O------------------------
    INTRODUCTION
This is a ripoff of NES's Balloon Fight which in turn was based off of Midway's Joust. You go through 40 levels of defeating snakes on balloons. I'm tired of these Mother(censored)in' snake on these mother(censored)in' balloons. Sorry, I couldn't resist with the Snakes on a plane reference. Ti ji ji ^v^
It is also part of the 6-in-1 compilation game by Caltron/Myriad.

GENERAL INFO
O------------------------

To kill the snakes, touch the snake's balloon then as it parachutes down, you either touch its parachute or touch it when it is grounded and it dies.

You can also play this game with a second player but you can hurt each other.

You can take up to three hits without refilling your air. It starts pink, then turns purple, then red. Next hit will kill you.

When you touch a floating balloon, it turn into an air pump. Touch it to refill your health

Sharp objects like bamboo ends and spikes can damage your balloon if you touch the sides but instantly kill you if you land on them.

The pteradactyl occassionally appears to drop eggs on you, they only hurt if they touch the balloon.

Flying to hight at the top of the screen instantly kills you.

Some balloons will give out apples that give you an extra life.
