1.1 Introduction

I created this FAQ so that people could find out what items are needed to make a certain gun. This FAQ is in no way complete and I will update as I get more guns in the game.

I have included the Gun name, stats, materials needed, ammo usage, and cost to create the Gun. I do not have the stats to the gun when it is fully upgraded as I don't have every material to create every gun. I will list the guns base attack.

The Guns are in order that I see them on my game.

All Guns can be modded to a level of 5. Modding a Gun will increase its attack power by 60 when fully modded.

Feel free to Email or AIM me if I'm missing a Gun or have something listed incorrectly. Credit will be given to helpers.
