===== Introduction =====
=====

This guide was written for those who wish to enjoy the story of Dissidia: Final Fantasy but don't know how to read or understand Japanese. It was also written because I was sick and tired of seeing God-awful translation attempts in the forums and people saying there is no character development or the Dissidia's story is shallow even though no one understood it. Geez, people, how about actually finding out what it is before criticizing it? Anyways, this is my first FAQ so my format is ugly and I'm not a hundred percent sure what should be included. If you have any suggestions on what I should translate, spot any errors, or have any tips as to how to improve the FAQ, e-mail me in the address found above. Make sure to include "Dissidia" in the subject or I'll delete it. (No, I will not translate game mechanics like accessory rise conditions or summon properties. Story and flavor text only.)

Reasons to send me an e-mail:

- *You've spotted a translation error, grammatical error, or typo.
- *You have constructive criticism or a suggestion for a change in the FAQ.
- *You want to contribute to the FAQ.

*You want permission to put this FAQ up somewhere other than GameFaqS or wish to use these translations in their subs.

*You want to give me praise! =D

===== Future Additions =====
=====

In future updates, I plan to add character profiles and summon dialogues.

=====
===== Notes =====
=====

*I opted to keep character names in their given romanization in Dissidia.

*Entire lines surrounded by quotes are thoughts, just like in-game.

*Text in parenthesis represents text that isn't subtitled. Usually laughs or small side dialogue (Cefca has a lot of these).

*The following characters have accents and speech patterns that should be taken note of:

Cloud: Uses idioms. A ton of them.

Tidus: Talks like a surfer (Dude!). He also has these monologues like he did in his own game, so whenever you see a long chain of "thought" dialogue, note that it's supposed to be reminiscent of his game.

The Emperor: Extremely formal. It's to the point where he calls his enemies "gentlemen" and "sirs".

Cloud of Darkness: Talks like an old woman/witch.

Exdeath: Uses the kanji for "nothing" a lot. Thus he says words like "meaningless" and "futile" and "useless" a lot. You know, because of his whole obsession with the Void.

Cefca: Talks like a crazy man.

Sephiroth: Talks in a very sophisticated manner, like a know-it-all bookworm,

Kuja: Uses a lot of theatre and music metaphors.

Jecht: Talks like a gangster/biker.

I included English equivalent idioms for Cloud and tried to convey the subtle differences in speech patterns that each character possesses, but whether or not I've been successful is up to you.

*I have made the following abbreviations in the script:

Warrior of Light --> WoL
Onion Knight --> OK
Cloud of Darkness --> CoD

|DESTINY ODYSSEY 001|
|=====|

Scene opens on a border between Cosmos' world and Chaos' world, where both armies are standing off.

Cid: The Goddess of Harmony, Cosmos, and the God of Discord, Chaos.

Cid: These two gods reigned in a far-off dimension and summoned warriors

from many different worlds and commanded them to fight a fierce battle.

Cid: Cosmos and Chaos were equal in power.

Cid: Their conflict was supposed to continue for all eternity. However...

The forces of Cosmos and the forces of Chaos clash in an epic battle. The scene ends with WoL alone and unconscious on the floor.

```
|=====|  
|DESTINY ODYSSEY 002|  
|=====|
```

Scene opens on WoL as he regains consciousness and gets up off the floor. He then hears Cosmos' voice.

Cosmos: I have been defeated.

WoL: Cosmos!

Cosmos: I... couldn't protect this world.

WoL sees a pillar of light in the distance and begins walking towards it.

```
|=====|  
|PROLOGUE|  
|=====|
```

Scene opens on WoL after regaining consciousness.

WoL: Cosmos... Cosmos?

Cosmos: I'm glad... You're all right.

WoL: Cosmos, where exactly is this place? This world...

Cosmos: I... was defeated by the overwhelming power of discord earlier.

Cosmos: This is what the world where all of you were has become. Everything has been crushed by despair.

Cosmos: At this rate, it is only a matter of time before the world and I sink into the darkness...

WoL: Ugh... Is there no way to save you... or this world?

Cosmos: ...There is one way.

Cosmos: Can you see the black mark in front of you? That is the God of Discord, Chaos' [Stigma of Discord].

Cosmos: If you shatter that stigma... the path forward will reveal itself.

WoL: The path forward? Cosmos, what exactly is that...?

Cosmos: First, destroy that stigma... That is the first step in driving back this despair.

Cosmos: If you do not fear what the future holds and break that stigma, a new world will open up before you.

Cosmos: On your path, you will probably encounter despair. Nevertheless, you must continue...

WoL: You don't need to worry, Cosmos.

WoL: Even if I am injured or defeated, I will never lose the light within me...!

WoL destroys the Stigma of Discord. Scene changes.

Cosmos: When the stage begins, you're given a set number of movement points (DP) located at the top left of your screen: [Destiny Points]
These are a product of the power of harmony that protect you from the discord...

WoL: I feel a warm light. Could this be...?

Cosmos: Yes, this is the last of my power remaining in this world... Please use this power to carve your fate.

Cosmos: If you destroy that mark, the remaining power will help you by becoming another power that will take on a different shape.

WoL: Another power...?

Cosmos: You will understand in due time. For now, please concentrate on continuing forward.

Cosmos: Shatter that stigma and expand the world... and save the world from this despair...

WoL encounters and defeats an Imitation.

WoL: He looked exactly like me. What exactly was my enemy just now...?

Cosmos: An Imitation... They are imitation life forms that accompany Chaos' soldiers.

Cosmos: You will face a countless number of Imitations. But do not be afraid.

WoL: Yeah, I am prepared to cross swords. These low-level imitations... are not my enemy.

WoL proceeds to destroy another Stigma of Discord.

WoL: There are two enemies...

Cosmos: Be careful... If you challenge an enemy, all other enemies nearby will sense your presence and ambush you.

WoL: A succession of battles...? I should proceed with caution then.

Cosmos: It is all right in this instance. Because you have captured this space, a chance has appeared.

WoL: Yeah, I can fight without expending a Destiny Point.

WoL proceeds to destroy another Stigma of Discord. Scene changes.

Cosmos: If you defeat this Imitation, my power will be able to return to these untamed lands a little.

Cosmos: From now on, you must continue on your own with what you have learned.

Cosmos: You are a Warrior of Light. Never forget that... No matter what kind of hardships lie ahead... There will always be a way...

Cosmos: And there is always your own brilliance... If you do not give up... A way will definitely...

WoL: Cosmos... Cosmos...!?

WoL: Ugh... If I don't hurry...

```
|=====|  
|DESTINY ODYSSEY 003|  
|=====|
```

Scene opens on WoL who sees a faint glow and a figure in the distance, and he runs towards it, arriving at Cosmos' throne.

WoL: Cosmos!

Cosmos: I... have been defeated by Chaos.

Cosmos: The God of Discord, Chaos.

Cosmos: In his rage, he tore apart all harmony...

Cosmos: And the world has lost its original shape.

Cosmos projects holograms to the other heroes, who were scattered by the battle. Scene switches to Zidane and Butz.

Cosmos: Everything is sinking into a vortex of discord.

Cosmos: The ten of you are this world's last hope.

Cosmos: So please obtain them.

Scene switches to Frioniel, Cecil, Cloud, and Tidus.

Cosmos: Even though the world is broken, they haven't lost the brilliance of their light...

Cosmos: The crystals.

Scene switches to Tina and OK.

Cosmos: The crystals have the power to oppose the despair.

Cosmos: If the ten crystals can be collected, then there is still hope to save this world.

Cosmos: The path to the crystals is a difficult one...

Cosmos: Everyone's struggles will differ.

Scene switches to Squall.

Cosmos: Believe in your own path, and continue down it, no matter what.

Cosmos: Even if your destination is unclear...

Squall: No problem.

Squall: I already follow my own path.

Scene switches to Zidane and Butz.

Zidane: If the treasure was easy to find, it wouldn't be a treasure hunt.

Butz: This isn't a game, so don't have such a carefree attitude...

Butz: You have to enjoy yourself seriously.

Scene switches to Tina and OK.

OK: Cheer up. I'm with you.

OK: If you're scared, you can believe in me.

Tina: Then I'll be depending on you.

Scene switches to Frioniel, Cecil, Cloud, and Tidus.

Cecil: Perhaps each of our paths to the crystals is different.

Cecil: But we have comrades.

Frioniel: If we combine our strengths, we have nothing to fear.

Cloud: Hmph. How naive.

Cloud: Chaos is in command. The soldiers of discord... They'll be coming after us.

Cloud: You must keep your guard up.

Tidus: The enemy is strong, but I'm totally getting fired up!

Cosmos: Thank you...

Scene changes to WoL, who is kneeling in front of the real Cosmos.

Cosmos: There is little left of this world. The rest has sunk into discord.

Cosmos: Until everyone finds the crystals, I cannot support you...

Cosmos: I'm sorry. I want to be with you...

Cosmos: But I need to rest a little...

WoL: Cosmos.

WoL: Your light is always with us.

Cosmos vanishes and you see each respective group of heroes set off on their new mission.

|=====|
|DESTINY ODYSSEY 004|
|=====|

Scene opens on the villains' headquarters.

Ultimecia: When the time comes, everything will fall into place.

Ultimecia: The final struggle...

The Emperor: And then the perfect ending.

The Emperor: If we seize the crystals...

The Emperor: Will it all go according to the goddess' plan?

|=====|
|D.O. I (PART 1)|
|=====|

Scene opens on Chaos and Garland have a discussion.

Chaos: I am the God of Discord... Supreme ruler of all beings in this world... Correct?

Garland: Yes. To defeat Cosmos and have discord overtake this world... That is the duty given to us.

Chaos: Once I regain my lost power, this battle shall be over. Victory is only a matter of time.

Chaos: However... there is something... that's bothering me... Garland, what you said... Do you really believe it will come to pass?

Garland: ...Of course, Chaos.

Scene switches to WoL on his journey.

WoL: I sense the presence of evil... Do they plan to impede my path?

WoL destroys the Stigma of Discord.

WoL: Now, I must hurry ahead. At this rate, Cosmos will...

|=====|
|DESTINY ODYSSEY 005|
|=====|

Scene opens on the WoL traveling as he remembers Cosmos' words.

Cosmos: "Please obtain them."

Cosmos: "Even though the world is broken, they haven't lost the brilliance of their light. The crystals."

WoL: Cosmos...

WoL: As per your wish, we will definitely

WoL: obtain the crystals. The hope of the world...

Garland approaches from off-screen,

Garland: And where do you think you're off to?

WoL: Garland!

Garland: Do you intend to retreat from the battle?

WoL: I don't intend on retreating from anything.

Garland: Then let us begin it.

Garland: The moment of fate is nigh...

Garland: Why don't we just enjoy ourselves for now?

WoL and Garland begin their fight.

```
|=====|  
|DESTINY ODYSSEY 006|  
|=====|
```

Scene opens on Tina and OK traveling.

OK: The crystals... They have the power to break through the despair, huh?

OK: I wonder what they are exactly.

Tina: I wonder how we're supposed to look for them.

Tina: Even if we find them, if the world can't be saved...

OK: The goddess spoke very highly of them, didn't she?

OK: Even though there is no assurance that Cosmos' words are true, we have no way of knowing that they are false.

OK: In any case, we can do nothing but believe in them for now, right?

OK: Let's just try doing what we can first.

Tina: Yeah, you're right.

OK: If we just stand around, we won't find an answer. The first thing we need to do is keep moving.

OK: Don't worry.

OK: I'll definitely find the right answer.

```
|=====|  
|D.O. III (PART 1)|  
|=====|
```

Scene opens on OK and Tina traveling.

Tina: Look... Our path is obscured. Are there enemies lying in wait for us?
Or...

OK: It could be enemies or it could be treasure. We have no idea what's there, so let's proceed cautiously.

|=====|
|D.O. III (PART 2)|
|=====|

Scene opens on CoD conversing with Cefca.

CoD: ...Do you really think we can use that girl?

Cefca: Of course! Her power is The. Real. Thing!

CoD: ...If you hold her in such high regard, I shall believe you. Let me see how useful she can truly be.

Cefca: Please do! Shall I demonstrate her power again like last time?

CoD: ...Last time?

Cefca: No, no, no, no! I TOTALLY said THIS time. Anyways, Here. We. Go!

Scene switches to OK and Tina traveling.

Tina: I sense the presence of many enemies here, as well. Will it be all right...?

OK: I'll observe the enemy before each fight. What kind of person he is and what equipment he is utilizing.

OK: If he is weak with a sword, I'll fight him with a sword. If he is weak with magic, I'll fight him with magic.

|=====|
|D.O. VII (PART 1)|
|=====|

Scene opens on Cefca conversing with The Emperor.

The Emperor: ...What does he know? What is he after...?

Cefca: Don't worry about it. That guy is just a sadist who looks down on others.

The Emperor: Sephiroth... He took his own life. At the end of the last war, right before my eyes...

Cefca: Seriously? What's the point of that?

The Emperor: He was probably testing something. If we do not move carefully...

Scene switches to Cloud traveling.

