destruction, to use as you please. And then... the world could be yours!
Eggman	Hahahahahaha! Sounds like a plan! I like the way you think, Shadow! I will get the Chaos Emeralds, use the machine to dominate the world and build a legacy of my own!
Rouge	Do you really think it will be that easy?

Eggman Shadow look up at Rouge, who's hanging onto the ceiling. She drops down to them.

Rouge	I've got a great idea! How about making a deal?
Eggman	A... deal?
Rouge	When you grabbed that huge Emerald, you said something about a reaction; a reaction that it may have with the Master Emerald. Now, if you could just let me borrow that radar, I may be able to help you. What do you think?
Eggman	If I do... what's in it for me?
Rouge	I have an idea where the other Chaos Emeralds may be. I may not look like it, but do you know that I am a treasure hunter that specializes in all kinds of jewels?

She pulls out a Chaos Emerald. Eggman pauses, not quite knowing what to do, then he looks at Shadow. Shadow nods in agreement with Rouge's terms, and Eggman turns back to her.

Eggman	Very well.
Rouge	Okay then, it's a deal. I don't think we've been introduced. I'm Rouge the Bat. But, you can call me Rouge.

-------	---------------------------------------

Eggman	Hmm, very well. VERY well... Let's discuss HOW we are going to do this. I will go in first and distract the military troops, allowing you to sneak in the base without being detected. Then, Shadow will... enter the armory, where he will set the timer on these dynamite packs. Once that is in place, we will blow up the whole island before anyone has a chance to know what hit them!
--------	--

He turns to Rouge.

Eggman	Meanwhile, you will sneak into the cargo area and grab the Chaos Emeralds. That's a challenge for such a worthy treasure hunter as yourself, isn't it, bat-girl?
--------	--

Rouge salutes, and winks at Eggman.

Eggman	We only have thirteen minutes to pull this mission off, and we only get one try. So don't fail me!
--------	--

They all leave in separate directions.

Shadow's walking through White Jungle. Rouge contacts him via the radio.

Rouge (radio)	This is Rouge. I've got a small problem... I can't believe that I'm trapped inside this locked safe with the Chaos Emeralds! I guess I won't be able to call myself a treasure hunter anymore...
---------------	--

One of the dynamite packs reads "00:09:54". Shadow pauses, thinking of Rouge. Then he recalls how Maria was in the same situation; lying helpless against a wall, unable to do anything but wait for death.

Shadow	Ah... shoot. Troublemaker!
--------	----------------------------

He starts running.

Eggman (radio)	Shadow?! What are you doing?! Hurry and get back here right now before the island blows up with you on it!
Sonic	Blows up?!

Shadow looks at Sonic, then jumps back and runs off. With only 56 seconds remaining until detonation, Shadow makes it into the security vault where Rouge is. She looks surprised. He runs to her, and reaches to the Emeralds as he draws nearer.

Shadow	CHAOS CONTROL!!
--------	-----------------

They teleport out of the vault, with a scant 3 seconds left. The dynamite packs explode, covering the entire island in a massive blast of energy.

Route 280

Objective

[text]	Chase the Tornado!
--------	--------------------

Recap

Rouge	My name is Rouge the Bat; better known as the treasure hunter Rouge. We announced our plans for world domination using the power of the Chaos Emeralds we stole from the military research facility. Charging the Eclipse Cannon is taking too long! So we've got to get the last Chaos Emerald, and fast! Where is that Fox-boy?
-------	---

Start

Part 1

[text]	ARK
--------	-----

In Shadow's memory, he and Maria are standing in front of a window aboard the ARK.

Maria	Shadow, what do you think it's like on Earth?
Shadow	The professor said his life's work was dedicated to all of those who live down there. He once told that the reason for his existence was, making people happy through the power of science.
Maria	Shadow...
Shadow	Maria... I just don't know anything anymore... I often wonder why I was created; what my purpose if for being here. Maybe if I go down there, I... I will find the answers... maybe... ..Maria...

The flashback ends. Shadow is in the same room in the present day.

Rouge	Why so melancholy?
-------	--------------------

Shadow pauses, not saying anything.

Rouge	That was so unexpected. So unlike you, Shadow, to come and rescue me. But your ability to use the Chaos Control certainly comes in handy.
Shadow	Hmm, you know... I didn't come to save you. I came back for the Chaos Emeralds.
Rouge	Yeah, yeah. But then again, that's not the whole story, now, is it?

Eggman stretches, and sighs as he enters the room.

Eggman	Everything is ready to go!
Rouge	Are you sure? We only have six of the seven Chaos Emeralds, you know.
Shadow	That's more than enough for the demonstration. So let's get this show on the road!

Shadow walks towards Eggman. He steps aside, looking a tad surprised.

Part 2 (full motion video)

[text]	Day X 18:00
--------	-------------

Eggman has projected himself onto every television across the world.

