"Brilliant 2U" by Naoki

~~~~~  
C'mon, let's go, here we go,  
Jump jump jump everybody.  
Jump up and have a hell of a time, get down.

Get involved, c'mon 'cmon.  
Jump jump jump, let's go.  
Everybody knows how to get down.

Jump jump jump, get involved.  
Jump jump jump, get involved.  
Jump jump jump, get involved.  
Everybody knows how to get down.

C'mon, let's go, here we go,  
Jump jump jump everybody.  
Jump up and have a hell of a time, get down.

Get involved, c'mon 'cmon.  
Jump jump jump, let's go.  
Everybody knows how to get down

Jump jump jump, get involved.  
Jump jump jump, get involved.  
Jump jump jump, get involved.  
Everybody knows how to get down.

"Dynamite Rave" by Naoki  
~~~~~

(What isn't worth it?)  
Dynamite Rave!

Come on everybody!  
[Go! Go! Go! Go! Go! Go! Go! Go!]  
And get on the floor, yeah!

Techno Rave  
It's time to make a stand  
'n pave the way  
Some might say  
Let it go  
Stay with the flow  
Stay on beat  
Move your feet  
On concrete  
or on the dance floor  
If you want more  
Then I'll give you more  
If it's too hard core  
Let me know  
I'll stop the show  
Then bring it back  
To be exact

at 12 o'clock  
Rock the spot  
It's too damn hot  
They told me so  
Dynamite Rave!  
You want it down low  
Use your inner glow  
To make a move  
Show 'n prove  
The man with the lisp  
Sounds so crisp  
When you see me, on TV  
or on the radio  
Hear me blow!

I don't wanna give up  
We're gonna have a party  
Have a really great time  
Yeah! Yeah!  
Feel the heat  
Listen to the music  
and feel that beat

C'mon, c'mon  
[Oh yeah!]  
Get up, c'mon, c'mon  
Wave your hands!  
Wave your hands!  
[Can you feel it!]

C'mon  
[Oh!]  
Get up, c'mon, c'mon  
[Do you want me now!]  
Wave your hands!  
Wave your hands!  
[Ah-ah-ah yeah]

Jump, jump  
Do your thing  
This be the bomb  
Try to sing  
Narrator king  
Spread your wings  
Make your head ring to this song  
All night long  
Jack your body  
To this party  
Feel the pain  
When you strain  
Don't refrain  
Please don't stop until you drop

I don't wanna give up  
We thought we'd have a party  
Have a really great time  
Yeah! Yeah!  
Just feel the beat  
Listen to the music  
and feel that beat

~~~~~  
"Keep on Movin'" by N.M.R  
~~~~~

Keep on keep on keep on keep on doin it  
Are you happy on your own  
(Keep on keep on keep on oh)  
Keep on keep on keep on keep on doin it  
(Doin on our love)  
Move yourself up  
Shake yourself down  
Oh

Always gotta try  
To realize  
Why don't you get out  
Won't you be with me  
You've got to tell me what you like  
And better listen up cause I've got this for you

Yeah  
We want you to save the day  
For you to get away  
Now if you don't care about what I say  
Then you've gotta think about the time  
Because, it's on your mind  
It got your body going in emotion  
As I'm goin to  
It's flowin through  
It's funky

Keep on keep on keep on keep on doin it  
Are you happy on your own  
(Keep on keep on keep on oh)  
Keep on keep on keep on keep on doin it  
(Doin on our love)  
Move yourself up  
Shake yourself down  
Oh

"La Senorita" by Captain. T  
~~~~~

Sitting in the corner  
With a coffee cup  
Reading the newspaper  
Not looking up  
She smiles as she find  
Something funny there  
The sunlight  
Shining in her hair

When she leaves you want to  
Follow her anywhere  
Her dress is too tight

But you can't let her see you stare

And she's a  
Hot one, a halepena  
Ooh! la Senorita  
You'll never get close enough  
To la Senorita

You know she has a mind  
She has an attitude  
and she likes her space  
and her solitude  
She'll tease you or please you  
If she's feeling good  
Or burn you  
Like you knew she would

When she smiles  
It's like the sun shining on your face  
Pulling and stretching  
Her leather and lace

And she's a  
Hot one, a halepena  
Ooh! la Senorita  
In Baha, California  
Ooh! la Senorita  
Ooh! la Senorita

Ole!

