Alternate Costume Guide

Requirements:

In order to be able to obtain the alternate costumes you must have: - Beaten the game - Collected all 44 entry passes - Talked to Wiseman to hear him hint about purchasing costumes

Alternate costumes can then be purchased at the general store (red entrance) in the towns listed below for the prices listed below. Alternate costumes are not displayed in the general store, you must speak to the shopkeeper to see their availability. Alternate costumes can only be purchased by the character that can wear that specific costume. For instance only Ebismaru can purchase the "Raccoon" alternate costume.

Once you have purchased an alternate costume you can choose it on the character select screen by hitting up or down on the control stick or the d-pad.

Note that Tree Stump Village has multiple general stores. Each one stocks a different alternate costume.

Alternate Costume Locations & Prices

Yae Swimsuit	700	Floating Castle	Floating World Town

Acknowledgments

Special thanks to my brother, mjpg3456789, for playing this game with me from start to finish and collecting all 44 entry passes. This would not be possible without him. Also special thanks to Evanboy203. His guide for this game was used to obtain some of the less than obvious entry passes.