Eggman	Bwahahahaha!! Citizens of Earth, lend me your ears! Listen very closely... My name is Doctor Eggman, the world's greatest scientist, and soon to be the world's greatest ruler! Now, this is the beginning of the greatest empire of all time! Hahaha!
--------	--

In outer space, an asteroid cracks its lower half off, revealing a design reminiscent of Eggman's face. The 'nose' area splits apart into four stems, at the center of which is the Eclipse Cannon. The four stems begin radiating an energy net, which the Cannon launches straight at the Moon. Its entire side is blown up.

Eggman	Bwahahahahaha! Bwahahahaha!!
--------	------------------------------

A timer counting down from 24:00:00:00 appears on the televisions.

Part 3

Eggman is hitting the terminal for the Cannon in frustration (perhaps he wanted the entire Moon to be destroyed).

Rouge	Why are you so upset? Well that was really impressive. You managed to create complete havoc on the whole planet! Does this now mean we control the planet and can do as we choose?
Shadow	At this rate, the Cannon will take too much time to charge up. If you want to unleash its full potential, you'll need all seven Chaos Emeralds.
Eggman	Where in the world have you been?!
Rouge	...Something happened?

Rouge looks at Shadow.

Shadow	Our threats fell on deaf ears.
--------	--------------------------------

Rouge turns to Eggman.

Rouge	Look at you, throwing a tantrum like a little kid. How totally embarrassing.
Eggman	Don't forget your end of the bargain, Bat-girl! What about that last Chaos Emerald?! We had a deal, right?! So where is my Emerald?

Rouge holds out a newspaper with the headline "Tails Prower was given the Chaos Emerald".

Rouge	Here you go. I~ found~ this~!
Eggman	Why didn't you show me this before?!

He takes the newspaper.

Eggman	What's this...? "Station Square saved from a life-threatening missile attack. The city has awarded its famed prize to the boy who saved Station Square. Miles 'Tails' Prower was given the Chaos Emerald as a testament of his heroic deed at a ceremony held at city Hall."
--------	--

He clears his throat.

Eggman	This makes things a whole lot easier. Hurry; go back and find them fast! I want that Chaos Emerald!
--------	---

Rouge turns to Shadow.

Rouge	Did you get that?
-------	-------------------

Shadow speaks quietly.

Shadow	Soon enough... Maria...
--------	-------------------------

Rouge looks a little surprised, and also confused as Shadow walks to the exit. She begins talking into her radio.

Rouge	This is Rouge reporting. Currently, I have not been able to confirm if Shadow is the ultimate life form or not. I will continue my research on Project Shadow, and have a follow-up report very shortly. Just a reminder... Don't forget about my, jewels.
-------	--

She turns off the radio, and looks at the camera.

Gameplay

Recap

Shadow	I'm Shadow the Hedgehog, the one and only ultimate life form. I received a message from Rouge to follow that plane. The pilot is in possession of the last Chaos Emerald. There are so many creepy-looking mountains ahead of me... Never mind that. I won't let the plane get away!
--------	--

Start

Shadow stands atop a small pillar somewhere in Sky Rail. Rouge contacts him via the radio.

Route (radio)	Shadow, they're in that blue plane, spotted at eleven o'clock.
Shadow	Copy that. I'm in pursuit.

End

The Tornado flies over Shadow, headed towards the base.

Shadow	Doctor, they're heading directly toward us. What should we do?
Eggman (radio)	Just sit tight. I've got them on radar. There's no way they can get away. I don't know what they are planning, but I'll be sure to give them a warm welcome.

Boss: Egg Golem (Dark)

Recap

Eggman	I'm Doctor Eggman, the greatest scientific genius of the world! I was waiting for Sonic in my hidden base to show him my awesome robot created to put that creep in his place. But... that blue hedgehog alluded me again! Now he's on the attack and is coming after me! Argh, why does this always happen?! Hey, get out of my way! Sonic's escaping!
--------	---

Start

[text]	14:58 In the pyramid
--------	----------------------

A previously-locked door opens. Knuckles sighs.

Knuckles	That was pretty rough...
Tails	We did it! Let's go Amy!
Amy	Yeah!
Eggman	You little thieves! Did you really think you could get out of here alive?

"E.G.G.M.A.N." starts playing.

Amy	Huh?
-----	------

As the door rises up, Eggman comes into view behind it.

Sonic	Come and get some, Eggman!
Tails	Sonic!
Sonic	Just leave it to me!
Eggman	This time, I'll take your lives, as well as the Chaos Emeralds! I call on you to destroy these pests! Come out, my servant!

The Egg Golem rises from out of the sand in the center of the next room.

Sonic	Whoa!
-------	-------

It looks down at Sonic as it towers over the room.

Eggman	Now go! Squash that blue hedgehog, Sonic!
--------	---

Sonic jumps towards the Egg Golem's head.

Sonic	Teriaaaaa!!
-------	-------------

"It Doesn't Matter" starts playing. Sonic kicks the control mechanism on top of the EG's head. He falls back down to the platforms below. The mechanism explodes. The Egg Golem rotates its head a bit.