~~~~~  
"Let Them Move" by N.M.R.  
~~~~~

The party's jacked, and something was sidelined,  
The mics are dead, Maeda takes the rewind, and use them as guidelines  
I hit them, but Maeda breaks too think, within a mix  
Cant think, I break him like a toothpick,  
Can't get with the instrumental record's power  
Maeda's hunking me, like ring around a collar  
So don't screw up

Let them move  
Let them move, oh  
Ooh  
Let them move (Sweet, sweet, sweet)  
Let them move

Let them move  
Let them move, babe  
Ooh!  
Let them move (Sweet, sweet, sweet)  
Let them move  
Oh!

"Make it Better" by Mitsu-O!

~~~~~  
Got no money  
Talk to my dream

Time after time  
I've tried to walk away, yeah  
Uh, uh, uh  
You don't break my heart  
Time after time  
I've tried to walk away, yeah  
Baby funk it  
Uh, uh, uh

Time after time  
I've tried to walk away, yeah  
Uh, uh, uh  
You don't break my heart  
Time after time  
I've tried to walk away, yeah  
Baby funk it  
Uh, uh, uh

Yeah, yeah, yeah

"Put Your Faith In Me" by UZI-LAY  
~~~~~

(Give us Naoki)  
(Give us Naoki)

Put your faith in me, and I'll show ya'  
(Listen to my heart, it's crying)  
Give me the reason to doubt it all  
(And you have)  
Put your faith in me, and I'll show ya'  
(I just wanna drive you crazy)  
Give me the reason to doubt it all

Causing much mayhem, dropping drama,  
Radical rebel with a need to bomb-a.  
Fake MCs, and I hang 'em higher,  
The mic is my time to pay the piper.

Crime and crime going off as I kicked 'em,  
You wanna be portrayed as a victim.  
Maniac, as they cut the balances  
Supreme, with the war and challenges.  
Graceful.

Born and raised, in Chigaco cook county.  
Mic is The Omen, raising hell like damien.  
Burst through your chest, like the creature in Alien.  
Pray, like the man don't want to lose.  
Hold still, while I get the nukes,  
I got your brain in my scope.  
The plan is our hope, so dope, you can't cope.  
Deadly.

Put your faith in me, and I'll show ya'  
(Listen to my heart, it's crying)  
Give me the reason to doubt it all  
(And you have)  
Put your faith in me, and I'll show ya'  
(I just wanna drive you crazy)  
Give me the reason to doubt it all

~~~~~  
"Drop the Bomb" by Scotty D.  
~~~~~

(Sorry, could you make the music louder)

Yeah drop the bomb!  
Just drop the bomb!

(My mind cannot do so because of my dreams)

Getting sick and tired of the fossil-like system  
Now or never's the time to resist 'em  
It's easy to blast 'em all away  
Pull a trigger, press a button, say ADIOS to today  
Don't get me wrong, I'm a pacifist  
The mind can do more than your fist  
Explosives are NOT what it takes, you know

The terrorists always make these mistakes

What we gotta do is build momentum  
If you need the right tools invent 'em  
Ride the wave of time! Come feel the rhythm!  
The march to the future has begun, get with 'em  
Your brain is the generator of all mighty power  
Either do it now or your master plan goes sour  
Yeah, it's all ready to take that fall  
It's up to you to make that call to drop the bomb

Yeah drop the bomb!  
Just drop the bomb!  
Let me see that bomb!

Learn from the sunker MU, ATLANTIS  
And from the beheaded male praying mantis  
The old gotta make room for what's now to come

What we gotta do is build momentum  
If you need the right tools, invent 'em  
Ride the wave of time! Come feel the rhythm!  
The march to the future has begun, get with 'em  
Your brain is the generator of all might power  
Either do it now or your master plan goes sour  
Yeah, it's all ready to take that fall  
And it's up to you to make that call

And if it don't work, make the real thang wipe it out  
So drop the bomb!

Yeah drop the bomb!  
Just drop that bomb!  
Let me see you drop that bomb!

That bomb!  
That bomb!  
That bomb!

"Get up and Move" by S&K

