| NOTATION EXPLANATIONS |

| [1], [2], [3],...      Used to show interchangeable speech, in which  
|                              one line is said by whoever's in one party  
|                              member. Different party combinations needed  
|                              to get some of the dialogue, so, in essence,  
|                              the bracketed numbers represent the possible  
|                              reactions to a given action. Because, say,  
|                              one person is listed multiple times does not  
|                              mean they have speech there repeatedly -- it  
|                              all depends on the order and the characters.  
|  
| [\*]                        An asterisk by someone's name means they  
|                              will say text if they are present. It's not  
|                              the same as above in that the asterisk'd

| parts represent speech that will \_always\_  
| occur when present, as opposed to the varied  
| party lineups that are needed to get the  
| above.  
|

| NOTE: Some people just simply don't have dialogue on some options,  
| either because it's out of character (Magus never seems to say  
| anything in sappy thank-you scenes, for instance) or because  
| they weren't involved with an aspect/didn't experience a part  
| of the game that would elicit a response from them. Ayla and  
| Frog, being of the olden days, sometimes lack dialogue in this  
| respect.

[Fireworks and balloons come from the nearby fairgrounds. The main character is asleep in his room nearby, and is woken up by his mother.]

Mom: "Crono... Crono! Good morning, Crono! Come on, sleepyhead! Get up! Ah, Leene's Bell makes such beautiful music! You were so excited about the Millennial Fair that you didn't sleep well, did you...? I want you to behave yourself today! Let's get moving, now!"

[Crono follows his mother downstairs after waking up.]

Mom: "Finally! By the way, that inventor friend of yours... Uh...you know! Oh, dear, I've forgotten her name!"

[Crono can name his inventor friend, default: Lucca.]

Mom: "That's right, Lucca! Don't forget that she invited you to see her new invention! Run along now, and be back before dinner."

[Crono leaves his house and heads to the festivities at Leene Square. He bumps into a girl there.]

Girl: "Hey!! Ouch, that hurt! I'm so sorry! Are you okay? Uh oh... My pendant!"

[Crono recovers it for her.]

Girl: "Oh, thank goodness! My pendant! It has a lot of sentimental value! May I have it back?"  
R1 --> Yes.  
R2 --> No.

R1: [See below.]  
R2: [Crono withholds it.]

[He hands the pendant over.]

Girl: "I came to see the Festival! You...live in this town, don't you?! I feel a little out of place here. Would you mind if I walked around with you for a while?"  
R1 --> Sure.  
R2 --> Sorry.

R1: "You're a true gentleman! Oh, by the way... My name is, er..." [Default: Marle] "...um, Marle! And you're? Crono? What a nice name! Pleased to meet you! Now, lead on!"  
R2: "Oh, come on! I don't know anyone around here! Please!"  
R3 --> Ok.  
R4 --> No.  
R3: [Same as R1.]  
R4: [She repeats R2.]

[Crono and Marle play some games and booths for awhile. They go to Lucca's lot after awhile, but Marle drags Crono to a candy vendor.]

Marle: "Hold your horses! I want to get some candy. Hi! I'd like some of this!"

Lady: "Sure, young lady."

Marle: "Thanks for waiting!"

[They go to see Luca's invention. She's there with her father and a few spectators.]

Taban: "Step right on up, any of you who have the time and the courage! Our 'Super Dimensional Warp' is the invention of the century! To use it, jump up here... ..and you'll get teleported here! It's the masterwork of my beautiful daughter, Lucca."

[Crono goes to Lucca.]

Lucca: "Crono! Where have you been!? No one wants to try the Telepod! How about you?"

Marle: "It looks fun! I'll watch while you try it out!"

Lucca: "Just hop onto the left pod!"

[Crono does.]

Taban: "All systems on!"

Lucca: "Begin energy transfer!"

[Crono warps to the right pod.]

All: "Oh wow. That was GREAT!"

Marle: "What a kick! I want to try it, too!"

Lucca: "Huh? Hey Crono, how did you pick up a cutie like her?"

Marle: "Hang on, Crono! I'll be right there!"

Taban: "Behold, ladies and gentlemen, as this vision of loveliness steps aboard the machine!"

Marle: "Don't go away. I'll be right back!"

Taban: "You're sure about this...? There's still time to change your mind!"

Marle: "No way! Throw the switch!"

Taban: "Okay, everyone, let's give her a great big hand when she reappears! All systems on!"

Lucca: "Begin energy transfer!"

Marle: "What's happening? My pendant...it's..."

Lucca: "Huh?"

[Marle's pendant reacts with the machine and she disappears into some kind of time warp, disappearing before everyone's eyes.]

Taban: "Lucca! Where is she?! Show's over, folks! Let's head along now!"

[The spectators leave.]

Taban: "What's going on Lucca? WHERE IS SHE?"

Lucca: "The way she disappeared... It couldn't have been the Telepod! The warp field seems to be affected by her pendant..."

Taban: "What are we going to do now?"

Lucca: "She's so familiar! I KNOW I've seen her somewhere..."

[Crono picks up the pendant on the left pod.]

Lucca: "Crono!"

Taban: "You're actually going to do it?! What a fine lad!"

Lucca: "Listen! I don't know where this machine is going to send you, but we haven't any other choice."

Taban: "Won't they both be lost?"

Lucca: "This is our only hope! That pendant seems to be the key, so hang on to it Crono, and brace yourself!"

Taban: "All systems on!"

Lucca: "Begin energy transfer! Power to full!"

Taban: "Roger!"

Lucca: "More! Give me more power!"

Taban: "Roger!"

Lucca: "There! We did it!"

[Crono gets sucked into the warp, but not before Lucca says--]

Lucca: "I'll follow you after I know what went wrong. Good luck, Crono!"

[Crono disappears.]

[Crono lands in Truce Canyon after the time warp and heads to the large castle nearby via Guardia Forest. He's immediately accosted by guards.]

Soldier: "Halt! Who goes there! Check out that hair! Where're you from, son? Are you one of Magus's troopers?"

Soldier 2: "Hardly! That kid never would have made the cut! Show us your stamp collection, son! Har, har! Now beat it, shrimp!"

Voice: "Stop that at once!"

Soldier: "Queen Leene!"

[The queen appears.]

Queen: "Show your manners! This is a friend of mine!"

Soldier: "But there's something odd about him!"

Queen: "You refuse to obey my orders?!"

Soldier: "Forgive me, my lady! Please enter, Sir!"

Queen: "Giggle..."

[Crono runs to the queen's chambers, blocked by a guard.]

Guard: "The Queen awaits."

[Crono enters.]

Queen: "Ah! There you are. Please leave us. I need to talk to this individual."

Attendants: "Certainly, your Highness."

[The attendants leave.]

Queen: "Come nearer, Sir. Giggle... Fooled you, didn't I, Crono? It's me! But everyone calls me, Leene! I'm so relieved you're here! We barely know each other, but somehow, I knew you'd come for me... Thank you, Crono! S, something's wrong!!!"

[Crono looks around.]

Marle: "W, what's happening?! It feels like...I'm being torn apart! Help me, Crono! I'm scared!!! Please...Crono...h, help me!"

[Marle disappears and Crono heads downstairs. Just then--]

Voice: "Crono!"

[Lucca appears.]

Lucca: "Huff, puff...you're okay! Did you find the girl? GONE?! Whaddaya mean she's gone?! Hmm...it's just as I thought. I knew I recognized her! And this looks identical to the castle in OUR time! I'll bet they mistook that girl for her ancestor... You see, she's a member of the royal family in OUR time! She's Princess Nadia! Marle, that is, Princess Nadia, is a descendant of Queen Leene! Queen Leene has been kidnapped. As I recall, someone was supposed to have saved her. But history has been changed! Marle looks so much like Leene, that they probably called off their search when she appeared here. But if the real Queen is killed... ..Marle will simply disappear. There might still be time! If we can save Leene, history as we know it should remain unchanged! Something must have happened to the Queen in this era. As a result, Princess Nadia ceases to exist! Hurry! We have to find the real Queen!"

[Lucca joins up, and they head to the closest place to begin their search...]

[Lucca and Crono search the cathedral and find something shining on the ground towards the front.]

Lucca: "What did you find? A hair pin. That's Guardia's royal crest!"

[The nuns change into Naga-Ettes and attack, but get repelled.]

Lucca: "Phew! That was close!"

[Another Naga-Ette appears behind Lucca and pushes her down.]

Lucca: "Aack!"

[A frog-man descends and cuts it down.]

Man: "Lower thine guard and thou'rt allowing the enemy in. Thou'rt here to save the Queen? The lair is deep within. Will thee accompany me?"

Lucca: "A...a FROG!? Crono, it's a talking frog! I hate frogs!"

Man: "My guise doth not incur thy trust... Very well, do as thee please. But I shall save the Queen."

Lucca: "W, wait! You don't seem like a bad... ..uh, person-frog-thing... I mean... Crono! What should we do?"

R1 --> Go with the frog.

R2 --> Refuse.

R1: [See below.]

R2: "It might be risky going alone..." [She re-asks question]

[After choosing to accompany the frog-man:]

Lucca: "I'll just have to handle it! I mean...deal with...him! What's your name?"

[Default name for him is 'Frog.']

Frog: "Frog will do."

Lucca: "All right... Nice to meet you Frog."

Frog: "Mayhap a hidden door lurks nigh? Let us search the environs."

[Crono goes to the organ. Playing it opens a hidden door. The party progresses until a voice yells:]

Voice: "Stop! Intruders! Gack!!!"

[Some monsters gang up on the party, but the party fights past them. At the end of the dungeon is a well-lit room. The three stumble upon someone talking to the Queen.]

Voice: "Prepare yourself, Queen Leene."

Leene: "Frog!"

Frog: "Majesty, stand back and allow us the honor!"

Leene: "Be careful!"

Chancellor: "Gyah, ha, ha... It's useless to fight! No one will leave here alive! Stupid frog! It's time you jumped off this mortal coil! True-form...CHANGE!"

[The fake Chancellor morphs into Yakra.]

Narrative: Reverts to Yakra!!

[The party reverts Yakra to dust.]

Leene: "You came to rescue me! Thank you Frog."

Frog: "The King awaits. Let us return to the castle. I thank thee Crono, and Lucca."

Leene: "Yes, thank you so much. Please join us. Let's return to the castle!"

Real Chancellor: "W, wait!! What about me?"

[The newly-found Queen and her rescuers stand before the king.]

King Guardia: "You had me worried, Leene."

Chancellor: "That no good Yakra! Impersonating me and kidnapping the Queen! We MUST create a criminal justice system in this kingdom to do away with such fiends."

Frog: "I failed to protect Queen Leene. I hath disgraced thee."

Leene: "Frog!"

[Frog bows and leaves. Crono and Lucca chase after him.]

Frog: "'Twas a fault of mine, which endangered the Queen. I shall depart for good. Crono, you hath potential to be a good swordsman!"

[Frog leaves the castle.]

Lucca: "... Froggy, you weren't such a bad guy either."

[After Frog exits, Lucca and Crono rush up to the queen's bedchambers. Marle reappears.]

Marle: "Huh? What happened?"

Lucca: "Princess Nadia!"

Marle: "Crono! It was awful... I can't recall it all... I was somewhere cold, dark...and lonely. Is that what it's like to...die?"

Lucca: "Welcome back, Princess Nadia!"

Marle: "You risked your life to help me, too?! 'Princess...Nadia...?!'  
Uh oh... I guess you guys figured it out, huh? Sorry, Crono. I didn't mean to decieve you. I'm Princess Nadia. My father's King Guardia the XXXIII. I really enjoyed being with you at the fair. But if you had known my identity... Crono, you wouldn't have shown me around the fair, right?  
R1 --> Right.  
R2 --> Wrong!

R1: "See? I like Marle better than 'Princess,' anyway! The real Queen's safe, right? So let's go home, Crono!"

Marle: "Wow! Lucca! You're amazing!"

Lucca: "Ain't it the truth! Oh, um...I mean..."

Marle: "Enough with the false modesty! You have a real gift! I would trade my royal ancestry for your genius in a heartbeat!"

Lucca: "Well, if you say so... Anyway, I call this thing a 'Gate'. It's a kind of portal, that takes you to the same location in a different era. Gates are very unstable, so I used the principle behind my Telepod device... ..to create a 'Gate Key'. Now we can use them as we please."

Marle: "But why did this Gate suddenly appear?"

Lucca: "Either the Telepod had something to do with it, or...something else made it."

Marle: "This is getting pretty weird. Let's at least head back to our own time!"

Lucca: "All right! Coming, Crono?"

[They all jump in the gate and arrive back at the fair.]

Voice: "Princess Nadia!"

[The Chancellor scoots down the stairs.]

Chancellor: "Are you all right? Where have you been?! I heard you were abducted! We had soldiers searching for you! Scoundrel! You're the one, huh? Kidnapping Princess Nadia!"

Marle: "No! Crono's..."

Marle: "Crono!!"

[Later on, a court session is set.]

Chancellor: "I'm the Chancellor, the prosecutor!"

Pierre: "I'm the lawyer, Pierre."

Chancellor: "Members of the court. We now bring forth the defendant, Crono, who is charged with abducting Princess Nadia."

[Crono is brought in.]

Chancellor: "What shall we do with him? Fire, perhaps? Hang him upside down for a few years? Or...shall we employ the guillotine? You, the jury, shall decide his fate. Now, let us begin."

Judge: "Crono, you are hereby ordered to tell the truth!"

Pierre: "Crono is charged with 'Premeditated Abduction of Royalty'. The question is, did he kidnap Princess Nadia? The answer? No, he did not. In fact, no 'abduction' took place! The two met completely by accident. In fact, the Princess ASKED Crono if SHE could join HIM!"

Chancellor: "Is this true? Who actually started this whole mess?"

R1 --> I did.

R2 --> Marle did.

R1: "Just as I suspected! The defendant deliberately tried to get near the Princess!"

R2: "Are you sure? We have witnesses who'll say YOU were the one who bumped into the princess."

[The scene where the two bumped into each other at the fair is shown.]

Chancellor: "The Princess then innocently followed you to Lucca's little sideshow. Whereupon you both disappeared! If that wasn't criminal abduction, I don't know WHAT is! And I have facts that throw the defendant's character into question!"

Pierre: "Objection! This can't have any relevance whatsoever to this case!"

Judge: "Care to respond, Chancellor?"

Chancellor: "Crono's character is at the very core of this case!"

Pierre: "We have nothing to hide."

[If Crono returned the girl's cat:]

Pierre: "We have a little girl who will vouch for the character of the defendant."

[A little girl comes in.]

Girl: "This nice man... He brought me my kitty. Thank you for being so kind!"

[The girl leaves.]

Pierre: "How about that? Doesn't this young man deserve a medal? Whew... Looks like they're buying it. The issue here is MOTIVE. Was there any motive for this fine citizen to kidnap Princess Nadia? No! There was none."

[If Crono stole the old man's lunch, the Chancellor will ask instead of the girl/cat scene:]

Chancellor: "Have you stolen anything?"

R1 --> Well...yes.

R2 --> No! I've never been a thief.

R1: "See! He lacks morals! This should be on the record! He's crying out for help!"

R2: "DO NOT feign ignorance! We have a witness."

[The old man comes in.]

Old Man: "Him! He ate my lunch right off the table!"

Chancellor: "Let the record show that he stole from a poor, helpless man!"

Pierre: "The issue here is MOTIVE. Was there any motive for this fine citizen to kidnap Princess Nadia? No! There was none."

Chancellor: "What about ransom? Crono, her fortune DID tempt you, did it not?"

R1 --> No.

R2 --> Yes.

R1: "Are you sure? You really weren't tempted?"

R3 --> Not at all.

R4 --> Just a bit.

R2: "So, you admit it! Nothing more your honor. The prosecution rests."

R3: "That's enough. I have no more questions."

-OR-

"Please keep in mind that he just said he had NO interest in her fortune. Witness please!"

[A woman comes in.]

"He can't fool me, I saw him with my own eyes! Dear me! I'm so nervous! That man grabbed the pendant even before he checked to see if the Princess was okay! He tried to sell it to the merchant, Melchoir."

Chancellor: "And this person's final bit of testimony will prove our case!"

Woman: "I heard it clearly. I heard her cry out with my own ears!"

[If Crono moved around while Marle picked out candy, the part where she called him a kidnapper will be shown.]

Woman: "Is that it? Can I go?!"

Chancellor: "Nothing more your honor. The prosecution rests."

R4: "Nothing more your honor. The prosecution rests."

Pierre: "It is evident that my client is a fine, noble young man! Your honor, the defense rests."

Judge: "Members of the jury... If he is guilty, stand to the left. If he is innocent, stand to the right."

[The jury walks in, saying 'Not guilty.' or 'Guilty.' If the jury is predominantly 'innocent':]

Judge: "Order in the court! A verdict has been reached! The verdict is...not guilty! But the fact remains that even if he did not kidnap her, he ran off with her. 3 days in solitary confinement as punishment."

[If the jury is predominantly 'guilty':]

Judge: "Order in the court! A verdict has been reached! We have a majority! The verdict is...guilty! The sentence? Solitary confinement, pending execution in 3 days!"

Chancellor: "Take him away!"

[Marle runs in.]

Marle: "Now just a darn minute..."

Chancellor: "Princess!"

[King Guardia XXXIII walks in.]

King: "That's enough, my dear!"

Marle: "But Father...!"

King: "All I asked was for you to behave like a princess. Even royalty must obey rules. Leave the rest up to the Chancellor and forget about the events in town. We're leaving!"

[Crono is dragged away by some bailiffs.]

Chancellor: "The execution is 3 days away. Do NOT let him out of your sight!"

[If Crono was found innocent:]

Supervisor: "Execution?! Strange, but I don't seem to remember hearing anything about an execution."

Chancellor: "WHAT!!! How DARE you question ME! The paperwork's probably just been held up in the system!"

Supervisor: "Understood, Sir! Guards! Take this prisoner away!"

Supervisor: "Yes Sir! Guards! Take the prisoner away!"

Guard: "Pipe down!"

Guard: "Pipe down!"

Guard: "Knock it off! Ooh! I'll show him. Open it up!"

Guard: "That's what you get for misbehaving."

Guard 2: "Where do you think you're going?!"

[Crono breezes past the guard and runs out onto a walkway.]

Guard: "The prisoner's escaping!"

[Crono slays the guards and continues, finding another guard.]

Guard: "What are you up to?!"

[Another guard appears after Crono makes his way up.]

Guard: "The prisoner's escaping!"

[Finally, Crono makes it to the supervisor's room.]

Supervisor: "H...Help!!!"

[He tries to flee, but runs into Lucca on the stairwell, and she knocks him out with ease.]

Lucca: "Crono! I've come to save you! Gee, it looks like you didn't need my help, after all! Let's blow this joint!"

[The two run to the last walkway when an odd shaking is heard.]

Lucca: "What was that?"

[A Dragon Tank appears.]

Chancellor: "Forward, Dragon Tank! Crush those rebels!"

[Crono and Lucca crush it instead. Crono deals a finishing stab.]

Chancellor: "They got the Dragon Tank!! Fix it! Quickly!"

[The Chancellor and his two cohorts attempt to fix it, but the bridge falls and they barely cling onto each other, forming a body bridge. Crono and Lucca walk right over them.]

Chancellor: "Don't fool yourself into thinking you've gotten away with this!"

[Crono and Lucca run downstairs

Soldier: "They're escaping!"

Lucca: "We have no choice but to break through!"

[The two run through the mobs of soldiers--]

Soldier: "They're escaping!"

[--and run to the castle door.]

Marle: "Can't you take orders?"

Soldier: "Of course!"

Voice: "Hold it right there!"

Chancellor: "Do as King Guardia XXXIII says!"

Marle: "Father..."

King: "Silence, Princess Nadia! The throne comes before your personal wishes!"

Marle: "What!? Just because I have a title doesn't mean I'm not a person!"

King: "You pick up strange ideas venturing outside!"

Marle: "I didn't 'pick up' anything! It's called 'common sense'!"

King: "Princess Nadia!"

Marle: "I despise you! I'm leaving!"

[Marle changes into her normal clothes.]

Chancellor: "Princess Nadia!"

Marle: "Come on, Crono!!"

King: "Princess Nadia..."

[The guards chase them to Guardia Forest.]

Soldier: "There they are! Don't lose 'em!!! There's no escape!"

[The soldiers block the path out, so the party runs to a dead end. A time gate is there.]

Marle: "Looks like a dead end!"

Lucca: "A Gate!"

Marle: "Come on!"

Lucca: "But we don't know where it'll take us!"