Eggman	When Sonic struck his head, he must've broken the restraining mechanism. GAH! What a piece of junk!
--------	---

The Egg Golem looks down at Eggman and reaches towards him.

Eggman	NO!!
--------	------

End

The top of the pyramid slides off, revealing a shuttle.

Computer	Green light for launch. Primary engine ignition on. Beginning liftoff countdown.
----------	--

Sonic runs in from the other room, and boards the shuttle.

Computer	10, 9, 8, 7, 6, 5, 4, 3, 2, 1. Shuttle liftoff.
----------	---

It launches, and enters into orbit shortly thereafter.

That means they've collected the remaining pieces of the Master Emerald! Now is my chance! I've retrieved the information about the secret project, "Shadow". [text]	ARK: Central control room / Cannon countdown: 2 hours 7 seconds
--------	---

In the control room for the Eclipse Cannon, Rouge is talking to Eggman on the radio.

Rouge	Hi Doctor. How's it going? What? What do you mean they escaped?! ...That's okay. I'll go after them myself. Can you tell me the password for the Space Colony control?
-------	--

She turns the radio off.

Rouge	Hmm, tricking that old Doctor is just too easy. Alright, it's time to get to work. The password is: "MA-RI-A". 'Maria', hmm? I've heard that name somewhere before... Oh well.
-------	--

She starts scanning through data on the monitor.

Rouge	This is it! The research project Shadow; the ultimate life form! Let's see now... ..What in the world is this?!
-------	---

"Fly In The Freedom" starts playing.

Rouge	This can't be right... Just what is Shadow anyway...?!
-------	--

A warning message comes on, showing Sonic, Tails, and Amy in a hallway in the ARK.

Rouge	Hmph! I guess I'll just have to take the last pieces of the Master Emerald!
-------	---

Boss: Knuckles

Recap

Rouge	My name is Rouge the Bat; better known as the reassurance hunter Rouge. He's starting to get on my nerves! He is relentless about the Master Emerald, isn't he? Why doesn't he just give up? That annoying echidna... I will beat him up, and take the Master Emerald!
-------	--

End

Knuckles	I must... protect the Master Emerald...
Rouge	Hand over those jewels!

End

"Fly In The Freedom" starts playing. Knuckles and Rouge stand on the crosswalks above the pit of lava that's opened up at the base of the tower. They both breathe heavily from fatigue. After a few moments, they begin speaking at the same time.

Knuckles, Rouge	Stop fooling around, and give me back MY Emerald!
Rouge	What're you babbling about? You call yourself a hunter, attacking a lady? Shame on you!
Knuckles	What kinda lady goes around stealin' gems, anyway?
Rouge	Those belong to me --

She trips.

Rouge	-- AH! AHHH!!
-------	---------------

Knuckles grabs her arm.

Rouge	(What in the world...?)
-------	-------------------------

He pulls her back up. She stares at him for a moment, but then quickly backs up.

Rouge	Keep your hands to yourself! Don't touch me!
Knuckles	Is that how you say 'thanks' to someone who just saved your life?!
Rouge	Saving my life? Don't think I owe you one; you just wanted to hold my hand, didn't you? That's why you saved me... You're such a creep!
Knuckles	This isn't a joke, you know. Think what you want, bat-girl; I was saving the Master Emerald!

Rouge sighs.

Rouge	No matter what you say, it sounds crazy.
-------	--

She tosses the Master Emerald shards to Knuckles.

Knuckles	Wha...?
Rouge	Fine, then just take them. They stink like echidnas do.
Knuckles	If that's what you thought, you should've given me them in the first place!

He gathers them up off the platform, and puts the ME back together.

Knuckles	Finally.
----------	----------

He looks at Rouge. She turns away.

Rouge	What?
Knuckles	I'm sorry... if I hurt you.

He runs off. She looks up into the air.

Rouge	We should get going...
-------	------------------------

She turns around, but looks back and faintly smiles before leaving as well.

Cosmic Wall

Objective

[text]	Get and confront the trespassers!
--------	-----------------------------------

Recap

Eggman	I'm Doctor Eggman, the greatest scientific genius of the world! Sonic and his buddies somehow found a way to get to the Space Colony. Why am I getting readings from two separate Chaos Emeralds?! What's going on?! They must be planning a counterattack... I have no time to waste! Back to the Space Colony and attack them!
--------	--

Start

[text] In the pyramid / Cannon countdown: 58 minutes

In the pyramid base's transporter room, Eggman is looking at a diagram of the ARK.

Eggman	What is Rouge up to, anyway?
--------	------------------------------

The map shows two Chaos Emeralds; the real one, along with the fake.

Eggman	This is strange... It's showing energy readings from two separate Chaos Emeralds. Did they really think they could trick me with that fake Emerald?
--------	---

Shadow turns to leave.

