06. Walkthrough

.....

This is guide covers how to get the colored crystals,
gobbos, keys, and a strategy's on how to defeat the
bosses. (Take note of the following). When ever I say
go in the well I'm referring to the hole looking thing
with a log blocking the entrance. Every time I say
some thing about a cage or door with a lock. Read the
key section for that level. When I say the gobbo is
inside the crystal door, I mean he's inside the
area of the crystal door. I'm really sorry for the
poor grammar.