Marle: "Who cares?! This place stinks, anyway!"

Chancellor: "Princess Nadia!"

Lucca: "Yeooouch...!"

Marle: "There's no way the Chancellor can reach us here. But, where are we...?"

Lucca: "The civilization here seems so...advanced..."

Marle: "Like we're in another world."

[The party finds some crestfallen people in the dome.]

Old Man: "You there, where're you from?"

Lucca: "We come from the laboratories to the west."

Old Man: "W, what?! Hey, we've got people who crossed the ruins!"

Man: "Say again?! You're joking!?"

Old Man: "So there ARE people who can beat up those freaky mutants..."

[The old man (addressed as Doan) talks to the party when they come by a ladder heading below the metal structure.]

Doan: "Are you going down below?"

Marle: "Of course!"

Doan: "But no one's ever returned from there."

Lucca: "Gotta try, right?"

Doan: "..... It's nice to see such spirited people for a change.  
Careful, now. And come back alive."

[The three go down and head for the stock room. An alarm triggers and a large robotic sentinel descends.]

Enemy: "Executing program..."

Marle: "Crono! What's going on?!"

Lucca: "Marle! Let's go!"

[The party defeats the Guardian and heads into the stock room. A man is there against the wall.]

Marle: "Phew! Something reeks!"

Lucca: "Everything's completely rotten. The refrigeration must have failed..."

Marle: "Crono, look!! ... .. Passed away long ago, I suppose... He's holding something. What do you suppose this is?"

[They all go over to the corpse.]

Lucca: "It looks like some kind of seed."

Marle: "A seed? Do you suppose it could grow in a place like this?"

[On the way back, the rat statue they had seen was relocated and now moving around.]

Marle: "There! There it is!"

Lucca: "Shhh! It might run away."

Narrative: Dash with the O button, catch him with the X button!"

[Crono catches it.]

Narrative: Got it!

Rat: "Squeak!! I give up. I'll tell you everything, Squeak. Press and hold the L1 & R1 buttons and then press X button to access the secret passage, squeak. Don't make any mistakes or you'll be sorry!"

[The party goes into the secret passage and finds computer monitors.]

Lucca: "So this is the info center! Good! The computer's still operational! If we run a search on time warps, we might find our Gate! Here! Got it! East of Arris Dome... That would be Proto Dome, I believe."

Marle: "Leave it to Lucca! I'm beginning to think you could find anything with this device! Say, what does this button do?"

[Something comes up on the monitor.]

Lucca: "1999 A.D.? Visual record of The Day of Lavos..."

[It shows the world in 1999 A.D. Something breaks through the crust of the planet and rains destruction down on everything.]

Marle: "Wh, what...IS that?"

Lucca: "Lavos? Is that what's destroying our world?!"

Marle: "We must truly be in the future... No! NO WAY! I refuse to believe it!! This... ..This can't be the way the world ends..."

Lucca: "....."

Marle: "Crono... There's only one thing we can do! We must change history! Just like Crono did when he saved me! Okay, Lucca? Okay, Crono?!!"

Lucca: "I...guess so... It was a stroke of luck that we were sent here through that Gate. Crono, let's go!"

R1 --> Okay!

R2 --> No...

R1: [Skip to Marle's next line.]

R2: "..... Come on! Show Marle what you're made of!"

Marle: "Crono! Lucca! Together we can do this!"

Lucca: "Let's take a second and do some more research on Lavos' activities back in our time period! Next stop, Proto Dome!"

[The party runs back up the ladder they used to descend.]

Doan: "You're back! Well? What did you discover?"

Marle: "This is...our future!"

Doan: "???"

Man: "Who cares, where's the food?!"

Marle: "This is all we could get..."

Doan: "Seeds...?"

Lucca: "You don't know how long the Enertron'll hold out. Those seeds might be your only hope."

Marle: "You have to stay alive! And so do we!"

Doan: "Huh... You're strange... You're different from us..."

Marle: "I think it's because we're healthy!"

Doan: "Heal-thy? Got a nice ring to it! We'll try growing the seeds..."

Kid: "What're those?"

Doan: "They just might be our future... Heading for Proto Dome? Go by way of Laboratory 32, and take this with ya." [Obtain: Bike Key]  
"It's a key to the Jet Bike in Lab 32. I used to ride it when I

was young. Hope it still works... They've got more powerful robots over there. Take care, and stay...healthy!"

[The party leaves Doan's group and heads to the laboratory nearby.]

Voice: "Hold it right there!"

[A robot that can change into a motorcycle rolls in.]

Robots: "Hey it's...! ...the MAN!"

The Man: "Like, thanks for the intro, babe!"

Robots: "...the MAN!"

The Man: "You lowlifes can call me Johnny. Now listen up. Part of an old highway leads through these ruins. Think you can beat me in a bike race? Use that 'Jet Bike' and...don't chicken out, babe! ... Do you know how to ride?"

R1 --> Yes.

R2 --> No.

R1: [Nothing is said.]

R2: "All right, listen up. The gas is on auto, so there's only one speed...FAST! Use the controller to steer. Press the O button for a Turbo Boost. I'll give you 3 of them, but it takes a moment to recharge between boosts! Check your position at the bottom of the screen. Now show me what you got, babe!"

[Crono finishes the bike race in the lead.]

Johnny: "YOU beat me? I don't get it! You can challenge me anytime. We'll ride like the wind, babe!"

Marle: "Wh, what's this?"

[A video plays where the the three find the robot. Lucca fishes out a screwdriver and beams.]

Lucca: "It's in bad shape... ...but it appears to be a humanoid robot! Incredible! ... I think I can fix it."

Marle: "What?! It might attack us!"

Lucca: "I'll make sure it won't. Machines aren't capable of evil...  
...Humans make them that way."

Marle: "Lucca, you...pity them don't you?"

Lucca: "Let me get to work now, okay?"

[Lucca fixes the robot up after awhile.]

Marle: "The door won't budge."

Lucca: "Right, that does it! I'm going to give it some juice!"

[The robot clamors to life.]

Robot: "....."

Marle: "Good morning!"

Robot: "Mo.....Good morning, mistress. What is your command?"

Marle: "I'm not your 'mistress'. I'm Marle! ...and this is Crono...  
...and Lucca, here, fixed you!"

Robot: "Understood. Madam Lucca fixed me."

Lucca: "Just Lucca will do."

Robot: "Impossible. That would be rude."

Lucca: "Look, I hate formal titles! Don't you, Marle?"

Marle: "Hate 'em!"

Robot: "I understand, Lucca."

Lucca: "All right! Now what's your name?"

Robot: "Name? Ah, my serial number. It is R-66Y."

Lucca: "R-66Y? Cool!"

Marle: "No! That won't do at all! Come on Crono, let's give him a  
better name!"

[The robot's default name is...Robo.]

Marle: "Robo... Robo...that's perfect! Your new name is Robo, okay?"

Robot: "I am...Robo. Data storage complete."

Lucca: "Hey Robo, why aren't there any people here?"

Robo: ".....What...What has happened here? There WERE many humans and  
others of my kind in this dome."

Lucca: "I think something awful happened here..."

Robo: ".....It would appear so... But how is it that you survived?"

Lucca: "We came through a time warp from the year 1000."

Marle: "While exploring Arris Dome we learned there was a Gate here."

Lucca: "We found you when we came looking for the Gate!"

Marle: "But the door to the inner chambers is locked, so we're out of luck..."

[Robo inspects the door.]

Robo: "The power is off. If we go to the factory up north, I can pass through security and activate this dome's generator."

Marle: "You'd do that for us?"

Robo: "Your repaired me. Now it's my turn to help you. But the generator won't run for long, so someone must stay behind to open the door while the power's on."

Lucca: "Then Marle or I will stay."

Narrative: "Who will stay behind?"

R1 --> Marle

R2 --> Lucca

R1 (Marle): "Okay. Please be careful, Crono!"

R2 (Lucca): "Right! I'll handle things here!"

Computer: Door lock system "Zabie" operational. Enter password.

[The party enters the password and turns on the generator. An alarm goes off.]

Robo: "Emergency! Security system has gone haywire! Must escape immediately!"

[Divisions on the corridor start to close. Robo stays one from closing on them.]

Robo: "Hurry! Now!!!"

[Everyone gets through safely. On the way back, the party encounters several blue robots being deployed, all who look like Robo.]

Robo: "Th...these are my friends! R-64Y, R-67Y, and R-69Y! Good to see you!"

Robo: "Wh, what are you doing?!"

R-64Y: "You are defective."

R-67Y: "You have been tainted."

R-64Y: "Affirmative."

Lucca: "Yeah. I mean, what plans do you have for the future?"

Old Man: "Ah, more guests...!"

Lucca: "What do you mean, 'guest'...? And, WHERE are we?"

Old Man: "Why, this is 'The End of Time', of course! All lost  
travelers in time wind up here! Now, where are you from?"

Lucca: "We're from Guardia Kingdom, circa 1000 A.D."

Robo: "I come from 2300 A.D..."

Old Man: "When 4 or more beings step into a time warp, the Conservation of Time theorem states that they will turn up... ..at the space-time coordinates of least resistance. Here. Disturbances in the space-time continuum have increased recently. Far too many folks are just popping in here... I fear something is having a powerful effect on the very fabric of time..."

Lucca: "Which means one of us has to remain here."

Marle: "Stay HERE? ALONE?"

Old Man: "It is pretty bleak here... But not to worry. All time periods connect here... You can visit your friends whenever you wish! But you can never travel in groups greater than 3..."

Robo: "So, one of us must stay."

Lucca: "Who'll it be, Crono?"

[Crono chooses who'll stay behind. S/he will say:]

[1] Robo: "Please come for me whenever you need me."

[2] Marle: "See you around."

Old Man: "...So there you have it. Don't forget. Press the [ ] button to switch party members."

Marle: "How do we get back to our own time?"

Old Man: "You see those lovely pillars of light? Those hook you up to different eras. Once you've been through a Gate, you can always use it to come here. To use a Gate from here, step into the light and press the X button. But beware the Gate which leads from that bucket..."

[The party starts to leave.]

Old Man: "Hey. Don't be in such a rush! Before you go, take a peek inside that room behind me!"

[They go into the room and find a creature.]

Creature: "What're you lookin' at? I'm Spekkio. The Master of War! I've seen all kinds of battles from here. How do I look to you guys?"

R1 --> Strong!

R2 --> Weak!

R1: "I see. Let's put it this way. If you're strong, I look strong. If you're weak, I look weak. You are strong of will...! That's why the Old One let you through. Long before you were born... ..there was a kingdom where magic flourished. Everyone there could use it! But in time, people began to abuse their powers. It got so bad that no one was allowed to use magic except wizards. But you have it...determination, I mean! Magic needs power of the heart. It needs inner strength. Magic is divided into

4 types: Lightning, Fire, Water, & Shadow."  
R2: [Same as R1]

[He looks at Crono:]

Spekkio: "You, with the punk hairdo! You're 'Lightning.'"

[If Lucca's with:]

Spekkio: "The one with goofy glasses is 'Fire.'"

[If Marle's with:]

Spekkio: "The one with the ponytail is 'Water.'"

[If Robo's with:]

Spekkio: "That's the biggest toy I've ever seen... Hey, you're not  
alive, are you?! You've got great strength, however, since I  
can't measure your inner character, I can't give any magic to  
you. But your laser weapons will suffice. They can inflict  
'Shadow' type damage."

[Spekkio continues.]

Spekkio: "Not just magic, but EVERYTHING is based on the balance of  
these 4 powers. Think 'MAGIC', and, starting from the door,  
walk clockwise along the walls of my room 3 times. Don't lose  
track, now."

[Crono's crew walks clockwise.]

Spekkio: "Very good! Ipso facto, meeny moe...MAGICO! So! Fortified  
with magic! Wanna try it out?"

R1 --> Yes.

R2 --> No.

R1: "All right!" [They fight Spekkio.]

R2: "You guys are too much! Bring newcomes to meet me!"

[They leave Spekkio's room.]

Old Man: "Hey. Well, well! People who lived long ago ALL enjoyed such  
powers... Now, I know you are itching to go ripping back and  
forth through time, but first you need to return to your era.  
And you must hurry. The longer you remain here, the harder it  
will be to change that which must be changed... Stop by

Imp 2: "There's an odd man who lives near the cave in the mountains to the west. You might enjoy a chat with him."

[1] Robo: "Thank you for your help. But why are you being so kind? The Mystics supposedly despised humans."

[2] Marle: "Thanks! Why are you being so nice? Mystics aren't supposed to get along with humans."

[3] Lucca: "Thanks a lot! Say. We were told that Mystics hate humans. Why are you being so kind?"

Imp: "Humans fought the Mystics over 400 years ago. My motto is 'forgive and forget,' but not many seem to agree with me."

[The party heads west to the odd man's house (Melchoir's Hut).]

Melchoir: "Ah, hello! Could I interest you in a weapon?"

R1 --> Yes, I'd like to buy one.

R2 --> No, I'm not interested.

R1: [Weapon inventory is shown. After browsing/buying:]

"Weapons... If there weren't evil in this world, there would be no need for weapons. What a sad state of affairs..."

R1: "Food rations! The cook...he has saved us all! Sir Crono, if I do not make it back... ..give my brother my thanks..."

R2: "Magus's army has the advantage now. Keep back!"

Soldier: "Magus's troops have launched an attack! They're breaking through our defenses!!!"

Knight Captain: "Stop sniveling! It shames the Knights of the Square Table! We shall DESTROY Magus's troops and bring honor to our King!"

Soldier: "But, we are far outnumbered!"

Knight Captain: "This is our last line of defense. We must let no one through!"

Soldier: "Understood!"

[Crono heads west down the bridge and sees the soldiers massacred by some skeletons. A big, green Mystic walks down to them.]

Ozzie: "I'm Ozzie, Magus's top general! Those who defy Magus have to answer to me! Yes my children... Give 'em a taste of doom!"

[The party sees a shiny piece of metal in basket. They fish it out. If Lucca and Robo are with:]

Lucca: "A broken sword... It's part of the Masamune!"

Robo: "Something is written in archaic script. I will translate...  
..... R...o...i...h...c...l...e...m? Roihclem? System error! I reversed it! It says 'Melchoir'!"

Lucca: "'Melchoir'?! That guy in Medina Village?"

[If Marle is with, the conversation will go like so:]

[1] Lucca: "A broken sword... It's part of the Masamune! It's engraved with archaic letters. I think I can read it. Um...mm...  
...M...e...l...c...h...o...i...r!"

[2] Robo: "A broken sword... A part of the Masamune! Something is written in archaic script. I will translate...  
R...o...i...h...c...l...e...m? Roihclem? System error! I reversed it! It says 'Melchoir'!"

Marle: "Melchoir? That guy in Medina Village? What does this mean, Crono?"

[Melchoir's in Medina Village in a different age, so they head back to see if the Masamune is repairable.]

[The party enters the swordsmith's house.]

Melchoir: "You're back again? Come to see my collection? Th, this sword...it's the Masamune! How did you get it?"

[1] Lucca: "Why would your name be engraved on the sword?"

[2] Marle: "Why would YOUR name be on that sword?"

Melchoir: "... It's a...long story. You do want to hear this story, right?"

[1] Marle: "Yes! Tell us about the Masamune! Can you fix it somehow?"

[2] Lucca: "Of course! Tell us about the Masamune! Is it possible to reforge it?"

Melchoir: "Hm... It might be possible if we could get our hands on some Dreamstone, which the sword is made of."

[1] Robo: "Dreamstone...? No data in my memory banks of such a rock."

[2] Marle: "Dreamstone? Where can we get that?"

Melchoir: "You can't find it anymore. It was a red stone that was once

used as money. Unfortunately, it hasn't been available for a very long time."

[The party finds out that Dreamstone is from a prehistoric age at the End of Time, so they head to the Mystic Mountain Gate.]

[The party warps to the mountain and falls out of the air to the bottom of the cliff. A multitude of reptilian creatures are running around. The two party members with will say (out of the following):]

[\*] Lucca: "They're all green and scaly!"  
[\*] Marle: "Wh...what are those?"  
[\*] Robo: "Half human, half dinosaur... An unlikely life form."

[The party beats up 'em up, but more come.]

[\*] Lucca: "We're outnumbered!"  
[\*] Marle: "What should we do, Crono?!"

[A video plays where a woman with a club starts to beat them up, and then leads them away, while leaving everyone mystified.]

[\*] Marle: "Goodness! She is tough!"  
[\*] Lucca: "Who IS that woman?!"  
[\*] Robo: "Her fighting capabilities far exceed those of humans!"

[1] Robo: "Now they're after us!"  
[2] Marle: "Uh oh...they're coming our way!"

[The party beats up the rest of the Reptites. The woman comes over.]

[1] Marle: "Wh...what do you want?"  
[2] Lucca: "What the...!"

[\*] Robo: "Do not upset her. She's rather agitated right now."

[1] Lucca: "We're not looking for a fight!"  
[2] Marle: "Ack!"

[She goes up real close to Crono and pins him to a wall.]

Marle: "Crono!"

Woman: "You strong. What name? Crono, huh? Good name. Me? Me..."

[Default name for the woman is Ayla.]

Ayla: "Me Ayla. Ayla like strong people. So Ayla like Crono!"

[\*] Marle: "Get away from her, Crono!"  
[\*] Lucca: "I think she likes you, Crono..."

Ayla: "You strong too. Ayla respect strong people. Men and women."

[\*] Marle: "Oh, brother..."

[\*] Lucca: "Where have they been keeping her?"

-----  
[If Robo's with, Ayla will walk around him:]

Robo: "Y, yes?"

Ayla: "You different, but strong too."

Robo: "It's because I'm a robot."

Ayla: "'Rawboot?' What that? Ayla don't know."

Robo: "It's a machine that looks like a man."

Ayla: "What you say?! No rubbish or Ayla, head go boom!"  
-----

Ayla: "Crono, where from?"

[\*] Marle: "Uh, how can we explain?"

[\*] Robo: "It is beyond her grasp."

[1] Marle: "We're from many days ahead of tomorrow."

[2] Lucca: "We're from way after the day after tomorrow."

Ayla: "Ha ha, you funny. Ayla like funny people."

[\*] Lucca: "It's no use..."

Ayla: "Come to village! We talk and eat. Dance! Eat! Fun!!"

[1] Marle: "Thank you but we can't. We're looking for a Dreamstone."

[2] Lucca: "We'd love to go, but we've got to look for the Dreamstone now."

Ayla: "Stone? Plenty stones! Here, there, at village. You take plenty. Crono come, Ioka Village this way."

[The party follows Ayla to the Chief's Hut.]

Ayla: "Good, Crono come. Night soon and ready for party. Come Crono!"

[That night, at the Meeting Site, a party is going on.]

Ayla: "Listen all! New friends here! Strong man, Crono! Friends of Crono. \_\_\_\_\_, \_\_\_\_\_!"

All: "Unngaaa!"

Ayla: "Now, we dance!"

[Crono talks to his comrades.]

[\*] Lucca: "They're twisting my arm!"

[\*] Marle: "C'mon Crono, let's party!"

[\*] Robo: "This is no time to celebrate!"

[He goes back to Ayla.]

Ayla: "Crono you try?! Special Jurassic porksoup! Good stuff!! Ayla fight Reptites. Their leader Azala. Very smart. All in Ioka Village fight. No fight, go to Laruba Village. Don't know where Village is. Always hide. Azala want to destroy Ioka AND Laruba. But Ayla no lose. Only when Ayla dead, give up! Enough. Meet Crono today. Good day! Eat, party, sing, dance!"

[Crono talks to his friends once more.]

[\*] Robo: "What an unpleasant substance. And so many bugs in it!"

[\*] Marle: "This is fantastic! I want to dance, too!"

[\*] Lucca: "Yumm. Crono you've got to try some poi!"

R1 --> Spoon it up!

R2 --> No, thanks.

R1: "Are you a man or a mouse?! Do it in one gulp! Gyah  
ha ha! Buurp!"

R2: "Hey? You're not a wimp, are you?! C'mon eat up!"

R3 --> Ok.

R4 --> No.

R3: [Same as R1]

R4: [She repeats R2]

[He goes back to Ayla.]

Ayla: "Crono, you look for red rock? Rare, red rock sign of power. Ayla strongest in Ioka Village. So Ayla's rock! You want, challenge Ayla! You win, then Ayla give to you. Challenge Ayla?"

R1 --> Yes.

R2 --> No.

R1: [See below.]

R2: "Crono scared?! Crono strong. Ayla strong. We battle!"

[She repeats question.]