Eggman	Wait, Shadow! I'm the one who should be telling them the end is near, not you!
--------	--

"E.G.G.M.A.N." starts playing.

Eggman	Now is the time to end this long drawn-out battle, and mark myself a place in history as the ultimate genius!
--------	---

He enters his combat machine.

Eggman	If something happens to me, I'm counting on you to finish the job! The moment for attack has come! It's now, or never!
--------	--

He steps onto the transporter, and is sent to the ARK.

Boss: Tails 2

Recap

Eggman	I'm Doctor Eggman, the greatest scientific genius of the world! Hahahahahaha!! I've finally done it! I've defeated Sonic! That annoying hedgehog is gone forever! He's nothing but floating chunks in space now! What will you do now, Tails? If you are against me, you'll suffer the same fate as your buddy Sonic.
--------	---

Start

Amy is in the research facility.

Amy	Darn! Why do they always leave a sweet, little innocent girl like me alone?
-----	---

Eggman approaches her, and draws a gun.

Eggman	Well, well, young lady... Is there something I can help you with?
--------	---

Amy	Doctor Eggman...!
-----	-------------------

Eggman	If you value your life, you will tell me where Sonic and Tails are!
--------	---

Slightly later:

[text] ARK: Research lab / Cannon countdown: 33 minutes

Inside the research facility, Tails is in the Cyclone, and Eggman holds a gun to Amy's head. Sonic enters in from the door.

Eggman	Let's take care of business first, shall we, Sonic? Hand over the Chaos Emerald, slowly, and then we'll talk about your girlfriend. That is, if you really care for her.
--------	--

Sonic	(Handing over the fake Emerald... I can kill two birds with one stone!)
-------	---

He looks at Tails, who nods. Eggman points to a small circle on the floor.

Eggman	Put the Emerald down right there and back off.
--------	--

Sonic	[smugly] You've turned into a big-time villain, doctor!
-------	---

As he steps on the circle, a capsule rises out and traps him inside.

Sonic	Whoa?!
-------	--------

Eggman	You thought you could trick me with that fake Emerald, didn't you?
--------	--

Tails	So... how did you know it wasn't the real one?
-------	--

Sonic	Tails!!
Eggman	Heh. Because you just told me, Fox-boy.

Tails looks surprised.

Eggman	Now, for a little space-ride! Once the capsule clears the colony -- BAM!!
Sonic	I'm counting on ya Tails. And Amy... take care of yourself.
Eggman	Farewell, Sonic the Hedgehog!!

He presses a remote control, ejecting the capsule from the ARK.

Amy	Sonic!!
-----	---------

With the capsule about to clear the range of the colony, Sonic remembers what Tails said about the fake Emerald.

Tails	"It has the same wavelength, and properties, but is less powerful than the real one."
Sonic	(The same wavelength and properties... But, can I do this?)

The camera exits the capsule. Moments later, it detonates.

Eggman	Farewell Sonic, my admirable adversary.
Amy	S...So...SONIC!!

Amy sobs. Eggman turns around and points his gun at Tails.

Eggman	Now we have some unfinished business to take care of. If you give me the REAL Emerald, I will release you both. You have my promise.
Tails	...Sonic...
Eggman	Huh?
Tails	Sonic has asked me - for the first time - to do something for him. I won't let him down. I won't give up!!

Final Chase

Objective

[text]	Hurry to the Eclipse Cannon!
--------	------------------------------

Recap

Shadow	I'm Shadow the Hedgehog, the one and only ultimate life form. Finally, all the seven Chaos Emeralds are set in place. Now the stage is set. I'm almost finished! All this time, someone has been trying to get at the Eclipse Cannon. There's no hope for him now! It's important that we don't make any mistakes right now. I have to get rid of all those pests!
--------	--

Start

[text]	ARK: Central area / Cannon countdown: 21 minutes 7 seconds
--------	--

Shadow watches from the research facility as the capsule Sonic was ejected from the ARK in explodes.

Shadow	I guess he was just a regular hedgehog after all.
--------	---

The scene shifts to the terminal for the Eclipse Cannon.

Rouge walks up to the Chaos Emeralds.

Rouge	Legend has it, whenever the seven Chaos Emeralds are collected, the power creates a miracle. I have six of them. They're mine! All mine!
Shadow	I don't think so.
Rouge	Shadow?
Shadow	So that was your plan from the very beginning, huh? Or was it a direct order from the president? Now I know who you are! You're that government spy, Rouge the Bat, aren't you?
Rouge	So you did your homework, is that it? I would say that's an invasion of privacy.
Shadow	I could say the same thing about you.
Rouge	Hmm... Looks like things aren't quite going the way I planned. But since my job is done, I thought it was time to take what's mine and get out of this place.

Shadow	You are one pathetic creature!
Rouge	Hmm, looks who's talking. What about you?

"Fly In The Freedom" stops playing. Rouge jumps down to Shadow, holding a report printed off from the ARK's computer.