~~~~~  
Get up and move  
S & K can make ya  
Yeah  
Get up and move

Hold on tight as I make you fly  
Way up high, be right by my side  
A critical danger  
Bodies humping, feet just thumping, heartbeat pumping  
I feel something moving me fast  
S & K gonna make it last  
I don't track  
Got to screamin for  
Something more  
Than just dance floor  
One step back  
Feel phat tracks  
You'll get jacked  
Now how ya like that  
It's brand new  
Now whatcha gonna do  
When suggadaddy hits the groove

Get up and move  
S & K can make ya  
Yeah, uh  
Get up and move

Get up and move  
S & K can make ya  
Yeah  
Get up and move

Unbelievable the way I flow  
Don't need a band, gonna kick it solo  
Me and K  
I mean K and I  
Jammin track  
We're gonna make you fly  
It's brand new  
Whatcha gonna do  
When suggadaddy hits the groove

Get up and move  
S & K can make ya  
Yeah, uh  
Get up and move

Get up and move  
S & K can make ya  
Yeah  
Get up and move

S & K can make ya  
Uh  
Get up and move

"Have You Never Been Mellow" by The Olivia Project  
~~~~~

Have you never been happy  
Just to hear your song  
Have you never let someone else  
Be strong

There was a day when I just  
Had to tell my point of view  
I was like you

Now I don't mean to make you frown  
No I just want you to slow down

Have you never been mellow?  
Have you never tried  
To find a comfort from inside you  
Have you never been happy  
Just to hear your song  
Have you never let someone else  
Be strong?

Have you never been mellow?

~~~~~  
"I Believe In Miracles" by Hi-Rise  
~~~~~

I believe in miracles, baby  
I believe in you  
I believe in miracles, baby  
I believe in you

They say the day is ending  
Let's watch the sun go down  
And play a holiday for two

For all eternity  
I'm gonna count 'til you can see  
The world I created just for you

Oh, I saw you standing on the street  
I wanted to meet you and stop for a while  
You gave me a smile then you stayed low

Now everything's so good inside  
And I realized that I couldn't hide  
The feeling that came, when you felt the same

I believe in miracles  
I believe in miracles  
I believe in miracles  
Don't you

Don't you  
La la la la la la la la  
La la la la la la la la  
La la la la la la la la

I believe in miracles (Don't you)  
I believe in miracles (Don't you)  
I believe in miracles  
Don't you

In miracles, in miracles, in miracles...

~~~~~  
"If You Were Here" by Jennifer  
~~~~~

The train's gone and I am standing alone  
I think of you and wonder if you think of me too  
I'm back to the town that I was born in  
To think of my life and to start it over with you  
Cause you know we've been in a maze of love  
And we are losing control to get away  
Here I am walking on the hill in this town  
Like in my childhood that seems like yesterday

If you were here with me  
You would feel the way I do now  
If you were here with me  
You could see what I am looking for now

~~~~~  
"My Fire" by X-treme  
~~~~~

Just bring it on down  
Just bring it on down  
Just bring it on down

Relight my fire  
Your love is my only desire  
Relight my fire  
Cause I need your love

Bring it on down  
And take it higher  
Feel your body burning with desire  
One step  
A little closer  
Turn around and shake it like you're supposed to  
A roller coaster  
About this time I'll make a suggestion  
Get on the dance floor  
But use discretion  
It's hot  
And when I find the spot

Relight my fire  
Your love is my only desire  
Relight my fire  
Cause I need

Relight my fire  
Your love is my only desire

Relight my fire  
Cause I need your love

"Smoke" by Mr. Ed Jumps the Gun  
~~~~~

It's a new style

The time-tunnel kicks us back to 1972  
We find ourselves in Osaka  
There are playin' some dudes  
Two times Ian, Roger, Ritchie and John  
They let the water burn till everybody is done  
An old sailor called Taylor : the cuties here got their cans queer  
J.D. the believer : is that right my dear ?  
Arrigato, Mr. Mato knows where to check it out  
But the geishas, they are leaving us deep in doubt