Cloud: Why...? I feel like something is calling me. Is it my crystal...? No, it's something far more sinister...

Cloud continues forward.

Cloud: Are there enemies everywhere...? Am I fated to continue fighting

forever...?

```
|=====|
|DESTINY ODYSSEY 007|
|=====|
```

Scene opens on Cloud, who is alone. Cecil, Frioniel, and Tidus come running towards him.

Cecil: Well? Any sign of the crystals?

Cloud: No. None.

Tidus: So the crystals are the hope that can save this world, right?

Tidus: How are we supposed to, like, find them?

Frioniel: Don't we just keep on fighting?

Frioniel: If we defeat every enemy...

Cloud: We don't know anything beyond that. It's dangerous to fight so recklessly.

Cloud: No one can win every fight.

Tidus: So we should take a break from the fighting every once in awhile?

Frioniel: That definitely sounds good.

Cecil: Cloud sure is a big help. We could all learn from your calm assessment of the situation.

Tidus: We could all learn from Cecil, too!

Frioniel: Speak for yourself!

Everyone except Cloud laughs.

Frioniel: We aren't so bad ourselves.

Cecil, Frioniel, and Tidus head off first.

Cloud: "Calm?"

Cloud: "No, that's not it."

Cloud: "I'm definitely not..."

```
|=====|
|D.O. VII (PART 2)|
|=====|
```

Scene opens on Cloud, Cecil, Tidus, and Frioniel traveling.

Cecil: The enemy seems to be multiplying. We must conserve our strength...

Cloud: Study the enemy's movements carefully. They will definitely leave openings after they attack. These Imitations are not very strong. Don't get carried away in the heat of battle.

Tidus: Got that, Frioniel?

Frioniel: Yeah... I'm envious of Cloud's composure.

Cloud: "...It's not composure. I'm... actually afraid right now."

Cloud, Cecil, Tidus, and Frioniel continue forward.

Tidus: Nice, Cloud... All right, wanna have a match?

Cloud: ...Please show some restraint.

```
|=====|  
|DESTINY ODYSSEY 008|  
|=====|
```

Scene opens on WoL and Garland after their battle. Garland is kneeling on the floor.

Garland: You scoundrel, do you truly plan on saving this world?

WoL: That is our mission.

WoL: All hope has not yet been lost.

Garland lets out a sinister laugh.

Garland: How foolish.

Garland: The hope that you desire is an illusion.

Garland: To pursue that is to run away from the truth. Even if you reach it, there is no way to seize it.

WoL: What?

Garland: You'll learn the truth of this battle eventually.

Garland begins fading.

Garland: This world will betray you.

Garland disappears with a sinister laugh.

WoL: No matter what this world really is...

WoL: The light is with me.

```
|=====|  
|DESTINY ODYSSEY 009|  
|=====|
```

Scene opens on Frioniel, Cecil, Cloud, and Tidus resting.

Tidus: So, like, what are the "crystals"?

Cecil: Can you defeat Chaos by just having the crystals?

Frioniel: If it is Cosmos' wish, we need only fulfill it.

Cloud: What are we fighting for?

Frioniel: "What" you ask...? To defeat Chaos.

Frioniel: To restore peace to this world, right?

Cloud: The only thing Cosmos told us is to gather the crystals.

Cloud: If we defeat Chaos, there is no guarantee that peace will return.

Cloud: No one knows what will happen to this world.

Tidus: At any rate, we should have faith in her, dude!

Frioniel: Even if we don't know, either way, we have to fight for now, don't we?

Cloud: I... want to agree.

Cloud: But what are we fighting for? Right now, I don't see an answer either. And I don't want to just brush it off.

Frioniel: Cloud...

Cloud: What about you guys?

Cloud: Even in our current situation, I want to know your reason to fight, if you have one.

Cecil: A reason to fight... I haven't exactly thought about that before.

Tidus: I want to settle things with my old man!

Frioniel: Isn't that a bit self-centered?

Cloud: Tidus, that's a good reason.

Frioniel: Let me think about it a little bit, won't you?

Frioniel: I want to find an answer that you'll accept.

Cloud: Sure.

Frioniel, Cecil, and Tidus head off first.

Cloud: An answer...?

```
|=====|  
|DESTINY ODYSSEY 010|  
|=====|
```

Scene opens on Tina and OK traveling.

Tina: Wait a second.

OK: What?

Tina: I'm getting a strange sensation...

Tina There's a strong feeling coming from that direction.

OK: Could it be... a crystal?

Tina: I don't know. All I know is it has a strong presence.

OK: Let's go check it out.

OK begins to run until he notices that Tina isn't moving.

OK: What's wrong?

Tina: My heart is unsettled for some reason...

Tina: I have a feeling we shouldn't approach it.

OK: Tina, we should probably look for any clue to the whereabouts of the crystals.

OK: It'll be okay. If it's an enemy, I'll handle it.

Tina: But...

OK: Chaos' underlings are strong. However, those guys only know how to break things.

OK: On the other hand, I...

OK points to his head.

OK: have this.

OK: Now, let's keep going.

OK takes off before Tina, who hesitates before following.

|=====|
|D.O. III (PART 3)|
|=====|

Scene opens on OK and Tina traveling.

Tina: Are we... really going to continue this way? The enemies also appear to be stronger in this area, too...

OK: No need to worry, Tina. It would only be reckless if we just ran in, but if we carefully study our enemies, we'll be able to find openings.

OK: Imitations are very simple. If you fight intelligently, there's nothing to be afraid of.

Tina: ...You're so strong. I'm envious of your strength.

|=====|
|DESTINY ODYSSEY 011|
|=====|

Scene opens up on Zidane and Butz running towards Squall.

Zidane: You saved us! Thanks!

Butz: Hmm? Are you alone?

Squall: Yeah...

Butz: Then join us in our travels. We'll search for the crystals together!

Zidane and Butz run ahead.

Squall: "How did it become like this...?"

Squall: Sorry, you guys...

Squall: But it'll be easier if I'm on my own.

Zidane and Butz stop in their tracks and exchange a glance.

Zidane: Isn't being alone... lonely?

Butz: Well, I guess it's also fine to split up and search...

Butz: Then we'll go that way.

Zidane: We'll meet up again when we obtain the crystals!

Zidane and Butz run off again. A minute later, Butz comes running back to Squall.

Butz: Ah, that's right...

Squall: What now?

Butz: Since we finally met up again.

Butz produces a yellow feather and hands it to Squall.

Butz: Take this with you!

Squall: What's with this filthy feather...?

Butz: "Filthy"...? That's a bit harsh.

Butz: This is my good luck charm.

Butz: This guy got me out of a lot of tight spots.

Squall: ...This is a battlefield. Do you really think such a trivial thing will decide people's fates?

Butz: I'm just worried about you.

Butz: I'll be fine because I'm with Zidane.

Butz: So just return it to me when we meet again!

Butz puts the feather in Squall's hand.

Butz: Promise!

Butz then chases after Zidane again.

Squall: "How presumptuous... A promise..."

|=====|
|D.O. VIII (PART 1)|
|=====|

Scene opens on Squall traveling.

Squall: "This feather... is something important to him? If that's the case... Why did he give it to me...?"

Squall continues forward.

Squall: "Geez... These pests just keep coming one after another."

Squall continues forward.

Squall: "Hmph... Not bad."

|=====|
|D.O. VII (PART 3)|
|=====|

Scene opens on Cloud, Cecil, Tidus, and Frioniel traveling.

Tidus: Oh! That's a lot of treasure, dude!

Cloud: Yeah, the leftover strength of the gods. We should obtain them.

Cecil: Let's not miss any treasure boxes.

Cloud: No, that's not the best idea. It's smarter to keep our eyes on the prize than to have our enemies snatch victory away from us.

Tidus: Right. Swinging that burdensome sword around more than you need to will only tire you out, dude.

Cloud: ...It's not a burden. It's a memento.

Cloud, Cecil, Tidus, and Frioniel continue forward.

Cloud: "If this war is supposed to drain our 'strength'... Then I already... have nothing more to lose."

Cecil: ...Are you hurt, Cloud? Do you want to rest for a bit?

Cloud: No, I'm fine... I was just thinking about something.

|=====|
|DESTINY ODYSSEY 012|
|=====|

Scene opens up with Cloud staring off into the distance and Frioniel approaching him.

Frioniel: A reason to fight. I've been thinking about it for a while.

Frioniel: But putting it into words is pretty difficult.

Cloud: Is that so?

Frioniel: If I had one wish...

Frioniel: Then it would be this.

Frioniel produces a wild rose in his hand.

Cloud: What's that?

Frioniel: A "wild rose".

Frioniel: It's a sight I've always wanted to see.

Frioniel: For that, I want to end this fight.

Frioniel: Well, for now, we can only talk about our dreams.

Cloud: Dreams?

Frioniel: Yeah, we can't give up on our dreams.

Frioniel: Because of that, we can keep fighting.

Cloud: Frioniel...

Cloud: Will you fight me?

Frioniel: Huh?

Cloud: I want to know.

Cloud: Can you continue fighting just because of that?

Cloud: Show me the strength of someone who believes in dreams so strongly.

Frioniel: But...

Frioniel: All right, I understand. I accept your challenge.

Cloud and Frioniel begin their fight.

Scene opens on Tina and OK.

OK: Tina, the presence?

Tina: It was here just a second ago...

Tina looks around and then spots a portal opening near them.

Tina: Get back!

Exdeath emerges from the portal and takes a good look at Tina and OK.

Exdeath: Cosmos' subordinates?

OK: "What's with this guy's presence...?"

OK: "Unfathomable power... I can't even compare!"

Exdeath: I leave to quench my boredom and I run into a girl and a child...

OK: "I have no chance of winning if I face him head on."

OK: "Tina is also here. For now..."

OK: W-Would you please let us go?

Exdeath: What?

OK: The two of us couldn't possibly compare to your power. Even if you fought us, we wouldn't even help you alleviate any of your boredom.

OK: So, if you seek out other stronger opponents, you should be satisfied.

OK: If you were to pick on the helpless, you would be a coward.

OK: That's all I have to say.

Exdeath: Would not letting powerless people go be just as meaningless?

Exdeath laughs in amusement.

Exdeath: All right. I'll overlook you two.

OK is visibly relieved.

Exdeath: But, youngster,

OK tenses up again.

Exdeath: I'll only say this once:

Exdeath: A person who lacks courage is incapable of obtaining the crystals.

Exdeath teleports away and OK lets out a sigh of relief.

OK: Piece of cake.

OK: Even when you get stuck with someone like him, you have to find any way you can to escape.

OK: That's my policy for not fighting opponents I can't win against.

Tina: But, is it really all right?

OK: Is what "all right"?

Tina: It seemed like he let us go on purpose.

Tina: It seemed like he wanted to give you that piece of advice more than he wanted to fight.

OK: What he said about "a person who lacks courage"?

OK: Fighting a losing battle isn't courage. It's just reckless and futile.

Tina. I'm sorry. But...

OK: If it's like that, I'll obtain the crystal as proof.

OK: I'm not "a person who lacks courage".

OK: Let's go. Do you still sense that presence?

Tina: It's further up ahead.

OK: All right.

Scene opens on Cloud and Frioniel after their fight. Frioniel is kneeling on the floor.

Frioniel: It's... not over yet!

Frioniel throws a dagger at Cloud's face and stops it just before it strikes Cloud. Several of his other weapons are also floating near Cloud, ready to strike. Frioniel then lets them fall to the floor. Frioniel hangs his head in defeat, but Cloud walks over and offers him a hand.

Cloud: It really is impressive.

Frioniel: Like I said. I won't give up...

Frioniel: On my dream...

Frioniel accepts Cloud's hand.

Cloud: Yeah. But...

Cloud: I'm not like you.

Frioniel: Why?

Cloud: Even though I've searched, I can't find one.

Cloud: I'm always wondering what I should do without a dream.

Cloud: I'm sorry. I didn't mean to burden you with my problems.

Cloud walks off.

Cloud: "The answer I seek..."

Cloud: "Probably doesn't exist."

Scene opens on Cefca conversing with Exdeath.

Exdeath: ...That light is not proceeding the way he should. Your plan has failed, Cefca.

Cefca: Failed, you say? Have you forgotten the tremendous power that the girl showed in the last war!?

Exdeath: ...In the last war, she was indeed a great tool. However, this time, it is different. Even you can see the clear purpose she possesses this time, can you not?

Cefca: ...So what?

Exdeath: Give it up. That girl is no longer a piece of Chaos. She is now an established piece of Cosmos...

Cefca: ...Give it up? I will draw out that girl's power... And by doing so, I will annihilate all of my enemies! This is my decree!

Scene switches to OK and Tina traveling.

Tina: Where did that man from earlier go...? I wonder if everyone else is all right.

OK: Everyone is continuing down their respective paths. Those who like to use their swords should do so. I prefer to continue with my brains.

OK: I'll find my crystal soon enough.

Tina: But... What's this unpleasant premonition I'm feeling...?

Cecil: That's just like Frioniel.

