## 001-General Information

---

This is a walkthrough for the Nintendo Entertainment System (NES) game called Bubble Bath Babes. It's was hard to find even when the NES was really cool. Now it's harder to find than ever. Perfect for me, The Lost Gamer. Plus, this guide may polish up my image (well-needed ever since I did the Barbie guide). So you can e-mail me at [ilovecartoonssomuch@yahoo.com](mailto:ilovecartoonssomuch@yahoo.com) but make the subject blank so I know it's not spam. Okay, get ready to be amazed by this game.

Thanks to Spunkmaster for his help on bgm. 1 and bgm. 2.

Thanks to Ayane for her help with the mafic bubbles.

## 002-What the HELL???

---

Heh heh heh...you don't know about this game. Well, it's one in a trilogy (bubble bath babes, hot slots, peek-a-boo poker), of pornographic games. Yes pornographic games. It's quite interestic really...

## 004-Playing the game

---

Well, this game is easily played. It's Bust a Move meets Tetris. One the opening screen, you can choose between one or two players, type A and type B, and bgm. 1 and bgm. 2.

In type A, the board is empty. In type B, the board is partway filled. One/two players is obvious (one player is better), and bgm. 1 and bgm. 2 deals with the two different kinds of background music.

Choose what you want, and start the game. A little bit in, you'll see how it's just like tetris with some changes. Instead of falling down, the pieces fall up (they're bubbles).

Notice that not every bubble is the same color. You can press A to switch colors going up/down, and B to switch the colors going left/right.

Using the previously mentioned commands, you want to make groups of the same color (like bust a move). When you have a group of four or more, they all disappear. You want to keep a small number of bubbles at the top of the board.

At times, a strange colored ball will appear. It will turn every bubble around it the same color (a random one), so you want to land it where it is surrounded by bubbles.

At times, bubbles with letters appear. You must pop these bubbles. The letters will appear in this order: M, G, A, I, and C. No, it's not out of order, the letters appear out of order. Pop all of them to get the word magic to appear. Press down and B once magic appears to instantly pop all empty bubbles on the board and change the bubbles' colors at random.

You go on to the next level once you're been playing for a while.

Well, this is harder than it sounds. Besides the gameplay, you have to do all of this while not staring at the naked lady at the bottom of the screen. That's hard. Luckily, you can press pause, and google at the lady without messing up the game.

Well, I would be very nice if I didn't give you a step by step guide to beating this game. Well, like tetris, the pieces go randomly, so you really can't get a good guide. Just do your best.

When you beat the first two levels, the screen goes black. Then you see a good looking girl (clothed) who says, "Bubbling bunny wants you to pop my bubble now! I bet I can make your's burst!" Poor grammar.

Two levels later, the same girl (in a bikini), says, "Way to go hot shot! Care to lather me up?".

By level 1-6, the pieces start moving much faster. Luckily, you can avoid getting in trouble by moving the pieces left/right (they move left/right at a slow pace).

Once you beat level 1-6, you see her fully nude and saying, "You're the luckiest man in the world. Now you get to soak in my suds..."

If you keep beating the levels, more of this sexually suggestive stuff appears, but it really is too much of a bother when the game is so hard.

Good luck playing the game!

#### 004-Frequently Asked Questions

Finally, this is such a popular guide that I actually have had people ask the same questions enough that I can add a FAQ section! This is finally an official FAQ!

Q: Where can I get the nude pics?

A: You can see them here: <http://uber.nu/2000/08/15>

Q: I don't wanna do the hard game. Can you give me the nude pics so I don't have to?

A: Uh, yeah. See the previous answer.

Q: Good guide for a pretty obscure game!

A: Thanks, but that's not a question.

A: See the first answer.

Q: Donde esta las pictoras nudias?

A: Uh, I think you'll want to see the first answer.

A: See the first answer. And you should watch your language.

Q: R U going 2 send me D pics? ;)

A: If you're going to write to me in English, at least make your English correct. Please. I liked the dude who wrote in Spanish better. And see the first answer.

Well, as you may guess, most of the people want to see the nude pics. See my first answer. Now please don't write asking where the nude pics are (forgive me if I deleted your letter, I usually delete e-mails with the subject "Nude Pics". Please follow the correct format (listed under general information)).
