4. Tips
=====

You get money by using the Luk-E-Day machine in Cape Carnival. Don't worry about losing them all, when you only have one, you will always win.
P blocks are passwords, use them. Note: you can only use them once and there is only a few in the game!
Every 10 candies you get gives an extra life.

=====
5. Story
=====

Somewhere, in the far reaches of space... there is a planet that is only rumored to exist. It is said to contain the most strangest inhabitants in the universe. The name of this planet is.... Earth.
While riding in his star cruiser, a young boy by the name of Cosmic/Linus Spacehead "accidentally" came across this strange planet. Hurriedly he raced home to his home planet, Linoleum, to tell everyone of his discovery, but no one believed him. And to make matters, his star cruiser mysteriously broke down. Now, Cosmic/Linus is determined to make his way back to Earth and prove his discovery!