Cloud: He told you?

Cecil: He's a shy person, so it wasn't easy getting it out of him.

Cecil: He said, "If the wild rose can bloom forever, everyone will want to make the world a peaceful place."

Cloud: What a childish thing, a dream...

Cecil: Even so, you sure are blunt about it.

Cloud: Maybe I'm just chasing the wind.

Cloud: How about you, Cecil?

Cecil: It doesn't seem like I would be able to give you a satisfying answer either.

Cecil: But there may be someone, somewhere, who has an answer for you.

Cecil: Why don't you try looking for him?

Cloud: But...

Frioniel and Tidus come running to join their companions.

CoD: Do not interfere. We're in the process of waking her true power.

OK: What did you do with Tina?

CoD: So you're the legendary Onion Knight?

CoD: Even if the legend was greatly exaggerated, you're just a child.

CoD: Who is responsible for all of this? Do you not know?

CoD: Who is the one who swung his sword at the girl to save her from her pain?

CoD: The insolent person who forced the poor girl to continue forward...

Squall: It's just a useless thing that was forced upon me.

Cosmos (Ultimecia): It's showing on your face, Squall.

Cosmos (Ultimecia): You regret not going with your friends, don't you?

Squall: I don't regret it at all.

Squall: However... Those guys are worried about me.

Squall: Their compassion is such a troublesome burden.

Squall: But I will become a useful rear guard and end up helping them.

Squall: Declining their invitation... might have been a bad idea.

Cosmos (Ultimecia): Not at all. Your decision was correct.

Cosmos (Ultimecia): The way to obtain the crystals is hidden in each of your hearts. You have to fight your true enemy.

Cosmos (Ultimecia): You must stand against your true enemy alone.

Squall: My true enemy... Her!?

Cosmos (Ultimecia): That's right... The time-manipulating sorceress, Ultimecia.

Cosmos (Ultimecia): If you defeat her, you will obtain your crystal.

Cosmos (Ultimecia): For that, you must take the harsh path of solitude...

Cosmos (Ultimecia): Will you be able to follow through with your own resolution?

Squall: I can't answer that yet. Do you want me to swear an oath?

Squall walks off.

Cosmos (Ultimecia): Yes... That would be great.

Ultimecia: Do we have any guarantee that it will all go as The Emperor has planned? Is it really possible to bestow a "perfect death" upon Cosmos?

Garland: ...In other words, you have your own plan?

Ultimecia: Are you not the same? I know... You are well connected with Chaos.

Garland: Hmph...

Ultimecia: It is extremely important to survive until Shinryuu begins to move. And I am willing to do anything I can to make sure I do.

Ultimecia: ...Will you join forces with me?

Scene switches to Squall traveling.

Squall: "The resolution of isolation, huh...? Not a problem.

Squall: But if I'm going to be traveling alone, I need to continue cautiously.

OK: It's all my fault.

Cosmos: It is.

Cosmos: You overestimated your own ability.

OK: Do you know a way to save Tina!?

Cosmos: Defeating the Cloud of Darkness is the only way.

OK: Her?

OK: But my policy of not fighting opponents I can't win against...

OK: Ah, that's right! The crystals!

OK: If I obtain my crystal, then I can save Tina...

OK: They have the power to save the world. I won't have to fight her!

OK: Hey, tell me where the crystals you think so highly of are!

Cosmos: Avoiding a fight is also one way.

Cosmos: No one can deny you your decision.

Cosmos: But, is that your true desire?

OK: My true desire...?

Cosmos: The crystal is the brilliance of your resolution.

Cosmos: If you follow your heart's truest desire, you will obtain it.

Cosmos: That's all I have to say.

Cosmos teleports away. Golbeza walks on screen.

Golbeza: How pathetic.

OK: Chaos' underling...!

Golbeza: That girl Tina.

Golbeza: Due to an unbreakable spell, she is continuing the fight as the Cloud of Darkness' servant.

Golbeza: Using all of her strength, that girl will surely lose her life on the battlefield.

OK looks troubled.

Golbeza: You cannot defeat the Cloud of Darkness with your power.

Golbeza: Avoiding a fight is a wise decision.

OK looks even more troubled.

Golbeza: What's wrong?

Scene opens on Cloud traveling as Sephiroth walks on screen.

Sephiroth: Long time no see, Cloud.

Cloud: Sephiroth...

Sephiroth draws his blade, but Cloud makes no indication of responding.

Sephiroth: Why won't you fight me?

Cloud: What purpose does fighting you have?

Cloud: I do not wish to fight meaningless battles.

Sephiroth: Then if there is a purpose, you will fight anyone?

Cloud: You're wrong! I will only fight if it's for a reason I agree with.

Sephiroth: Just like a puppet.

Cloud: What?

Sephiroth: I shall bestow upon you a purpose.

Sephiroth produces Frioniel's rose in his hand.

Sephiroth: Plucking a dream is this easy.

Sephiroth drops Frioniel's rose.

Sephiroth: How pathetic. Living a life that clings to a dream.

Cloud: This is... Frioniel's?

Cloud: It can't be... What did you do to him!?

Sephiroth: Will this reason suffice? Then follow me.

Sephiroth teleports away.

Scene opens on WoL traveling. He stops in his tracks.

WoL: Do you really think you're hidden?

WoL: I can see you plain as day like that.

Ultimecia appears with an impressed laugh.

Ultimecia: As expected of the Warrior of Light.

WoL: Ultimecia...

Ultimecia: Where are you headed...? Could it be that...

Ultimecia: You're still searching for the crystals?

WoL: The crystals are our hope.

WoL: We have no intentions of stopping until we find them.

Ultimecia: How sad...

Ultimecia: Throwing your life away for Cosmos' fabrications.

Ultimecia: To sacrifice yourself for a thing like that is beyond stupid.

WoL: Are you done talking?

Ultimecia: What?

WoL: If you've finished your business, then feel free to take your leave.

WoL: This world doesn't have much time left.

WoL: And I don't have any to waste on you.

Ultimecia: That's quite a mouth you have, boy...

Ultimecia: Very well.

Ultimecia: Allow me to bring you back down to reality!

WoL and Ultimecia begin their fight.

Scene opens on WoL standing alone. Ultimecia teleports next to him.

Ultimecia: Do you think everything will be over if you win...?

Ultimecia: There's nothing you can do.

Ultimecia: Even if you fight until you drop, there is no hope for this world.

WoL: If you're trying to shake my resolve, it's no use.

WoL: There are others who share my resolve, as well.

Ultimecia: You don't know a thing, do you?

WoL: What?

Ultimecia: The others are suffering right now...

Ultimecia: They are losing sight of what they are fighting for. Can you really believe in such helpless companions?

Ultimecia: In realizing your own limits...

Ultimecia: There is only profoundly dark despair.

Ultimecia: Where neither hope nor future can be found!

Ultimecia teleports away.

WoL: "Right now, the path to the crystals is definitely unclear."

WoL: "The path to the future, as well..."

WoL: However, there is still a future.

WoL destroys the Stigma of Discord.

WoL: Hmm, that is...

WoL approaches Squall.

WoL: ...Squall, are you alone?

Squall: If I'm not completely alone, I cannot face my true enemy, and then I can't obtain my crystal. Cosmos said so.

WoL: ...Cosmos did?

Scene switches to Golbeza talking to Cosmos.

Golbeza: In other words... you are aware of it?

Cosmos: Yes. I am also aware of the consequences... But as long as the Crystals have light, they will not disappear.

Golbeza: But this is such a dangerous gamble. No, rather... Is this the way a goddess should behave?

Cosmos: ...

Golbeza: When the God of Discord or the Goddess of Harmony is defeated, the dragon will descend and restart everything.

Golbeza: The defeated god will revive, the soldiers will return, and... the war will begin anew. And the cycle...

Golbeza: What you plan to do is only a temporary solution. If your last hope were to fail... Without the light, they would meet their true demise.

Cosmos: Their true demise... Are you saying they would be doomed to a fate of eternal discord?

Golbeza: Yes... They would drown in an eternity of despair.

Cecil: You guys sure are reliable.

Tidus: Ah!

Tidus: Golbeza is different. I won't finish him off, bro.

Cecil: (Heh.) ...My brother is strong.

Frioniel: Tidus, you also have family among the enemy, right?

Cecil: "Jecht"... Right?

Tidus: I have NO connection with my old man.

Cecil: Huh?

Tidus: I want to smash that guy's face in the most! Even if he begs and cries, I'll never forgive him!

Cecil: But aren't you guys related by blood? That's a bit...

Tidus: I didn't ask for us to be related!

Tidus runs ahead.

Sephiroth: I told you to follow, and you followed obediently.

Cloud: What?

Sephiroth: You're just drifting along, acting like you're searching for a reason to fight for...

Sephiroth: The reason you need to pursue a purpose is that you don't have one of your own.

Sephiroth: That's why you'll jump at any purpose people give you.

Cloud: What are you trying to say?

Sephiroth: The others possess a volition to keep searching for the crystals no matter what happens to them.

Sephiroth: But what about you?

Sephiroth: You have no resolve of your own. You're just a puppet whose only purpose is to be strung along.

Cloud: You're wrong. I'm...

Sephiroth: Even now, you need me to give you a purpose.

Sephiroth: That is what you truly wish for.

Cloud: Shut up!

Cloud: I don't need a reason that's given to me anymore.

Cloud: From here on, I will fight for my own sake!

Sephiroth draws his sword.

Cloud struggles to brace himself against the barrage.

Sephiroth: The one who controls your fate...

Sephiroth slides into an attack stance.

Sephiroth: Is me!

Sephiroth unleashes a vacuum through the air with his sword. Cloud crashes into the ground.

Sephiroth: If you desire despair...

Sephiroth: Shall I give it to you, Cloud?

Cloud: My desire...

Sephiroth: Remember this brilliance.

Sephiroth: You found your crystal through my guidance.

Squall: Cosmos said so.

WoL: ...Cosmos did?

Squall: Isn't that why you're traveling alone, too?

Squall: I want to obtain my crystal as soon as possible.

WoL: However, there is more than one enemy. They conspire and target us together.

WoL: You're not supposed to expose weaknesses for your enemies to take advantage of, right?

Squall: "He's pushing his own ideals onto me."

Squall: "Stop interfering with my path."

Squall draws his sword.

Squall: I only have one goal. I couldn't care less about anything else.

Squall: "If I'm not at least this determined, I can't continue down my path."

Scene opens on an unconscious Butz who regains consciousness and stands up.

Butz: Where am I...?

Upon hearing something, Butz runs off and hides. Cefca and Kuja walk on screen.

Kuja: So, where's the quarry you've captured?

Cefca: What's this? Isn't this strange? He should definitely be around here...

Kuja: The only one I'm really concerned with is Zidane.

Kuja: How are we supposed to keep a lookout for Zidane like this? Not only did you not help at all, but you made things worse...

Cefca: But it seemed so fun, and only one tiny little thing went wrong!

Kuja: Well, after we went through all that trouble to catch our mouse, we couldn't even put him to use...

Butz: "I see. So that trap was meant for Zidane."

Butz: "I'm glad Zidane wasn't caught,"

Butz: "But isn't calling me a 'mouse' a little too cruel!?"

Butz: "More importantly, what are those two talking about?"

Cefca: How fun! Maybe he'll prove to be a worthy opponent!

Butz: I guess I'll take a look around. If things go well, I could probably find my crystal.

Butz brandishes several of his teammates' swords.

Butz: Everyone, lend me your strength!

Scene opens on Butz traveling.

Butz: All right, I've decided. If I can't get out of this trap, then... Oh, wait... If I break that stigma, I'll be able to leave!

Butz continues forward.

Butz: All right, good job! Now, off we go!

Scene switches to Kuja conversing with Exdeath.

Kuja: So... You allowed the girl and the child to escape, right? That wasn't very destroyer-like of you.

Exdeath: Nothing will survive once I return everything to the void. I just

thought that I would grant them glimpse of my image beforehand.

Kuja: I don't understand you... But it's fine. Since you have nothing else to do, why don't we put on a play? Something along the lines of... "The Tale of the Coincidental Journey of the Wind"?

Squall produces Butz's feather.

Squall: Even if we are separated, we can still support each other.

Squall: Whether I want it or not, they are supporting me.

Squall: And if that's the case, I will support them in my own way, as well.

Squall: In order to change the tide of this war, we can each only succeed in our own paths.

WoL: It seems I've misjudged you.

WoL: I had thought that you chose to fight alone because you doubted your comrades' strength.

WoL: It's fine if you continue down your path of isolation.

WoL: Even if you continue down that path alone, we are all with you.

Golbeza walks on screen.

Golbeza: You seem troubled, Cecil.

Cecil: Brother!

Golbeza: Hold your thoughts. Have you hit a wall in your progress?

Golbeza: The path to your crystal will not open up like this.

Golbeza: You must put an end to your dreams.

Cecil: I waver because of my dreams...?

Golbeza: Hahaha! What exactly do all of you think the crystals are?

Golbeza: The brilliance of the crystals. I see no such thing reflected in your eyes.

