Gamble:  
Equip all your seeds and put rocks along 1H. Now hoe all the rest, close your eyes, run around some, and (keeping your eyes closed) put down some seeds. Do this a few times with each seed. Open your eyes only after you press START to change seeds or you're done.

Keep your dog in the greenhouse, it won't break while it's in there.-\_^

At this moment and time, only Neoseeker.com may use this. You may print\save part\whole of this if you like, and if it is for personal uses. Do not e-mail me mean things (this sucks, get off the net ect.) I made this all by myself and I don't like being helped so please don't email me hints, secrets ect.
