[1][INTRODUCTION]  
-----  
-----

This walkthrough is meant to help you through the wonderfully addicting game known as Harvest Moon 64! I wrote this ages ago but never got around to sharing it with everyone. I hope that you'll find some tips to enhance your gaming experience! If there is a mistake or anything that I overlooked, feel free to send me an Email.

-----  
-----  
[2][ANIMALS]  
-----  
-----

Animals are a major part of the Harvest Moon games. They are where you get most of your

profit. Don't forget to care for them properly. It'll all be worth it in the end.

-----  
-[ CHICKEN ]-  
-----

Price: 1500G

Chickens require the least amount of effort to take care of. You can keep them outside on nice days. On bad days keep them inside and feed them chicken meal. It costs 10G for one chicken meal. One chicken meal will feed one chicken.

Produce  
Egg: 50G

-----  
- [ COW ] -  
-----

Price: 6000G

You need to brush and talk to your cow every day. You also must feed them fodder or let them outside every day. As they begin to love you more they will produce higher quality milk. To get a cow pregnant you can buy Miracle Potion at the Green Ranch. While your cow is pregnant she will produce lower quality milk.

Produce  
Small Milk: 100G  
Medium Milk: 150G  
Large Milk: 300G  
Golden Milk: 500G

-----  
-[ DOG ]-  
-----

Price: Free

You get your pooch at the beginning of the game. Name him whatever you like, and take good care of him. If you always put food in his dish and bring him inside in poor weather, then he may win the dog race!

-----  
- [ HORSE ] -  
-----

Price: Free

Getting the horse is quite simple. Sometime during Spring, go to the Green Ranch. Head

into their field. You'll see a horse there. Ann will walk up and ask you if you'd like the horse's brother. Say yes, and then you'll get to keep it! Eventually the horse will grow up. You can enter him into races, and even put your crops/produce into him instead of the shipping bin.

-----  
-[ SHEEP ]-  
-----

Price: 4000G

The sheep are kept in the same place as the cows. You must feed, brush, and talk to them daily. If the weather is nice you can keep them outside. The more they like you, the better quality their wool will be.

Produce

Regular Wool: 900G

Quality Wool: 1800G

-----  
-----  
[3][BACHELORS]  
-----  
-----

It would be a good idea to get all the guys married off to the girls in the game. Of course you shouldn't marry off the girl that you want for yourself.

Here is a list of who will go with who.

1. Cliff and Ann
2. Grey and Popuri
3. Harris and Maria
4. Jeff and Elli
5. Kai and Karen

How do you get the guys to marry the girls? Simple. You have to befriend them. Each guy likes different things. Give them the kinds of items they enjoy most.

There will be scenes with all the couples once they start falling in love with each other. Eventually the guy will come to your farm and invite you to the wedding.

Here is where everyone will live once they're married.

Cliff and Ann - Green Ranch

Grey and Popuri - Green Ranch

Harris and Maria -The Mayor's house

Jeff and Elli - The bakery

Kai and Karen - The vineyard

-----  
-[ CLIFF ] -  
-----

Cliff likes all sorts of things. Berries, milk, flowers, and cake are good things to give him. Once you're his friend he'll start talking about betrayal a lot. There are a couple scenes with him and Ann. In one he arrives at your house to give you fish. He ends up bumping into Ann and knocking her over! They also argue in the mountains about Cliff's pet bird eating an animal.

-----  
-[ GRAY ]-  
-----

Gray really likes eggs. Try giving him an egg every day and talking to him. He'll even give you a recipe. Gray does a lot of cute things to make Popuri like him, such as planting flowers at the Green Ranch.

-----  
-[ HARRIS ] -  
-----

He pretty much likes anything. He seems to like the edible grass a lot though. Once you're his friend he'll start talking about connecting people together. In one scene Harris ends up saving Maria from Sammy the salesman. In another one she gives him a letter, and he blushes a really bright red and begins to sweat everywhere.

-----  
-[ JEFF ]-  
-----

Jeff likes milk. You'll make him especially happy if you give him golden milk. Once you befriend him he'll start talking about tea and Elli.

-----  
-[ KAI ]-  
-----

He likes all different types of berries. Once you have become his friend he'll start talking about his past a lot. He also will talk about Karen and how kind she is to him and such. In one of their scenes together, Kai is trying to calm down Karen. She's extremely angry and leaves the bar. He follows her because he's really concerned.

-----

[5] [CROPS AND PLANTING]  
-----  
-----

There are seven different crops that you can grow on HM64. Growing and selling crops is a major investment. Here's a small diagram on how to get the most money out of your seeds.

xxx  
xx  
xxx

Each 'x' is a spot that you till with your hoe. Stand in the very middle and use your seeds. They should fill up the entire area.