Golbeza: If you only search by the light of determination, you won't discover it.

Cecil: What do you mean by that...?

Frioniel's voice is heard off-screen.

Frioniel: Cecil, where are you? What are you doing?

Golbeza: The secret of the crystals... If you wish to know it, you should follow me into the shadows.

Sephiroth: I'm not interested.

Ultimecia: It doesn't seem like you understand your own position.

Sephiroth: If that's the case, then what are you going to do about it?

Butz: "What's this, what's this? Is the girl picking a fight?"

The Emperor, Ultimecia, and Sephiroth turn towards Butz's direction.

The Emperor: You, insect... What are you doing?

Butz jumps out from his hiding place.

Butz: W-Who are you calling an insect!?

Butz realizes the situation.

Butz: I-I'll remember this!

Butz runs off.

Ultimecia: Should we chase after him?

The Emperor: No... There's a "light" of greater interest at hand.

The Emperor: Perfect.

The Emperor: Instead of getting a crystal from him, that insect will lead us to that needless destroyer.

Ultimecia: Needless destroyer... You mean Exdeath, right?

The Emperor laughs.

Butz: ...What? They aren't following me. Then I'll take this opportunity to look around. This time, I'll proceed a little more carefully!

Butz continues forward.

Butz: Phew... There are a lot of enemies, but their fighting spirit is weak.

Butz continues forward.

Butz: All right, a good wind is blowing! I have a feeling that I'm gonna find something good.

Scene opens on WoL traveling.

WoL: "What is this bottomless presence? Chaos? No, it's something else..."

Cosmos teleports in.

Cosmos: Wait.

WoL: Cosmos...!

Cosmos: It's becoming too dangerous. The dark forces are convening.

WoL: All of our enemies gathering is a convenience. We'll be able to gather all the crystals in one fell swoop.

Cosmos: Recklessness is not the same thing as courage.

WoL: Cowardice is not the same thing as prudence.

WoL: Even if there is only hopelessness ahead, a path will definitely open up. You are the one who told me that.

WoL: In this shattered world, you have shown us the light.

WoL: If there is a will, there is a way... For those of us who are left, that is our greatest belief.

WoL: I swore an oath: I will obtain the crystals and save the world.

WoL: That determination is my only support.

Cosmos: Your words have touched me.

Cosmos: Then I shall also swear an oath: I will believe in all of you until the very end...

Cosmos fades away.

WoL: Cosmos...

WoL: Our oaths...

WoL: May the light guide our paths.

Scene opens on Golbeza. Cecil approaches him.

Golbeza: You came, Cecil.

Cecil: Why are you telling me the secret of the crystals?

Golbeza: On the same note, why did you come?

Golbeza: Hmhm, we really are alike. Though I am not the brother you deserve.

Golbeza: Cecil, did you know that there are prerequisites for obtaining the crystals?

Golbeza: I came to make sure you did.

Cecil: Prerequisites?

Golbeza: Yes, I...

Exdeath teleports in.

Exdeath: A family of two who were lost in the darkness. Such heartwarming brotherly love.

Exdeath: You couldn't have crossed over to the enemy side, right, Golbeza?

Exdeath: You weakling who still misses the light!

Golbeza: This has nothing to do with you.

Exdeath: No, it does.

Exdeath: Because I deal with all traitors!

Cecil draws his spear.

Cecil: I won't let you lay a finger on my brother!

Golbeza: Cecil...!

Cecil: I don't know a thing about these prerequisites. But...

Cecil: I want to show you my strength!

Exdeath: You're protecting a traitor?

Exdeath: Even though you know nothing, you're still acting so brotherly...

Exdeath: That kind of worthless sibling togetherness sickens me!

Exdeath takes a battle stance. Cecil and Exdeath begin their fight.

Cosmos (Ultimecia): Draw your sword, Squall.

Ultimecia drops her illusion of Cosmos and reveals her true identity.

Ultimecia: Do you have the strength to fight me?

Squall draws his sword.

Squall: Ultimecia...!

Ultimecia: I've been waiting...

Ultimecia: For you to obtain such splendid determination.

Squall: Determination...?

Ultimecia: Yes, the determination to continue down your path alone!

Ultimecia: To heartlessly abandon your allies!

Ultimecia: That is how I've been leading you to your crystal.

Squall: I'm not abandoning anyone!

Ultimecia: From the bottom of your heart, you don't believe in anyone.

Ultimecia: That's why you travel alone... Right?

Ultimecia: Right about now, Kuja should be taking care of Zidane and Butz.

Ultimecia: It's too late to go back and save your allies now.

Ultimecia: The fact that your true heart is thinking "whatever" is proof of this, isn't it?

Squall: "...'Whatever', you say?"

Ultimecia: That's fine. Those thoughts are natural on a battlefield.

Ultimecia: Now, show me that sublime power!

Squall makes no indication of moving.

Ultimecia: ...Are you afraid? Well, that's fine.

Ultimecia: I won't run or hide.

Ultimecia: I'll be waiting until the time comes.

Ultimecia teleports away.

Cecil: My brother... isn't anything like the rest of you!

Exdeath: This doesn't change a thing. Light and darkness both stem from the same root.

Exdeath: Harmony and discord will once again...

Exdeath disappears.

Golbeza: Why hasn't the crystal appeared?

Cecil: Is something wrong?

Golbeza: I didn't lend you a hand and you defeated Exdeath on your own.

Golbeza: You have the strength to do everything on your own...

Golbeza: The crystals' brilliance lies in the strong determination that people hold.

Golbeza: That is the secret of the crystals.

Golbeza: But the current you should be able to obtain the crystals...

Cecil: Brother, I only fought to protect you...

Cecil: Hey, why don't we travel together?

Golbeza: What did you say...?

Cecil: I want to tell my friends what I've just learned. Everyone else is searching for their crystal, too.

Cecil: If we gather the crystals, the fighting will be over. And if that happens, you...

Golbeza: That's enough!

Golbeza: I am your shadow. Once you are tainted by darkness, you can never return to the light.

Cecil: Huh...?

Golbeza: You'll only be disappointed, Cecil.

Golbeza: Unlike you, I am not eternally bathed in the light.

Golbeza teleports away.

Cecil: Brother...?

Cefca: That was quite a show you put on!

Cefca: As expected of my buddy. What magnificent destruction!

Tina: Cefca...! What are you scheming?

Cefca: I came to ascertain your strength.

Cefca: As I thought, you're more suited to serve under Chaos, aren't you?

Tina: What do you mean?

Cefca: What's this? You don't remember a thing!

Cefca: All right, then I'll tell you. With that amazing power you possess, you hurt your precious...

OK: Stop it!

Cefca: Huh? What does the victim want to say?

OK: (Tch!)

Cefca: Such beautiful friendship... Please stop.

Cefca: It's making me want to vomit!

Tina: What is the meaning of all of this? It can't be...

Cefca: Ding ding! It can be!

Cefca: You really tore into your little friend over there.

Cefca: You looked like you were having so much fun, too! And you went and forgot it all!

Cefca: What a dangerous being you are!

Cefca: Fighting for the sake of fighting, unable to control your power.

Cefca: Running wild with your heart awakened by your power, the very epitome of destruction!

Tina: You're lying...

Cefca: "Lying" my ass! Look, you did something like this.

Cefca fires a tiny ball of magic that then unexpectedly creates a massive explosion right in front of Tina and OK.

Cefca: How was that? I'll show you more of the power of destruction!

Cefca: Your enemies, your allies, the world. Let's destroy, no, massacre EVERYTHING together!

Tina: I...

OK charges at Cefca, swinging his sword. Cefca dodges.

Cefca: What the?

OK: I'll be your opponent!

OK: Tina, get out of here!

Tina: But...!

Cefca: If you want to die so bad, then allow me...!

Cefca launches more magical explosions. After the explosions clear up, Cefca and OK are nowhere to be seen.

Golbeza: Do you think someone who clings to his friends possesses a strong determination?

Golbeza: True brilliance will not come to someone who relies on other people.

Golbeza: Without worrying about others, you should accomplish your goals by yourself, for yourself.

Cecil: But I can't just ignore my friends if they're in trouble.

Cecil: I just want to search for the crystals with everyone!

Golbeza: I see. Then...

Golbeza fires off magic that strikes Cecil.

Cecil: What are you...?

Golbeza: I understand now. I will rid you of your childish fantasies of bonds with other people.

Squall draws his sword.

Squall: Because we believe in each other, we are able to continue down our own paths!

Ultimecia: (Hmph.) Interesting.

Ultimecia: Then try and continue.

Garland walks in behind Squall.

Garland: We will both be your opponents.

Ultimecia: What will you do now? Are you still going to act tough?

Squall: ...These conditions are fine.

Ultimecia: Foolish child.

Ultimecia walks towards Squall.

Ultimecia: Everything is an illusion.

Ultimecia: Hope... Friends...

Ultimecia creates magic missiles aimed at Squall.

Ultimecia: Even your life...

Ultimecia increases the number of magic missiles.

Ultimecia: All will fade like a dream.

Ultimecia unfreezes time. The magic missiles fly at Squall and he deftly deflects all of them.

Squall: ...And because he's my friend.

Cecil: He told me not to rely on others.

Cecil: Am I really weak for doing so?

Cecil: Am I really just holding onto childish fantasies...?

Cosmos: Are you asking me for the answer?

Cecil: (Yes.)

Cosmos: The crystals will not shine for those who only rely on others.

Cosmos: What your brother said is true.

Cecil: I see...

Cosmos: Don't make such a sad face.

Cosmos: Don't worry. You are definitely getting closer to your crystal.

Cosmos: You should realize it.

Cosmos: Relying on the strength of others. Combining with the strength of others. Are these two the same thing to you?

Cloud: But hindsight is twenty-twenty.

Cloud: I probably should have left when you told me to.

Tina: Thank you.

Cloud: I don't deserve such words. There's no evidence that I did a good thing.

Cloud: But really, anything would have been better than how I hesitated.

Tina: But, you really did help me.

Tina: The intent alone has gotten through.

Cloud: Even though I hesitated, there was something I was able to do?

Tidus: Like Cloud and Cecil, who have a goal that they continue on for!

Tidus: If you don't have one, it's going to be tough to continue.

Frioniel: For now... I just want to end the fighting. I haven't thought about anything else.

Cloud: Frioniel's "dream".

Tina: Dream?

Cloud puts away Frioniel's wild rose.

Cloud: "A world where wild roses bloom".

Cloud: That is his wish.

Cloud: He told me...

Cloud: "Because I have a dream, I will never stop fighting".

Cloud: Sometimes I'm jealous of his resolve.

Tina: It must be wonderful to be so certain.

Tina: Cloud, what kind of dream do you have?

Cloud: I don't have one.

Tina: Huh?

Cloud: How about you?

Tina: I don't have one either.

Tina: I can't think of any reason for me to preserve the future.

Tina: And that's because I'm always scared.

Tina: But now...

Tina: Hey, how about if we share the same dream?

Cloud: The same dream?

Cloud: A world where wild roses bloom?

Tina: Right. But not just wild roses.

Tina: A world where all kinds of flowers bloom.

Tina: The flowers that I like, and the flowers that the Onion Knight likes.

Tina: After this talk about dreams, I've started to think about it.

Tina: A future where I'm not just afraid...

Tina: I want to witness such a world with everyone.

Tina: If I think like that...

Tina: Then even if I hesitate, my heart should not waver.

Tina: The flowers that you like will also bloom...

Cloud: A dream is not so easily realized.

Cloud: But, that's not bad.

Cloud: Then for that sake...

Tina: We will continue on.

The Emperor: Did you have to be so over-the-top...?

The Emperor: How will you make up for it?

The Emperor: Because of the trouble you caused, we have lost track of Butz.

WoL: "Butz... Why was he here?"

WoL: "However..."

WoL: It's just like him to take advantage of the confusion and escape.

The Emperor: That boy really has the devil's luck.

The Emperor: But, do you really understand the situation?

The Emperor: You have absolutely no chance of winning this battle.

The Emperor: The light lost its power a long time ago.

The Emperor: Why don't you join me? Naturally, you will be rewarded...

The Emperor waves his hand and a crystal appears in front of WoL.

The Emperor: The stone of miracles... The crystal. I'll grant this to you.

WoL: ...I see. If it's like that...

WoL draws his sword and destroys the crystal.

The Emperor: My... So you would crush your own hope.

The Emperor: Aren't the crystals what you gentlemen seek?

WoL: I pledged to end this fight with my own hands.

WoL: The crystal comes from that strength.

WoL: Not from the mercy of my enemies.

WoL: That was nothing but an imitation.

The Emperor: Hmph. Your determination is the real thing.

Cefca: Anyways, did you decide to join me and have fun destroying EVERYTHING?

Tina: I'm not like you.

Cefca: Yeah, right.

Cefca: Even if you say such high-and-mighty words, you will drown in your power and hurt everyone around you!

Tina: I've found a future that I wish to protect.

Tina: No matter how much power I drink in, I will not be changed.

Tina: I won't lose sight of anything ever again!

