This is my 4th Monster HUNter Freedom Faq. This guide was written to help you find Any information on Rubies, because they are the rarest items in this game. ( You can contact me by e-mailing me at markymarkdt73@yahoo.com ). If you do e-mail me make sure the subject says "Monster Hunter Freedom Ruby FAQ" or else i'm just going to delete it. You can only e-mail me if you find any errors or if you find any new info on rubies not found in this guide.

FREEDOM o-----o

```

The Ruby is the rarest item in Monster Hunter Freedom (period). If you had the pleasure of playing Monster Hunter on the Playstation 2 you've probably heard of a little item called a plate. Also any Hunter new that the favorite phrase of any newb was "I Need Plates!" Now there's a new sheriff of newb pain in town, and his name is the Ruby. Soon there will be spam posts of Newbs complaining about "I can't get Rubies...(cry)". That is why I decided to make this Faq.

The Rathian Ruby in Monster Hunter Freedom is the equivalent of a Rathian Plate in Monster Hunter (PS2). It's difficult to acquire but not the hardest to acquire. It's found only in regular (green) Rathian tails. This Ruby was the easiest for me to acquire due to the ease of cutting Rathian tails.

The Pink Rathian Ruby is one of the new items added to the Monster Hunter item list. It is a new type of item found in a new type of wyvern. It's found in a Pink Rathian and is the easiest of the alternate Rathian variations to acquire.

The Gold Rathian Ruby is the rarest Rathian Ruby, by far. The Gold Rathian's

tail is thicker than the pink rathian, and takes more attacks to cut off. The Gold Ian Ruby is the most useful in the creation of rare weapons.

In Monster Hunter(PS2) the Rathalos was the bane of all anguish. The Rathalos plate was almost impossible to get let alone 25 of them. Now the new bane of items is the Rathalos Ruby. With a very low success rate of collecting one this item will bring back memories of the pl8 runs.

The Ruby of an Azure, or blueish, Rathalos. Not any easier to get one from

this tail than a regular Rathalos. The tail is harder to penetrate and cut, and will have to struggling with it. Good Luck with this one, you'll need it.

There's not much I can say about this that will make it any easier to acquire. The Silver Rathalos is fast, adgile and won't let you hit its tail without a fight. All I can really say is good luck.

As rare as a Rathalos Ruby but with 1-7 more attempts per monster. The Lao Ruby is probably the easiest to get. With more than I carve attempt this one won't be as hard. The Azure Lao is the only lao that I got a Lao Ruby from.