[Ayla won't let Crono go until he says he'll 'do battle' with her.]

Ayla: "Bring plenty soup! Party now, so eat! Crono and Ayla have soup race! We start now. Push X button much times!"

[They race. If Crono loses:]

Ayla: "Burp! Stop already? You strong, but no can eat much. What?!"

Crono give up?

R1 --> Yes.

R2 --> No way!

R1: "Crono scared?! Crono strong. Ayla strong. We battle!" [Soup  
race restarts.]

R2: [Soup race restarts.]

[If Crono wins:]

Ayla: "Burp! Enough, Crono! You wish, I give you rock! Crono eat plenty! Eat last bowl for health! Ok, eat. Maybe eat too much!"

[After a long night of partying, the group wakes up at the empty site.]

[\*] Marle: "Morning Crono! Wasn't that fun last night?!"

[\*] Robo: "G...good morning. That soup seems to affect humans."

[\*] Lucca: "Phew... What? Liar! I was a perfect lady last night! But why does my tummy hurt so...?"

[The party looks around at the ground.]

[1] Lucca: "Hey! Who made those footprints?! It's gone! The Gate Key's been taken! These prints were left by the thief! Without it, we're stuck here forever! This isn't funny! Let's go see Ayla!"

[If Lucca isn't with:]

Marle: "Wh...who made these footprints?! It, it's gone! Oh no! The Gate Key is gone!"

Robo: "Whoever left these prints took the Gate Key! It's too risky to use the Gate without it."

Marle: "Crono! Let's go find Ayla!"

[At the Chief's Hut, Ayla snoozes.]

Ayla: "Snort...zzzz...zzzz..."

[They wake her up.]

Ayla: "Huh... Crono, you up already? Yaaawn... Too much soup! Sleep like stone. Burrp..."

[1] Lucca: "Sorry to wake you, but we've been robbed!"

[2] Marle: "We'd let you sleep, but a valuable item has been stolen."

Ayla: "Wh, what? Must be Reptites! Crono come with Ayla! We settle with Reptites! Who else come?"

[A third party member is chosen.]

Ayla: "Someone from village see. We go ask. Crono come!"

[The party learns the culprit went to the Forest Maze, so they quickly hightail it to there.]

Ayla: "Kino! What you do?! Say NOW!"

Kino: "Ayla... Kino take Crono stuff."

Ayla: "Why take?!"

Kino: "Kino like Ayla best. Ayla like Crono, but Kino not like..."

[Ayla knocks him on the head.]

[1] Marle: "Ayla! Mellow out!"

[2] Lucca: "Wow, talk about strict!"

[3] Robo: "Miss Ayla, please do not promote violence."

Ayla: "Kino! You know why I punish?"

Kino: "Ayla no like Kino..."

Ayla: "No! Ayla like Kino BEST! No more do bad stuff, okay?! That wrong!"

Kino: "Ayla... Sorry Ayla! Sorry Crono!"

Ayla: "Give back stuff to Crono!"

Kino: "...No have... Reptites take!"

Ayla: "Reptites!! Where they go?!"

Kino: "Run into trees...there!"

Ayla: "Ayla go too. Kino go back village. Kino protect village when Ayla not there."

Kino: "Okay, Ayla!"

[Kino leaves.]

Ayla: "Kino is man...so if Ayla die, Kino chief, then."

[1] Marle: "Ayla..."

[2] Lucca: "Ayla's one tough cookie."

[In the bowels of the lair, the party stumbles upon someone talking.]

Voice: "What's this?! Could those apes have made something THIS advanced?"

Ayla: "Azala!!"

Azala: "Ah, the apes have arrived! Hmm. You're nothing like Ayla... Tell me what this is, at once!"

Narrative: Tell Azala about the Key?

R1 --> Yes.

R2 --> No.

R1: "Liars! No one would talk that easily. This should loosen your tongues. Come, Nizbel!"

R2: "I guess you need some...motivation. Come, Nizbel!"

[A giant tricerotops-type dinosaur walks out to fight the party, but only gets beaten anyway.]

Azala: "Th...the apes beat Nizbel!"

Ayla: "Give thing back to Crono. NOW!"

Azala: "But remember, WE reptites will rule the world! Your days are numbered!"

[Azala leaves the Gate Key and flees.]

[1] Robo: "I do not detect any damage."

[2] Lucca: "Is the Gate Key okay? No problem!"

[3] Marle: "Is the Gate Key okay? Thank goodness! It looks all right."

Ayla: "I fight anytime, Azala! Ayla no lose! Bbburp!"

[Ayla collapses and they bring her back to Ioka.]

Ayla: "You leave, Crono? No fun for Ayla!"

[1] Marle: "I'll never forget you! Thanks!"

[2] Lucca: "Thanks Ayla. I learned a lot from you."

Kino: "Sorry, Crono. I try be strong now. Just like Crono!"

Ayla: "Come again, Crono! Party! Eat! Dance! Fight! Fun!"

[The party turns to leave.]

Ayla: "Come again, Crono! \_\_\_\_ and \_\_\_\_ too!"

[1] Robo: "I shall help also."

[2] Lucca: "I'll lend a hand!!"

[The two go downstairs. Crono and the other party member follow.]

Melchoir: "To repair the Masamune, we must process the Dreamstone, and  
activate the sword. You work on the Dreamstone, and I'll work  
on the sword."

[1] Robo: "Understood."

[2] Lucca: "OK! Leave it to Lucca the Great!"

[After awhile:]

Melchoir: "All right, it's done! Now, bring me the Dreamstone."

[1] Robo: "Understood."

[2] Lucca: "I'm done here too."

Melchoir: "All right, let's get started."

[MUCH LATER, upstairs:]

Melchoir: "Sorry to keep you waiting. Take a good look! THIS is the Masamune!"

[1] Marle: "Awesome! What a weapon!"

[2] Robo: "How strange. My sensors are picking up...spiritual energy emanating from the Masamune."

Melchoir: "Well, I think that's everything."

Marle: "Ok Crono, let's take the Masamune to Frog."

Frog: "'Tis thee again. This sword... 'Tis the Masamune? I must ponder this turn of events. Remain'eth here the night."

[A flashback occurs, at the Guardia Castle throne room.]

Leene: "Cyrus? Are you leaving?"

Cyrus: "Yes, it's tiem we took back the Medal from the Frog King. And I'd like to see that mystical sword for myself."

Guardia: "But Cyrus, the kingdom needs you! And Leene and I need you. You must return to us!"

Cyrus: "As long as there is life in these bones, I shall return! By your leave..."

[Cyrus leaves and meets with soldiers at the castle entrance.]

Soldier: "Sir Cyrus!!"

Soldier: "We, the Knights of the Square Table, wish you a safe journey!"

Cyrus: "Listen well, my friends... I now entrust the safety of the kingdom to you!"

[Cyrus walks to a man with green hair, waiting for him.]

Cyrus: "Pardon the delay. Shall we be off?"

[Leene runs into view.]

Leene: "Glenn, you be careful too!"

Glenn: "Be of sound health, your Majesty!"

[In a forest somewhere (Guardia Forest?), the Frog King is found.]

Frog King: "So! You want the Badge of Courage, dear knight of the kingdom? Well come and take it...if you can!!! Grribit..."

Cyrus: "Prepare yourself, polliwog! En garde! Nirvana Strike!"

[Cyrus attacks quickly.]

Frog King: "GRAAAACK...! How dare you pick on a helpless amphibian! Filthy medal! I won't forget this!"

[The Frog King throws the Badge of Courage on the ground and leaves. The flashback turns to the Denadoro Mountains at nighttime.]

Glenn: "Aaah!"

Cyrus: "Beware Glenn!!

Glenn: "Cyrus! The sword... The Masamune!"

[The two are shown fighting Ozzie. Nearby, Magus stands.]

Ozzie: "Gyah ha ha... Is THAT the best you can do?! Without your sword, you're nothing!"

Cyrus: "Arrgh! You haven't beaten me yet!"

Glenn: "C, Cyrus... I'm a g...goner."

Cyrus: "Glenn, escape while I keep them at bay."

Glenn: "B, but...!"

Cyrus: "If you stay, they'll get us both. Go on, Glenn!"

Magus: "You'd best worry more about yourself, Cyrus!"

Cyrus: "Come on, Glenn! GO!! Aaahhh...!"

[Cyrus rushes at Magus, who whips him back with dark magic. Cyrus is at death's door.]

Glenn: "C, Cyrus!"

Cyrus: "R...run...Glenn... The Queen. Take care...of...Leene...

[Cyrus' armored body breaks out in flames.]

Glenn: "C, Cyrus!? Cyruuus!!"

[Cyrus disappears.]

Magus: "Harumph! What's the matter? Aren't you going to try your luck?"

Glenn: "Err...!"

Ozzie: "Gyah, ha ha... Cat got your tongue kid? How about it, Magus?  
Can't you give him a more fitting form?"

Magus: "All right, why not? There's always time for a little fun."

Glenn: "!!!"

[Magus hits him with a body-changing spell.]

Glenn: "A...augh!! Aaaaack!"

[Glenn falls of a cliff by the waterfall.]

Ozzie: "Gyah ha ha...! You spineless wimp!"

[The flashback ends and it shows Frog's abode again. While everyone sleeps, Frog looks at the Masamune.]

Frog: "10 years hath passed... Can I do it? I've changed so much. Alas,  
poor Cyrus...!"

[The next morning, Frog wakes the party up.]

Frog: "Awake'th, Crono! Though we may fail... ..let us go to Magus's  
lair. Thou knowest his power?"

[\*] Lucca: "Nothing can beat science!"

[\*] Marle: "We won't be beaten by a bad guy!"

[\*] Robo: "We must do it to save our future!"

Glenn: "Aaahhhh!"

Kids: "It's Cyrus! Run for your lives!"

[The mean kids split.]

Glenn: "Sniffle...thanks, Cyrus...Hic...!"

Cyrus: "Glenn, there are times when people simply have to grit their teeth!"

Glenn: "But...it hurts when I get hit. They..."

Cyrus: "You're a marshmallow, Glenn..."

[Years later, Glenn meets Cyrus on Zenan Bridge.]

Cyrus: "Hey Glenn... I've been thinking about becoming a Knight..."

Glenn: "I knew you were going to enlist! You'll make a great warrior!"

Cyrus: "Why don't you join, too?"

Glenn: "I...don't think I'd make the cut."

Cyrus: "But, why? You're better with a sword than I am!"

Glenn: "I don't know... I think I'd really lose it if I had to hurt someone."

[Glenn recalls the scene where he got hit by Magus' spell.]

Glenn: "!! A...augh!!"

[After the fall, Glenn wakes up by the water...as Frog. The Hero Medal floats down the water to him.]

Glenn: "The...Medal. ...The Hero's...Medal..."

Frog: "Hand'eth over the Masamune!"

[Crono sticks it in the ground.]

Frog: "Mine name is Glenn! Cyrus's hopes and dreams... And now the Masamune... Forthwith I shall slay Magus and restore honor!"

[A video plays of Frog taking the Masamune, drawing out the power inside of it. Frog: "Ozzie!"

Ozzie: "Welcome, Glenn! Or should I say, Sir Froggy! Mwa, ha! Say, looks like you got some replacements for Cyrus! Magus is a tad busy right now. You'll have to take up your business with me... ...the swordsman, Slash, and Flea, the magician... And... You'll have to defeat all 100 of the beasts in Magus's castle...!"

[Ozzie leaves some baddies to fight the party, but they go down easy. The party finds back to the left fork, killing undead enemies.]

Voice: "Hmmm... How did you get past my...cadaver pals?"

[A man appears.]

Frog: "It's been ages, Sir Slush!"

Slash: "That's SLASH, you slimy dolt! Still playing the comedian, eh Glenn? You'd be singing a different tune if Cyrus hadn't been there with you last time! You'd have fit right in with those boney fellows you just busted up!"

[The party takes down a weaponless Slash with ease.]

Slash: "Now, let's get to business. This is going to do me a world of good! And with no Cyrus to protect you, you're mine! You dare oppose me?!"

[Slash takes the sword off the wall and attacks, but still gets beaten as much as a pack mule.]

Slash: "Unbelievable...! But falling in the line of duty for Magus... ..leaves me with few regrets...!"

[Slash disappears. After beating up all the baddies in the right fork, the party arrives at the last room. A weird monster floats on the throne.]

Frog: "The magician, Flea, I presume?"

[The party defeats 'Flea?'.]

Frog: "Wait! That isn't Flea... Where's the REAL Flea?!"

Voice: "Mwa ha... Here, over here..."

[The bat that had been following them the entire journey through the Magic Cave changes form...into Flea.]

Flea: "Giving up, little tadpole?!"

[1] Robo: "Who is this fiend?"

[2] Lucca: "Hey! Who ARE you?!"

[3] Marle: "Who IS this person?"

Frog: "Keep your guard up! This is no ordinary woman! Meet Flea, the magician!"

Flea: "What the...?! Hey, I'm a GUY!"

[1] Marle: "THAT is a GUY?!"

[2] Lucca: "Say what?! That's a guy?!"

[3] Robo: "But its exterior is that of a female..."

Flea: "Male...female.....what's the difference? Power is beautiful, and I've got the power! Poor little Froggie! You must lonely now that Cyrus is gone. And to be turned into something so hideous! Dreadful! But since you've brought your new friends over to

[The party defeats Flea no matter his gender.]

Flea: "How can this be... Sir Magus..."

[Flea disappears. At the main hall, the party finds a teleportation device. The party runs into Ozzie down the way.]

Ozzie: "I grow tired of this! Slash!! Flea!"

Frog: "Sorry, Ozzie, but they can't help you now..."

Ozzie: "You fly eating, tongue flicking...! Oz... Ozzie's in...a jam!!"

[He runs away.]

Frog: "Thou can't not run!"

[In the next room, guillotine blades drop onto conveyor belts.]

Ozzie: "Welcome...! Mwa, ha... How's this?"

[The party makes it through easy as pie, to the platform Ozzie's at.]

Ozzie: "Urghhhhhh... What the...? Impossible...!"

[Ozzie flees again, but they catch up to him.]

Ozzie: "Urghhhhhh... What the...?! Impossible...!"

[The party catches up to Ozzie once again after he sends enemies at them.]

Ozzie: "What the...?! Impossible...! Urghhhhhh... Grr...This takes the cake!"

[Ozzie is finally cornered in a dead-end room.]

Ozzie: "Urghhhhhh..."

Frog: "Thy time hath cometh, Ozzie."

Ozzie: "Harharhar... I'm sure Sir Magus has already called for reinforcements...! Wait until Lavos arrives!! I shan't be defeated! No form of attack will break MY barrier!"

[And indeed nothing can. Someone attacks a crank nearby and a chain starts to move.]

Ozzie: "Hahahahaha!!!"

[Another crank-chain is set off.]

Ozzie: "Watch where you're aiming! Guwa, ha, ha..."

[The third crank-chain unwinds.]

Ozzie: "Hahahahaha!!!"

[The last chain comes undone.]

Ozzie: "Mwee, hee, hee... Eh?!"

[The last spot opened on the floor is under Ozzie, and he and his unbreakable barrier fall through the hole and crash far below.]

[1] Marle: "That was a breeze!"

[2] Lucca: "That guy was totally bent..."

[3] Robo: "What was that guy's problem? That Ozzie..."

Frog: "We must hurry to Magus's place!"

[The teleporter nearby leads to Magus' inner sanctum. The party can hear him chanting as they enter the lightless place.]

Voice: "Neuga, ziena, zieber, zom... Now the chosen time has come...  
Exchange this world for...!"

[A video of Frog, Masamune in hand, walking toward the center of the room plays. Lights on the floor encircle Magus and illuminate him as he is in the middle of the spell.]

Frog: "Magus!!"

Magus: "I...it's that stupid frog! Kissed any princesses lately?!"

Frog: "I rather enjoy this form. And I oweth it all to you! I have something for you!"

Magus: "Ah...! The Masamune!!! I bet you're just dying to use it!  
The black wind begins to blow... Okay...give me your best shot... If you're prepared for the void!"

[The party defeats Magus.]

Magus: "W...what have you done to the Masamune...?"

[The ground rumbles.]

[1] Marle: "What the...?!"

[2] Lucca: "What's happening!"

[3] Robo: "It's a large-scale energy reaction!"

Frog: "Could it be...Lavos?!"

Magus: "Bad timing...! Don't wake up on me now...!"

[1] Marle: "Wake up? YOU'RE the one who CREATED him!"

[2] Lucca: "What do you mean?! Didn't you CREATE him?!"

[3] Robo: "What do you mean? According to my records, Lavos was born here, at THIS precise moment..."

Magus: "You fools! I only 'summoned' him! He lives in the inner earth, absorbing the land's power and growing ever stronger!"

[1] Marle: "What?!"

[2] Lucca: "So, he wasn't born in this period..."

[3] Robo: "Then my data must be incorrect..."

Ayla: "Lavos? Not worry now. You rest. Hurt bad."

Ayla: "...Ayla feel bad."

Old Man: "Reptites strong! They live long time before us, they smart so we hide. But Ayla says fight together... Ayla still fight?!"

Ayla: "Ayla fight while alive! Win and live. Lose and die. Rule of life. No change rule. Old man breathe, but dead on inside."

Old Man: "Ayla, you strong, can make big talk. We no have power..."

Ayla: "No! Have power! We fight, gain more power! Ayla help you, but need Dactyl. Give Dactyl."

Old Man: "Need Dactyl? Go to Tyrano Lair?! That Reptite's place. Dangerous! Ayla want die?"

Ayla: "Want to live, so go there! Ayla be OK. Give Dactyl!"

Old Man: "...OK. Go to Dactyl's Nest and keeper will help. Careful, Ayla!"

Ayla: "Thank you, old man!"

[The party finds Ayla at the top of the cliffs, beckoning to a Dactyl.]

Ayla: "Crono!!"

[1] Lucca: "You can't be serious about going alone!"  
[2] Marle: "Don't even THINK about leaving us behind!"  
[3] Frog: "Thou goest forth alone? I know not thine quest, but a comrade of Crono's is also mine. I will not allow to meet thy demise alone."

Ayla: "No! Tyrano Lair dangerous! Maybe all perish!"

[1] Lucca: "Listen, we owe you one! Right, Crono?"  
[2] Marle: "We can't let you go alone! Ayla, you saved us. Now it's payback time! Right Crono?"  
[3] Frog: "You desire to perish? I refuseth to be party to yet another demise! Let us proceed, Crono."

Ayla: "Ayla have strong friends!"

[1] Robo: "Let us proceed to the Tyrano Lair!"  
[2] Lucca: "We're all going to the Tyrano Lair!"  
[3] Marle: "Ayla, let's go! Next stop, the Tyrano Lair!"

[More Dactyls come for the party. A video plays where Ayla and her friends jump on some Dactyls and take flight. Now outfitted with the ability to fly, the Tyrano Lair is within reach.]

[The party invades Tyrano Lair and finds a jail cell first, upon which they free the Larukans inside. As they get to the next cell, they see some Reptites in front of Kino.]

Jailer: "Thanks for bringing, er, being the main course! It's the apes!!!"

[The 'apes' take down the Reptites. They see Kino through the bars.]

Kino: "Ayla!"

Ayla: "Kino get back! Ayla save you!"

[Ayla climbs over the bars and enters the locked cell.]

[1] Marle: "Wow!"  
[2] Frog: "Hmmpf."  
[3] Lucca: "What are you doing in there?!"  
[4] Robo: "That method does not appear to be rational."

Kino: "Sorry Ayla. All Kino's fault."

Ayla: "No matter. Kino escape with Laruba villagers!"

Kino: "What Ayla do?"

Ayla: "Put end to this!"

Kino: "Kino go too!"

Ayla: "Kino no come. If Ayla dead, Kino new chief of Ioka!"

Kino: "Ayla..."

[Ayla bursts out of the cell, unlocking the door the hard way.]

Ayla: "Ayla strong! No lose!"

Kino: "Kino understand. And show you something!"

[They follow Kino to the first room, and he unlocks a door for them.]

Kino: "You strong, me weak. Ayla good chief!"

[Kino runs off and leaves the party to their own devices. The party runs into Nizbel, who tells them Azala's in the back and lets them proceed before coming over.]

Nizbel: "Hold it. This is a special place. The great Nizbel was defeated here!"

[The party defeats Nizbel II and continues until they get to Azala, sitting upon a throne.]

Azala: "So...you are here at last. This is it, then. The showdown. Today there shall be a conclusion. Will it be the Reptites, or you silly apes who end up ruling the world?"