Cefca: (Oh, she's done talking.) Hmph, if that's the case...

Tina: You're all right!

OK: I told you I would protect you.

OK: Now, leave this stubborn woman to us!

Cecil: Of course their strength becomes mine, as well. They encourage me and worry about me.

Cecil: That's why I want to become their strength, as well!

Cecil: There is strength in being together with everyone, as well...

Cecil: I truly believe in that!

Golbeza: It seems we disagree.

Cecil: Brother...!

Golbeza: Do you know something that you are not telling me? If it is about your love of the void...

Exdeath: Fafafa...! What I know does not change a thing. It is of little importance. The thing I really desire... is a true ending.

Zidane: What!? And I was really worried about you, too... Lemme see that!

Zidane grabs the crystal in Butz's hand.

Squall: Wait! That's...!

The moment Zidane grabs the crystal, a beam of light engulfs him and he suddenly vanishes.

Butz: Zidane!?

An ominous laugh is heard. Exdeath walks on screen.

Exdeath: Did you really think it was that easy to obtain a crystal?

Exdeath: It was a fake that I produced from nothing.

Squall draws his sword.

Butz: What did you say?

Exdeath: You all played along perfectly to Kuja's plan.

Exdeath: Right about now, Zidane is being reduced to nothing at the hands of Kuja.

Butz: You used me...?

Squall: Do you think Zidane will be so easily defeated?

Exdeath: Hmph! You're wasting your breath! You guys will soon follow after him!

Exdeath: Attack them... Fake soldier Imitations!

Cecil: The brilliance that both of us have found...

Cecil grabs the crystal.

Golbeza: Nonsense. You found it on your own.

Cecil: But...

Golbeza: This is nothing more than a symbol. How far can you really maintain this brilliance?

Golbeza teleports away.

Cecil: Brother...

Cecil: No matter what trials lie ahead, I will stand and face them together with everyone else.

Kuja: You're worrying about others in your current situation?

Zidane: ...I always do.

Zidane: Answer me.

Kuja: Aren't you the only one who's unsettled?

Kuja: What would you do if everything that was precious to you should suddenly vanish?

Zidane: What?

Kuja: Since we are burdened with the same fate, I wanted to test something.

Kuja: When you realize your own powerlessness, will your heart also be broken?

Zidane: Grr...

Kuja: Right now, even though your friends are being hurt, you can't do a thing about it.

Kuja: Like an imprisoned bird in a cage, all you can do is listen to your friends' screams...

Zidane: Shut up!

Kuja: And I shall take my time viewing your solo performance.

Jecht walks off.

Frioniel: ...Wild rose. What a sweet sound...

Scene switches to the present. Garland and Golbeza are conversing.

Garland: Do not let your personal feelings get in the way. Was that flower your doing?

Garland: While we are on the topic of trickery, the others will not go back on their decision about time.

Garland: Even if it can be saved next time?

Golbeza: Now... If that were to be the case...

Frioniel: You're... Tidus' father, right? What did you do to him?

Jecht: I didn't do a thing. If I were to fight him now, it wouldn't mean a thing.

Frioniel: Tidus' sole desire is to fight you. Did you run away from him?

Jecht: Boy, you have quite a mouth.

Jecht: However, you hit home.

Frioniel: Where are you going!?

Frioniel: You should just follow your heart.

Frioniel: You're determine to fight your father, right?

Tidus: ...No doubt!

Frioniel: See? You have no hesitation. Your father was the same!

Kuja: You believe? In other people? Are you saying you wanna go back to playing with your little buddies?

Zidane: Having faith in one another isn't a game.

Zidane: Do you have any friends?

Kuja: Friends?

Kuja: Don't confuse me with the likes of you!

Zidane: But...

Kuja fires a few spells at Zidane, who promptly dodges.

Kuja: (Sigh) I'm disappointed.

Kuja: And I had been looking forward to see you drown in hopeless despair...

Kuja: How awful.

Kuja: I must put an end to this foolish jingle...!

Kuja: Allow me to play a requiem for you!

Kuja begins sending volley after volley of spells at Zidane, laughing all the while.

Zidane: What annoying music!

Kuja: It's only the first movement, you know?

Zidane slides to a halt.

Zidane: I know! But the climax...

Zidane launches himself at Kuja.

Zidane: Starts now!

Zidane and Kuja begin their fight.

Exdeath: All of you are surely headed for... A world of eternal void.

Squall: You did it.

Butz pulls out his feather.

Butz: It was an easy victory thanks to this guy!

Butz: Thank you, Squall.

Butz's feather transforms into a crystal.

Butz: What the? It was hiding in a thing like this?

Butz: How sneaky.

Squall: It suits you.

Butz spots Zidane running towards them.

Butz: Look! Over there!

Zidane: Heeey!

Butz: This time, I'm the one that found Zidane. And I got the crystal again!

Squall: You never learn.

Butz: Now... Let's go!

Scene opens on Zidane and Kuja after their battle. Kuja is kneeling on the floor. A crystal appears in front of Zidane, and he grabs it.

Zidane: Because the others believe in me, I cannot lose.

Kuja begins to fade.

Zidane: Hey, Kuja...

Zidane: Is it so hard for you to believe in others?

Kuja: Believing in others... And becoming what!?

Kuja: Do you gather in groups... because you can't accomplish anything by yourself?

Zidane: Having faith in others will show you your own path.

Kuja: Shut up! You're hurting my ears...!

Kuja: I won't recognize it.

Kuja: In the finale, I want to be the one bathing in applause...

Kuja disappears.

Zidane: Kuja...

The crystal floats out of Zidane's hand and he begins chasing it. The scene changes and he now sees Butz and Squall. He runs towards them.

Zidane: (Gasp) That's...

Zidane: Heeey!

Zidane: "I have people who believe in me..."

Zidane: "That's why I can face anything that comes my way."

Zidane: "Until now and forever more."

Zidane: "I'll return. Someday I'll return."

Scene opens on Frioniel and Tidus traveling.

Tidus: Hey... You fought my old man, right? What happened?

Frioniel: ...We had a strange but meaningful talk. For a moment, I forgot he was on Chaos' side.

Tidus: ...I see.

Frioniel: Are you all right? Are you ready to move on? There seems to be a particularly large number of enemies ahead.

Tidus: Don't worry, dude! If it's me... I'm always good to go!

Frioniel and Tidus continue forward.

Frioniel: Hey, Tidus, what's your goal in life?

Tidus: ...Huh?

Frioniel: You know, a reason to continue down your own path.

Frioniel: Earlier, you encouraged Cecil to continue down his. Is it all right if you don't follow your own?

Tidus: Frioniel...

Tidus: ...Mm, yeah.

Frioniel: There!

Tidus: ...What? A dispute?

Jecht: I get it now!

Jecht: We can't even agree on the little things!

The Emperor: You're going to abandon the plan because of a foolish reason like that?

Jecht and The Emperor clash. Afterwards, they are both kneeling on the floor.

Tidus: Old man!

The Emperor begins to fade.

The Emperor: ...You can't be counted on anymore.

The Emperor: You can fight your son all you want!

The Emperor disappears.

Jecht: There, now there's no one to get in our way.

Tidus: You're... hurt.

Jecht: It's just a scratch.

Jecht: I'm not a pushover like you.

Jecht: Didn't you come to beat me?

Tidus: Yeah, that's right!

Tidus: But...

Jecht: Huh!?

Tidus: But...

Tidus: Not like this!

Jecht: ...You're scared.

Jecht: After all is said and done, you either do it or you don't.

Jecht staggers off.

Frioniel: I guess you can't fight family after all.

Tidus: That's not it.

Tidus: My desire to crush him hasn't changed.

Tidus: But if I beat my old man like this... It'll feel wrong.

Tidus: If I'm going to win...

Tidus: Frioniel.

Tidus: I'm sorry, but I want to continue alone.

Frioniel: What?

Tidus: I want to see this to the end on my own.

Frioniel: Everyone's going their own way...

Frioniel produces a potion in his hand.

Frioniel: Take this.

Frioniel: It's a potion I was saving up. Use it wisely.

Tidus: Thank you, Frioniel.

Tidus: Sorry for being so selfish...

Tidus: This is my story.

Tidus: I'm sorry, but I want to continue alone...

Frioniel: Don't worry about it. You choose how your story unfolds.

Tidus: I'm going to go settle things with my old man.

Frioniel: Yeah, come back safe!

Tidus runs off.

Frioniel: We each have our own path, huh?

The Emperor teleports in.

The Emperor: So, your friends have abandoned you one by one, and now you're all alone, eh?

Frioniel: Emperor...!

Frioniel: Everyone just went to take care of the things they had to!

The Emperor: (I see.) Then, what is it that you have to take care of?

Frioniel: I've decided... That I will bring an end to this battle!

The Emperor: Bring an end to this battle...? Don't proclaim such impossibilities.

The Emperor: This man says he wants to bring an end to this battle.

Ultimecia teleports in.

Ultimecia: Then there's something we must tell you: wishing for an end is futile.

Frioniel and Ultimecia begin their fight.

Zidane: So...

Zidane: How did everyone get their crystals?

Squall: I got mine through the hope born from Cosmos' words.

Zidane: (Hmm.)

Butz sees the reflection of Cosmos' face in his crystal. When he turns around to look, nothing is there. He turns back to his crystal and discovers that the reflection is gone, as well.

Zidane: (Huh?) What's wrong?

Butz: Nothing...

Butz: A mirage?

Scene opens on Frioniel after his battle. Ultimecia teleports in front of him.

Ultimecia: Didn't I tell you it was futile?

Frioniel: What!?

Ultimecia: This endless cycle is a result of a battle between gods. Do you really think you have the power to affect it?

The Emperor walks on screen.

The Emperor: How pitiful. After all, the dream of the crystals is just a dream.

The Emperor: In the end, all the effort of you and your friends will amount to nothing.

Frioniel: I... won't let everyone's efforts go to waste!

Frioniel: I will obtain my crystal, and then bring an end to this fight...

The Emperor: Is that truly your intention?

Frioniel: What are you saying...?

The Emperor: That is why you're weak.

The Emperor: Fighting for the words of others. You're merely a tool of Cosmos.

The Emperor and Ultimecia teleport away.

Frioniel: I'm... A tool of Cosmos...?

Jecht: Yo... Have you decided to go through with this now?

Tidus: I have.

Tidus pours the potion on Jecht. Jecht's injuries vanish.

Jecht: What the hell are you doing?

Jecht: Are you pitying me!?

Tidus: It didn't feel right.

Tidus: Beating you when you were weak...

Tidus: I could take a good-for-nothing bum like that any time!

Tidus: But...

Tidus: The guy who won't lose to anyone. The strongest in the world...

Tidus: That's the you I want to beat!

Jecht: ...It seems you're no longer a puny brat.

Jecht: Do you have any regrets?

Tidus: It's because I have no regrets that I'm fighting.

Jecht: Shall we get started!?

Tidus: Of course!

Tidus flips towards Jecht and lands with a powerful strike. However, Jecht takes the attack and hardly flinches. Jecht backhands Tidus, but Tidus dodges. The force of Jecht's attack creates a vacuum that pushes Tidus far back. Tidus lands on his feet.

Jecht: Oh?

Tidus: Is that all you got?

Jecht: All right. Then...

Jecht rushes forward faster than the eye can see. In an instant, he's in Tidus' face. He throws a punch into Tidus' stomach that launches Tidus several meters away. Tidus loses consciousness. Jecht walks over to Tidus' unconscious form and takes a seat next to him.

Jecht: I don't go easy on people, ya know?

Jecht: Well, there's no one who can beat the great Jecht.

Jecht: You're just a brat...

Jecht: You had guts challenging someone with limitless power like me, though.

Jecht: You'll be able to stand again tomorrow.

*Jecht stands up and begins to leave. Tidus regains consciousness and pulls himself to his feet.**

Tidus: Don't run away.

Tidus: It's not over. If I don't surpass you...

Tidus: Tomorrow will never come!

Jecht: Geez, you sure are stubborn, aren't you?

Jecht turns around to face Tidus.

Jecht: Just like your old man!

Jecht: Well...

Tidus: ...I hate you.

Tidus' voice starts cracking up as he begins to sob between his words.

Tidus: I hate you...

Tidus: I always thought it was good that you weren't there.

Tidus: But the truth is...

Tidus: I only became strong...

Tidus: So you would...

Tidus: Approve of me.

Tidus: That's all I ever wanted to tell you...

Jecht: Geez, do you always have to be such a brat?

Tidus: ...I can't help it.

Tidus: I'm your son, after all.

Jecht: ...Well said.

Jecht: Hey, you crybaby...

Jecht: You've become strong.

Jecht disappears. A crystal appears in front of Tidus and he grabs it.

Frioniel: Cosmos...!

Cosmos: Cloud, Cecil, and Tidus have all obtained their crystals without incident.

Frioniel: They did it!

Cosmos: Yes, because they all continued down their own paths...

Frioniel: Their own paths, huh?

Cosmos: Have you lost sight of yours?

Frioniel: I... don't have a father to surpass, a brother to fight together with, or a definite goal.

