2.Introduction

Hey there, I'm Jordan and I am writing this FAQ to help people out there who don't know the answers. In the game Paper Mario, there is a worm that appears in different area's and asks you questions as you travel along and progress in the game. Some of the worms (Chuck Quizmo's) questions are hard, but some are real easy. This guide is to be used to find out those answers and any others you might have. I will try my hardest to make this faq the best that it can be.

3.Chuck who???

His name is Chuck Quizmo. He is a worm with a top hat. He appears in random places and asks you questions. If you answer his questions correctly, you will get a star piece. Once you accumulate enough star pieces, you can trade them for badges. Chuck shows up in 64 places in the game where he spits off questions. Your job, to answer them. His stars that you get will help your journey and make it much easier. So with further due, here is the FAQ