Ayla: "Strong survive. Ayla strong. Ayla fight!"

[Something roars from the room behind Azala.]

Azala: "Hear that lovely voice? You'll soon become the best of friends!"

[Azala exits into that room, a path that leads to a tower...and a gigantic pet t-rex-type dinosaur. Azala stands on its shoulder.]

Azala: "Red star... Fall!!!! Stain the earth...RED! Though it may be our fate to perish, we will not simply hand this world over to you! Mwa ha ha! With this Black Tyrano I can finally exterminate those filthy apes!"

[The party defeats Azala and his Black Tyrano.]

Azala: "No... It can't be...! Could the heavens truly have sided with the apes? Listen, primates, and let it be known. We Reptites fought bravely to the bitter end!"

Ayla: "Ayla understand..."

[A red light flashes.]

Ayla: "!?"

[The party looks over the side of the walkway.]

Azala: "Soon, stones of fire will rain down. Flames shall scorch the land. The burned out plains will slowly freeze, ushering in a long, cruel ice age. Mwa, ha ha...what a treat! You will wish you went along with us! Mwa ha!"

Ayla: "Lavos..."

[1] Marle: "Pardon?"

[2] Lucca: "La...Lavos!?"

[3] Robo: "Lavos... Impossible!"

[Lavos is shown barreling through space until it falls into the atmosphere of the planet.]

Ayla: "Ayla's word. 'La' mean fire. 'Vos' mean big..."

Voice: "Ayla!"

Ayla: "Kino!"

[Kino and some Dactyls fly to the party.]

Ayla: "Hurry! Lavos come soon! All ride Dactyl! Kino! Hurry!!"

[Ayla gets on, then jumps off and runs to Azala.]

Kino: "Ayla! What you do?!"

Ayla: "Come! Azala! Come!"

Azala: "Absolutely not! The powers that be have spoken."

Ayla: "..."

Kino: "Ayla! Hurry!!!"

Ayla: "Azala... ...me not forget..."

Azala: "The future..."

Ayla: "Future? What about future?"

Azala: "We...have no future..."

[The dactyls fly away as Lavos falls to earth, decimating the plateau the Tyrano Lair was on. The party lands on a cliffside.]

[1] Robo: "So Lavos was 'born' here..."

[2] Lucca: "So Lavos arrived in this period."

[3] Marle: "So! Lavos descended in this era!"

[4] Frog: "Through no fault of Magus does Lavos live! Lavos hath fallen from the sky in ancient times."

Ayla: "Lavos huge! Crono fight it? Crono! We go where Lavos fall!"

[1] Lucca: "We may be able to do something now! Let's go find out!"

- [2] Robo: "Lavos should be weaker now. Perhaps we can put an end to him?!"
- [3] Marle: "It just arrived so there may be something we can do! Let's go see!"
- [4] Frog: "Left unscathed, it will burrow deep within the earth. Best to defeat it now!"

- [2] Robo: "A Gate has formed!"
- [3] Marle: "Th, there's a Gate!"
- [4] Lucca: "Why is there a Gate here?!"

Ayla: "Lavos very fast! Deep under earth already."

- [1] Marle: "This Gate was made by Lavos. Maybe Lavos is the source of all Gates?"
- [2] Frog: "M, mayhap Lavos be the cause of this warp? The one in Magus's Castle was immense."
- [3] Robo: "It appears that the immense energy that Lavos radiates alters time and creates Gates."
- [4] Lucca: "Now I understand! The immense energy that Lavos gives off alters time and creates Gates."

Ayla: "What wrong, Crono? Fight Lavos! Go in here. Yes?"

[The party takes the Gate and comes out in a cave. The wind blows violently outside.]

- [\*] Ayla: "Where this, Crono?!"
- [\*] Marle: "Boy, this is exciting!"

- [\*] Lucca: "Well it IS the Gate nearest to Lavos. We have no idea as to where it leads."
- [\*] Robo: "The Time Gyro says... What!? 12,000 years in the past?! That was some trip!"

[Outside is a winter wonderland. Well, maybe not a wonderland. The year: 12000 B.C. Looking for quick shelter, the party runs to the Skyway nearby and enters. The teleportation device lifts them up into the clouds, and they arrive at a floating city. The nearest building is of Enhasa.]

[At the Palace, the party eavesdrops on the kid who said someone would

Boy: "Schala!!!"

Schala: "Oh, you're back Janus! Is something wrong?"

Janus: "The black wind..."

Schala: "You feel it too? Don't worry, it'll be alright. Now, hold  
onto this."

Janus: "What is it?"

Schala: "It's a kind of amulet. If something should happen, it'll  
protect you. I wish I could be with you always... But mother  
has other plans."

Janus: "She's NOT our mother! She looks like mother, but inside she has  
changed."

Schala: "..... Still I can't... Janus, I'm sorry."

[Someone calls from the hall.]

Voice: "Excuse me, Highness."

[An attendant walks in.]

Attendant: "The Queen asks for your immediate presence at the Ocean Palace."

Schala: "All right. Well, Janus... I'll be going."

[Schala sees Crono's party in the doorway.]

Schala: "Oh! Who might you be?"

Attendant: "Miss Schala, please hurry! If you're late, I'll be punished!"

Schala: "Oh yes, I'm sorry."

[Schala leaves. The party follows her to the main hallway, in which she uses her pendant to unlock a door. She passes through and the door closes again. Crono tries Marle's pendant.]

[\*] Ayla: "Strange. How come?"

[\*] Robo: "This door has a strong defense mechanism."

[\*] Lucca: "Hmm... There's something to this pendant."

[\*] Marle: "Hmm... Just as we thought, it won't budge."

[\*] Frog: "'Tis a mere DOOR that keeps us bound, hand, foot, and...tongue!"

[The party gains access to the door after using the Mammon Machine to power up the pendant.]

[\*] Marle: "Yea, we did it!"

[\*] Ayla: "Ayla go! No fear, Crono!"

[\*] Frog: "What doth challenge us now?"

[\*] Robo: "There is no doubt. Marle's pendant is made of the 'Guru's Rock'."

[\*] Lucca: "Heh, heh... Even a door of this caliber can't keep science at bay!"

[The party enters the throne room. The queen, Schala, Dalton (who you could identify if you visited the Blackbird already), and a robed man are there.]

Queen: "Who are you!? How did you get in here?"

Prophet: "Your majesty... They are the evildoers I warned you of."

Queen: "How DARE you think you could oppose me, you...foreigners! You're worse than the Gurus! Fools! Dalton, take them away!"

Dalton: "Yes ma'am! By your leave... Golem!"

[A Golem appears to fight the party. If you win:]

Dalton: "My poor Golem! That was inexcusable!"

[Dalton puts them in a forcefield that weakens them. If you lose, you'll be passed out and the Queen will say anyway:]

Queen: "Mwa, ha, ha... Fear not! You won't die...immediately, that is! But by the time we're through with you, you'll be begging us to end your suffering. What a delicious diversion!"

[The party floats in stasis in the room where the Mammon Machine was housed. Janus, Alfador, and Schala walk in and look at them.]

Janus: "Hmph! Idiots... What will you do, Schala?"

Schala: "Let us rescue them."

Janus: "I think it's useless. Besides, if they escape, you'll be in trouble."

Schala: "Don't worry about me. They just might be able to rescue the Gurus."

[She frees the party.]

Schala: "Are you all right? Quickly, escape from the palace! And if you can, please rescue Melchoir! He was sent to the Mountain of Woe for opposing the Queen. Please! You have to help him!"

Voice: "I'm afraid I can't allow that..."

[The Prophet enters.]

Prophet: "Your meddling tires me. You'll...just have to disappear!"

Schala: "You mustn't!"

Prophet: ".....!"

Janus: "Stop!"

Prophet: "Okay...I'll spare them. But in turn, you WILL cooperate, Schala! Now, show me how you came here."

[They show the prophet the warp gate down by the first Skyway.]

Prophet: "Hmm...so you came in through here. Now Schala! After I throw them in, I want you to seal the portal shut."

Schala: "N, no! You can't make me!"

Prophet: "Obey me! Their lives are at stake!"

Schala: "I...oh, all right..."

[The party goes into the warp gate and Schala seals it. The prophet leaves.]

Schala: "Please forgive me..."

[The party enters and goes behind a crested door. The ground shines oddly.]S

Narrative: Huh...?

[The first 'shiny' is a recording.]

Voice: "To those who opened the door... I am Belthasar, the Guru of Reason. I once lived in the kingdom of Zeal. A great disaster in Zeal somehow threw me into this era. To my surprise, Lavos exists here, and, I suspect, in other periods as well. Aeons ago, Lavos descended from the heavens. Burrowing deep into the world's core, he began to consume our planet's energy, and grow stronger."

[Another recording lies nearby.]

Voice: "Lavos disappeared briefly when he was summoned away by a mighty wizard who lived in Guardia, in the year 600. In 1999, Lavos claimed this area, and reigns from high atop Death Peak. Lavos continues to replicate... like a giang parasite, he is consuming our world."

[A third recording lies on the walkway.]

Voice: "Forced to live here, I continued to conduct research on Lavos. But I am growing old. And it's impossible to keep sane in such trying times. So

before I lose it completely, I shall safeguard my data, and my ultimate creation..."

[The fourth recording still works.]

Voice: "How I long to return home... But I have grown frail... So you...YOU, who have opened the door! I leave things in your hands. Only by mastering time, itself, do you stand a chance against Lavos."

[The last recording is near a door.]

Voice: "The odds will be against you... But you are true heroes. The world is in your hands. Open, now, the last door, and take what you find there. My last invention... My 'Wings of Time'..."

[Behind the crested door is a vehicle of some sort.]

[\*] Ayla: "!! What this thing?"

[\*] Frog: "This...moves through time?"

[\*] Lucca: "This must be the invention Belthasar spoke of."

[\*] Robo: "The Wings of Time... I believe I have heard of this device."

[\*] Marle: "Wow...this is amazing... How do you tell the front from the back?"

[The party turns to leave when a thing comes through the door, pushing a lift under the vehicle.]

Strange Creature: "Scared you, didn't I? It's me...BELTHASAR! I copied my memory into this thing. What do you think? Anyway, there's something I need to explain. Namely, how to transcend time! Press the [ ] button for the time gauge. Then use the L1 & R1 buttons to select an era. Oh, yeah! Before you go, why don't you... ..name my time machine!"

[Default name is 'Epoch.']

Belthasar: "Hop aboard!"

[The party climbs in via the lift.]

Strange Creature: Mumble, mumble?

R1 --> Take off.

R2 --> Get off.

R1: [The party gets in.]

R1: [The party exits.]

[4] Lucca: "We're all right, aren't we?!"

[3] Ayla: "It great! It fast!!!"

[2] Lucca: "Traveling at warp speed!"

[3] Robo: "Even in my time, we did not have such devices!"

[5] Frog: "Old man Melchoir!?"

Melchoir: "Indeed, I am Melchoir. Have we...met before? More importantly, can you tell me anything about the Ocean Palace? I see...the Queen has degenerated to that degree... The more energy the Mammon Machine absorbs, the further the Queen degenerates. Her spirit has been stolen by the infamous immortal, Lavos."

[The mountain shakes.]

Melchoir: "We must flee! The seal has been broken! The mountain will collapse!"

[In the nearby Algetty village (inside Terra Cave), a boy runs to the elder.]

Boy: "Elder! The Mountain of Woe is about to crumble!!"

Melchoir: "Lavos sleeps deep underground, while consuming the energy of this planet. If the Mammon Machine is brought closer to him, he may awaken! We must hurry before it's too late!"

[A man runs in.]

Man: "Elder! Schala is here!"

Melchoir: "What? Schala's here?"

[Schala enters with Janus.]

Elder: "Miss Schala...why have you come to such a miserable place?"

Schala: "Stop degrading yourselves! We Enlightened Ones were once the same as you. The only difference is that we are under Lavos's control..."

Janus: "What a filthy hovel."

Schala: "Melchoir... After the Mountain of Woe fell, I thought I would find you here!"

Melchoir: "Is it safe for you to leave the palace?"

Schala: "That no longer matters! The Ocean Palace is now operational!"

Melchoir: "Then all is lost!"

Schala: "But without me, the Mammon Machina won't work. I have turned my back on that evil device! I've kept the Skyway open. Hurry! You must stop... my mother!"

Voice: "Why don't we keep it right there..."

[Dalton walks in.]

Schala: "Dalton!"

Dalton: "Tisk, tisk my dear. Your presence is required elsewhere!"

Melchoir: "Dalton! Leave her alone!"

Dalton: "Ah! The geezer speaks! Silence, old man!"

[He shoots a fireball at Melchoir.]

Melchoir: "Argh!"

Dalton: "You'll come to the Ocean Palace with me. Do anything funny, and Schala's dust. Got it?"

Janus: "Schala!"

Dalton: "The Queen's children all seem to have a problem with authority, don't they?"

[Crono's team gets ready to fight.]

Dalton: "Stay back. The life of this woman means nothing to me! Shall we get going, Schala, dear? Your mother awaits!"

[Dalton and Schala disappear. Janus, too.]

[1] Frog: "Melchoir!"

[2] Lucca: "Melchoir!"

[2] Marle: "Mr. Melchoir!"

[4] Ayla: "Old man. Okay?!"

Melchoir: "I'm all right. But we must save Schala, or else..."

Old Man: "Impossible! Even though it's coming from YOU, Melchoir..."

Melchoir: "If the Queen is allowed to fulfill her scheme, all life as we know it, is doomed!"

[Crono steps forward.]

Melchoir: "You're willing to challenge the Queen? You've done so much for us... ..and I don't even know your names!"

[1] Marle: "You'll find out soon enough!"

[2] Lucca: "That's OK. Someday, maybe we'll need your help!"

[3] Robo: "You've already helped us. Let us return the favor."

[5] Ayla: "Gramps use red stone. Help Crono. Now, Ayla help you."

Melchior: "What ARE you talking about?"

[3] Robo: "Crono, let us hurry!"

[4] Marle: "Crono! Let's get going!"

[5] Frog: "Crono, let us be on our way!"

Melchoir: "Wait, take this with you. It's made from the same red stone as the Mammon Machine. With it, you can destroy the Machine!" [Obtain: Ruby Knife]

Dalton: "Ha! There you are... I let the Prophet go, knowing he'd mess up sooner or later. But I've no use for you anymore. You're history!"

[The party tears Dalton a new one.]

Dalton: "N...nooooo! I'm going to be immortal! I CAN'T be beaten now!"

[Dalton opens a gate and escapes. Unfortunately, the gate is still active when the party runs to it, so they get get transported as well, down to...]

[The party finds Mune at the entrance.]

Mune: "The black energy grows... Something scary is waking up!"

[A scene in the bowels of the Palace is shown. The relocated Mammon Machine is there. The Queen, prophet, and Schala, too.]

Queen: "Schala, raise the power of the Mammon Machine to its limit!"

Schala: "....."

Queen: "Schala! You dare to disobey me?!"

Schala: "All right, mother..."

[Schala does as she's told.]

Queen: "Oh...what bright splendor!The incredible power of Lavos!!!"

[Schala falls to one knee, weakened.]

Schala: "Aagh..."

[The prophet starts to walk to her but stops.]

Prophet: "....."

[The scene ends. The party finds Masa on a stairway later on.]

Masa: "The ancient Red Rock has been passed down through the ages. From it, a magic pendant and a knife were made. We embody Melchoir's dreams, sealed, within the knife... Now hurry, if you plan to confront the Queen! We're counting on you!"

[Another scene by the Mammon Machine plays. The room glows with many colors.]

Queen: "Ahh, I can feel it! The pulse of eternal life!!! Ha, ha, ha...!"

Schala: "D...dark...force...wild energy...! Aughhh!"

Prophet: ".....!!!"

Attendant: "Th, the Mammon Machine! Your majesty, it's too dangerous!"

[Queen Zeal fires electricity at the attendant.]

Schala: "Mother...!"

Queen: "Don't stop, Schala! We're almost there... Immortality will be ours! Zeal will have the glory it deserves! Mwa, ha, ha... Too long have I waited...!"

[The scene ends, and the party runs into Dalton down the way.]

Dalton: "You made it THIS far. Maybe I underestimated you... But this is the end! THEY will take care of you! Come, Golem Twins!"

[The two Golems don't do impede the party any.]

Dalton: "They beat the Golem Twins? All right, this calls for the Golem Boss."

[The room glows an odd color.]

Dalton: "W, what's this strange force? Could this be...Lavos's energy?! ... I've got a bad feeling about this... All my work would be in vain if I expire before I'm immortal! This is your lucky day! Bye-bye!"

[Dalton teleports out. The next room houses the Mammon Machine.]

Nu: "This is the hall of the Mammon Machine... Now is the time to turn back, nu..."

[The party runs into the room, which is still flashing odd colors.]

[\*] Ayla: "Ayla come! Where strong beast?!"

[\*] Marle: "Schala! We're here to save you, c'mon!!"

[\*] Frog: "We shan't allow thee to meddle with Lavos, Queen!"

[\*] Robo: "A gravitational pull!? I sense a dimensional warp!"

[\*] Lucca: "We just made it in time! It's a pity, but I'll have to turn this machine off!"

Schala: "You're...!"

[The Mammon Machine's electricity hits Schala.]

Schala: "Help!!"

Prophet: "Schala...!"

Queen: "What are you doing, Schala?! I need your help here!"

[\*] Ayla: "Crono! Use Red Knife!!"

[\*] Marle: "Crono...! The Red Knife!"

[\*] Lucca: "Quickly, Crono! There's no time!"

[\*] Frog: "Crono, use the old man's knife to stop the Machine!"

[\*] Robo: "Use the knife from Melchoir to stop the Mammon Machine."

[Crono takes out the knife.]

Masa: "Here we go, Mune!"

Mune: "Ready, big brother!"

[The Ruby Knife hits the Mammon Machine and skewers it. It looks just like--]

[1] Frog: "T, 'tis... ..the Masamune?!"

[2] Marle: "Whoa...! It turned into the Masamune!?"

[3] Lucca: "The Machine's energy changed the knife into a sword?"

[4] Robo: "The knife used the Machine's power to become a sword?"

Queen: "Th, the Mammon Machine!?"

Prophet: "It's coming...!"

Schala: "N, no stop! That sword alone can't stop it!"

[Lavos appears and the party fights it, but loses. The prophet appears in front of Lavos.]

Prophet: "I've waited for this..."

[The Prophet unmaskes himself as...Magus!]

Magus: "I've been waiting for you, Lavos. I swore long ago...that I'd destroy you! No matter what the price! It is time to fulfill that vow. Feel my wrath, Lavos!!"

Voice: "What do you think you can do?"

[The voice is that of Queen Zeal.]

Queen: "Hmph! A false prophet... You'll be a snack for the great Lavos!"

Schala: "Mother, please stop! This power can only bring end in ruin!"

Queen: "Get away from here, Schala! The almighty life force of Lavos lives in all of us... You are a part of it! You cannot change fate now! Oppose me and I will destroy you also!"

[The Queen shoots electricity at Schala.]

Schala: "Heeelp!"

[The Queen jumps onto Lavos' carapace.]

Queen: "Come Prophet, feel the power of Lavos!"

[Magus starts to get electrocuted without end.]

Magus: "Ungh! Aaah!! My powers are being drained! Unghh... I won't...be beaten! I survived the darkness to defeat you, Lavos! Take this, Lavos! Aaugh!!

[Magus uses his scythe to attack Lavos' beak. Light comes out and then stops.]

Magus: "Wh, what...? It doesn't work?! Aughhh!!"

[Magus gets thrown back.]

Queen: "Foolish one! Your measly power can't touch Lavos! This is from me to you! You shall enjoy eternal life... ..as part of Lavos! Uwa, ha, ha, ha...!"

[Lavos prepares a devastating beam attack, sucking Schala and Magus in.]

[\*] Frog: "Magus! Thou art mine to defeat!"

[\*] Ayla: "Stand up, Crono! Ayla no like lose!"

[\*] Marle: "Can you move, Crono? Please help Schala!"

[\*] Lucca: "A...are you all right? At this rate we'll all... Uooo!"

[\*] Robo: "The dimensional warp is getting bigger! We cannot stay!"

[Crono runs to Lavos' front.]

Queen: "Haven't you given up yet? What do you hope to do? You challenge Lavos with that battered body of yours? Mwa, ha, ha... See the power of Lavos and feel his wrath!"

[A video plays where Lavos' fires a beam at Crono and stops him in his tracks as he goes to attack, killing him. Magus looks on in anger at what's just happened and his failure to defeat Lavos.]