Frioniel: I've just been fighting recklessly to try and bring an end to this battle.

Frioniel: It's just as The Emperor said: I'm just a tool with no will of my own. Even though he told me, there's nothing I can do about it.

Cosmos: No, you have a symbol, as well. You have a feeling that you've always been carrying within your breast.

Frioniel: I don't have a splendid thing like that. Only a vague and childish dream.

Cosmos: Tell me, what is the future your heart desires the most?

Frioniel: Wild roses...

Frioniel: A world where wild roses bloom. That is my dream.

Frioniel: When the world is free of strife, it will be covered in flowers.

Frioniel: A world where we can overcome the things we have lost, a world where the rain and the storm are the only destructive powers, that is the world I wish to create...

Cosmos: What a wonderful dream.

Cosmos: You live for your own beliefs. If you were a tool who only fights, you wouldn't possess such dreams.

Frioniel: Cosmos...

Frioniel: You're right. This is my own dream. And I will seize it.

Cosmos: I want to see such a dream come true, too...

Cosmos fades away.

Frioniel: I'll show it to you. Definitely.

Frioniel: "During the course of war, there are many who lose their lives. Perhaps to protect their friends. Perhaps for those in power.

Frioniel: However, when they lose their lives... there will definitely be those who mourn their loss."

Frioniel: If they see the wild roses bloom, then they will be able to smile naturally again. That is the kind of peaceful world I am going to make possible...!

Frioniel destroys the Stigma of Discord.

The Emperor: Here comes the tool of war without a purpose. What do you want?

Frioniel: I'm not a tool. I am fighting for the sake of my dream!

The Emperor: The wild rose? You're throwing your life away for such a foolish dream.

The Emperor: You don't even have the strength to realize it.

The Emperor fires a few spells at Frioniel, bringing him to his knees.

The Emperor: What's wrong? Is your dream over already?

Cloud and Tidus walk on screen and shield Frioniel.

Cloud: It's not over yet!

Cloud: You've been left alone for too long.

Tidus: Our friends' dreams are our dreams...

Tidus: We'll protect it together!

The Emperor fires a few more spells and Frioniel, Tidus, and Cloud deflect them.

The Emperor: Time is up.

The Emperor teleports away.

The Emperor: Come after me, Frioniel! Show me the extent of your determination!

Cloud: Cecil and Tina should be arriving soon, but...

Tidus: You want to go on your own, don't you?

Frioniel: I will see this to the end.

Frioniel: This is...

Cloud: The symbol of your dream.

Tidus: Everyone's awaiting your return.

Sephiroth: Every time, we cling to the same things... We aim for the same things... Like puppets with their strings being pulled.

Garland: ...Thus is the nature of the cycle.

Sephiroth: And the light has also come to save you again. Is it because he knows not the true nature of the cycle that he always wants to break it?

Garland: ...Everything is futile... Nothing matters compared to the "Grand Purpose".

Scene changes to Frioniel traveling.

Frioniel: ...I have friends that support me. I will definitely succeed!

The Emperor: To cling to such foolish dream... I'll erase these delusions for you.

The Emperor: You're better off as a simple tool.

Frioniel: Never. I have friends who share my dream.

Frioniel: Because of them, this dream is indestructible. You cannot erase our hope for the future!

Frioniel cries out in pain as he is struck, and The Emperor laughs. When the dust clears, Frioniel collapses to the floor. The Emperor readies more spells.

The Emperor: You should discard your delusions and accept my rule.

Frioniel's scattered weapons float off the floor and fly towards The Emperor. They also fly through The Emperor's readied spells and disperse them.

The Emperor: What!?

The Emperor finds himself surrounded by Frioniel's weapons. Frioniel rises to his feet.

Frioniel: Power that only hurts people is meaningless.

Frioniel charges at The Emperor.

Frioniel: I...

The weapons fly into Frioniel's hands.

Frioniel: Have a dream that I'm willing to give my life for!

The Emperor: What can an insect like you do?

Frioniel: My belief in the future...

Frioniel: Is the only thing that keeps me going.

Frioniel and The Emperor begin their fight.

Garland: Do you think you can defeat me even though you cannot even accomplish your mission!?

WoL: I must believe in the light... No matter how many times I must cross swords with all of you, my heart will not waver!

Garland: The time has come. As is our predestined fate... With my power that surpasses time... I shall carve your body. You will all die here while I continue to live on forever!

Garland: The endless cycle of death and rebirth in this eternal battle.

WoL: Endless?

Garland: That's right.

Garland: Like the gods' cycle of death and rebirth, our battle shall continue forever!

Garland: That is the truth of this world! That is our unalterable fate!

Garland: You should abandon such foolish things as hope!

Garland: Accept this endless cycle. At least fighting is fun, right?

WoL: You're pitiful, Garland.

Garland: ...What did you say?

Garland: You are bound to this hopeless destiny of battle.

WoL: Such pathetic words.

WoL: We will definitely overcome this battle.

WoL: I may seem trapped in this eternal battle.

WoL: But now that I know the truth, I will overcome it.

WoL: I fight only to end this eternal cycle!

Garland: Even if you defeat me here, it will be nothing but another turn in the cycle!

WoL draws his sword.

WoL: No matter what the fate of the world is... I will never give up!

WoL: I will settle this battle once and for all and save you from this cycle!

WoL: What did you say?

Garland: When all the crystals are gathered, what happens to the gods?

Garland: When the eternal cycle is broken, what happens to this world?

Zidane & Butz: Tidus!!

An ominous laugh is heard. Exdeath appears.

Exdeath: The conflict of the gods is over.

Exdeath: A key piece has been lost. The darkness cannot be erased now.

Cefca arrives next to Exdeath.

Cefca: You all have our thanks, of course. Because Cosmos was destroyed...

Cefca: By all of you guys!

Zidane: What do you mean!?

One by one, Zidane, Squall, Cloud, Tina, Butz, and Cecil disappear.

Cefca: You guys will be erased before you can learn the harsh truth...

Cefca: You should be happy.

Onion Knight and Frioniel disappear.

Exdeath: Fear not. After you are all erased...

Exdeath: This world will be sent back to the void.

Exdeath and Cefca laugh as Warrior of Light disappears.

WoL: I can see no light. This is absolute darkness...

Tidus: Have I... been erased?

Frioniel: If we are no more, then the world is already...

Squall: Is there... nothing we can do?

OK: No! I don't want it to end like this!

OK: We have to fight! No matter how bad things get...

OK: We can't give up!

The crystals appear and pierce through the darkness. They fly around, chasing away the darkness, and reform in their masters' hands. The heroes have reappeared back in Cosmos' haven.

Tina: Is this Cosmos' doing?

Cosmos: They must know true darkness...

Scene returns to the present.

Cecil: But we are the ones who destroyed Cosmos...

Frioniel: If that's the case... We have to ascertain the truth.

Butz: Why Cosmos disappeared, why we didn't disappear...

Butz: We'll get the answer out of them!

Cloud: We won't let them do as they please.

Scene opens on Ultimecia conversing with CoD.

Ultimecia: It seems the war has finally come to an end.

Ultimecia: ...Shinryuu has moved.

CoD: ...Shinryuu?

Ultimecia: Yes... He who purifies the world.

Ultimecia: The world will be wiped clean by Shinryuu's hand, and we survivors will soon begin another war with new pieces...

CoD: I see. So you are saying that this war... has been repeating itself?

Ultimecia: I am using this eternal war to gather sufficient power. After all, I only have one true goal...

Ultimecia: ...However, something feels wrong this time. The world... is trembling like never before...

Ultimecia: There is no way The Emperor could have given Cosmos a "perfect death", is there...?

CoD: ...I have no interest in anyone's schemes. I wish only... to find my way back to the darkness of the void.

Utlimecia: ...Why?

CoD: It is a thing of great interest. The schemes of the others are not.

CoD: The world is constantly headed towards its end... as always.

Scene switches to the heroes traveling.

OK: ...What's this bad feeling I'm getting? What exactly is waiting for us up ahead?

Cloud: No matter what it is, we have all committed to fight. We'll... deal with everything else afterwards.

OK: ...Right!

The heroes encounter Cefca.

Cefca: Welcome, gentlemen...

Cefca: I knew all of you would come, so I spent my time thinking of some choice words to impart upon you all.

Cefca: With that said, shall we begin? I will destroy EVERYTHING and create a world of death!

See Shade Impulse 88 and 89.

Cefca: Why...? Why do you continue to live? Everything you do will eventually mean nothing...

The heroes continue forward and destroy another Stigma of Discord.

Scene opens on The Emperor conversing with Jecht.

The Emperor: It is all over. The eternal war of the gods...

Jecht: But isn't the cycle gonna repeat again? After the conclusion and the purifying of the world, won't I have to fight them again?

The Emperor: Yes. Naturally... But we have granted Cosmos a "perfect death".

The Emperor: It is vastly different from the "artificial deaths" up until now. Cosmos' soldiers are now erased for good. And so are we...

Jecht: ...What do you mean?

The Emperor: We serve no more purpose. We will most likely be extinguished like they were. The war... will finally truly be over...

Jecht: Hey, hey... I didn't agree to this.

Jecht: Was annihilating everyone your plan all along? Is that what you asked all of us pieces of Chaos to do?

The Emperor: It seems there has been a great misunderstanding. Jecht... You are not a piece of Chaos'.

The Emperor: You did not retain your memories, did you...? You used to be a

The Emperor: Your nature does not naturally belong to the side of harmony or discord. Right now, you are here by chance.

The Emperor: ...You are a "traitor" with a body of darkness with a heart of light that I created from the spoils that I obtained from the last victory.

Jecht: Spoils?

The Emperor: ...The crystals. And your body of darkness has a special aptitude.

The Emperor: Just as I had planned, you became the opposition to your son's light.

The Emperor: Now, until it is snatched away from me... You should tremble in awe... I have obtained power that surpasses the gods' expectations!

Jecht: ...I see. So my gut feeling that this whole thing was wrong wasn't off.

The Emperor: You... Where are you going?

Jecht: I get it. I was your tool. So... Now I can fight with peace of mind.

The Emperor: ...Hmph. You are a poor sport. There is no power that can stop the end of the world... In the end, it is I who had full control over everything!

Scene switches to the heroes traveling.

Squall: ...Is everyone all right to keep fighting?

Frioniel: Yeah, we're fine. We aren't alone, right?

The heroes encounter Jecht.

Jecht: Oh, good job making it this far.

Jecht: It seems that boy won't be my opponent...

Jecht: ...Well, that's all right. Bring it on. Have you come to get beat down by me?

WoL: Yeah. Something seems strange... It's as if the world itself were trembling.

Cecil: The atmosphere is stagnating. ...Is it because Cosmos is no more?

Tina: Is this what she meant by "know true darkness"...? If this world is already fated to be doomed... If all of our efforts were wasted...

Zidane: Fate? Wasted effort? ...That's probably how it is. But does that mean we're gonna quit? I don't think so.

WoL: Correct, Zidane. We must try to do everything we can first. We must fulfill the crystals blessing to this world...

WoL: ...This is because of the crystals' power?

Butz: Exdeath! What do you know?

Butz: What did you mean when you said that Cosmos was destroyed because of us!?

Exdeath: Fine. It's about time someone told all of you.

Exdeath: The true nature of the crystals.

Exdeath: They are items embraced by the goddess and the origin of the power of harmony...

Tidus: The power of harmony?

Tidus: (Gasp!) You mean...?

Exdeath: That's right. They are fragments of the goddess. You could say the power of Cosmos resides in them.

Exdeath: Because all of you have obtained the crystals, Cosmos lost her powers and vanished.

Exdeath: Her removal from this war was the doing of the crystals.

Exdeath: But there is still a remainder of light, though fleeting.

Exdeath: However, that power will soon be exhausted.

Butz: If the light vanishes, then we will also...

Exdeath: Return to the void from whence you came!

Exdeath roars with laughter.

WoL: Cosmos... Why?

Exdeath: If you can't wait to be erased, then I can return you by my own hand.

Exdeath: I will erase everything, and then myself, as well...

Exdeath: Forever!

Exdeath lets out a wave of sinister laughter before he vanishes.

The Emperor: The true crisis begins now.

OK: Huh?

The Emperor: Now that Chaos has won, the curse of battle has been broken.

The Emperor: Those who want to reduce the world to nothing.

The Emperor: Those who simply revel in destruction.

The Emperor: They have all begun to act on their desires.

The Emperor: This truly has become a world of discord.

OK: (Tch.) We'll stop them all.

The Emperor: Did you not call upon the despair of the end of the world with me...? Pitiful, Golbeza.

Golbeza: No... Not despair.

The Emperor: ...What did you say?

Golbeza: This world is created by things torn from other dimensions by the god and the goddess... You could call it a collection of fragments.

Golbeza: As long as Chaos continues his reign, the fragments will be trapped in this world and eventually sink into the darkness.

Golbeza: However, if Chaos was to be destroyed, the fragments would split up, and... become liberated once more.

Golbeza: I will ensure that this hope is possible. They... have the power to overthrow Chaos!

