## #01. What is experience?

```
=====X=====
```

EXP are points that you get killing monsters in order to level up.  
On the status menu you will see two EXP numbers: "Total" and "Next". The total is the amount of experience that you have and will never be decreased. The "Next" exp is the amount of exp that you need to acquire to get to the next level.

## #02. How to get experience

```
=====X=====
```

There are some monsters that increase their exp after receiving some hits.

Bots | <https://www.youtube.com/watch?v=0I0ZZTx8TYU>

```

```

When Bots take a hit from WIND + ICE they change their form.  
When it happens, their exp doubles.

```
BOT START EXP: 330
x1 hit: 660
x2 hit: 1320
x3 hit: 2640
x4 hit: 5280
x5 hit: 10560
x6 hit: 21120
x7 hit: 42240
x8 hit: 65535 (max)
```

Method:

- 1st turn (the combo turn)
- 2nd turn (use to heal, so you can repeat the combo)
- 3rd turn (heal again if needed)
- 4th turn (use the combo again)

Lavoids |

-----

Using fire attacks increases their exp, but it also makes them stronger.  
 Use items that absorb fire, they use "Inferno" (Fire3) and  
 "Magma Blast" (Eearth + Fire 3).

Orochi | Legion | <https://www.youtube.com/watch?v=KZH2j5UkDXM>

-----

Orochi increase its exp and power with magic attacks.  
 Legion increase its exp and power with meelee attacks.  
 They are strong against death, be careful.

Treans | Trunked | <https://www.youtube.com/watch?v=k99HR-xMSqM>

----- 8,000 / 5,000 exp (each)

Those tree-like monsters in Abandoned Village. Each turn their exp drops  
 by 20%, you need to kill them in less turns to get a good exp.  
 You will need a very high level to kill them in one hit.

Rider | <https://www.youtube.com/watch?v=R7pMENlSOlE>

----- 10,000 exp

Gives a good exp and a lot of money. You will need a very high level  
 to be able to kill fast enough. (Listed because of exp + zenny)