[\*] Robo: "Crono!"

[\*] Ayla: "Crono!"

[\*] Marle: "Crono!!"

[\*] Lucca: "Stop, Crono!"

[\*] Frog: "Desist Crono!!"

[The beam melts Crono away.]

Party Members: "Crono...?! Crono...!"

[The battle ends. Crono's party members, Schala, and Magus stand defeated.]

Magus: "I can't...beat him. Lavos...!"

[\*] Ayla: "This bottom of ocean! What can do?"

[\*] Marle: "Crono? Where's Crono...!? NOOOO!!!"

[\*] Lucca: "Crono...! There was nothing I could do!"

[\*] Robo: "The Palace is collapsing! We must escape now!"

[\*] Frog: "Argh...! We must plan our escape! The Palace crumbles!"

Schala: "The last of my pendant's power will send you to safety. I know you can't forgive her, but... ..please don't hate Mother, or our kingdom. I'm so sorry! Now, off you go!"

Magus: ".....!"

[Magus and Crono's party are teleported out. Schala stands alone by the Mammon Machine.]

Schala: "..... Crono....."

[On the world map, Lavos breaks through the crust and fires destructive beams all over. Up in Zeal, the floating town starts to break apart and fall back to the planet's surface, the ocean. In Algetty, a man runs into a room.]

Man: "A tidal wave!"

[On a blacked-out screen, the party yells for Crono.]

[\*] Ayla: "Crono! Nooo!!! Crono!"  
[\*] Lucca: "Hold it, Crono! Crono...!"  
[\*] Frog: "N...nooooo! Crono... Crono...!"  
[\*] Marle: "Hmm... Uh... Crono... Crono...!"  
[\*] Robo: "It's too dangerous, Crono. Crono!"

[The two party members wake up in a fire-lit hut.]

[1] Frog: "Crono!"  
[2] Ayla: "Crono!"  
[3] Lucca: "Crono!"  
[4] Marle: "Crono!!"

Elder: "Ah! You're awake! You were delirious."

[1] Ayla: "Crono! Where Crono?!"  
[2] Lucca: "Crono!! Where's Crono?"  
[3] Marle: "Crono!!! Where's Crono?"  
[4] Frog: "Crono! What hast thou done with Crono?"

Elder: "We found no one else..."

[1] Marle: "So it wasn't a dream."  
[2] Lucca: "So it wasn't a dream..."  
[3] Ayla: "No! That not true! Crono strong! Crono not gone!"  
[4] Frog: "First Cyrus, and now Crono..."

[1] Robo: "Is this the Earthbound Village?"  
[2] Frog: "Be this the Earthbound Village?"  
[3] Ayla: "Where this? This Earthbound Village?"  
[4] Lucca: "Where are we? Is this the Earthbound Village?"

Elder: "This island was the only refuge left, after the Ocean Palace disaster."

[1] Frog: "'Tis a pity..."  
[2] Ayla: "Metal bird? Place that float in sky? All gone?"  
[3] Robo: "We have failed... This era, too, has fallen into ruin."  
[4] Lucca: "This is so depressing. No era is safe, and there isn't much of a future to look forward to."

[1] Robo: "Is Sir Melchoir here?"  
[2] Ayla: "Melchoir! Where Melchoir!?"  
[3] Lucca: "Melchoir! Where's Melchoir?"  
[4] Frog: "Whither hath old man Melchoir gone?"

Elder: "When the disaster struck, an eerie, black portal materialized. Melchoir tried to save Janus, but he was also dragged in."

[1] Frog: "A 'black portal'? A GATE!!!"  
[2] Lucca: "A 'black portal'? A GATE!!!"  
[3] Ayla: "A 'black portal'? Like one we step thru?"  
[4] Robo: "A 'black portal'? No doubt, a Gate made by Lavos!"

[1] Robo: "And what of Ms. Schala?"  
[2] Lucca: "... What about Schala?"  
[3] Ayla: "Where Schala? What happen?"  
[4] Frog: "That maiden, Schala... Whither hath she gone?"

Elder: "I don't know. No one has seen her since."

- [1] Robo: "Epoch! Is it intact?"
- [2] Ayla: "Where Epoch? Epoch alive?"
- [3] Lucca: "Epoch! What happened to it?"
- [4] Frog: "Epoch! What fate has befallen it?"

Elder: "Your ship is quite sturdy and safe. It's almost as if it followed you here..."

-----  
[If Marle is with, a different scene is interjected between the Elder saying the ship is safe and talking about the pendant:]

Marle: "Crono..."

- [1] Ayla: "Marle... Marle cry, make Crono sad. Ayla no cry!"
- [2] Robo: "Marle... Please calm down. This isn't like you at all."
- [3] Lucca: "Marle... If Epoch is okay, my gut tells me that Crono is, too!!!"
- [4] Frog: "Marle... Thou hast lost thy friend before thine eyes. No words can comfort thee..."

Marle: "..."

-----  
Elder: "Oh, this must be yours."

- [1] Frog: "'Tis the pendant Crono kept."
- [2] Ayla: "Look! Pendant that Crono had!"
- [2] Lucca: "Marle's pendant... ..the one that Crono kept for her."

-----  
[If Marle's present, the Elder will give the pendant to her.]

Marle: "My...pendant. The one Crono held for me."

Elder: "Young lady, I found it on your shoulder, almost as if it were guarding you."

Marle: "Crono..."

Elder: "Take all the time you need to rest. I will be in the commons."

-----  
Elder: "It was at your side, like a guardian..."

- [1] Frog: "Crono..."
- [2] Ayla: "Crono...!"
- [3] Lucca: "Crono..."

Elder: "Take all the time you need to rest. I will be in the commons."

[The party select screen comes up. Crono is not available, obviously...]

Elder: "All rested up?"

Soldier: "Bow, and pay homage to our new liege, King Dalton!"

[Dalton walks in, accompanied by three soldiers.]

Dalton: "You there! What's wrong?! You're lucky to be alive! The old crone and the pesky Gurus are gone. I now rename Zeal, the Kingdom of Dalton! YOU! You're alive!? Ah! That vehicle outside must be yours! It's just like the one Belthasar was building... I've decided you don't deserve such a splendid toy! Henceforth it will be my personal chariot!"

[1] Robo: "Impossible!"

[2] Frog: "Come again, Sir?!"

[3] Ayla: "Epoch! It Ayla friend!"

[4] Marle: "Hey, you can't do that!"

[5] Lucca: "You've got to be joking!"

Dalton: "You'll have to come with me! You might start a rebellion or something! And now, as a token of my esteem for you... ..take this!!"

[He fires a flame-ball at the party leader, who deflects it easily.]

Dalton: "What!? Grrrr. Ha! How's this?!"

[Three fireballs hit the party and knock them out.]

Dalton: "Mwa, ha, ha! Enjoy a little taste of my true power!"

[3] Lucca: "This is depressing..."  
[4] Robo: "Must think of a way to escape."

[The party climbs a ladder in the cell and they come out to a balcony...right out over the clouds!]

[1] Ayla: "!!"  
[2] Marle: "Eeeeeeeek!"  
[3] Lucca: "Wh, what!"  
[4] Frog: "We're airborne!"

[4] Marle: "The sky! So we're inside..."  
[5] Frog: "The sky! We're in the belly of...!"

All: "...The Blackbird?!"

[The party goes back down, when one of them looks at the ceiling.]

[2] Ayla: "!! Breeze come in here."  
[2] Lucca: "!? There's an airduct."  
[2] Frog: "What?! We can get up there..."  
[2] Robo: "Please wait! It seems like an airduct."

[They climb into a duct.]

[1] Frog: "Let us watch our captors from here..."  
[1] Robo: "We can observe the enemy from this point."  
[1] Lucca: "We can check out the lower deck from here."

[The party reclaims their items and makes their way to the plane's wing.]

[\*] Ayla: "!!"  
[\*] Frog: "Something cometh!"  
[\*] Marle: "W, what's going on?"  
[\*] Robo: "It's a massive magic energy reaction!"

[A Golem Boss appears.]

[\*] Lucca: "He's...!"

[If the party doesn't defeat it, it will run away, saying it's scared of heights.]

[3] Lucca: "Phew..."  
[3] Frog: "How annoying..."  
[3] Ayla: "Ayla don't give up!!!"

[In a hangar somewhere, Dalton sits in his 'personal chariot.']

Dalton: "Mwa, ha, ha... It's complete! I've done it! See these beautiful wings! Now THIS is a King's throne. I now name it... The Aero-Dalton Imperial! And THEY'RE gonna be my first victims! Aero-Dalton Imperial, engage! No, no, no, no...! Stop the music! Ha! There we go! Ready for takeoff! The Aero-Dalton Imperial! We have lift-off, Houston!!"

[The Epoch goes airborne. The party on the wing sees it flying around.]

[2] Ayla: "Look!"

[2] Marle: "Look!"

[2] Robo: "Th, that's!"

[2] Frog: "What in the...!"

[1] Robo: "Epoch's..."

[1] Marle: "Epoch's..."

All: "It's flying?!"

Dalton: "It's not Epoch! It's the Aero-Dalton Imperial! Mwa, ha, haha!! You are excess baggage! Make like the wind and blow outta here...!"

[Dalton stupidly fires lasers at the party, hitting the Blackbird.]

Dalton: "Mwa ha! You are like insects to me!"

[2] Lucca: "There..."

[2] Ayla: "Epoch...go...now!"

[2] Robo: "We must retrieve Epoch!"

[1] Robo: "I am on my way!!"

[1] Marle: "It's all your fault! Crono... Give back Crono!!"

[The party jumps aboard the Epoch.]

Dalton: "You, you...!"

[The party defeats Dalton.]

Dalton: "Go! Golem Boss...???"

[Dalton summons the Golem Boss, but he doesn't show up. Instead, an angry Dalton gets sucked into his own warp and disappears. Victory!]

[\*] Robo: "Success!"

[\*] Lucca: "Is Epoch okay?!"

[The party climbs into the pilot's seat.]

[2] Frog: "I am at a loss!"

[2] Marle: "Is everything okay?!"

[2] Robo: "These instruments are unfamiliar."

[3] Marle: "Ayla! Hit the [ ] button, quick!"

[1] Lucca: "Robo! Hit the [ ] button, quick!"

[2] Robo: "Lucca/Marle! Please press the [ ] button!"

[The pilot presses a button, which sets off a laser. It hits the Blackbird and mangles its left wing.]

[2] Frog: "Then hit the /\ button!"

[2] Robo: "Then try the /\ button!"

[2] Marle: "Oh...then try the /\ button!"

[The foundering Blackbird starts to head toward the ocean...the bottom of the ocean, that is. Down at the Commons, the people see the scene and rejoice.]

Citizens: "Yea! Justice! Dalton got what he deserved!"

Elder: "Whoa! That ship can fly!"

[Up in the Epoch:]

[\*] Lucca: "Phew, now I get it!"

[\*] Robo: "I should have linked my CPU..."

[2] Marle: "Magus..."

[3] Lucca: "Magus..."

Magus: "Behold. Everything's at the bottom of the sea. Gone is the magical realm of Zeal, and all the dreams and ambitions of its people. I once lived there... But I was another person then."

[A scene at the Ocean Palace is shown, with the three Gurus present.]

Gaspar: "Hmm...! A dimensional warp!"

Belthasar: "This power is beyond human control!"

Melchoir: "No...! We'll be dragged into the warp!"

Voice: "SCHALA!!"

[Janus and Alfador run in.]

Schala: "No Janus!! Stay away!"

Janus: "B, but!?"

[The party is warped to Lavos. A warp opens up underneath Melchoir.]

Melchoir: "It's, it's a...!!"

[Melchoir disappears. Gaspar gets one, too.]

Gaspar: "A Timegate!?"

[Gaspar vanishes. Belthesar looks at the gate underneath him.]

Belthesar: "No!!"

[Janus sees Belthesar disappear, and then a Gate appear underneath him, too.]

Janus: "S, Schalaaa!!"

Schala: "Janus!!!"

[Melchoir is shown falling into 1000 A.D., Belthesar in 2300 A.D., and Gaspar ends up in a state of nothingness.]

Guru Gaspar: "Th, this is... Hey. Nothing here... This must be... ..the End of Time..."

[Janus ends up in 600 A.D., landing by Ozzie. Magus' scenes end.]

[1] Lucca: "You...! You're...Janus?"

[2] Marle: "You're... ..Janus, aren't you?"

[3] Frog: "So! Thou art... ..thou art that filthy urchin!"

Magus: "... Ever since Lavos's time portal stranded me in the Middle Ages... I have waited to even the score. You interrupted me just when I had summoned Lavos to my castle. How ironic that, having been drawn into yet another portal, I would end up in this age. Being from the future, my

knowledge of the past enabled me to convince the Queen that I was a mighty oracle. But no history book could have prepared me for what happened here. Unimaginable is the power of Lvaos. Anyone who dares to oppose...it...meets certain doom. At this rate, you too, will meet a hideous fate. Just like that poor fool, Crono!"

[3] Frog: "Magus!! Hold thy tongue!"

Magus: "You wish to fight me?"

Magus: "... I never imagined that we would settle our score in this dusty era. Come, let us finish this charade!"

Magus: "Very well then... But you shall not defeat me easily!"

R2: [1] Marle: "Even if we defeat you, it won't bring Crono back."

[2] Lucca: "... Poor Crono. Fighting you won't bring him back."

[3] Frog: "... Vanquishing thee will neither return Crono nor Cyrus."

Magus: "... Wait. I'll come with you."

Magus: "You know, there just might be a way to bring him back."

[2] Marle: "Y...you're joking?!"

Magus: "Gaspar, the Guru of Time, knows how to restore lost or misplaced time streams..."

[Magus joins the party and can be renamed, if chosen.]

[If the party defeats Magus:]

[\*] Frog: "Cyrus, I hath avenged thee!"

Magus: "Defeat me, and you will break the curse on Frog. If...you want...to bring Crono back...find Gaspar, th...the Guru of Time..."

[4] Lucca: "An egg? Is it hard-boiled or 3-minute?"

Old Man: "Let us call that the Chrono Trigger. It is pure potential. By

unleashing a specific course of events, it can have a powerful effect on time. Ask the one who made the Epoch, your Wings of Time, how to hatch it... Like any egg, it represents possibility... It may or may not...hatch. But the Chrono Trigger gives you the potential to get your friend back... The egg will have an effect equal to the effort you put into your search. No more, and no less. Don't forget that. As long as you keep Crono in your heart, the day you are dreaming of shall arrive..."

[\*] Magus: "I get it...it's you, isn't it...?"

[1] Marle: "Wait a sec... Are YOU Gaspar, the Guru of Time?"

[2] Frog: "Wh...what? So..... Thee art Gaspar, the Guru of Time!"

[3] Lucca: "It's you, isn't it?!... You're Gaspar, the Guru of Time!"

[4] Robo: "This can only mean... ..you are the Guru of Time... Mr. Gaspar, I presume?!"

Old Man: "Um...well... ..I believe that's what they used to call me... ..ages ago..." [Obtain: Chrono Trigger]

[In the hallway behind the crested door, Belthasar sleeps.]

Belthasar: "On 'Death Peak' you will find the power to restore life. But to activate this power, the deceased must be important to the space-time continuum. And you MUST have a clone of that person. Only then, can a Chrono Trigger work its magic... Need a Clone? The magician, Norstein Bekkler, could whip one up in the wind of an eye. Bekkler loves festivals. Bekkler: "Welcome to Norstein Bekkler's lab. The spine tingling show is about to start! So! You want a Crono Clone? Normally I'd never do this, but today I'll make an exception. Challenge me, and I'll give you a Clone. The longer you stay in the game, the lower my price will be."

Bekkler: "Excellent! The Clone will be at Crono's house."

[They got to Crono's house and find the clone there. His mother is there, too.]

Mom: "Oh, hello! Is Crono okay?"

[\*] Ayla: "... Crono...okay."

[2] Lucca: "Yeah... .. Just fine."

[3] Marle: "Uh, he's ok. Fine actually."

[4] Robo: "Madam... Crono is...quite well."

[5] Frog: "Uh...aye! He be in fine health!"

Mom: "I hope he's behaving. Tell him to be good, all right?"

[1] Frog: "... Madam..."

[3] Marle: "... Listen, um..."

[2] Lucca: "... Um, listen, I...um, I mean..."

Mom: "Yes, dear?"

[1] Marle: "We'll just borrow this doll, okay?"

[1] Lucca: "We'd like to borrow this doll for a bit."

[2] Frog: "By thy leave, mayhap we taketh this doll?"

[3] Ayla: "... This, Crono's doll! Ayla borrow! Okay?"

Mom: "Go right ahead, dear."

[They take the clone.]

Mom: "Stay out of trouble, now!"

[The party heads back to Keeper's Dome with the clone.]

[Back at Keeper's Dome, the party goes to the Nu in the back hallway.]

Belthesar: "On 'Death Peak' you will find the power to restore life. But to activate this power, the deceased must be important to the space-time continuum. And you MUST have a clone identical to that person. Only then, can a Chrono Trigger work its magic... Enough. The time has come for you to attempt 'Death Peak.' It's the only chance you have of reviving your friend. The last program I've implanted in this creature's memory banks will help you up the mountain. Stand back."

[Three Poyozo dolls appear and teleport out of the structure, each saying:]

Poyozo: "Executing program!"

[After the dolls have left, Belthesar returns.]

Belthesar: "The 3 entities you saw will help you climb 'Death Peak.' This ends my message. Now I must ask you for a favor. This creature has executed its program. Please let him sleep. The switch is on his stomach."

[The party switches the creature off and heads for the mountain.]

[The Poyozo dolls appear on the mountain, and the party shelters on the lee side of them in order to advance. They find the peak desolate except for a single tree.]

[1] Lucca: "So, this is the summit of Death Peak! You who fear the night and fight the coming of darkness... Give us strength!"

[2] Robo: "So, this is the summit of Death Peak! You who fight the onslaught of night and darkness... Please lend us your power."

[3] Marle: "So, this is the summit of Death Peak! All who fear the night and stand against the darkness... Please give us strength!"

[4] Frog: "So, this is the summit of Death Peak! We ask for your strength... Thee who fear'eth the night and stand 'gainst the darkness."

[1] Ayla: "Crono!"

[2] Frog: "Crono!"

[3] Robo: "Crono!"

[4] Lucca: "Crono!"

Narrative: The pendant's reacting!

[The Time Egg floats up and splinters apart.]

[1] Robo: "That can't be it! We've worked so hard."

[2] Marle: "It, it shattered!! But... We've come so far!"

[3] Lucca: "It can't be! What use was it to come so far?"

[4] Frog: "It, it shattered!! 'Tis folly... To hath travelled so far."

[1] Frog: "Despair not... Fate be not malleable."

[2] Ayla: "No sadness! Ayla lonely too! Sad Crono not come back."

[3] Lucca: "Don't be sad. It was silly to think we could get him back..."

[4] Robo: "Do not despair. We placed too much hope in bringing Crono back."

[1] Frog: "Crono! Giveth an answer!"

[2] Crono: "Crono! Please answer us!"

[3] Lucca: "Crono! Say something! Don't ignore us!"

[4] Marle: "Please answer me! Don't leave me!!! Crono--!!!"

[An eclipse takes place, plunging the summit into darkness. The party is then transported to the moment in Ocean Palace that Crono got disintegrated. Everything is at a standstill.]

[\*] Marle: "Crono...!"

[\*] Ayla: "Only us move?"

[\*] Frog: "Like stone statues. 'Tis eerie..."

[\*] Robo: "It appears that time has been suspended!"

[\*] Magus: "A time freeze... I never thought it possible."

[\*] Lucca: "The Chrono Trigger... ..the Guru's Time Egg...! And there we all are! We're back at that instant!"

[They go over to Crono.]

Party?: "We'll just exchange the Clone for Crono."

[They do.]

[\*] Lucca: "We've got to hurry!"  
[\*] Ayla: "Hurry! We take Crono!"  
[\*] Robo: "What a relief! Crono, you're all right!"  
[\*] Frog: "'Tis an eerie place. Let us withdraw quickly."  
[\*] Marle: "Crono? It's Crono...! Crono?! You're alive!!!"  
[\*] Magus: "Save the hellos for later! We've got work to do. ...."

[The party finds themselves back on Death Mountain. Crono descends down and slumps against the tree.]

[1] Robo: "Crono! Welcome back!!"  
[2] Lucca: "Crono! It's about time!!"  
[3] Marle: "Crono! Welcome back, Crono!!!"  
[4] Frog: "Crono! 'Tis good of you to return, Crono."

