## 1. Introduction

---

### a. Welcome!

Hi. This is my first FAQ for my favorite game of all time: Starfox 64. I'm surprised no one has created one yet, but it is quite a task to tackle. I had a lot of fun creating this guide, and I hope you enjoy it. Just one thing I ask of you- if you want to use it on your website, please give me credit, It took awhile to type all of the quotes and I had to replay some levels that I normally can't stand to make this guide as complete and accurate as possible.

I have the majority of the quotes down (Roughly 99%), but I'm sure I missed a few. So please, if anyone can lend a hand into making this guide as complete as possible I would really appreciate it and give you credit! Also, if you see any errors, either they be wording, spelling, or major punctuation (If it's "!!!" instead of "!!" I don't care. It has to be MAJOR.) let me know and you'll also get credit. Thanks.

b. How to use this guide:

\*All the Quotes for each character are in alphabetical order (Unless I messed up.. notify me if you see this.)

\* I listed total # of quotes so you can check back and see if I added any new ones (Then check version history to find exact update)

\* You can print this out and use it for whatever you want (Nostalgia, trivia with friends.. Whatever.)

\* Be warned: There are obvious spoilers.

6. FAQ  
=====

Q: You forgot a quote!

A: I did? Then by all means tell me which one! I'll even give you credit for it. Contact me ASAP at: nocturnal\_owl\_ninja@yahoo.com

Q: Hey! That's not word for word/exact punctuation

A: Well, excuse me for having a life. I really don't care if the punctuation is a little off (Like I put two !! When it should have been !!!, ect.) But if you see anything major, like the WORDING of the quotes (Which you shouldn't, I'm confident that almost every single one is correct) then let me know and you'll get credit.

Q: What's the purpose of this guide?

A: Look at it as a pseudo-text dump. Of course, mostly doing it for the fans and great nostalgia. Plus somebody's gotta do it!

Q: What's your favorite line?

A: Either Peppy's "Do a barrel roll" or General Pepper's "You're going to attack the enemy base? Great idea Starfox!" How did he become general, anyhow?

Q: Who's your favorite character?

A: I like Peppy a lot: he's wise, caring in that Fatherly sort of way, and has a handful of great lines. I also like General Pepper, he has a cool voice and also has that one hilarious line about bombing Macbeth. Otherwise, I like everyone else about the same, they're all very cool in there own ways...except for Pigma...he scares me.

Q: Are you going to make a guide for the SNES Starfox quotes?

A: Maybe, maybe not. Depends. Okay, probably not. I suck at that game and there isn't too many quotes worthy of making a quote guide unless I integrate it with this one.

Q: How about a Starfox Assault quote guide?

A: I don't have Starfox: Assault, I only rented it and was sourly disappointed with it. However, I may consider purchasing the game after a massive price drop- there's no way in hell I'm paying \$50-\$60 for a barely medicore game. So, to answer your question: More than likely no. I have little to no motivation for that game so someone else can have the pleasure of making one. Besides someone already made one.

/end shameless plug.

Q: You're a girl?

A: Yes I am!!