You have a small spot to stand so that you can water all your crops as well.

A note on Grass:

You can plant grass in any season (except for Winter) and it always grows back. After you cut it down with your scythe, it won't take long to grow back. The whole point of grass is to cut it with your scythe. It makes food for your animals and is stored in the silo.

[6] [EXTENSIONS]  
-----  
-----

There are 6 different extensions you can purchase to improve your house. Try and get them all! If you do you'll get a photograph to celebrate.

-----  
-[ Baby bed ]-  
-----

Money: 1000G  
Wood: 200G

You need to buy this beforehand if you want to eventually have a baby. It goes at the end of your bed and it's where the baby spends most of its time when it's very little.

-----  
-[ Bathroom ]-  
-----

Money: 3000G  
Wood: 300

The bathroom is added on to the kitchen. If you don't have a kitchen then you must go outside to go out to the bathroom. Inside the bathroom is a bath and a toilet. The bath improves your stamina. I'm pretty sure the toilet does too.

-----  
-[ Greenhouse ]-  
-----

Money: 30000G  
Wood: 580

This may be expensive, but it's definitely gold well spent. You can grow any type of crop you want in it all year long. It even has a small water basin inside for filling up your watering can. There's only one drawback to this extension - it can be blown away by a hurricane.

-----  
-[ Kitchen ]-  
-----

Money: 5000G  
Wood: 450

The kitchen is added on to the left hand side of your house. You can't get married until you have a kitchen, so it's a great asset!

-----  
-[ Stairs ]-  
-----

Money: 1500G  
Wood: 150

These stairs lead from the main room of your house to the roof. There's no real purpose to them, but you need to buy them if you want to get the extension photo.

-----  
-[ Terrace ]-  
-----

Money: 7000G  
Wood: 350

This is a large terrace that goes behind your house. It even has a picnic table on it. This extension may not have a purpose at first, but it's where everyone hangs out once your dad comes.

-----  
-----  
[7] [FESTIVALS]  
-----  
-----

There are different festivals in every season. They are a lot of fun and you can even win a lot of stuff! Here's a list of all of them.

-----  
-[ Fall Festivals ]-  
-----

Cow Festival  
Date: 4th

Enter your best adult cow to be judged with other cows from surrounding areas. You don't have to bring a cow - you can just judge the entries. If you win the contest your cow will produce golden milk. This is worth 500G! Leave your cow outside if you win the festival. Something good will happen.

### Harvest Festival

Date: 12th

This is a festival to celebrate the harvest. At some point Elli will give you a cake. If there's a coin inside then you are the new King for the year.

### Egg Festival

Date: 20th

This is like a big easter egg hunt. Look around in the boxes for the same coloured egg as the mayor holds up. There are some great prizes in it for you.

### Horse Race

Date: 28th

You can enter your horse into the race once it's old enough. There are three horse races in the day, so you can also bet on horses to get medals! With medals you can get prizes.

-----  
-[ Spring Festivals ]-  
-----

### Planting Festival

Date: 8th

All the townsfolk release balloons into the air with seeds in them. Everyone hopes that the balloons will pop and sow many seeds. If you're the kind from last year's Harvest Festival you will get to go up in the hot air balloon. If not, someone might choose to bring you with them.

### Flower Festival

Date: 23rd

Before this festival happens people vote on who will be the Goddess. You won't be able to dance with the Goddess unless the girl chosen is your wife. You might also be able to dance with her if she likes you a yellow or red heart and you're in your second year. There are lots of fun things to do here. You can buy seeds, dance, and just have a great time!

### Horse Race

Date: 17th

You can enter your horse into the race once it's old enough. There are three horse races in the day, so you can also bet on horses to get medals! With medals you can get prizes.

-----  
-[ Summer Festivals ]-  
-----

Fireworks

Date: 1st

You can watch the fireworks with a specific girl of your choice. Just meet up with them in their locations (see the 'Girls' section). You can also watch the fireworks by yourself with your dog on your farm.

Vegetable Festival

Date: 9th

You can either bring a vegetable to be judged, or you can go empty handed and be a judge. If you're a judge you can't do anything though. Like with all festivals, just showing up is enough to make people like you more.

Firefly Festival

Date: 17th

This is a tradition of the local people. It involves sending a firefly light off to sea to guide the dead ansestors back to heaven. You can buy a moonlight lantern from Rick in his shop if you have given him moonlight stones the year before.

Swimming Festival

Date: 24th

Compete with other guys in the village in a swimming race! You can win a lot of interesting prizes.

