## I. Perry Saturn's Bio

Some WWF Superstars have to rely on aerial moves that defy gravity in order to get noticed by the crowd. Others have to count on promos that are worthy of Emmy nominations for best comedy writing. But all Perry Saturn has to do is show up and people take note. His physique is that impressive.

Saturn boasts more than 200 lbs. of rock-solid muscle, and his shaved head, rugged complexion and icy stares add to the already intimidating vibe he constantly gives off. Perry is the living cliché-"person you don't want to run into in a dark alley."

After invading the World Wrestling Federation as one of the Radicalz, Perry made an immediate impact in his new home with his friends Chris Benoit, Eddy Guerrero, and Dean Malenko. Within months, though, the foursome went their separate ways, looking for individual success. And it didn't take long for Saturn to find that success, as he soon had two prizes wrapped around him-the World Wrestling Federation European Championship and Terri Runnels. Both are golden and the envy of others. And you better be ready to get physical with either of them.
