The Tracks are very crooked and needs time to experience the sudden Dangers. In some tracks, there are some areas where you will need to do A tight turn. For such you will just have to press R1 or L1 for the Specified direction.

R1 --> Towards the Right
L1 --> Towards the Left

If You turn too much then you will end up crashing.Or if you don't turn It will be a fiery flight to the ground.

Gran Prix

~^.....~

How to finish Grand Prix

~^.....~

First, You need to get practice in using the controls as they will be confusing to the beginners.(Get more practice by playing Time Attack Mode which will be later described in brief)

There are only three planes to choose from,in this mode.They are described in The Planes section.They are:-

- 1) Gee Bee
- 2) Pitts
- 3) Polikarpov

Play all tracks in this mode to unlock Secret planes.For This win all the Races 3 times individually with the available planes.

F.A.Q.S

1)Hi there,

How do I do a turbo while turning hard?

-mantiny hike

A)Turbo while turning hard???...hmmm...all u have to do is to press O while Turning with R1/L1 and directional buttons.But Becareful.You can crash if you try to do those.Better not doing nitro while turning.

=====

2)How do I play with War Hawk, SpitFire and Zero Fighter in Gran Prix?

-thansi_Y3K

A)Play Gran Prix with the available planes and win the Gran Prix successfully Three times in 1st Position (any two tracks) and get more than \$ 50,000 As cash prize.