Garland: The "Grand Purpose" is... the only thing that gives my life purpose.

Garland: To watch over the world... That is the duty that Chaos and Cosmos fight over.

Golbeza: Duty...?

Garland: Everything that has passed has been for the sake of nurturing Chaos' innate power. And... creating the ultimate weapon.

Golbeza: That is... your true desire?

Garland: ...Do you have something you wish to say?

Golbeza: The cycle in this world is no exception. The cycle... is foreshadowing the end.

Golbeza: The tale has already begun to progress... Its course can no longer be altered.

Golbeza: Since that is the case, wouldn't it be all that much better if hope was to be discovered in the future?

Garland: ...My cycle cannot be ended, Golbeza. I... am just a puppet...

Frioniel: From the very beginning, we were fated to vanish... and Cosmos kept that from us. If she knew the whole time... Isn't that a bit too cruel?

Cloud: ...Not at all. If we save this world... If we can do that... Then all the other worlds in the other dimensions will be saved, too. Then... we'll be able to go home.

Tidus: Then we return to our worlds without being erased...? If we can, our dreams and hopes... won't have been for nothing, right?

Zidane: We've overcome many hardships.

The Emperor: If that's the case...

The Emperor: Do you all truly think you obtained the crystals on your own?

Cecil: What are you trying to say?

The Emperor: Naturally, Cosmos intended to grant all of you her power.

The Emperor: But think about it: who showed you gentlemen the way during the battle? Who guided you?

The Emperor: Wasn't it "us"...?

WoL: What?

The Emperor: Though she was weakening, Cosmos was still a goddess.

The Emperor: The only way to completely destroy her was to have her relinquish her power.

The Emperor: It was the ultimate plan.

The Emperor: So gentlemen, congratulations on overcoming your hardships and obtaining the crystals.

Zidane: Grr...

The Emperor: Well, we had people among our own ranks just do as they pleased.

The Emperor: But thanks to them, it was easier.

The Emperor: And, of course, you gentlemen, the goddess-killing dark forces.

Garland: ...What is your point?

Sephiroth: I was just talking about a hunch. Pay it no heed.

Garland: ...

Garland: ...This world is comprised of many qualities torn from other dimensions. If Chaos were to be destroyed, they would all be liberated...

Garland: A new world will most likely be created in another dimension.

Sephiroth: So, what you are saying is... we are going to have to journey there? When this world ends, we will have to start all over on new world...

Sephiroth: ...What is that you desire in the future?

Garland: Desire...? Am I even capable of desiring anything anymore?

Garland: I am just an avatar of war trapped in this endless cycle. It has been like that since the beginning... and it will probably be like that forever.

Chaos: ...So it ends in discord. Just like i my extremely long dream...

Garland: ...Have you awakened? What kind of dream did you have?

Chaos: Hmph... It was a foolish dream where I governed the world alongside the Goddess of Harmony, Cosmos.

Garland: ...! That...

Chaos: How laughable. In that world, I was also the God of Discord.

Chaos: However... It is such a mysterious thing. The dream seemed so real. Everyone had such tender smiles on their faces... And I passed the days so happily alongside Cosmos...

Chaos: I wish I could forget it all... Don't you think having such a fantasy is too cruel?

Garland: Chaos... If this is to be the final war, I should tell you the truth...

Garland: All the times that this war has repeated... It was all for the sake of the "Grand Purpose".

Garland: This world that served as a battlefield between harmony and discord... And me.

Garland: The reason I've supported you when you lost your memories... It is all for the "Grand Purpose".

Chaos: I knew it... You started all of this.

Garland: No... In the very beginning... I was you... Before I, as Chaos, was led to this dimension by the "Grand Purpose".

Garland: While I was on the brink of death, the power of discord sent me on a trip through space and time for two thousand years...

Garland: You are me... And I... am you.

Chaos: ...Then...

Scene switches to the heroes traveling.

Zidane: ...Are you all right, my lady? You're losing your complexion...

Tina: Thank you for your concern...

Zidane: Isn't it natural to be gentle with girls? And besides... you're all my dear friends.

The heroes encounter Sephiroth.

Sephiroth: ...No matter who comes, I will not be stopped. I have become a god.

Sephiroth: My spirit will live on forever... And eventually... it will reach the promised land.

See Shade Impulse 90 and 91.

Sephiroth: Just like... mother before me... I... will go on a journey... and find my shining future in the promised land...

The heroes continue forward and destroy another Stigma of Discord.

Tidus: ...What's up? Could it be... you're scared?

WoL: No, I have not changed my mind about defeating Chaos. However... Unlike the rest of you, I can't remember anything about myself.

WoL: A place I need to return to... The place that I came from... I cannot even remember my own name.

Butz: If it helps... we aren't sure about anything either. Like a cloud drifting on the winds, our futures are also uncertain... Ethereal, if you will.

Cecil: It will be all right. Your memory will definitely come back to you. And even if they don't... You can create new ones in the future... Right?

WoL: ...Thank you, everyone.

Scene fades and comes back a little while later.

Tidus: Hey...

WoL: ...What is it?

Tidus: ...You don't remember anything about yourself before coming here, right?

Tidus: Well, even if we return to our own worlds after this war and continue with our own lives... All the times we've spent fighting together... Even if it's just once in awhile... please remember us.

WoL: ...Yeah, I will never forget all of you.

Tidus walks off ahead.

WoL: ...What is it that I have forgotten...?

The heroes continue forward and destroy another Stigma of Discord.

All of the heroes begin to fade.

WoL: So you were revived after all.

Garland: It seems your final moments draw near.

WoL: We won't go quietly.

WoL: We will defeat Chaos and end this cycle.

The heroes stop fading.

WoL: That is our final mission.

Garland laughs.

Garland: Then let us begin...

Garland: The battle for the fate of the cycle in which we wager our lives!

Garland: Why don't we enjoy this gala of discord to our hearts' content!

The heroes and Garland begin their fight.

WoL: True havoc...?

Garland: That's right. It has awakened. Ultimate discord...

Garland: With his divine strength, Chaos will bury this world and all of you with it!

WoL: This world and all of us with it? For what reason...!?

Garland: Discord. To destroy all shape and form of existence.

Garland: Is negating existence not the ultimate form of discord?

Garland: Even if this battle were to end, there would be no celebration, no glory, no salvation, and no future.

Garland: The world that Chaos snatched from the late goddess Cosmos will be reduced to nothing.

WoL: Nothing... Everything will be eradicated!?

Garland: (Hmhmhm.) That is the god's will...

WoL: And you are all right with this?

Garland: Even if the world loses its shape, the cycle will still continue.

Garland begins to fade.

Garland: Beyond time, beyond dimension, the spirit of this battle will live on forever!

Golbeza: In a world full of discord... I can fulfill my wish.

Golbeza: It's splendidly strong.

Golbeza: If it's you guys, you will be able to overcome anything.

Golbeza: I believe all of you will succeed when the time comes.

Golbeza turns and walks away.

Golbeza: I am being summoned by Chaos. That means I still harbor weakness within my heart.

Golbeza: You don't need me by your side.

Cecil: Please wait.

Golbeza continues without stopping.

Cecil: Wait!

Golbeza stops.

Cecil: You're dishonest, brother.

Cefca: You wanna know?

Cefca: You wanna know!? Then...

Cefca: I WON'T TELL YOU!

Cefca: Meaningless destruction is fun!

Cefca: If people know everything will eventually be destroyed, why do they continue to build? If they know that they will eventually die, why do they continue to live?

Cefca: Once you're dead, it all becomes meaningless!

Tina: Because there are things we must protect.

Tina: Isn't it enough to search for meaning during your life?

Cefca: It's all futile.

Cefca: The world and all of you will soon be eradicated.

Cefca: Life...

Cefca: Dreams...

Cefca: Hopes..

He was born an unthinkable small child, with his size belying his tremendous power.

This power was supposed to be raised and watched over by our country, but we decided to take care of the child as if he were our own. Looking into the child's pure eyes, how could we even consider any alternative?

It pained us to know that the child was really the country's and not ours. We knew that someday he would be snatched away from us.

My husband was troubled with the duty presented to him. Until now, he had only invented floating stones and airships... Things that enriched people's everyday lives. This child was different. He was a tool of war.

However, disaster soon appeared. Because of the neighboring countries, who used summon beasts and Omega to attack us, we had no choice. In order to protect our peace, my husband had to continue his research.

|=====|
|Cosmos Report 03|
|=====|

The child, who was just beginning to learn to speak, wanted to communicate with us and was eager to talk to us. He even called me "mama" and my husband "papa" out of affection and often embraced us.

The child had brought many a smile to our faces. Though we were frightened of war, he brought us endless delight. However, it would all soon come to an end.

War... had broken out.

The child was taken back from us. The army, for the sake of ending the war as soon as possible, came to take the child.

```
|=====|  
|Cosmos Report 04|  
|=====|
```

The child continued to grow, and his unquestionable power seemed to suit his destined role as a soldier. The orders of the army were absolute.

The messenger from the country that came had to restrain me as they took the child. "Your orders were only to be a foster parent..." is what the army thought, and to them, my mission was fulfilled.

As a result, that child went on to massacre the neighboring countries. In a maelstrom of hellfire, that child eliminated the summon beasts and Omega...

It was then the world began to plummet into the depths of hell.

...In that way, that child eliminated his own purpose. Because the country no longer needed him as a soldier, they planned to dispose of him.

When I heard of this, in order to save that child, I enlisted in the army.

Even though he had brought untold suffering on countless people, I still wanted to save my son.

```
|=====|  
|Cosmos Report 05|  
|=====|
```

After my second battle, I refused to continue. As a result, my husband and I were branded traitors and imprisoned deep underground.

While I was lost in my own grief of taking away the lives of so many innocent people, I overheard rumors of a project that began at the start of the war while I was in the army.

It was a project that seemed very familiar... In order to manipulate that child's thoughts, they created a clone of me.

The country planned to repeat the tragedy again. That child's power had become a thing of tremendous value. But they did not understand.

An artificially created me is still me. If the clone did not want to make that child unhappy, nothing could be done. If the clone did not want to repeat the destruction, nothing could be done... The project was scrapped due to insufficient time.

I decided that there was only one thing to do now.

```
|=====|  
|Cosmos Report 06|  
|=====|
```

The prison I was held in was a cave crawling with demons. I studied the demons' habits, and used the knowledge to break out of the jail with my husband.

We fled from the jail and rushed towards the laboratory where the child was supposedly being held. Once there, we found a research subject that greatly resembled the child.

The child became so thin that we did not even recognize him anymore. In the profound depths of his hollow eyes, the color of hatred began to rise.

I was unable to tell him all the things I had wanted to. We gave him a rudimentary explanation, and quickly escaped with him.

```
|=====|  
|Cosmos Report 07|  
|=====|
```

It happened while we were escaping with the child in our company. I was discovered by soldiers and shot.

I could hear that child's cry of sorrow from far away.

A bad premonition began to rise in my heart. It began to rise from the depths of that child's hollow eyes, the color of hatred...

My premonition came true. In front of that child, a rift in space and time was born, and everything was consumed by it. The darkness began to swell out of control...

It was then I lost consciousness. When I opened my eyes again, I saw only a destroyed laboratory.

The child and my husband were nowhere to be found.

```
|=====|  
|Cosmos Report 08|  
|=====|
```

It is originally our tradition to pass down our memories to our family. With my husband's great intelligence and engineering ability, I had a means to do so.

On the brink of escape, I used the transmitting device and decided to go back to my birthplace. I thought that this way, even if I die, I'll be able to pass on my memories to my family.

After groping my way through the forest, I arrived in my birthplace: the town known as the Wings of the Hawk, where peace and tranquility endured.

Suddenly, the world around me began to sink into darkness. My family used the floating stone my husband left behind and the town began to rise into the air.

I would soon tell them all that had happened to me, and they would come to understand everything. Thus the tradition of passing down our memories began...

```
|=====|  
|Cosmos Report 09|  
|=====|
```

Are you finished inheriting all of my memories?

Yes. I have not lost my ability to convey my memories. This is a superior way to books to preserve these memories for the generations to come.

Right now, the world that has fallen into discord by the hands of the Four Fiends of Chaos and the world in the story I have told you are very similar, aren't they?

I do not understand it either. However, I believe this story will be the key to some gravely important place someday. In your memories, there is a rift running through space and time. That, and the place where the the Four Fiends of Chaos dwell... In your memories, they are one and the same.

|=====|
|Cosmos Report 10|
|=====|

I see. Thank you very much. We shall inherit the recording of your story.

Lukah, in the end, could we perhaps ask you a question? Your prediction... About the Warriors of Light... Will such people really appear, obtain the crystals, and save the world from the darkness?

Even though it was I who made the prediction, it is originally told by a historian. History will see if this prediction comes true. I have a feeling it came from the world mentioned in the story.

The Warriors of Light will definitely appear. Then the world will be saved...

No, then the people the world will be freed from this cycle.

|Chaos Report 01|
|=====|

All things have an origin. Even this world has an origin. It all began with my desire...

