Thank you Kain Stryder, for making the Star Ocean Monster List (for SNES). The names from the PSP version are slightly different from the SNES version (and there are a few new monsters), but I used your List as a basis for mine. Thanks a bunch!

My name is Rikki, and my e-mail is rinoa_10@yahoo.com

Feel free to e-mail me any questions/comments/advice/mistakes. However, when you e-mail me please arrange your subject header like this:

SOFD: "Subject Here"

Putting the SOFD: in front of your subject will help me filter e-mails related to the Star Ocean: First Departure guides/walkthroughs I've done. Will I read your e-mail if you don't do this? Maybe, maybe not. If I have to search my inbox for it, probably not.

Also, do you think I should add a section with all the monsters listed by location? Would some of you be interested in that?