[1] Ayla: "Crono back!! Crono okay?"  
[2] Frog: "How art thou feeling, Crono?"  
[3] Lucca: "I'm so glad you're back, Crono!"  
[4] Robo: "Oh... Crono! What a relief it is to have you with us again."

[Crono looks at them, very much alive. Lucca or Marle can hug him.]

[1] Frog: "Thou art a lucky lad. Thy friends be loyal and true!"  
[2] Robo: "We have all been waiting for you! Marle and Lucca and... Well, all of us!"  
[3] Lucca: "You dummy! You wouldn't believe what we had to go through for you! You mess up again... And we won't save you! While you were gone we had a terrible time! Marle had to....., and... So then we...and I had to... Hey! You listening, Crono? You can be so irritating sometimes!" [NOTE: This takes precedence if Marle is not in the party lineup.]  
[4] Marle: "We... We knew this day would come. You mustn't... You can't ever do that again! While you were away... A lot of things happened. First, we...and then... And after that we... But... Crono! Are you even listening?! There's so much you have to know. [NOTE: If Marle is in the party, this takes precedence over the other options.]

[The party finds themselves at the End of Time.]

Gaspar: "So! Looks like you were successful! No, don't thank me. I didn't do a thing. I just gave you a place to begin... If you really want to thank me, make me a member of your team! By the way, the Wings of Time has come looking for you. It seems to have a heart and mind of its own... You wish to fight Lavos, correct? Many paths lie open to you. You may use that bucket. Or fly the Wings of Time to 'The Day of Lavos'... Or there's the Black Omen, which floats in the sky above your world. Lavos is somehow connected with it. It's up to you to decide when and where to fight Lavos. By now you must realize you are the only ones who stand a chance against him... However, you will not be alone. I have had vague glimpses of events, people and places that will empower you... In the Middle Ages, a woman's sheer determination brings a forest back to life... A fugitive in the Middle Ages, Ozzie, maintains an evil hideout... There's a task to be done in the Future, where machinery originated. And there's a very special stone that can shine its light

on each generation, from the distant path to the far future... There's the ghost of a lofty knight, slain by Magus in the Middle Ages, who haunts the present... There's an object in the Middle Ages that sparkles like a rainbow... One of you is close to someone who needs help... Find this person...fast. Just as you touch the lives of every life form you meet, so, too, will their energy strengthen you. Fail to live up to your potential, and you will never win... I am sorry that I must simply witness the coming spectacle from my vantage point here..."

[The party approaches the airborne Ocean Palace and jumps aboard. Queen Zeal is there, in any time period.]

Queen Zeal: "Fools! Haven't you learned your lesson?! We are immortal! We shall live forever with Lavos, who devours this planet even as he sleeps. Within 1,400 years he will emerge to become ruler of this world! The Black Omen is a path which leads to Lavos. It is a shrine which provides us with limitless power. As long as the mighty one reigns, your dreams are hopeless!"

[The Queen summons Mega Mutant to fight the party.]

Queen: "You should sacrifice yourself to the mighty Lavos! HAAhahahaha!"

[After she disappears, the Queen is found in the depths of the Black Omen, atop the Mammon Machine.]

Queen: "Behold, my pretties! Destiny, in its most brutal form. All the dreams that might have been. All the happiness, and sorrow, you might have experienced. Gone forever!!! For you there will be no tomorrow! The Black Omen transcends time and space, waiting for Lavos to awaken! Destiny has led you here. And here you shall rest forever, unless you can defeat me, and smash the Omen! Come, dear friends. Perhaps I can persuade Lavos to share his dreams with you! Did I say dreams? I meant his eternal nightmare!"

[They defeat the Queen.]

Queen: "Argh! My powers don't seem to work here! Wait! I'll simply toss you into the Mammon Machine! You'll be one with the Omen, Lavos...and me!"

[The party defeats the Mammon Machine, and finds the Queen at the top of the Black Omen (I'm guessing -- the earth is visible below).]

Queen: "You cretins... I plan to live with Lavos, and control the universe forever. You will not get in my way! Indulge in such regrets in the next life!" [NOTE: Last sentence only said if Magus is not with.]

-----  
[If Magus is with, he will say:]

Magus: "Idiots... Nothing can live forever. Zeal... A pitiful woman, duped by Lavos! I, myself, will bring an end to all of this!"

Queen: "Prophet! You are doomed. I haven't forgotten what you did at the Ocean Palace. You will not forfeit your life."  
-----

[Zeal's new form gets defeated, too.]

Queen: "How dare you insects come after ME! Oh almighty Lavos, lend me your power!"

[The water underneath the Black Omen starts to resonate.]

Queen: "Mwa, ha, ha... At last, Lavos awakens! Compared with him, you are like germs. But, I...I shall attain immortality!"

[Zeal disappears and Lavos awakens underneath the Black Omen, which starts to disintegrate. Lavos appears before the party, but even as he changes his attack modes to mimic bosses throughout the game, he still gets repelled. Finally, they kill the head.]

[1] Magus: "It's over?"

[2] Frog: "Can it be over?!"

[3] Marle: "Unbelievable...!"

[4] Robo: "We were successful!!"

[5] Lucca: "It's finally over..."

[6] Ayla: "Lavos down! Ayla No. 1!!"

[1] Frog: "Will there never be an end...?"

[2] Magus: "It ain't over yet..."

[3] Ayla: "This Lavos's shell! Inside still strong!"

[4] Marle: "But THIS couldn't have done him in...!"

[5] Lucca: "I wish it were over..."

[6] Robo: "I sense a powerful life force within Lavos."

[1] Ayla: "Ayla no give up!!"

[2] Marle: "L...let's go inside!"

[3] Lucca: "I guess we have no choice. But..."

[4] Magus: "We'll get to the bottom of this, Lavos..."

[5] Robo: "We must invade the interior and attack its...core!"

[6] Frog: "This be only armor! 'Tis what's inside that must be destroyed!"

[They venture inside the shell.]

[\*] Lucca: "We're okay...right?"

[\*] Magus: "...No turning back now."

[\*] Marle: "We're in pretty deep..."

[\*] Ayla: "!! Lavos smell...STRONGER!!"

[\*] Frog: "This is creepy. It's worse than Magus's place..."

[\*] Robo: "According to my sensors, we are close to the center!"

[They head to Lavos' core.]

[\*] Ayla: "Ayla not give up!!"

[\*] Marle: "This...is...Lavos!"

[\*] Lucca: "This is the REAL thing?!"

[\*] Frog: "Cyrus, this be our finest battle..."

[\*] Magus: "Finally... You have met your match, Lavos!..."

[\*] Robo: "Amazing... It houses all the DNA of every creature that ever lived...!"

[When the core is defeated, an alien-type enemy is left in its place.]

[1] Robo: "This was Lavos's goal...! Using the DNA of every organism... And achieving the ultimate in evolution!"

[2] Marle: "It's...humanoid... It seems like it has collected all of the vitality from the creatures who have lived on this planet."

[3] Magus: "..... So...since the dawn of time, it has slept underground, controlling evolution on this world for its own purpose..."

[4] Frog: "This be evil! Indeed! This thing possesseth the vitality of all living creatures... It hath harvested DNA from animals, only to further its own evolution! And whilst sleeping, to boot! It... it is too much to bear... We have been reared like animals...! Our lives hath been for naught..."

[5] Lucca: "Now I understand... It lives on a planet for as long as possible, stealing away the most vital resources... It combined the DNA it found here with its own, and gave birth to those creatures up on Death Peak. Eventually the young must migrate to other planets... to repeat the cycle..."

[\*] Marle: "Are you saying IT'S the reason we're all here?"

[\*] Ayla: "Me no run! Ayla no run away! Worse than losing!!"

[\*] Frog: "My life retain'eth its meaning...! We haveth our own will!!"

[\*] Robo: "Attack value is... ..off the scale! It's shorting out my sensors!"

[\*] Magus: "We were created only to be harvested. All people... ..and all living things... .. It's over for you... Your life ends here!"

[\*] Lucca: "Grown like farm animals, waiting to be slaughtered... All of our history...our art and science... All to meet the needs of that... beast..."

-----

[Ayla can say somehow (if she leads the party?)

Ayla: "Ayla strong! Ayla and world good! You outsider. No part of planet's life!!"

-----

-----

[Robo can say somehow (I had Magus/Lucca party):]

Robo: "Human hands created me... Which means I am a product of that thing...I am no different than Lucca and the others... I am a part of all living things!!"

-----

-----

[If Marle is in the party, but Lucca isn't (?):]

Marle: "This is Crono's and ours... Leene's and Doan's...everyone's...! ...and I mean, EVERYONE's world!!"

-----

-----

[If Marle/Lucca/Crono (?) are with, they will be fuming at the new finds:]

Marle: "This is Crono's and our's... Everyone's...! ...and I mean, EVERYONE's world!!"

Lucca: "Impossible... You CAN'T expect to toy with an entire world and get away with it!"

[A voice talks to Crono on a black screen.]

Voice: "Crono... Crono! Crono!!!"

[A man is in Crono's room as he sleeps.]

Soldier: "It's time to rise and shine! We have a little surprise for you! Your stay of execution has been cancelled. We must now carry out your sentence."

[Crono appears before King Guardia XXIII.]

King: "We've been looking for you, Crono. Where did you take my daughter?"

[Marle enters.]

Marle: "Daddy, don't! Crono hasn't done a thing!"

King: "She says Crono has been a perfect gentleman, but... What do you think, Chancellor?"

Chancellor: "Crono's deeds have had an enormous impact on the kingdom!"

Marle: "Chancellor, how could you?! Please! Just listen to me! We had to..."

King: "...save the future, right?"

Marle: "Huh??"

[Doan appears in the throne room.]

Doan: "You saved the future, and gave us hope."

[King Guardia I also appears.]

King Guardia: "You fought Magus's troops, and brought peace to the kingdom in the year 600."

[Kino walks in, too.]

Kino: "Crono beat Reptites!"

Marle: "Wh, what's going on here?"

[Lucca walks from behind the throne (how tricky!).]

Marle: "Lucca! You brought them here, didn't you?"

King: "Our kinsmen told me all about your incredible mission."

Marle: "Kinsmen?! You mean these're MY ancestors...and descendants?"

King: "Here I was fussing about my kingdom, and my daughter, and you were saving the past, present and future! Now, for a true victory parade! Tonight we celebrate...you! Now Marle, go out and enjoy the last night of the fair!"

[Marle and Crono head to the Millennial Fair. A blue imp leads a few dancers, and the two party members walk behind them.]

Imp: "Come along with Crono, our Hero. Princess Nadia is finally home!  
At last, Guardia is back to normal! It's a moonlight parade!"

[The fairgrounds and booths all light up with festive lights. Crono and Marle end up at the north end, by Lucca's invention. The rest of the party is there, too.]

Lucca: "Well everyone, this is it."

Frog: "Each to thine time."

Robo: "The Gate has grown weak..."

Lucca: "We've got to say our goodbyes before the Gate closes."

Marle: "You're all leaving?"

Ayla: "Crono was strong! Marle too! Ayla have fun!!"

[Marle goes over to Kino.]

Marle: "You're my distant ancestor. So you'd better have tough kids or I'll be in trouble!"

Kino: "Heh, heh! No worry! Ayla VERY strong!"

Marle: "Right! Hey...what do you mean by that?"

Ayla: "Kino dummy! We go now!"

[She pushes Kino into the warp, and waves goodbye before leaving herself.]

Frog: "'Tis a feisty crowd! But they are thy kin, and 'tis of consequence. Queen Leene awaits. Your Majesty, we too shall take our leave."

[King Guardia I gets into the warp. Frog turns to leave himself.]

Marle: "Mr. Frog..."

Frog: "... Long farewells ne'er were necessary."

Marle: "Right! Besides, actions speak louder than words!"

[She gives him a goodbye kiss, shocking him.]

Lucca: "Yeah. Don't these things end with the princess kissing the frog?"

[Frog gets into the warp. If Magus is with, he'll go to get in the warp.]

Marle: "So...you're going to search for Schala?"

[Magus leaves without any goodbyes.]

Robo: "Lucca, I will miss you."

Marle: "What's wrong Lucca? Aren't you going to say goodbye to Robo?"

Robo: "She knows."

Marle: "Knows...what?"

Lucca: "..... Robo was born in a bleak future. When we defeated Lavos, we changed history. Robo...may not exist in the future."

Robo: "Ha ha. Please relax. The new future has a place for me!"

[Lucca goes over and bangs on Robo's metal hull.]

Lucca: "Darn it, Robo! Don't pretend you don't care when you're really sad! It just makes thing worse!"

Robo: "..... Lucca, YOU have taught me to have emotions. Thank you."

Marle: "Tears don't become, you, Lucca! Robo'll be there in the new future!"

[Doan gets into the warp.]

Robo: "Good...bye. Caution! Oil has washed over my sight sensors. Sight diminished..."

[Robo leaves in the warp.]

Lucca: "Do you remember that talk we had?"

Marle: "You mean about whether our lives flash by before we die?"

Lucca: "Yeah. I get the feeling that the 'Entity' is finally at rest."

Marle: "Yes, I feel that too... Time travel...how exhausting!"

Lucca: "We should dismantle the Epoch. Its job is finished."

[Just then, Crono's cat runs into the north end with his Mom behind it.]

Mom: "You naughty thing, come back here! Look, Crono! Your cat's running away because you haven't been feeding it!"

[The cat jumps into the warp.]

Mom: "Hey, come back here!"

[Crono's mom goes into the warp, and it closes.]

Marle: "Oh, great! Crono, that Gate will never open again!"

Lucca: "Well it looks like we have no choice but to go after them!"

Marle: "Go after them?! But the Gate's... Lucca, don't turn off your brain, yet!"

Lucca: "I forgot! We have a Time Machine! Nya ha ha!"

[A soldier enters the north end.]

Soldier: "Oh, Princess, the King asks for your presence."

[The party finds the King.]

King: "I'm so happy! Now there's no reason for you to go away anymore."

I have a gift for you, to commemorate this day, Princess Nadia."

[The King returns with a big bell with balloons on it.]

King: "This is Nadia's Bell. It will ring out across the land."

[Crono and Lucca leave Marle alone. The King raises the bell up.]

King: "Marle...where did you go? Could someone please lend me a hand?"

Marle: "Daddy... I hate to say this but... I can't sit around doing nothing!"

[Marle leaves, too. Taban enters.]

Taban: "Phew! made it just in time! Shall I fire one off?"

King: "Uh, no Taban. Actually, I could really use your help..."

[Just like the beginning, a fireworks display brings the game to a close, as the Epoch soars over the land. Somewhere, Robo and Atropos watch the Epoch; Kino and Ayla, too, on pterodactyls; Frog sees it on the Zenan Bridge with Queen Nadia and the King; Magus witnesses it as well, as he floats by a mountain somewhere. All is well, and all ends well. A video plays of Crono and Marle's marriage as the Playstation Staff's credits roll. Kino and Ayla marry also, and the un-Frogged Glenn walks out of the castle in 600 A.D. Melchoir shows up at Crono and Marle's wedding, with a bottle of wine (XD!). In the forest, Lucca finds a baby with a familiar pendant on it, as she walks with her little version of Robo... [Lavos dies and the party (all) arrive back at the End of Time. Only Lucca and Marle are conscious.]

Gaspar: "Lavos is gone, so the Gate will shut. Return now, or you'll be lost in time."

[Everyone else regains consciousness. Marle goes over to the newly-awakened party members. After each person speaks, they will leave without another word to warps and wait (Magus says nothing).]

Marle: "Let's go back in time and save Crono!"

Ayla: "Kino wait for me."

Marle: "Don't you care?"

Robo: "This really is the last we'll see of each other."

Marle: "Come on!"

Frog: "'Tis necessary that I return and protect Queen Leene."

[Marle follows the four party members to the warps.]

Ayla: "Ayla go home now. Good luck all!"

[Ayla leaves and the warps to her time period disappear; same for Magus.]

Frog: "Fare thee well!"

[Frog leaves, and his warps disappear, too.]

Robo: "Goodbye...everyone."

[Robo's warps disappear when he's left. Only the two warps to the present time remain.]

Marle: "You're all so heartless!"

Lucca: "It's a fate we can't escape. Someday we will all pass away.  
Marle....."

[They go back to their own time, and the warps disappear, leaving no more left.]

Elder: "Hey there!"

[Gaspar still remains, alone...with the Time Egg.]

Elder: "They've all... Have they all left? I forgot to give them this.  
... ..Oh well."

[Back in 1000 AD, Marle walks into the celebration parade at the fairgrounds. It's nighttime.]

Imp: "Come on! It's the last night fo the fair! Princess Nadia is finally home! At last, Guardia is back to normal! It's a moonlight parade!"

[Marle walks around in the parade as the fairgrounds light up. Marle walks to Lucca's invention after awhile, finding her friend there.]

Lucca: "I thought Lavos made the Gates... But I guess I was wrong."

Marle: "What do you mean?"

Lucca: "I think a greater force wanted us to experience those events."

Marle: "Time travel...how exhausting!"

Lucca: "We should dismantle the Epoch. Its job is finished."

Marle: "I wonder how everyone is doing."

[Just then, Magus, Ayla, Frog, Robo, and Gaspar all appear in a warp.]

Ayla: "Give me 'Time Egg'!"

Gaspar: "Calm down. Rushing won't bring him back!"

Ayla: "Ok, understand. Now hurry, give!"

[Gaspar jumps back into the warp.]

Robo: "Hey! He is escaping!"

[Robo, Ayla, and Magus all follow after Gaspar.]

Marle: "What's going on, everyone?"

Frog: "That 'Time Egg' of his can bring HIM back!"

Lucca: "Bring who back? You mean Crono?"

[Frog goes to pursue Gaspar.]

Lucca: "Let's catch up with him!"

Marle: "Go after them?! But the Gate's... Lucca, don't turn off your brain, yet!"

Lucca: "I forgot! We have a Time Machine! Nya ha ha!"

[A soldier walks into the north end.]

Soldier: "Oh, Princess, the King asks for your presence."

[They find the King in the fairground center.]

King: "I'm so happy! Now there's no reason for you to go away anymore. I have a gift for you, to commemorate this day, Princess Nadia."

[He returns with a bell.]

King: "This is Nadia's bell. It will ring out across the land. Marle... where did you go? Could someone please lend me a hand?"

Marle: "Daddy... I hate to say this but... I can't sit around doing nothing!"

[Marle and Lucca leave, and the Epoch can be heard taking off. Taban walks into the square with a big firework.]

Taban: "Phew! Made is just in time! Shall I fire one off?"

King: "Uh, no Taban. Actually, I could use your help..."

[Just like the beginning, a fireworks display brings the game to a close, as the Epoch soars over the land. Somewhere, Robo and Atropos watch the Epoch; Kino and Ayla, too, on pterodactyls; Frog sees it on the Zenan Bridge with Queen Nadia and the King; Magus witnesses it as well, as he floats by a mountain somewhere. As the credits roll, Marle is shown standing by the lone tree on Death Peak. A silhouette of Crono is shown in the distance, and Marle runs to it as the game fades out. A picture of Marle and a very-much-alive Crono on Death Peak (?) seems to point to a happy ending. 'THE END' appears beneath the picture. The video of Crono and Marle's marriage plays, as does that of Guardia's downfall. The rest of the credits play, the CT logo appears, and that is all!]

Hironobu Sakaguchi: "Boy, it used to be that I'd get thinner after each game. Now I'm gaining weight instead. Ack! I must be getting old."

[After talking to all five people in the above room:]

Narrative: Cheers! You made it to one of the endings! You're now a member of the Dream Team! And since you blew through the game so fast, we have adjusted the credits to suit your style!"

[The credits appear and blow by really fast, displaying 'The End' on a screen full of moving stars. Afterwards, a video shows the fall of Guardia in 1005 AD and the disappearance of the legendary sword, the Masamune. Playstation Staff credits roll afterwards, then the Chrono Trigger logo appears. The End!]

Marle: "Something doesn't look right... Let's return to the castle!"

[Back at Guardia's palace, Marle confronts the King.]

Marle: "Father! What's wrong with the townspeople!?"

King: "Where have you been, Nadia? First, calm down. And why those clothes?"

Marle: "Everybody keeps saying that! What do you mean?"

King: "What ARE you babbling about? You needn't keep dressing that way! You're just in time! We found this 400 year old wedding album in the treasury."

[Marle hops after her father, and ribbits.]

Lucca: "Marle! No! Tell me you didn't..."

