| SPECIAL SHOTS |  
\-----/

I've written all special shoots. First is team name, then player's one, role, number, button combination, team mate to perform it, and what player say. If a player improves his level, he could perform new special shoots. (\*) means "New Shoot". I've discovered only Japan and Real Japan 7 new shoots. I know nothing about other teams.

IMPORTANT:

It's not easy to understand what players say.  
Forgive me, if it's wrong, please!
