

I think we hit a wall
I think we hit a psychic wall
Maybe we're just young and we won't know 'til we're old
Too young to free ourselves from this lonely fish bowl

Some kind of wall
Some kind of psychic wall
Some kind of wall
Some kind of psychic wall
We can get a burn

Come on let's find a way to be happy
Not like Plankton he will never be satisfied
Always complaining about his life
To his computer wife
You think he would've found by now
To be thought of as a king
We don't need a burn

Prince Paul with Wordsworth - "Prince Paul's Bubble Party"
=====

It's a nice day, and the water's cool
Spongebob's looking for something to do
To earn money and stay out of trouble
He built his own stand for blowing bubbles

Squidward said no one in the water
Wants to blow bubbles and pay him a quarter
But Patrick would if he had to spend it
He's not worried Spongebob will lend it

Spongebob gave him the bubble wand
So Patrick could have to blow bubbles on
Used his breath then borrowed
25 cents again from Spongebob to get some lessons

First go like this
Spin around
Stop
Double take three times (Alright)
One two three
First go like this
Spin around
Stop
Double take three times
Then pelvic thrust
Wooo

Bubbles could be any size
Big as elephants small as butterflies
Round as a ball like boats and ducks
Use one or 2 hands to blow them up
So if you want the bubbles not to pop
I suggest you check out spongebob bd watch

Squidward wouldn't blow bubbles at first
Because it wouldn't work or would quickly burst
Blowing bubbles he thought was easy to do
Lessons from Spongebob he needed them too
He blew so hard he got red cheeks
Then tried Spongebob's blowing techniques

La da dee la da doo la da dum

Spongebob Squarepants - "Best Day Ever"
=====

Mr. Sun came up and he smiled at me
Said it's gonna be a good one just wait and see
Jumped out of bed and I ran outside
Feeling so ecstatic satisfied

It's the best day ever (Best day ever)
It's the best day ever (Best day ever)

I'm so busy got nothing to do
Spent the last two hours just tying my shoe
Every flower every grain of sand
Is reaching out to shake my hand

It's the best day ever (Best day ever)
It's the best day ever (Best day ever)

Sometimes the little things start closing in on me

When I'm feeling down I wanna lose that frown
I stick my head out the window and look around
Those crowds don't scare me they can't disguise
Its magic that's happening right before my eyes

Soon Mr. Moon will be shining bright
So the best day ever can last all night
Yeah the best day ever's gonna last all night now

It's the best day ever (Best day ever)
It's the best day ever (Best day ever)

It's the best day ever (Best day ever)
It's the best day ever (Best day ever)

It's the best day ever (Best day ever)
It's the best day ever (Best day ever)

The Shins - "They'll Soon Discover"
=====

When you were young and wise
Scratching your letters in the sand
And your imagination led you all around by the hand
La la la la

Did you ever wonder what dizzy adventures there might be
Unfolding in the currents under
At the waves at the bottom of the sea

He's odd but he's got a lot of vision
And his buck teeth cock eyed smile
Can't stop this invertebrate on a mission
He's in charge

A sinister design
A wild goose chase for a crown (Oh no)
With your eyes aligned
Before they tear apart your town
If you wanna win
Save all of your kin in the ocean
Stay your ground don't be discouraged
Don't let 'em turn our brains into porridge

Your odd but you've got a lot of vision
Your buck teeth stalwart heart
Can't stop this invertebrate on a mission
He's in charge

But it's a long hard fight
The corner turns and it's always another mile

People think day and night
They think they got your number
But they'll soon discover

Ocean man
Take me by the hand lead me to the land
That you understand
Ocean man
The voyage to the corner of the globe is a real trip

Ocean man
The crust of a tan man imbibed by the sand
Soaking up the thirst of the land

Ocean man
Can you see through the wonder of amazement
At the oberman

Ocean man
The crust is elusive when it casts forth
To the childlike man

Ocean man
The sequence of a life form braised in the sand
Soaking up the thirst of the land

Ocean man
Ocean man

Patrick - "Under My Rock"
=====

It's where you'll always find me
If you're walking right behind me
Where is it
Please remind me

Oh yeah
Under my rock
Under my rock

Here's the bed that I lie in
Laugh and sigh and cry in
Or eat a piece of pie in
Under my rock
Under my rock

It's cold and hard and kind of gray (Under my rock)
It's the only place I'll ever stay (Under my rock)
Got snacks in a free telephone (Under my rock)
In this stone that I call home
Let's rock

I got a welcome mat and dirty socks
A sink a table and a secret box
Myself and me can be alone
In my stone that I call home

Oh yeah
That's the chair I sometimes doze on
The hanky I blow my nose on
Hey my favorite show's on
Under my rock
Under my rock

I guess that completes our tour
So let me show you to the door
That's all there ain't no more
Under my rock
Under my rock
Boys take it home

Oh I already am home (Under my rock)
Yeah it's where we are (Under my rock)
Still here (Under my rock)
This is prime real estate baby (Under my rock)

Oh yeah (Under my rock)
Everything I need I got right here (Under my rock)
I don't need to go anywhere else (Under my rock)
It ain't much but it's a place to hang my hat (Under my rock)
I don't wear a hat (Under my rock)
I wear shorts I can hang my shorts there (under my rock)
Stand back I'm taking 'em off (Under my rock)
Hey where's everybody going (Under my rock)

(Under my rock)
(Under my rock)
(Under my rock)
(Under my rock)