[The credits roll out like they're on a projector, and show Frog and Leene getting married in the Cathedral. Frog kisses her all funny-like.]

Marle: "Nooo! This can't be!!"

Lucca: "Phew... You're being pretty stubborn."

Robo: "My apologies, Lucca."

Lucca: "It's not your fault. We're the ones who created weapons."

[She looks at the snoozing Crono by the wall.]

Lucca: "Man, that fool sleeps a lot."

Voice: "No!"

[Marle walks into the room.]

Marle: "Let him sleep. He fought long and hard."

Lucca: "Phew...all right."

Frog: "....."

Marle: "Where're you going? We just got cozy."

Frog: "Gotta take care of some business..."

[Frog moves to the door and falls flat on his face.]

Marle: "Tee, hee..."

[The credits play a little, and show Magus' Castle. Slash is in his room, talking to an unknown assailant:]

Slash: "Grow up...! Finaly, we've got someone who wants to die young!"

[Flea, too, encounters the intruder:]

Flea: "Harhar, this is hilarious...! So, you think YOU can take us on?"

[Frog is shown ascending to the top of the tower. Ozzie is there.]

Ozzie: "Y, you're...!!"

[Frog cuts him down and heads down the stairway to Magus' incantation room. Magus is indeed there, in the middle of the Lavos-calling ceremony that would have been interrupted by Crono's party had they continued to press on in the journey.]

Magus: "Neuga, ziena, zieber, zom... Now the chosen time has come... Exchange this world for...! So you came... We wizards and humans have brought about our own ruin... Except for you and I, this world is populated by cretins... The one who wins this battle... will rule the world... No, make that RULE THE FUTURE..."

Magus: "Hmmm... You have the Masamune... Let's see if you know how to use it... If you're prepared for the void!"

[The credits play and, at the end, at the top of Magus' Castle, a caped figure is seen standing on the giant dragon statue. But...is it Magus or Frog? 'THE END' appears, the video of the Fall of Guardia plays, and the Playstation Staff credits end with the CT logo. Fin!]

Lucca: "That's what that word usually means!"

Marle: "But things were just starting to get interesting!"

Lucca: "Well, come on folks, let's do the 'ending' thing."

Marle: "ROLL THE CREDITS! But first, let's remember all the fun things we did!"

Lucca: "Okay! Let the ultimate slide show begin!"

['THE END' logo leaves.]

Marle: "First, let's see a close up of Leene Square!"

Lucca: "There's the Steel Runner."

Marle: "I've never understood why anyone would want to run for 3 hours at a stretch..."

Lucca: "Forget that! Can you imagine what the inside of that armor must smell like?"

Marle: "What a lovely thought, Lucca. Let's get on with the show, OKAY?!"

[Steel Runner leaves and a soldier appears.]

Lucca: "Next let's visit Guardia Castle, your home."

Marle: "Goodness! VERY nice scenery!"

Lucca: "But of course, my dear!"

Marle: "I guess you never took a shot at him, right? Say, didn't he just wink at you?"

Lucca: "RELAX, Marle!!"

[The soldier leaves; Pierre appears.]

Marle: "Hey! It's Pierre!"

Lucca: "Wouldn't want anything to do with someone like HIM. Too shifty... He should be put on trial!"

[Pierre leaves and a homeless man from 2300 AD appears.]

Marle: "Come on, Lucca! Live it up a little! Let your hair down! Get Crazy!!!"

Lucca: "Yeah, thanks PRINCESS. I'll take that under advisement!!"

Marle: "There's the seed. Hope it grows..."

[The homeless man disappears; Johnny rolls in.]

Lucca: "Theeeeeere's Johnny... Mr. Speed himself!"

Marle: "Someone ought to tell him to take a permanent pit stop. Look at that hair!"

Lucca: "Hey, check it out! He's really a tricycle! Pass him!"

Marle: "Try again when you learn to RIDE."

[Cyrus appears after Johnny leaves.]

Lucca: "There's that stuffed-shirt, Cyrus!"

Marle: "He IS pretty handsome, though..."

Lucca: "But WHERE does he buy his clothes?"

Marle: "Hey, did you hear? He plucks his eyebrows!"

Lucca: "You've got to be joking! But...he's still a hunk!"

[Toma appears next.]

Marle: "Hi, Toma! Now HE'S definitely my type!"

Lucca: "Aw, he's just a flake."

Marle: "Probably has a dozen girlfriends."

Lucca: "Actually, I see him as more of an intellectual!"

[Kino appears after Toma.]

Marle: "What about him? That Kino guy?"

Lucca: "Total Neanderthal! Throw him a bone!"

Marle: "But he's honest. That's kind of attractive."

Lucca: "He walks like a DUCK!!"

Marle: "Well, he'll never hurt anyone."

Lucca: "He's really very gentle, isn't he?"

[Crono appears next, arms crossed and frowning.]

Crono: "What ARE you two doing?! I thought you said something about a nice little slide show?"

Lucca: "Crono!!!"

Marle: "So, we got a little carried away!"

Lucca: "Where do you want to go next?!"

Marle: "Some place fun!!"

Crono: "How about into the 'now'?!"

Lucca: "Now, as in the present?"

Marle: "Okay! Back to the present!"

[Marle and Crono run off.]

Lucca: "So I guess we don't need a Gate Key anymore, right? Hey! Wait a sec!!!"

[She runs off after her friends. 'THE END' reappears. The wedding video plays, then the fall of Guardia one. Playstation Staff credits, then the CT logo brings everything to a close.]

[The party arrives on the fort island, east of where Magus' Castle used to be. Ozzie greets them in the main hall.]

Ozzie: "Come on in! This is the Great Ozzie's place. What the...! Whoa!! Oh, and you again! Outta here!"

-----  
[If Magus is in the party, the two will converse.]

Ozzie: "What the...! Whoa!! You...you're the great Magus!"

Magus: "You're doing well, Ozzie!"

Ozzie: "The nerve! Deserting your fellow Mystics to serve these humans! You're a traitor! You're not our King! Why did you desert us?"

-----  
[Ozzie retreats, as is his usual routine. In the next room:]

Ozzie: "You pesky, low-down, good-for-nothings! Ooh! I'll have you begging for mercy. Flea!"

[Flea appears.]

Flea: "You sent for me? Long time no see. You know, I REALLY don't like you. Oh great Ozzie, stand back, and let ME take care of these cretins."

-----  
[If Magus is in the party, the above line will go like:]

Flea: "You sent for me? Well, if it isn't Sir Magus! Who'd you bribe to get in here? Traitors like you deserve a beating. Oh great Ozzie, stand back, and let ME take care of these cretins."  
-----

Ozzie: "I'm counting on you, Flea!"

[Ozzie falls back.]

Flea: "Get ready for a SLAPPING good time...get it?!"

[Flea gets creamed.]

Flea: "OH! Just you wait! We'll teach you a lesson!"

[Ozzie is in the next room, waiting for them.]

Ozzie: "Howdy! You're nothing but common thieves! Anyone who tries to steal my treasure is looking for a very CRUEL death! And away we go!"

[Ozzie twists his crank and brings up two enemies to fight the party...but the conveyor belts the enemies land on drop them down into the darkness. Funniest scene in the game!]

Ozzie: "Oz... Ozzie's in a pickle!!! Outta here!"

[Ozzie makes another appearance in the next room.]

Ozzie: "You STILL haven't given up? Well, how about a good thrashing! Slash!!!"

[Slash appears.]

Slash: "Yooouuu rang?"

Ozzie: "Slash, don't let me down!"

[Ozzie retreats...again.]

Slash: "At first I really didn't want to slice and dice ya, but now it sounds kind of fun! Ready?"

[The party whips Slash like he's a novice.]

Slash: "Ouch!"

[Slash also retreats. Ozzie is in the next room (XD).]

Ozzie: "Come on, sweethearts! Don't you want the treasure box? Probably filled with goodies!"

[An imp walks in and looks at the treasure box, right behind a guillotine.]

Imp: "Found the treasure!!"

[The imp goes over and triggers the trap.]

Ozzie: "Oz... Ozzie's stumped! Outta here!"

[In the next room, the fed-up trio of baddies stands their ground.]

Ozzie: "Heh heh. Not so fast, friends. I'm not going to make it that easy for you. Ozzie Pants!"

Flea: "Flea Vest!"

Slash: "Slasher 2!"

Ozzie: "These unique items make us INVINCIBLE!"

[The party beats the 'invincible' enemies. Ozzie is still alive.]

Ozzie: "What in the...!"

[Ozzie is in the \_last\_ room. No more running!]

-----  
[If Magus is in the party, Ozzie will first say:]

Ozzie: "Magus! You lied when you said you wanted to create a world of evil! You used me!"

Magus: "Oh, how dreadful. Say, can you hear that? It's the sound of the Reaper..."  
-----

Ozzie: "I can't lose! What would become of my Mystics? I MUST win!"

[Ozzie goes into his barrier. The first button on the wall gets hit.]

Ozzie: "Mwa ha!! Gotcha! Adios, amigos!"

[They fall into a previous room, but go back to fight Ozzie again.]

Ozzie: "NEVER! You will NEVER defeat me!"

[A kitty comes and presses the third button on the wall, then leaves.]

Ozzie: "N...no! Not THAT switch!!"

[Barrier-less Ozzie falls into the hole and dies. The third party member (barring Magus) will say:]

[1] Frog: "The stupid fool..."

[2] Lucca: "What was he trying to do?"

[3] Marle: "He never gives up, does he?"

[3] Ayla: "What he want? Ayla no understand."

[4] Robo: "What was he trying to accomplish?"

[\*] Magus: "The past is dead. It was all just a dream..." [This line will be said in favor of the other options if he's in the party.]

[After telling the woman in the 12000 B.C. Commons to, when it comes to the sapling, 'Plant it, with hope.', the Sunken Desert will appear by Fiona's Villa. Inside the villa:]

Fiona: "My husband Marco is finally home! I...I'm so relieved."

Marco: "Don't worry. I'm home for good."

Fiona: "The desert monsters are draining the life out of the soil here. This Mystic seedling could revive the forest, but I can't plant it. Too many hungry monsters lurking about."

[The party enters the Sunken Desert and hears a rumbling.]

[1] Magus: "...?"

[2] Lucca: "Some tremor?"

[3] Frog: "What, be this?"

[4] Ayla: "Ground shaking!"

[5] Marle: "What was that?"

[6] Robo: "An unforeseen earthquake perhaps?"

[A large monster surfaces a few feet away.]

[1] Ayla: "They make forest into desert!"

[2] Magus: "Retinite... He's behind this new desert."

[3] Lucca: "The monsters are creating the desert here."

[4] Frog: "So, THEY changeth the forest into the desert!"

[5] Robo: "The monsters are causing the desertification here."

[5] Marle: "So that's the monster responsible for this desert!"

[1] Magus: "...What a pain..."

[2] Ayla: "Hard to find monster in earth!"

[3] Marle: "But how can one find a monster that roams the inner earth?"

[4] Robo: "But monsters that travel underground are impossible to find!"

[5] Lucca: "It will be hard to defeat a monster that travels underground!"

[6] Frog: "How to slayeth monsters within the earth... 'Tis a very difficult task."

[They defeat Retinite, the monster living inside the ground.]

[1] Magus: "Hmph!"

[2] Marle: "At least Fiona will be happy!"

[3] Ayla: "Bad bones gone. Fiona happy now."

[4] Frog: "It be settled then. Let us inform Fiona."

[5] Robo: "Now, the desertification should stop. Let us inform Fiona."

[6] Lucca: "We've neutralized the source of this desert. We should tell Fiona."

[They go back to Fiona's Villa.]

Fiona: "Thank you for routing the beasts! Unfortunately, it'll take centuries to revive the forest. I wish I could live long enough to see my wish come true!"

Robo: "You can come for me when the job is done. May I stay behind and help Fiona?"

R1 --> Alright.

R2 --> No.

R1: [Robo is shown tilling the soil on the world map.]

R2: [Nothing is said; Robo stays.]

[Using the Epoch, they come back for Robo in 400 years and find that a forest has sprung up where the desert once was. They head to Fiona's Shrine and find the worn-out, rusted Robo sitting on a platform, unused. Robo comes activates once again.]

Robo: "Systems reactivated. Wh, where am I? Ahh... \_\_\_\_\_, how nice to see you. For you, it was a quick hop, but for me 400 long years have passed. The effort was worth it! The forest has grown back! Now, let us celebrate our 400th year reunion."

[The team has a party in the woods that night.]

Robo: "After 400 years of experience, I have come to think that Lavos may not be responsible for the Gates."

Marle: "What do you mean?"

Robo: "I have come to think that someone, or something wanted us to see all this. The different events over time, that we have witnessed. It is almost as if some entity wanted to relive its past."

Ayla: "Ayla know! When people die, elders say, see who life pass by!"

Frog: "'Tis true that mortals do relive their most profound memories before death claimeth them. Yet those memories most often are sad ones."

Robo: "Thinking things like, 'If only I had done this,' or, 'I shouldn't have done that...' It triggers old, unpleasant memories."

Marle: "Will that happen when our time comes?"

Lucca: "Probably...who knows?"

Marle: "Is there a point in time you'd want to return to, Lucca?"

Lucca: "No...not really..."

Marle: "I'm sorry, was that something I shouldn't have asked?"

Lucca: "It's ok, it's just something I don't like to think about too much."

Frog: "Lavos playeth an integral role in the fortunes of this Entity..."

Magus: "...So who is this Entity?"

Robo: "It is unknown, whose memories these are. It may be something beyond our comprehension. Our journey may come to an end when we finally discover the identity of the Entity. ...Shall we turn in for the night?"

[That night, as everyone sleeps, Lucca gets up and finds a Gate nearby. She gets into it and is transported back...to her house.]

Lucca: "Did I make it back...to that moment?"

[She goes downstairs and sees a little version of her and her mother, about to go by the machine.]

Lara: "What IS this thing? Taban says to keep away from it, but it's so dusty. I'll just... Dear me! My skirt...it's...I'M STUCK! Lucca! Lucca, help!"

Young Lucca: "I can't pull it out."

[The machine's conveyor starts up, and starts to drag Lara's legs towards a nasty-looking grinder.]

Lara: "!! Lucca! Enter the password! Stop the machine!"

Young Lucca: "But I don't know it, mommie!"

[If Lucca stops the machine in time:]

Young Lucca: "Thank goodness, mommie."

Lara: "Lucca... Lucca..."

[If Lucca doesn't stop the machine in time, Lara will say before she gets sucked in:]

Lara: "Oh no...! Help!"

[If Lucca returns from the Gate, Robo will be there. If she didn't save Lara:]

Robo: "I'll give you my legs! They're lightweight and well balanced. You could mount some treads on me instead. Don't be so sad Lucca!"

Lucca: "Thanks, you're a good friend."

Robo: "A...friend? Me, a robot? You called me your friend? This is for you. It's a piece of amber I created using the sap from a tree in my forest. It took 400 years and a lot of pressure to make! I hope you'll find it useful." [Obtain: GreenDream]

Lucca: "Robo...you're so sweet."

[If Lucca returns and did save Lara:]

Robo: "Lucca, you've got a kind heart. You're always thinking of others. This is for you. It's a piece of amber I created using the sap from a tree in my forest. It took 400 years and a lot of pressure to make! I hope you'll find it useful." [Obtain: GreenDream]

Lucca: "Robo...you're so sweet."

[The party goes up to a panel. When Robo's with:]

Computer: "Who enters here unbidden? Oh... Welcome home R-66Y. Or should I say, Prometheus?! You dare to defile this place with humans? I haven't seen them in ages. Let me...welcome them. Come closer..."

[In the next room:]

Computer: "Let's see just what you can do..."

[They fight their way through.]

Computer: "Not bad...for humans. But can you find your way to me?"

[The Computer talks as they progress through the maze of rooms.]

Computer: "300 yrs. ago the Lavos disaster greatly changed the planet. At this rate, humans will die out from pure despair."

Computer: "Don't you understand? This planet would be peaceful if there were no humans around. And yet you still want to fight? Why?"

[The party soon finds a conveyor belt with humans on it.]

[1] Ayla: "!! People there! We help!"

[2] Magus: "Hmm... A human processing plant?"

[3] Frog: "What be this?! We must rescue them!"

[4] Lucca: "Wh, what the...?! Let's help them!!"

[5] Marle: "What IS this?! We have to do something!"

[S/he tries to get on the conveyor belt, but is repelled.]

[1] Ayla: "!!"

[2] Marle: "Aaa!"

[3] Lucca: "Aack!"

[4] Frog: "Arrgh!"

Robo: "Let us stop the machine! It's too well guarded. We have to destroy the central computer."

[The party nears the computer source.]

Computer: "Listen well, humans. Lavos's children will one day have to leave to seek new planets, and prey. This world COULD sustain them...if humans were not around... We robots will create a new order... A nation of steel, and pure logic. A true paradise! Our 'Species' will replace you... So stop your foolish struggle, and succumb to the sleep of eternity..."

[After finding all the Poyozo dolls, a pink robot approaches the party.]

Robot: "Welcome home, Prometheus."

Robo: "..... Atropos...?"

Atropos: "Yes, it's been awhile Prometheus. You can stop pretending now and join us."

[1] Ayla: "??"

[2] Magus: "....."

[3] Marle: "Pretending?"

[4] Lucca: "Pretending?"

[5] Frog: "This has been a guise?"

Atropos: "Mwa, ha... Unlike the other R-series, Prometheus has a special task. To live with humans and study them as a species..."

[1] Marle: "No...!"

[2] Magus: "I see..."

[3] Lucca: "That's a lie!"

[4] Frog: "Impossible...!"

[5] Ayla: "What you say?! Ayla no understand."

Atropos: "Tell them, Prometheus..."

Robo: "....."

Atropos: "Now step back Prometheus. We'll get rid of these humans, then go see Mother..."

[1] Ayla: "Robo??"

[2] Frog: "Robo....."

[3] Lucca: "Robo....."

[4] Marle: "Robo....."

[5] Magus: "Hmph! We're leaving!"

[Robo punches Atropos away as she approaches.]

Atropos: "What are you doing Prometheus?"

Robo: "I won't allow you to hurt them!"

Atropos: "..... You are indeed defective. They have tampered with you. I'll destroy them, then fix you."

Robo: "Atropos... You've changed."

Atropos: "Indeed. Mother remade me to eliminate humans more efficiently! Step back, Prometheus!"

Robo: "My name is Robo."

Atropos: "Prometheus!!"

[Atropos punches him. He turns to the party.]

Robo: "Wait! Stand back and leave this to me."

[The party waits on the sidelines.]

Robo: "Atropos...!"

Atropos: "Prometheus!!"

[Robo scraps Atropos XR.]

Atropos: "P, Prometheus...? It's been...ages...!"

Robo: "Atropos...?"

Atropos: "I'm damaged? What happened?"

Robo: "Atropos!!"

Atropos: "My memory bank... Mother must have done something nasty when she reprogrammed me... Partial memory...restored... I'm sorry... Prometheus..."

Robo: "Atropos...!"

Atropos: "This...is for you... You can...plug this...into your circuits..."

Please...take care...of it... Good...bye...Pro...metheus..."

[Atropos quits functioning.]

Narrative: Atropos' Ribbon ups Robo's Speed by 3 and Magic Defense by 10.

[The party finds the computer's source. A womanly-type robot appears.]

Mother: "You did well to come this far. I am the Mother Brain of the R-Y series factory. Come Prometheus, you must once again join us. I'll reset your circuitry and erase your memories. Then we'll dispose of these filthy humans."

Robo: "..... I'm sorry but... I cannot afford to lose anything else... Not my precious memories, or my irreplaceable friends."

Mother: "You would betray ME, to stay with these humans? You would turn against the family of robots?"

Robo: "Humans have taught me much. Crono, Marle, Lucca, Frog, and Ayla... I will not betray my friends."

Mother: "Ho...! Fu, hu, hu... This is rich...! Don't make me laugh! YOU, have emotions?! I'll show you just how 'human' you've become!"

[The party defeats Mother Brain.]

Mother: "P...Pro...me...theus... W...why...?"

Narrative: Got the Terra Arm and the Crisis Arm!

Robo: "All machines in the factory have been shut off for good."

- [2] Frog: "Robo....."
- [3] Lucca: "Robo....."
- [4] Marle: "Robo....."

[In 600 A.D., the party can meet a man named Toma at the Cafe.]

Toma: "Hey \_\_\_\_\_, I've finally got a lead on the Rainbow Shell. But there's something odd going on... Oh, can you hang on to this for me?" [Obtain: Toma's Pop] "If I don't return, come to my grave and pour this on my headstone. Gee, isn't this morbid?"

