WELCOME
=====
```

Hello there. Yep it is me, Matt Ludwig writing you another guide originally for GameFAQs. Now, every year, I got to Universal Studios in Florida (no joke) and it is by far my favorite theme park because of the thrill rides (and I have been to a lot of places). Now I just can't figure out why they would make such a crummy game for this awesome amusement park. None of the less, I am still here writing a guide for it and I will finish it.

HOW THIS GAME WORKS
=====

Alright, let's see here, how would I put this game in my perspectives of explaining it. Okay here: You start out by chosing your kid, any race, any color, any sex (as in male or female, perverts). Now you get to this amusement, of course, preparing to ride some rides, with your really annoying voiced host, Woody Woodpecker.

Now, your in one of the greatest parks of all times and you know what Woody tells you to do? Go pick up some trash. You must gather points, and with points you can buy stuff. Now you can gather points multiple ways. You can get points by picking up trash and throwing it away(yes, trash off the ground) or you can get it by shaking a characters hand (mostly monsters) and you can get them by beating a mission.

Now with points comes great responsibility. Well, not really. With your points you can head over to good ole' Woody Woodpecker and buy you a hat, yes a hat. Now there are lots of hats, and each one lets you in front of everyone on the ride (since you couldn't even get on the ride in the first place) and well, you kind of do some dirty work at each ride by actually living the movie.

When you do good at a certain attraction, you get stamps. Stamps, well help you complete the game. There are red and blue stamps, with red being the best. Now, there are also the letters of the words: UNIVERSAL STUDIOS, spread around the whole park. Gather those and you get points also (sorry for forgetting to mention that one.)

Based on the movie E.T The Extra Terristrial made in 1982. In this game you must leave your neighborhood on your bicycle and get E.T. to the spaceship just like in the movie. You even start flying in front of the moon, the most memorable movie scene ever. This game is pretty simple just make sure you do not hit a lot of stuff.

Wild Wild West is a show in Universal Studios that has people doing stunts with guns. Shooting stuff in air and stuff like that. It has nothing to do with the Movie Wild Wild West. On this game you just shoot different things.

Jaws

This is based on the movie Jaws 1 which was released on June 20, 1975. This is just like the scene at the end of the movie where he is on the boat. JAWS broke all box office records to become the highest grossing film of all time. However, it was soon surpassed by Star Wars in 1977.

Get points, to get the hats you need to get points. On your way if you see trash pick it up and throw it away.

Go around picking up trash and letters and once you get 1500 points go to Woody Woodpecker and buy the ET cap. Ok now once you bought it push Z and put it on. Now head to ET the ride. Be sure to pick up the map from the guy on the way,

E.T. The Ride

A button: pedal

B button: break

Up and Down controls: Move you up and down

Left control stick: makes you do a wheelie

Mission: Get E.T. back to the Spaceship in time to go home

How to: Hold A as you start out on the road, as you start hit the first booster and jump over the police car by going over the ramp. Next dodge] the two police cars by pushing up and down. Next dodge these 2 cars and jump over the next 3 police cars with the ramp. Dodge the caution sign by staying high and hit the ramp and jump over the three cars. Stay high and hit the booster and jump the police car. Then go low and hit the booster and jump the police car, if you dont you will get stuck between a car and a police car.

Keep going down the road. Now hit the ramp down low and jump the caution signs and the manhole. Stay low or you will hit a blue car. Now go to the middle and hit the booster and jump over the three police cars. Now your getting it dirt road. Stay in the middle to hit a booster to speed you up. Hit the boosters to jump the humps but be careful where you land!

After the humps go up high to dodge the rock. Now your getting into a muddy type road. Go up high and dodge the rock then go down low but go fast or you will get hit by the boulder falling. Stay low on the curve to miss the the rock but then two rocks are up ahead with a boulder falling so stay in the middle. As your in the middle hit the booster. 3 rocks approach you now, go down low, up high, down low, but watch out the last rock a boulder falls down.

Then go up high hit the booster and hit the log, it will make you jump, then hit the other log and then the other log. Then go up high and hit the booster. Now your on a ledge, you stay low if you can because the road breaks. So just follow the trail staying low. Now your in the forest. Stay low at first because

there is a patch of water. Next stay high so you dont go in water and you hit the booster and then the logs to jump the huge rock. As fast as you can go low because there is more water and hit the logs to jump the rock.

Now you fly across the moon like in the movie. IT IS NOT OVER!! Now its dark and all you have is a headlight, start out by stay high to dodge the rocks in the middle then go low to dodge more rocks, then go high to dodge more rocks. Now stay high to get on a log ride over the water. Stay high to dodge rocks then hit the logs to jump (for fun), then go high to ride another log across the water.

After that there will be more humps, you know what to do. Then after that go low to dodge more rocks. Hit the rock and go low to dodge water and a rock. Keep going hit the log for fun then go over the bridge. Now hit the logs for even more fun then go to the middle because you have to cross another log to get over the water. Once off the log go straight and you have beaten the ET ride!!!!

B Button: Use item

I thought this was easy but must people think its hard so here you go!

Mission: To scare away Jaws.

Ok pick up some wooden boxes break them and get the items out. Use them first, the bombs work the best. Look where Jaws is coming and when you hear a water noise throw whatever you have! Its very easy with only using boxes and barrels it takes 7 hits. Good Luck!

Prize: Jaws Stamp and 1536 points!!

Jurrassic Park

L and R: Hold On

Not much to do except shoot at every dinosaur you see. Be sure to use the charged shot. Shoot at the T-Rexes weak spot and when the T-Rex pulls back use the charged shot. When you jump be sure to hold L and R. It should get easier after you pass all the velociraptors.
