8. Taunts and Camera Secrets

This game has some pretty cool stuff. I have found that there are certain taunts that the Skaters do in the game. Some Skaters also have a Special Start up. Like Rodney Mullen does some wierd flip with his board before he starts to skate. Here are some taunts:

No Way!!: Press L+R+X

There are also some pretty cool things you can do with the camera, here is some stuff:

Use the Free Roaming Camera to circle around your skater. You can change the view by Pressing Z+R or you can lock the Camera in a certain position by Pressing Z+L. There is also a Bug or something were you can load the level up and and move were ever you want with a REAL TIME 3D Camera. To do this, you need to go to the Select Level Screen in the Skate Shop, when you Select the level you want imeditaly start Pressing START+A. It doesn't work on Burnside or the Park Editor though.