[In 1000 A.D., the party goes to the West Cape and find the grave.]

Narrative: The Great Adventurer  
Toma Levine rests here...  
3/6/634

[They pour the pop on, evoking Toma's spirit.]

Toma: "\_\_\_\_, long time no see. I've located the Rainbow Shell. To the northwest of this cape is a large island called the Giant's Claw. You can find the Shell there. But beware! There are many beasts about! Time to shove off. You guys are a riot a minute! See ya!"

[Toma's spirit ascends into the clouds. The party goes to the Giant's Claw in 600 A.D. and...it looks like a certain Reptite citadel...]

- [1] Frog: "The Tyrano Lair?"
- [2] Magus: "A prehistoric castle?"
- [3] Marle: "Is this the Tyrano Lair?"
- [4] Lucca: "Is this the Tyrano Lair?"
- [5] Robo: "Looks like the Reptites' castle."
- [6] Ayla: "What!! Why Reptites' castle here?"

- [1] Magus: "Prehistoric castle..."
- [2] Ayla: "Lavos fall and Tyrano Lair buried underground forever!"
- [3] Lucca: "When Lavos fell, this became buried beneath the earth."
- [4] Frog: "When Lavos came hither, this place was buried beneath the land!"
- [5] Robo: "This must have been pushed underground when Lavos fell to earth."
- [6] Marle: "This must have been pushed underground when Lavos fell to earth."

[After defeating Rust Tyrano, the party finds the Rainbow Shell.]

- [1] Robo: "The Rainbow Shell."
- [2] Lucca: "The Rainbow Shell!"
- [3] Magus: "Rather drab, isn't it?"
- [4] Frog: "Behold! The Rainbow Shell!"
- [5] Marle: "THIS is the Rainbow Shell!"
- [6] Ayla: "Pretty! Big! This Rainbow Shell? Can eat?"

- [1] Magus: "Who's going to carry this for us?"
- [2] Frog: "Heavy, it be! Let's seek the King's counsel!"
- [3] Ayla: "Heavy heavy! Can't carry. Castle people help?"
- [4] Robo: "It weighs a ton! We must get help from Guardia Castle."
- [5] Lucca: "It's too heavy. Let's get some help at Guardia Castle."
- [6] Marle: "It's heavy! We won't be able to carry it. Better get some help at the castle!"

[They go to the castle throne room.]

King: "Hello! You're always welcome here. What can I do for you?"

- [1] Marle: "Well..."
- [2] Ayla: "Ayla have favor."
- [3] Lucca: "Um, well, it's..."
- [4] Frog: "We asketh a favor..."
- [5] Robo: "We would like to ask a favor..."

King: "I get it. You want me to keep that huge shell safe here until the next century, right?"

Leene: "I ask for the sake of \_\_\_\_\_. Please carry out their request."

King: "Done! I shall obtain the shell and store it in the castle, as a national treasure. Knight Captain!"

Knight Captain: "Yes, Majesty!"

King: "Go and obtain the Rainbow Shell, and bring it back in one piece!"

Knight Captain: "At once, Sire!"

[1] Robo: "Thank you very much!"

[2] Lucca: "Thank you very much!"

[3] Ayla: "You, good man! Strong! Ayla like!"

[4] Frog: "Thanks to thee, from one so humble."

[5] Marle: "Thank you, your Majesty! And Queen Leene too, of course!"

[Back in the year 1000, the party finds the castle on lockdown. Marle has to be with this time.]

Soldier: "Princess Nadia!"

Chancellor: "I've been worried, Princess! I understand your pain. But the king really only cares about his realm... Yes, even when your mother, Queen Aliza passed away, he worked all day!"

Marle: "No one could do that! It's inhuman!"

Chancellor: "Oh, child, it's ancient history now..."

Marle: "Tell me more!"

Chancellor: "This may be difficult... Well, Queen Aliza's condition suddenly changed for the worst. She desperately wanted to see the king one last time, but he couldn't find the time to drop by... Said he had some work to do... But knowing nothing about death, you waited faithfully by your mother's side... Aliza passed away in sorrow... It's as if the king indirectly killed her... Such a shame..."

Marle: "WHAT...!! Father KILLED? ...MY MOTHER...?!!"

Chancellor: "But what do I know! There are reasons for everything, right dear? Now...so glad to see you back again. Please go and visit the king."

[Hearing about her father's trial, Marle heads to the courtroom tower.]

Soldier: "No entry allowed!"

Marle: "Let me through!!"

[They burst in on the trial in progress.]

Chancellor: "Had any of you heard of the 'Rainbow Shell'? I too, had no idea until I found this... It's an ancestral will. It says, 'Unveil the Rainbow Shell to the people at the Millennial Fair.'"

King: "What are you talking about?! We have no family heirlooms here!"

Chancellor: "So this is a forgery? Why does the defendant deny the people a glimpse of the 'Rainbow Shell'? Because he no longer HAS it!! He sold the heirloom for cash! Witness, please!"

[Marle runs in.]

Chancellor: "Wh, what is it, Nadia? We are conducting a trial here."

Marle: "Father!"

King: "Nadia! The Chancellor is trying to frame me!"

Chancellor: "He hurls insults! Confirm your innocence with proof!"

Marle: "Proof?"

Chancellor: "Yes. If he hasn't sold the heirloom, it should be in the castle. Show me the 'Rainbow Shell,' and I'll accept his innocence, heh, heh..."

King: "Chancellor! What kind of trickery is this?!"

Chancellor: "Remove them!"

[Marle is rushed out of the courtroom.]

Soldier: "No entry allowed!"

Marle: "Let me through!!"

Soldier: "Princess, not even you may enter."

[1] Ayla: "Take 'Rainbow Shell'! Save Marle's father!!"

[1] Robo: "The 'Rainbow Shell' will prove the King's innocence."

[1] Frog: "'Tis the 'Rainbow Shell' that shall prove his innocence."

[1] Magus: "Taking the 'Rainbow Shell' to them will solve this problem."

[2] Lucca: "Find the Rainbow Shell, and we'll be able to prove the King's innocence!"

Marle: "What ARE you saying!? It's a lie! There IS no heirloom!"

[1] Magus: "Idiot! Have you forgotten our trip to 600 AD?"

[2] Ayla: "Remember Marle?! We ask old king save shell! 'Rainbow Shell' here now!"

[1] Robo: "We altered history in 600 AD! The 'Rainbow Shell' should be here in the castle."

[2] Frog: "Hast thou forgotten? History hath been changed, and the shell is within the castle."

[2] Lucca: "We changed history back in 600 AD, so the 'Rainbow Shell' should still be in the castle!"

Marle: "Aha! The 'Rainbow Shell' we gave to my ancestors 400 years ago is still here. It's probably in the basement!"

[In the basement, the party finds to Gnashers.]

Dumb: "The boss is itching to avenge the grudge that's been in the family for 13 generations! Gee hee!"

Dumber: "He's gonna frame the king! Ga haw!"

[The do away with the lackeys.]

Marle: "So there IS a plot! Let's hurry!"

[Up in the courtroom, an eyewitness is giving testimony.]

Merchant: "I confess. I bought it from the king. He said he needed the cash."

King: "Liar!! I've never even seen you here before!"

Judge: "Order in the court!"

[The merchant whispers to the Chancellor.]

Merchant: "Heh heh. Was I convincing?"

Chancellor: "Perfect!"

[Meanwhile, the party races through the passages and finds the shell.]

Marle: "The Rainbow Shell!!!"

[1] Robo: "There is a letter?"

[2] Frog: "Why, 'tis a letter?"

[3] Lucca: "What's this...a letter?"

[4] Ayla: "Something here! Paper here, paper!"

[5] Magus: "There is a letter here. Shall we burn it?"

Marle: "To Marle...? 'Dearest Marle, I know things are tough between you and your father. But nothing can break your bond of blood. Neither words of anger, nor great distances. Someday, when you have children, you will understand. This special bond is part of a family tree which links us together.

-Queen Guardia XXI, Leene."

[1] Lucca: "Boy, can she tell it like it is!!"

[2] Magus: "Perhaps we could have this conversation later...?"

[3] Frog: "Dear Queen Leene...!" Let us now make haste and fulfill our quest!"

[4] Robo: "Although I have no emotions, there is something warm and cozy about this letter."

[5] Ayla: "Ayla know about leaving nest! Time pass, grow big, leave nest! Ayla leave nest! Dactyl leave nest too. Marle leave too? Big change! Leave nest! Have baby! Baby grow big! Leave nest too! Sure you ready leave nest? Not too big yet."

Marle: "Father! Hang in there, we're coming!" [Obtain: PrismShard]

[In the courtroom, the verdict is about to be doled out.]

Judge: "Members of the jury... If he is guilty, stand to the left. If innocent, stand to the right."

Juror: "Guilty."

[The party heads back up to the courtroom.]

Soldier: "Princess, not even you may enter."

Marle: "You won't reconsider?"

Soldier: "No, Princess."

Marle: "There is one way... It's a bit rough, but just follow me!"

[More courtroom proceedings. It ain't looking good for the king.]

Judge: "The verdict is in! Guilty!!!"

Chancellor: "The Guardia line ends here. This domain shall be mine! Take him away!"

Voice: "Wait!!!"

Chancellor: "Who is it?!"

[Behind the tapestry aft to the judge, Marle's silhouette can be seen.]

Marle: "FATHER!!!"

[Marle jumps through.]

King: "Nadia!"

Chancellor: "Princess! Control yourself! You're too late! The King has been found guilty. Even kings are subject to our laws."

Marle: "No, this was a set up!"

Chancellor: "Nonsense! The King's a crook!"

Marle: "But the treasure is right here!"

[She holds up the Prism Shard.]

Chancellor: "IMPOSSIBLE!!!"

Marle: "Your little scheme is over, Chancellor!"

Chancellor: "Grrr...I mean...uh..."

Marle: "Huh?"

Chancellor: "Hee hee hee! It's not the plot you think! I'm here to avenge my ancestors! Super, ultra, presto... TRANSFORM-O!!!!!!!"

[The Chancellor changes into Yakra XIII and gets a beatdown.]

Marle: "Father... I..."

King: "No, don't say it. I was wrong to be so stubborn."

Marle: "No, I didn't even think about how you felt. Um... I know it in my heart, but the words just come out wrong."

King: "I too, have that problem. I thought you left me, but realized that it was I, who abandoned you."

Marle: "But I'm here now. We'll talk about everything that's happened. About Crono, and mother, and..."

King: "Your mother... How sad! It has taken me so long to understand what Aliza meant with her last words. 'Someday when Nadia grows up, she will bring her beloved to meet you. Welcome him warmly. It will be a day you remember forever.'"

Marle: "You...heard her last words?"

King: "Of course! You were so young! You ran around saying, 'Daddy, it's fun

having all my favorite people here!' Seeing you so happy, she felt reassured, and she left us quite peacefully."

Marle: "So that's how it was..."

King: "Yes, why?"

Marle: "I used to call you 'Daddy'?"

King: "You did."

Marle: "I'm sorry...Daddy. I'm really sorry for doubting you."

[Later on, in the throne room...]

King: "I'll let you exit the castle, BUT! ...you be careful, now. Take care of her!"

[1] Lucca: "...Yessir!"

[2] Frog: "Indeed, Sir."

[3] Robo: "You can count on us!"

[4] Ayla: "You no worry! Ayla protect Marle!"

Voice: "It's my turn, now..."

[Melchoir enters.]

Marle: "Melchoir!"

Melchoir: "Can't let you run the whole show. Let me make some weapons from the Rainbow Shell! Finally time for me to do somethin'. Watch and learn!"

[They all go to where the Rainbow Shell is.]

Melchoir: "This is very rare! As armor, it deflects magic! I can make you 1 Prism Dress, featuring maximum defense. Or I can make 3 less-effective Prism Helms. Which would you prefer?"

R1 --> 1 Prism Dress

R2 --> 3 Prism Helms

R1: "The Prism Dress? Only females can equip it."

R3 --> I want the Prism Dress.

R4 --> I've changed my mind.

R2: "You want Prism Helms? You're sure?"

R5 --> Yes.

R6 --> No.

R3: "All right, you just wait there! Finished! Off you go, now!"

R4: [Can select R1/R2 again.]

R5: "All right, you just wait there! Finished! Off you go, now!"

[In 600 AD, the party learns that a repairman's tools have gone missing. They go to 1000 AD and find a repairman sitting in the cafe.]

Man: "Hey, bring me some more soda!"

Bartender: "Sir, I think you've had enough sugar today."

Man: "Pipe down! I'll tell you when I've had enough! Can't you see I love soda pop? You wanna borrow my tools? Be my guest! I'm busy here, so go get them from my wife."

[They go to his house.]

Wife: "My husband's never around! I'm gonna show him who's BOSS. Next time, POW, right in the kisser! What? His tools? Oh, hold on, they're right here." [Obtain: Tools]

[Back to 600 AD, at the Cafe:]

Man: "You've got some tools there. Will you lend them to a buddy?"

R1 --> Yes.

R2 --> No.

R1: "Thanks a lot. Now I can get to work!"

R2: "Sigh..."

[They follow the man home.]

Man: "Thanks for lending me those tools. Now I can finally get to work! I guess I'll start with the ruins! C'mon, you lazy blokes!"

Voices: "Whatever you say boss!"

[The man and his crew head out for the ruins. Crono's party tags along.]

Man: "We're done for now. We can't repair the spots where the monsters hide. Call us after you get rid of them. We'll do the rest. C'mon, you lazy blokes!"

Crew: "Whatever you say boss!"

[The party cleans house in the ruins and heads back to the repairman.]

Man: "You want the Northern Ruins repaired? It'll cost you 2000G."

R1 --> Yes.

R2 --> No.

R1: "C'mon, you lazy blokes!"

Crew: "Whatever you say boss!"

R2: [Nothing said.]

Man: "We're done for now. We can't repair the spots where the monsters hide. Call us after you get rid of them. We'll do the rest. C'mon, you lazy blokes!"

Crew: "Whatever you say boss!"

[In a repaired section, the party finds a grave.]

Narrative: Cyrus, the fool who challenged Magus, rests here.

Frog: "Cyrus. I hath returned. I shall honor my promise to thee!"

[Frog raises the Masamune, which lights up the room. Cyrus' ghost appears.]

Frog: "Cyrus..."

Cyrus: "Glenn... Thank you...for making the journey here."

Frog: "Dear Cyrus... Thou must...think ill of me."

Cyrus: "On the contrary! You have come far, my friend. When Magus defeated me, I thought of all those whom I had left behind. King Guardia, Queen Leene, and of course, you..."

Frog: "Cyrus..."

Cyrus: "Your skill and dedication are superior! I can rest now, knowing that everyone is in good hands. Good bye, my friend!"

Frog: "Cyrus, wait! I... I...!"

[Cyrus disappears.]

Cyrus: "The Queen... Look after Queen Leene. Alas, and...farewell...  
G...le...n...n..."

Frog: "Cyyyruuus!!! I'm so sorry, Cyrus. !? The Masamune?!"

[The Masamune levitates and powers up.]

Voice: "Heh heh. That's it!"

[Masa and Mune appear.]

Mune: "That was special!"

Masa: "Quite. I guess it means that a Hero's power comes from within."

Mune: "Mucho metaphysical, man."

Masa: "Like, MIND over matter, Mune!"

Frog: "My...mind?"

Mune: "Now for a yummy, full-on test!"

Masa: "It's thrashin' time!"

[Masa and Mune reform into the sword.]

Frog: "'Tis flowing with strength and vigor. Ahh! 'Tis the true identity of the Masamune!! Cyrus, I promise to fulfill your wishes! 'Tis a sad farewell! Onward, all!"

[Although not mandatory to see, the grave now reads:]

Narrative: Cyrus sleeps here, avenged by his friend Glenn.

[In 2300 AD, at the Sun Palace, the party encounters the Son of Sun boss.  
They defeat it by making it lose its fire, and it turns into the Moon Stone.]

- [1] Frog: "'Tis the ancient Sun Stone! But it lacketh luster. Perhaps the sun can rekindle it! But how long will that take?" [Obtain: Moon Stone]
- [2] Magus: "So this is the Sun Stone. Its power has been lost over time. With the sun's energy, it could be recharged. But it'll take over 65 million years." [Obtain: Moon Stone]
- [3] Marle: "Isn't this the ancient Sun Stone? But it no longer glows... Maybe it will regain its glow if we keep it in the sunlight! Might take a while, though." [Obtain: Moon Stone]
- [4] Lucca: "This is the ancient Sun Stone? It doesn't seem to have an ounce of energy left in it. We could probably recharge it with sunlight, but that would take aeons." [Obtain: Moon Stone]
- [5] Robo: "This is the ancient Sun Stone? The years must have robbed it of its sparkle. But if we expose it to sunlight for approximately 65.2167 million years we just might be able to recharge it." [Obtain: Moon Stone]

[The farthest place back is 65000000 BC, where the Sun Keep exists. A large beam of sunlight comes in from the ceiling.]

- [1] Ayla: "Is cozy! Sunlight good!"
- [2] Lucca: "It's never dark in here."
- [3] Frog: "This be the spot. 'Tis warm."
- [4] Robo: "The sun shines 24 hrs. a day here."
- [5] Magus: "The Sun Keep... Where the sun never sets."
- [6] Marle: "Wow, sunlight! This must be the sun's favorite spot."

Narrative: Leave the "Moon Stone"? [Y/N]

[The Moon Stone is placed in the beam.]

- [1] Ayla: "... No change."
- [1] Magus: "Now, let us go."
- [1] Lucca: "Well, back to Epoch."
- [1] Marle: "Now, let's hop aboard Epoch!"
- [1] Robo: "Let's return to my era in Epoch."
- [1] Frog: "How long shall we leave it hither?"

[Back in 2300 AD, they arrive at the Sun Palace, but--.]

- [1] Ayla: "... Gone...rock not here? But plenty dust. Someone take long time ago."
- [2] Frog: "The Moon Stone, 'tis gone! Yet it has not been taken recently. Let us return in time."
- [3] Marle: "It's not here! The Moon Stone is gone! It's been gone for ages. Let's check out another time."
- [4] Magus: "... The Moon Stone is gone. ... Seems it's been gone for 1300 years or so. Let's get back to the present."
- [5] Lucca: "It's gone!! The Moon Stone is gone! It looks like it's been gone for ages. Let's try another time period."
- [6] Robo: "It isn't here!! The Moon Stone isn't anywhere. It wasn't taken recently, though. Let's go back in time a bit."

[The party spots the house of the Porre Mayor shining brightly in 1000 AD. They go to pay him a little visit.]

Mayor: "Moon Stone? Never heard of it!"

[The children confess their father's greed. How to remedy it? Go back in time and start a time-honored tradition of altruism! The party buys some expensive Jerky at the nearby Snail Stop, then goes back to the Elder's House in 600 AD.]

Woman: "I see you have some Jerky! Will you sell it for 10,000G?"

R1 --> Yes.

R2 --> I'll give it to you.

R3 --> Not interested.

R1: "All right. Here's 10,000G!"

R2: "You're giving it away? I thought there were no kind people left in this world! You can bet MY children are going to learn the value of sharing!"

R3: "Oh, well..."

[After giving it to her for free, the party heads back to 1000 AD.]

Mayor: "You're interested in the Moon Stone? Well, someone simply left it here. Seems important to you folks. Why don't you take it!"

[They go back to the Present's Sun Keep.]

Narrative: Leave the "Moon Stone"? [Y/N]

[They go the Future to pick up the shiny, shiny stone.]

[2] Ayla: "Wow! The sun! Lucca maybe use? Bring Lucca here!"

[2] Frog: "'T, 'tis amazing! What might Lucca create with it? She must see this!"

[2] Magus: "The Sun Stone has regained its luster, but... How might we harness its energy?"

[1] Marle: "Acck! This is amazing! Lucca can surely put this to good use! Let's show it to her!"

[2] Robo: "My sensors read high energy levels. Lucca may be able to use this. Let us show it to her."

[When Lucca gets into the party:]

Lucca: "This really is the Sun Stone! With this energy, I can make an incredible weapon! Let's get back to my house quickly!"

[They go back to her house.]

Lucca: "I'll modify the Sun Stone to extract its energy... ..then, we'll just vacuum pack it into a cartridge... ..and it's finished!" [Obtain: WonderShot] "Sometimes I amaze myself!"

[Taban enters.]

Taban: "Take a look Lucca! I borrowed a bit of the Sun Stone to create something nifty!" [Obtain: Sun Shades!]