Rouge	Here are the results from the research project called the "ultimate life form".
-------	---

A picture of the Biolizard is on the report.

<p>Report The 23rd "Project Shadows" report</p> <p>Current status</p> <p>12:30A.M. on January 27th, we initiated the experiment to start Shadow's first prototype. The experiment was successful. The life form's eternal engine and the organ to start the Chaos control [sic] are working normally. However, the measurements of the experiment was higher than we expected, we will continue this experiment at the Central Dome from now on.</p> <p>Note</p> <p>Pr. Gerald pointed out that the growth speed of the first prototype is getting faster. The current body length is 2.7m, and the current weight is 350kg. It's growing so fast in the last couple of days at an exponential level. Professor has requested that the control part of the life form's vital organs needs to be reinforced.</p> <p>We need to keep an eye on the prototype, because the prototype is still not strong enough to walk by itself, but it has a strong neck and a tail. The prototype is sensitive to the temperature and humidity changes, and its intelligence and learning ability level is still low. At this point, the prototype is still more like an animal.</p> <p>EYES ONLY</p> <p>TOP SECRET</p> <p>SUPER CONFIDENTIAL</p>

Rouge	But... if this picture is of the real ultimate life form--
-------	--

"Throw it all Away" starts playing.

Rouge	--named Shadow, then exactly who, or what, is standing in front of me?
-------	--

Eggman contacts Shadow on the radio.

Eggman (radio)	This is Doctor Eggman. I have found all seven Chaos Emeralds! Shadow, someone is trying to get to the Eclipse Cannon. There's not much time left before the cannon fires again! Can you get over there?!
----------------	--

Shadow addresses Rouge.

Shadow	If you want to live, leave the Chaos Emeralds where they are; the fake Emerald is good enough for you!
Rouge	Do you actually believe that... you're the real Shadow?
Shadow	No doubt.
Rouge	Even your memories might not be real, you know?
Shadow	Even if my memories are not real, it's still me, Shadow... And I will fulfill my promise to Maria. That's the only thing that matters to me now.

Boss: Sonic 2

Sonic	You know, what can I say? I die hard.

They both start running through the passage.

Shadow	So... there's more to you than just looking like me. What are you, anyway?
Sonic	Whatcha see is whatcha get; just a guy who loves adventure. I'm Sonic the Hedgehog!
Shadow	I see. But you know, I can't let you live. Your adventuring days are coming to an end!

Eggman	Bwahahahaha! Hahahahaha!!

Cannon's Core

Objective

[text]	Get to the core of the colony!
--------	--------------------------------

Recap

Amy	My name is Amy Rose. I'm cute, and full of energy! Something horrible has happened! Professor Gerald activated his program a long time ago. Activating that program has caused the Space Colony to fall out of its orbit. Now it's on a crash course to the Earth! It looks like Eggman has tricked Shadow. He's such an evil Doctor. I wanna yell at him. But first, we need to stop the Space Colony from falling! We decided to team up, and go to the Colony's core to stop the power of the Chaos Emeralds. We don't have much time left! Hang on everybody, let's do it!!
-----	---

Start

The terminal for the Eclipse Cannon

The alarm is blaring loudly.

Eggman	Argh! What the... What's going on?! Why doesn't the Cannon fire?!
--------	---

A red light comes in.

Eggman	What?! What's happening here?!
--------	--------------------------------

On the terminal's screen, a recording of Gerald starts playing.

Eggman	It's... it's my grandfather! Gerald Robotnik!
--------	---

Research facility

Sonic and Knuckles enter the research facility. The ARK begins to tremble.

Knuckles	What's that...that vibration?!
Sonic	Hey, wait... somebody's coming!

Rouge drops down from above.

Knuckles	You...? You haven't given up yet?!
Rouge	It's all over for us...
Knuckles	What do you mean?
Rouge	I just received a message from my boss... The Space Colony ARK, is currently approaching Earth at an incredible velocity. It, probably... will impact Earth...

The message from Gerald starts playing in that room.

Knuckles	What's that on the screen?
----------	----------------------------

Full motion video

Gerald's message begins playing on every single television across the world. In it, he is bound to a chair by metal chains.

Gerald	"This is a death sentence for every human being on Earth. If my calculations are correct, the Space Colony ARK will impact the Earth in 27 minutes, 23 seconds. All of you will be destroyed, along with your beloved planet Earth."
--------	--

The ARK hurtles towards Earth, encased in a layer of fire from entering the planet's atmosphere.

Back in the research facility

Gerald	"I plan to give you a taste of my revenge, once all the seven Chaos Emeralds are collected. Once I initiate this program, it cannot be disabled. All of you ungrateful humans, who took everything away from me... will feel my loss, and despair!"
--------	---

A GUN soldier speaks to Gerald from off-screen.

Soldier	"Is there anything else you want to say?"
Gerald	"No..."
Soldier	"Ready!!"