-----  
-[ Winter Festivals ]-  
-----

Thanksgiving

Date: 10th

The young ladies from the farm might come by your farm and give you cakes. Just walk outside your hose and wait. Other people who are your friends might drop by with cakes as well.

Dog Race

Date: 19th

Does your pooch have what it takes? You can enter your dog, and also bet on other

people's dogs for medals. Use the medals to buy prizes.

Starry Night

Date: 24th

A good idea would be to spend this night with your love interest. Ann, Elli, and Maria can be found at the church. Popuri can be found in the mountains and Karen can be found at the beach.

New Years

Date: Last day of Winter

It's the end of the year! Go spend it with that special someone. Most likely you'll end up watching the sunrise together. The next day (Spring 1st) is another festival in the town square. Get drunk and have fun!

-----  
-----  
[8] [GATHERING]

[9] [GIRLS]  
-----  
-----

These are the five girls you can marry in the game. Each one is different, and it will take some work to get them to like you!

You can tell how much a girl likes you by the heart in the corner of their speech box. There are five different colours.

White - indifferent  
Blue - interested (just friends)  
Green - flirtatious  
Red - in love

In order to get married you must have a kitchen. If you have a kitchen, and one of these ladies likes you a red heart, a blue feather will be up for sale at Rick's shop. All you have to do is show it to the girl you like. Remember, the girl has to have a red heart.

It's also not wise to get married as soon as a girl likes you. Wait until you've gotten all of the girl's photos before you take the plunge and ask for your girl's hand.

[15] [RESTORING THE VINEYARD]  
-----  
-----

This is very difficult, so really it should have its own section. Restoring the Vineyard is a very common question that people ask.

Here are the steps.

1. In the first Spring go to the bar every night. You don't have to go on Sundays because it's not open then. Talk to Duke and give him a flower or berry. Eventually he'll start repeating himself. As well as doing this you must befriend the harvest sprites.

2. Around the 10th of the month Duke will give you the old wine when you talk to him.

3. Continue giving the harvest sprites gifts until they mention the Door to Heaven wine. They will also tell you to speak to the Goddess for more information.

4. Go to the Goddess pond between 9 AM - 5 PM. Throw a crop or egg into the pond and the Goddess will come out. She will give you the normal things you can wish for, but you can also wish about the wine.

5. Select the wine option. Soon there will be a scene where you and the Goddess look at the old tree in the vineyard.

6. During the Fall the Goddess will come and talk to you in her sleep. As soon as you wake up go to the vineyard. It will have been restored!

NOTE You must restore the vineyard to get Karen's picture. Make sure she's at a yellow/red heart by Fall 7th and also make sure you've rescued her when she sprained her ankle. Karen will excitedly come to your farm one day and ask you to follow her. Do what she requests, and there will be Keifu faries. She'll dance with them and you'll get a picture of it later.

[16][SECRETS AND TIPS]  
-----  
-----

Some things that may enhance your gaming experience!

-----  
-[ Better Milk and Wool ]-  
-----

Let your sheep or cow get sick. Then buy it some medicine and give it to them. The next day their milk/wool will be worth more. It wouldn't be wise to do this if you're trying to get the party picture.

-----

-[ Free Medals ]-

-----

Buy horse or dog medals as you usually would. But instead if pressing 'A' to confirm it, press 'B'. You know, on the button where it says you're done. It'll count that you bought the medals when really you haven't spent a cent!

-----

-[ Free Wine ]-

-----

Get the glass bottle from Rick at the Flower Festival. Go to the Vineyard and go into the shed where they store the wine. Use the bottle when you are near the wine barrels. Your bottle will fill up and you can drink the wine. This is an easy (and cheap!) way to build up your alcohol tolerance.

-----

-[ Karen Quicky ]-

-----

Want to get Karen up to a red heart quickly? It's easy! First you have to find where she's hanging out. Bring your dog to her and show her. For every 50 or so times you show her your dog, her heart level will go up by one colour. It may take a little while to do but it's well worth it.

-----

-[ Music Box ]-

-----

Once you get the music box you can give it to the girl you like. It will make them like you even more! You can always re-dig up the music box any time you want. Here are the steps on how to get it.

1. Press 'A' at the tree near the pond in your farm. You should get a treasure map! It tells you where to dig.
2. Go to your doghouse and walk straight across your field. Stop when you're under the tree. Make sure that you're still right across from the doghouse though.
3. Dig on the same spot over and over again until you get the music box.
4. Bring it to Rick. You have to be friends with him. He'll volunteer to fix it up for you.

5. Bring it to the girl of your choice and talk to her. She'll comment about the music box and then you can give it to her! This present will make her like you quite a bit more.
