- Introduction

This guide is a mask list for Patapon 2. It contains writeups for all mask that are in Patapon 2. Patapon 2 has finally been released for Europe so I'm able to see and change the names to english.

Egg details have been added. They contain everything you need to know on which eggs drop what mask, materials, etc. etc.

Do inform me at dexter1984 at gmail.com if you find any mistakes.

This guide is to be used with the following pictures for a clearer picture.

<http://i126.photobucket.com/albums/p98/justln/Maskeditingtogether.jpg>  
<http://i126.photobucket.com/albums/p98/justln/EggMask-1.jpg>

Mask are only dropped in Egg Misssions. Eggs are dropped by different boss and each boss may drop 2 eggs instead of 1. Egg Missions are fixed at normal mode.

Not all Eggs drop COM AI.

I accept any suggestions you would like to be in this guide.

- Egg Details

Things to take note of:

- = Kaching = currency used in Patapon
- = Some stages do not have a boss, instead you go through a whole stage.
- = Also, some stages do not drop any mask or materials at all. Equipments such as weapons and hats are dropped instead.
- = The eggs are arranged in the same position ingame from Egg No. 1 to 30.