There are two existences that are full of pure, unshakable power. Because these two forces oppose each other, this world is kept in perfect balance.

Our power was limitless. I decided to evolve our power through our mutual dispute. But if we battled even once, the world might lose its balance.

Before long, I discovered something of great interest. A knight who was chained to the prison of time by his hatred born of love, imprisoned by his karma. Whether the discord called to him, or he called to the discord, I do not know. However, one thing was certain: he was fated to fight forever.

The endless conflict began here.

|=====|
|Chaos Report 02|
|=====|

Harmony and discord are divided within this eternally conflicted piece. But from the power he has displayed, that fact is trivial.

However, this piece is quite peculiar. Even if he dies in battle, he is resurrected again in the state he was in right before his death. But he does not seem to retain any of his memories before his death.

However, there is one condition to his resurrection: The possession a strong "something" seems to fulfill this requirement. Whether it is faith, regret, or fear, it makes no difference. It does not matter whether he is piece on the side of harmony or discord.

But this time, something went wrong. The piece resurrected with all of his memories intact. Was this unfluenced by the crystals that the goddess created? It was probably an omen. An omen of this war's unsettling conclusion...

```
|=====|
|Chaos Report 03|
|=====|
```

We were relentlessly besieged by the destroyer. Amidst the final battle, I finally found it. And like that, the power of discord was born.

I had discovered a great power created from absorbing the powers of all the residents of this world. However, this was not a destructive power.

In order for the country that raised this power to manipulate the discord, they created a method for harmony to control the discord: infusing their memories into the discord.

Now, I am the same as that country. In order to win this conflict, I must commit a heinous crime.

```
|=====|
|Chaos Report 04|
|=====|
```

Once they are born, everyone wishes to leave something behind in the world.

The Goddess of Harmony, Cosmos, left behind the crystals. It would not be incorrect to call the crystals creations of Cosmos that embody the power of the goddess and the understanding of people.

The crystals originally were not tools. They became tools out of necessity. They bestowed power to those who possessed them, and thus became tools.

If this world was also turned into a tool, the wielder would be able to do anything.

```
|=====|
|Chaos Report 05|
|=====|
```

I could not fulfill my wish for ultimate discord.

I thought that if my wish were to be fulfilled, I could put an end to this world and the war. However, something new was being born. A new life, different from any that came before, began to beat.

I thought that a strong, destructive power was my only path to salvation. However, I was mistaken.

It all began with hatred. When I obtained the ultimate weapon, I desired revenge against those who desired power. But power does not guide people.

They taught me that in an endless war, sometimes people guide power. This seemed to be an absolute truth of this world. I have no regrets. When the cycle begins anew, it will come under my guidance.

Even though I do not know whether it is for revenge or salvation, I will set out on yet another journey with that person. As a god that governs this world, I will see this war to its end.

```
|=====|
|Chaos Report 06|
|=====|
```

Who am I?

My name holds no significance in this world. Everything I love has been snatched away and I no longer recognize the world around me.

The world has been destroyed twelve times. This is the thirteenth time the world is being created. The next time, discord will probably win again, so I must use any and every means at my disposal.

Perhaps I hate him because he is the reason I was torn from my wife. The next time will be the last... The only reason for this endless conflict to exist is so that the ultimate weapon can be created.

```
|=====|
|Chaos Report 07|
|=====|
```

I never thought anyone would willingly take their own life.

Naturally, my memories have lost their meaning and he is the only proof of what is real anymore. Even if the flesh were to rot, my spirit shall not die. That theory is only partially correct.

Originally, this world did not have a defined shape. Thinking that a world with no shape had no use, I took care of the rest with my own hand.

But which is true? Can the spirit exist without flesh? Can the flesh exist without a spirit?

Whether someone is "good" or "evil" is not determined before his/her birth.

```
|=====|
|Chaos Report 08|
|=====|
```

A direct interference in our war is unforgivable. I do not have the strength left to deal with such a thing.

Thus I have signed a contract with a dragon that wanders through time and space.

When the war of the gods is over, the defeated god will choose a new piece to take his place and the battle will begin anew.

As compensation, I will lose my body. That is hardly a problem.

The discord has absorbed far too many things. The only way left to save the world is to purify it by destroying it and recreating it.

```
|=====|
|Chaos Report 09|
|=====|
```

I have yet to discover the true potential of harmony and chaos in my many experiments. I will utilize the many wayward intentions of this world to to accomplish things that are thought to be impossible.

After countless experiments, I finally succeeded.

This success is the realization that in order to create such an amazing power, I must correct the mistakes in the world and seal the rifts in the dimensions. Only someone who is detached from the war will be able to do this.

This person must be a person who fully comprehends their own existence. When one understands their own existence, nothing else can shake them.

As for the piece from the beginning, if he establishes a purpose, he could be the one.

Only the gods know everything that has passed and everything that will be. But the only thing I need is power.

```
|=====|
|Chaos Report 10|
|=====|
```

Everyone, you will be reborn from your fallen tears. In the beginning, everything is equally balanced.

And you will definitely understand your path. Like the piece that was mentioned, everyone has their own, unique path to continue down.

What is it that determines who we truly are? The flesh, the soul, discord, harmony; which really matters in the end?

This insecurity is what makes this war so interesting.

When the new world is created, which path will it take? As a researcher, I have quite an interest in this.

```

===== Secret Ending =====
=====
```

Cid: The long war has finally concluded...

Scene opens on Cosmos sitting on her throne.

Cid: Or should I say it regretfully concluded?

The narrator laughs.

Cid: It cannot end like this...

Cosmos: The world has a new wish.

Cid: As long as the world exists, there will always be seeds of conflict.

Cid: Things like "harmony" and "discord" are born from the "thoughts" of man.

Cosmos: Is there... nothing that can be done about it?

Cid: Even with the power of the Lufaine, this problem cannot be solved.

Cid: You know that truth well...

Cosmos: The future...

Cid: Then, let us go.

Cid: As the chosen goddess... Restore the cycle again.

Cid: Continue the journey of our story towards the final fantasy...

===== Distant Glory - Shantotto =====
=====

|=====|
|DG-S (Part 1) |
|=====|

Scene opens on player entering Shantotto's domain.

Shantotto: Hello... and goodbye.

Shantotto: This palace is a place where hard-working scholars can enjoy themselves to their heart's content... This is not a place where a commoner like you can come and go as you please.

Shantotto: ...What was that? Even though I warned you, you won't turn back?

Shantotto: Then you shall die a dog's death. If you continue forward, I will entertain you for a little while.

The player continues forward.

Shantotto: "It seems he/she is more trouble than I thought... I wonder if he/she might be useful."

The player clears the first stage.

|=====|
|DG-S (Part 2) |
|=====|

Scene opens on the player reaching the second stage.

Shantotto: Good heavens! For a greenhorn like you to survive this far!

Shantotto: However, the real fight begins now. Please show me that greenhorn

spirit.

The player continues forward.

Shantotto: Hm... This one is an unexpected find.

The player clears the second stage.

|=====|
|DG-S (Part 3) |
|=====|

Scene opens on the player reaching the third stage.

Shantotto: How pleasant! I have a job for you.

*A box appears with the choices:

<Accept the job.>

<Do not accept the job.>

A reference to accepting a quest in FFXI. You are forced to pick

<Accept the job.>*

Shantotto: Right, it is not like you had a choice in the first place. Now, about this job...

Shantotto: You were also brought here to fight in the war, correct? Those mindless puppets are wreaking havoc all around us.

Shantotto: So... please take care of them. Please do it as fast as possible.

The player clears the third stage.

|=====|
|DG-S (Part 4) |
|=====|

Scene opens on the player reaching the fourth stage.

Shantotto: Well done. You took care of all of them.

Shantotto: "You saved me all the trouble of getting my research ingredients myself... But I wonder who created such high-quality puppets. It was most likely not a mortal."

Shantotto: ...Ha! What are you staring at? Come back after a little while.

The player continues forward.

Shantotto: Even if you do that... Ah, no... Do not mind me.

The player clears the fourth stage.

|=====|
|DG-S (Part 5) |
|=====|

Scene opens on the player reaching the final stage.

Shantotto: You cleaned them all up. I have sealed away all the puppets you

have taken care of in a dimensional pocket.

Shantotto: ...It seems like this greenhorn has quite some tenacity. I have a slightly different opinion of you.

Shantotto: Now, come to my side. I will offer you my gratitude when you arrive.

The player continues forward.

Shantotto: I wonder if you will be able to finish what you started. Now... All that is left...

The player reaches Shantotto.

Shantotto: Congratulations on arriving here. I award you a gold star.

Shantotto: Now, as for my gratitude... I shall offer you a special lesson that I will personally teach!

Shantotto: It is the most special of special awards. You should be crying tears of joy! Ohohohoho!

The player defeats Shantotto.

(If the player has yet to defeat Gabranth.)

Shantotto: Not bad at all. You must be much more diligent. If you are, I will honor you as a fellow researcher.

Shantotto: Now, I bid thee farewell.

Shantotto: What about... Chaos? On the same note, what about Gab... ra... riel? You should request a blood duel with that ignorant armor-clad fool.

Shantotto: It seems like this war is... going to become quite fun. Ohohohohoho!

(If the player has already defeated Gabranth.)

Shantotto: Oh, right, right. It seems like a recent oddity has appeared. You should be aware of it, as well.

Shantotto: A strange person from an unknown land has flown in. Could it be that you just came from... Impossible, no?

Shantotto: That puts me in a good mood. My studies have been avenged.

|DG-G (Part 1 ) |
|=====|
```

Scene opens on player entering Gabranth's domain.

Gabranth: Who's there...? Hmph... Have you lost your way, as well?

Gabranth: Why don't we have some fun in this war of the gods? We should at least go out the way we choose.

Gabranth: No matter which path we choose, our fate is the same... In this endless war... we will all die a dog's death.

The player continues forward.

Gabranth: ...So you aren't completely useless after all.

The player clears the first stage.

```

|DG-G (Part 2 )|  
|=====|
```

Scene opens on the player reaching the second stage.

Gabranth: What is it that you are looking for in this place?

Gabranth: Hmph... Are you yet unaware of it? This is not a battlefield of the war of the gods.

Gabranth: This is an abyss that is unconcerned with the fate of this world... A hell where the weary and defeated dogs who crave battle wander aimlessly.

Gabranth: Only those who can overcome the trial can return to the battlefield of the gods once more...

Gabranth: Does that fill you with despair?

Gabranth: Even if you overcome this trial, you will only return to fighting in an endless war.

Gabranth: We are doomed to fight forever more. It is best to just abandon yourself to an eternity of fighting.

The player continues forward.

Gabranth: Hmph, so you haven't given up yet...

The player clears the second stage.

```
|=====|  
|DG-G (Part 3 )|  
|=====|
```

Scene opens on the player reaching the third stage.

Gabranth: I... have lost everything. The comrades who fought besides me and the ones I sword to protect.

Gabranth: You must be the same. Is the reason you wander this hell not to find something you have lost?

Gabranth: Then why have you not lost sight of yourself!? What is it that you continue to seek!?

The player continues forward.

Gabranth: Do you wish to return to the battlefield of the gods? Do you wish to continue in this eternal war in vain?

The player clears the third stage.

```
|=====|  
|DG-G (Part 4 )|  
|=====|
```

Scene opens on the player reaching the fourth stage.

Gabranth: ...Let me tell you the fate of a "dog".

Gabranth: A "dog" who fought mages with all his strength under the order of the gods. As the battle stretches on, the "dog" gradually loses his pride.

Gabranth: His sole purpose in life is to fight this battle... That's what the "dog" feels.

Gabranth: But the gods could care less about the "dog"'s pride. The gods merely use the power of discord to call on the dragon and wipe everything clean in one sweep.

Gabranth: This "dog"... is none other than I, Judge Gabranth, who has fallen into the deepest pits of hell itself.

Gabranth: This is what it means to join in the battle of the gods. If you still wish to return to such a battle, feel free to continue on.

The player continues forward.

Gabranth: ...You didn't hesitate after all.

The player clears the fourth stage.

```
|=====|  
|DG-G (Part 5 )|  
|=====|
```

Scene opens on the player reaching the final stage.

Gabranth: So you have chosen to return once more to the battlefield of the gods... You must really want to return to your homeworld.

The player continues forward.

Gabranth: ...Hmph, I now understand how truly determined you are.

The player reaches Gabranth.

Gabranth: ...Greetings. I am the Judge Magister. I am the watchman who judges both the living and the dead.

Gabranth: As the watchdog of hell... I shall be the one who determines whether or not you are fit to live!

The player defeats Gabranth.

Gabranth: Go. continue on to the exit... No... The entrance of the battlefield.

Gabranth: ...Just go back. I have but one piece of advice for you: never lose sight of what you must protect.

Gabranth: Someday, you will encounter times of despair when you feel all is lost. During those times, remember the "dog" who wanders hell.

Gabranth: If you lose to despair, you will become like me. Never abandon your hope and see your life to the end.

Gabranth: ...Don't become like me.