A bomb near Gerald is detonated.

Amy	What's going on here?! Who is that?
-----	-------------------------------------

Gerald's message starts playing again.

Gerald	"I plan to give you a taste of my revenge--"
Knuckles	Guys, the vibration's getting worse.

Eggman walks into the room.

Eggman	Professor Gerald Robotnik! One of the greatest scientific minds in the world, and my grandfather!
Knuckles	What?! I knew you were behind all this! Stop it right now, or else-
Eggman	I'd have done this a long time ago if I had the chance.
Sonic	What do you mean?
Eggman	You're pretty persistent for a hedgehog, aren't you? You're still alive, huh?
Sonic	Heh, just letting Knuckles pilot the shuttle all the way over here, was more dangerous than you could ever be!

Eggman hands Rouge a computer disk.

Rouge	What's this?
Eggman	This is my grandfather's diary.

She inserts the disk into the terminal by the wall. Text begins scrolling on the monitor.

Rouge	"I don't quite know what happened, or what went wrong. Was it a mistake to create the ultimate life form? I thought it would be something that would benefit mankind... But then the military guards landed on the Colony that day. They were sent to destroy the research project that I had been working on. My colleagues at the research facility, my granddaughter Maria, I hope you are all safe."
-------	--

Rouge's voice begins to blur with Gerald's.

Rouge	"The colony was completely shut down, probably to prevent the prototype from falling into the wrong hands."
Gerald	"The ARK was shut down under the premise that there had been an 'accident'. I found Maria's name among those who died when the ARK was shut down. She meant everything to me! And I couldn't bear the thought that she died because of my research. I lost everything! I had nothing more to live for! I went insane! All I could think about, was to avenge her! Somehow, somehow, I got scared as I no longer was able to control my thoughts. All I could think about, was that I wanted it all to end. Based on my original projections, I was able to complete my project: Shadow. I designed its mind to be perfect, pure... I will leave everything, to him. If you wish, release and awaken it--"
Rouge	"--if you wish to fill the world with destruction."

Rouge turns to Eggman.

Rouge	Oh, so that's why you released Shadow from the base!
Eggman	The core of the Eclipse Cannon is now highly reactive and explosive. This is because of the energy of the Chaos Emeralds if overpowering it. If the colony collides with Earth, it will shatter into pieces like my grandfather predicted! [affectionately] That mad scientist!
Amy	That should be you, right?
Tails	We have to stop the Space Colony, now!
Eggman	The Space Colony ARK's position may have shifted due to the amount of energy given off by the Emeralds. We have to stop the energy!
Tails	But... how?
Rouge	Hmm, that's it. There IS a way to stop the energy!

She turns to Knuckles.

Rouge	We have to use your Emerald! You're the one who told me that the Master Emerald has the power to stop the Chaos Emeralds!
Knuckles	That's right.

He pulls the Master Emerald out of thin air.

Knuckles	If I use this, I just might be able to stop the Chaos Emeralds!
Tails	The reaction of the Chaos Emeralds is moving toward the Cannon's Core! It may be too late!
Eggman	There still may be time left. If we pull together, we might be able to get to the shortcut that leads to the core!
Sonic	No worries! Just leave it to me! I'm the world's fastest hedgehog!
Eggman	Okay! Let's get to work!!

Gameplay

Except in his own segment, Eggman speaks over a radio. Each quote occurs in isolation at different parts of the level.

Tails

Computer	System alert! System alert! The intruder has breached the system area! Initiate debug program!
Eggman	Alright, Tails! Now, destroy the security door leading to the Cannon's Core.
Eggman	Okay, Tails! There should be a security door somewhere in the room! You need to destroy it!

Eggman

Eggman	All right! Now it's my turn!
--------	------------------------------

Rouge

Eggman	Rouge! There should be an emergency switch in the dome to drain the liquid out of the core! See if you can find it.
Eggman	Good job, Rouge! Hurry, throw the switch and drain the liquid!

Knuckles

Eggman	Knuckles! Can you hear me? The last security door to the core should be in front of you! Find the switch that opens the door!
Eggman	Knuckles! I found the switch on the radar. The security door control switch is accessible from the waterway over there.
Computer	System alert! System alert! Primary lock system terminated. Initiate final defense systems.

Sonic

Eggman	Sonic! Get past the energy field to get to the core. You're our last chance. We're depending on you!
Eggman	You should have cleared the electrical disturbance. It's all up to you, now!

Boss: Biolizard (The Prototype of the Ultimate Life)

Recap

Shadow	I'm Shadow the Hedgehog, the one and only ultimate life form. Thanks to Amy, I was able to remember Maria's wish. When I finally realized it, the ultimate life prototype tried to stop me. I'll take care of this, Sonic. You go try to stop the power of the Chaos Emeralds.
--------	--

Start

Research facility

Amy is pacing back and forth outside the research facility.

Amy	Ooh, I hate it when they leave me behind!
-----	---

She notices Shadow standing inside the room.

