| PLAYERS ON VS MODE |
\-----/

I've written the statistics of all players on VS MODE. The first parameter is HP, I don't know what other parameters are, but I think they are related to speed, shoot power etc etc...(*) means that the player can perform special shoots. I've written the players name how I have heard them. They couldn't be right!! The goalkeeper are never called. I've invented the less famous goalkeepers name.

IMPORTANT:

It's not easy to understand the players name. Forgive me, if it's wrong, please!

N- --> Number
LV --> Level
HP --> Heal Point
P2 --> Parameter 2 (???)

P3 --> Parameter 3 (???)
P4 --> Parameter 4 (???)
P5 --> Parameter 5 (???)
P6 --> Parameter 6 (???)
TOT -> Total

Role:

GK -> Goalkeeper
DF -> Defending
MF -> Midfielder
FW -> Forward
