Notes:

Most of these faces are correct, but some might be off. I am confident that most if not all of these faces are correct. If you feel different, let me know. A lot of these faces were taken from VPW2 and modified a bit. If anyone notices any errors or knows who the male/female faces that I am missing belong to, let me know. Also, DO NOT e-mail me saying 91 is Big Show. His face is "unlockable" using gameshark. If anyone wishes to use this guide for a site they manage, please e-mail me and let me know you are doing so prior to your posting of the guide. I don't really care who uses this guide on their site, it is just that I like to know who is using it and what site is using it. Thanks.

Credits and Thanks:

Team Danger- Rjtiger, Joe, and AJ for finding and compiling a list of the faces for VPW2. Without them, a lot of the Japanese faces wouldn't be known. jmcglade for the correction on some of the faces and naming some of the female's faces. Thanks to jobeisdamien at the Rana Revolution board for helping me with the VPW2 faces.
Thanks to those that have been e-mailing me, I appreciate the feedback about this little guide. It is good to see that there are people out there that want to identify all the faces. Thanks to Stylin and Profilin over at the codes4u board for posting the addy for the faces. Credit to whoever originally found the addy.

Version History:

-Version 3.14159265

I have gotten a few e-mails lately regarding how to exactly use the gameshark to "unlock" Big Show's face and the Rock's eyebrow face. I have decided to make it more detailed on how to do this. I am going to be as specific as possible, so that I don't leave anything out. I have also updated my e-mail address.

-Version 3.1415926

Big Show's face is in the game, but can only be "unlocked" using a gameshark or equivalent cheat device. Below the face I explain how to "unlock" his face. Rock's face with the raised eyebrow is also "unlocked" using gameshark.

-Version 3.141592-

I have made a correction to face # 96. It is Del Wilkes, not Christopher Daniels. I was speculative of 96 being Daniel's face. #96 is #110 in Virtual Pro Wrestling 2 for those that have that game. Check it by comparing face #110 with mask #15 (The Patriot's mask). I also fixed #94. It is Dos Caras, not Dr. Wagner Jr. #94 is #107 in VPW2. Check it by comparing face #107 with mask #18 (Dos Caras's mask).

-Version 3.14159-

I have added some more names to the female list thanks to jmcglade.

-Version 3.1415-

I finally decided to add Lillian Garcia to the list.

Changed the version #'s to better suit me.

-Version 3.141-

Added the women to the faces list.

Fixed some faces thanks to jmcglade.

-Version 3.14-

Made the initial list.

To get Big Show's face:

- 1) Turn on N64 with the gameshark and No Mercy attached and turn on the N64.
- 2) Go to the select cheat codes menu option and press A
- 3) Go to WWF No Mercy in the menu if you already have No Mercy codes entered into the gameshark. If you don't have any codes saved in the gameshark, go the the new game option and press A
 - a) Go to the detect game option and press A
 - b) Go to the exit & save option and press A
- 4) Go to WWF No Mercy in the menu and press A
- 5) Make sure you have the enable code on
 - a) If this is the first time entering codes for no mercy, go to the new code option and press A
 - b) Enter "Enable Code" for the description and F103E360 2400 for the code. Make sure default is ON. Go to exit and save the code
- 6) If you have any other codes that affect the faces of the wrestlers, turn them off. Otherwise, press start to go to the next menu
- 7) Go to the code generator option and turn it on
- 8) Go to start game with selected codes and press A
- 9) Once in the game, go the the face section in the appearance section of the wrestler you want to change the face for
- 10) Once in the face menu, press the GS button. (It is on the front of your gameshark)
- 11) A menu will come up. Go to memory editor and press A
- 12) Press A in the memory editor to bring up a menu. Go to "Go to address" and press A. Enter 8029729E as the address
- 13) Use the Up and Down C buttons to enter the value of 03 for Big Show's face. Press start once the value is entered to go back to the game
- 14) Big Show's face should now appear. Go to decision and press A. Now save the wrestler.
- 15) You should now have Big Show's face for your CAW. If you go to the face area again the data will read RROR. In order to change the face, you will need to either change it using gameshark, default the CAW, or clone over the CAW.

To get Rock's raised eyebrow face do the same above steps but change the value from 03 to 79 for the Rock's eyebrow face.