Amy	Look! It's Shadow!
-----	--------------------

She pauses.

Amy	I've really gotta stop whining. Everyone's trying their best to help out, and so must I!
-----	--

She runs over to Shadow.

Amy	Shadow, we need you! Please help us!
Shadow	It's all going according to plan. There's no reason for me to help them. Besides, there's no way to save anyone.
Amy	There has to be! I know that people fight over the most trivial things. Some people may be selfish, like the professor said... but they're basically good, if they try their best and never give up on their wishes. They always have a reason to be happy; that's why you should help them out! Saving them is a GOOD thing! Shadow, I beg you! Please do it for them! Give them a chance!

"Throw it all Away" starts playing. Shadow has a flashback of Maria.

Maria	Shadow... I beg of you... please, do it for me... for a better future...--
Shadow	Maria!
Maria	...for all the people who live on that planet... Give them a chance to be happy. Let them live for their dreams. Shadow, I know you can do it. That's the reason that you were brought into this world. Sayonara, Shadow, the Hedgehog.

The flashback ends.

Shadow	That's what I've promised her... and I must keep that promise... That's what Maria wished for...
--------	--

A tear drips down Shadow's face.

Amy	Shadow?
Shadow	I gotta go now. I have to keep my promise to Maria - and you.

At the center of the Eclipse Cannon

Sonic and Knuckles arrive at the Cannon's Core, where they see a raised area that resembles the Master Emerald's shrine on Angel Island.

Knuckles	What's that? It looks just like the shrine of the Master Emerald!
Sonic	They probably designed the core like the shrine to harness the power of the Chaos Emeralds.

They start running to the platform, but Gerald's message plays again.

Gerald	"All of you ungrateful humans, who took everything away from me, will feel my loss and despair!"
Sonic	Watch out, here it comes!

Dozens of his images fly through the room.

Gerald	"All of you ungrateful humans, who took everything away from me, will feel my loss and despair!"
--------	--

A light fills the room as the Biolizard warps into the center of the Core. It screeches.

Knuckles	Could this be the prototype of the ultimate life form that was supposed to be encapsulated?
----------	---

Shadow walks passed Sonic and Knuckles.

Shadow	Leave this one to me.
Sonic	Shadow, what're you doing?!

Shadow walks to the Biolizard. He turns back to Sonic.

Shadow	I'll take care of this, while you run to get the Chaos Emeralds!!
--------	---

Gameplay

End

Shadow	Get out, ugly prototype!
--------	--------------------------

End

Sonic and Knuckles reach the platform. Knuckles sets the Master Emerald into an indentation in the shrine's center.

Knuckles	"The servers are the seven Chaos. Chaos is power; power is enriched by the heart. The controller is the one that unifies the Chaos." Only you can do this... Stop the Chaos Emeralds!
----------	---

The Master Emerald begins to spin rapidly, emitting a green aura and producing energy that swirls around it. The Biolizard screeches, then activates Chaos Control and disappears.

Knuckles	Is it gone?
----------	-------------

Shadow jumps onto the shrine platform.

Shadow	Is that what... Chaos Control is?
--------	-----------------------------------

The vibrations throughout the Colony intensify.

Knuckles	Since we stopped the Chaos Emeralds, why is the Space Colony still on a crash course to Earth?!
----------	---

Eggman uses the ARK's speaker system.

Eggman	The Prototype is still alive! He's controlling the Space Colony as it is falling to Earth! He has become one with the Space Colony, and is determined to keep it on its collision course!!
--------	--

Sonic looks at Shadow.

Knuckles	Sonic!
----------	--------

Sonic looks at Knuckles, then turns back to Shadow, as does Shadow to Sonic. "Live and Learn" starts to play, as Sonic and Shadow raise their hands, calling the Chaos Emeralds to them. As the Emeralds encircle them, they close their eyes and focus their energy, causing the Emeralds' speed to increase. They open their eyes, absorbing the power of the Emeralds, and transform into their Super forms.

Boss: FinalHazard (The Prototype of the Ultimate Life)

Recap

Sonic	I'm Sonic, Sonic the Hedgehog! We were able to stop the power of the Chaos Emeralds... but the Space Colony is still falling! That prototype has become one with the Space Colony, and is heading on a collision course for Earth! The Space Colony will be entering the Earth's atmosphere soon – we have to destroy it, now! The ultimate power is fueled by everyone's wish! Let me show you Super Sonic power!!
-------	---

Gameplay

During the fight, characters other than Sonic and Shadow speak over a radio.

