SABER RACE

Jump over the water and rocks.
When you get to the tree, climb it and you complete the race.

MATE TOSS

When you start, press up, left, down, right over and over again to spin your mate. Start slow, then go faster as the speed bar goes up.
When you get sufficient speed, press A and hold it until you get the highest angle.
If you get 70 fouts or higher, your mate does a silly dance.
If you get 60-69 fouts, your mate will give a thumbs-up.
If you get 59 fouts or lower, your mate will shrug.

CLUBBING

You start in the intimidation phase.
Mash buttons to push forward.
Now for the clubbing phase.
Attack the opponent to either knock him off the platform or get his life bar down.
The event finishes when someone wins twice.

FIRE START

Rapidly press A until sparks drop.
Rapidly press down until smoke appears.
Breathe air for about 1/4 of a second.
Repeat until you win.
When the opponent looks at you, he's going to attack. Press down to dodge.
This is my worst event and I have only won it once.

DINO RACE

Rapidly press A to run.
If you are feeling lazy, press right when you have 1/3 speed and the dino will boost and automatically jump over rocks. If you use this too often, the dino will get confused and run backwards.
When you are manually controlling, if you press B at the right time when jumping, you will jump far.
When you have reached the 10th flag, you win.

DINO VAULT

Select the minimum height you have to jump over the dino.
Rapidly press A to run.
When you reach the spot of your choice, hold B and release it at the right spot.
If you did it right, you should fly over the dino.
You could fall in the pit or get eaten.
If you used 28-30 fouts, the caveman will do flips.
If you used 20-27 fouts, the caveman will do the thumbs up.