Sonic

1	Shadow, you need a rest. Let me give it a try.
2	Shadow, how's your Ring energy? Before you're depleted, make sure to switch places with me and collect more Rings.
3	Sonic: Shadow! Take care of him! I'll collect the rings; keep him busy for a while!
	Shadow: Done! I'll take care of him!
4	Where does he get all that power? Is this the power of the Chaos Emeralds? Shadow, are you okay?
5	Yeah, take that you creep! Shadow, are you okay?
6	We're almost done!
7	Shadow, switch places with me! You're out of Rings!
8	Shadow, at this rate your Super Form won't last! Get back to the Colony!
9	Shadow, I understand. You're unstoppable. Let's destroy this creature now! Everyone is waiting for us back on Earth!
10	Shadow! Continuous use of your Super form will cause you to disappear! Get back to the colony!

Tails

1	Sonic, watch out! The colony is entering the atmosphere!
---	--

Knuckles

1	Sonic, we're in danger! The colony will enter the atmosphere in about four minutes!
2	Sonic, can you hear me? When you take a hit, you won't be able to move. When you don't have many Rings left, make sure to change places with Shadow as soon as you can!

Shadow

1	He's still very powerful. What kind of monster is this? How are you doing, Sonic?
2	Sonic, I'll collect the rings, why don't you give it a try?
3	Here I come, you creep!
4	Alright! This is working! Sonic, how are you doing?
5	Sonic: Shadow! Take care of him! I'll collect the rings; keep him busy for a while! Shadow: Done! I'll take care of him!
6	The red swelling may be a weak spot... Sonic, aim for it!
7	Sonic! I can't keep this up, hurry!
8	Gutha! I don't have enough energy to transform into my Super Form!
9	Sonic, what are you doing? You're almost out of Rings! Switch places with me!
10	Sonic! You're out of Rings! You will lose your Super Form!
11	Maria... watch me! I will fulfill your wish!!
12	Hahaha, Sonic! I think I've discovered what the ultimate life form is... it might be you!

Eggman

1	Sonic, Shadow! Can you hear me? He's very weak without his life support system. Aim for the red swelling area to damage him! You're our last hope!
2	Can both of you hear me? Atmosphere entry in about four minutes! Hurry!

Rouge

1	Can you hear me, Sonic, Shadow? Everyone here is rooting for you! Good luck, and give him trouble!
2	There's no time left! Get out!

Amy

1	Sonic, Shadow, can you hear me? You need Rings to stay super-charged! Before your rings are depleted, remember to change places with each other!
2	Can you both hear me? The ARK is close to the Earth. Please hurry up!
3	There's no way to stop it now! You're out of time, get out of there!

Victory

Sonic	Did you really think you had a chance?
Shadow	I must destroy the evil the professor has made.

Epilogue

After the battle

The ARK is hurtling towards the Earth, encased in fire. Sonic and Shadow fly to it, both wrapped in a golden light.

Sonic	No way that's getting through!
Maria	"Shadow... I beg of you..."
Shadow	(Maria!)
Maria	"Give them a chance... to be happy!"
Sonic	Now, Shadow!

They put some distance between themselves. They speak at the same time.

Sonic, Shadow	Chaos Control!!!
---------------	------------------

They ram into the ARK, hitting it with their combined Chaos Control, and teleport it away. Having exhausted the remainder of his strength, Shadow's Super form gives out. He starts falling toward Earth, with an odd purple light under him.

Shadow	(Maria... this is what you wanted, right? This is my promise I made to you...)
--------	--

Shadow falls out of the camera's view. The ARK--now motionless--reappears in the distance.

Full motion video

Everyone on Earth starts cheering and celebrating.

The ARK: Research Facility

Sonic comes in through the door.

Rouge	Where is Shadow?
-------	------------------

Sonic looks down. He hands Rouge one of Shadow's bracelets.

Rouge	Do you really think... that the professor created Shadow to carry out the revenge on all those who live there, on Earth?
Sonic	He was what he was: a brave and heroic hedgehog, who gave his life to save his planet. Shadow the Hedgehog...
Rouge	I guess you're right...

Eggman	As a child, I looked up to my grandfather because of all the great things he accomplished in his life. He was my hero, and I wanted to be a great scientist like him. But... did he really mean to destroy us?
Tails	I don't know. But what I do know is... we all did it together!
Eggman	You're right.

Knuckles	So what's next for you, Rouge? Off again to find more of those jewels you love so much?
Rouge	Nah, I think I'm gonna give up this line of work. Too much work, for too little pay. Anyway... I've got something better than jewels that I'm thinking about right now... ..It'll all work out, you'll see.
Knuckles	If you say so.

Sonic	(Could he have...? The ultimate life form...)
Amy	What's the matter, Sonic?
Sonic	Oh, it's nothing. Come on! Let's go home, to the planet as cool and blue as me!

Everyone leaves the room. Sonic stops at the door, and turns back.

Sonic	Sayonara, Shadow... the Hedgehog.
-------	-----------------------------------

He leaves as well. The camera shifts outside the ARK.

"Live and Learn" plays during the credits. Afterwards:

[text]	A new day brings new adventure. But for now... Rest easy heroes.
--------	--

A still picture of Shadow appears, in which he stands in front of the Earth, surrounded by a purple glow.