Smoke on the water  
And fire in the sky  
Smoke on the water  
Freeze  
90 degrees  
I said freeze  
90 degrees

Ah ah ah  
Ah ah ah ah  
Ah ah ah ah ah

"End of the Century" by No.9

~~~~~

[Presented by the G&M Division]

End of the century  
Misery, can it be chaos? Who's the boss?  
Suffer a great loss  
Man woman child no longer exist  
Only the good ones will be missed  
Life, love, cherish it all!  
Who will be left to conquer it all?  
The end is coming  
Don't start running  
there's nowhere to run  
Don't grab a gun  
All over the land hear this roar  
No one knows what's in store  
Look for the star, he's on his way  
No one knows when or what day  
Love your self and all around  
In a blink of an eye  
You won't hear a sound  
Your heart is pounding at rapid speed  
Man will always feel the need for greed

Let's go for it  
By now you can't miss  
All though this was the begining  
Beware because the end is here

The sky is falling  
Eyes are balling  
You had your chance  
To make your stance  
Love is a must life don't lust  
Not time to fuss  
People start to cuss  
Cry out, who's going to care  
Have no doubt have no fear  
Believe in me I'll show you the way

Some people think the year 2G is so scary, let wait and see  
The world will shot down most won't admit  
People go crazy  
People catch fits  
Fire breaks out  
One way to stop  
Play hip hop non stop stop  
Remember these words  
And what I said  
You just might wake up brain dead

The feeling [feeling]  
Is amazing [Is amazing]  
Oh boy, I want you come on and get me!

Some just say the world is changing  
Many people will agree  
Many changes we are seeing  
I just say  
It's the end  
It's the end  
It's the End of the Century

~~~~~  
"I Will Survive" by Gloria Gaynor  
~~~~~

It took all the strength I had not to fall apart  
Kept tryin' hard to mend the pieces of my broken heart  
And I spent oh so many nights  
Just feeling sorry for myself  
I used to cry  
But now I hold my head up high  
And you see me  
somebody new  
I'm not that chained up little person still in love with you  
And so you felt like droppin' in  
And just expect me to be free  
Now I'm savin' all my lovin' for someone who's lovin' me

Oh! now go!  
Walk out the door  
Just turn around now  
'cause you're not welcome anymore  
Weren't you the one who tried to break me with goodbye  
Did you think I'd crumble?  
Did you think I'd lay down and die?  
Oh no, not I, I will survive  
Oh! As long as I know how to love I know I'll stay alive  
I've got all my life to live  
I've got all my love to give and I'll survive  
I will survive!

Oh!

Go on now, go!  
Walk out the door  
Just turn around now  
'cause you're not welcome anymore  
Weren't you the one who tried to break me with goodbye  
Did you think I'd crumble?

~~~~~

(Loved me)  
(Loved me)  
(Loved me)

Loved me

Neon sings were shining bright,  
And in the streetlights (streetlights)

I saw your shadow was fading away  
Well, I lost you, all of a sudden

Goodbye my love, I loved you too so,  
Before you went away,  
I need you now.  
Memories awake only in my dream  
When I think I lost them, they all come back to me

You said that you loved me  
Looked at me softly  
You kissed me and held me all night so tight  
I know what your feeling  
I know what your dreaming  
All that you feel and everything in your mind

The memories are so clear  
(so clear)  
(so, so many, so many)  
(good years, good years)  
(the sweet ones I hold dear, hold dear, hold dear)

Loved me

Goodbye my love, I loved you too so,  
Before you went away,  
I need you now.  
Memories awake only in my dream  
When I think I lost them, they all come back to me

The memories are so clear  
So many good years  
The sweet ones I hold dear  
Can't hold back the tears  
I need you by my side  
These feelings I can't hide  
So don't walk away boy  
Baby won't you bring back

"More than This '99" by Emmie  
~~~~~

Like a dream in the night  
You can send you were where going  
No care in the world  
Maybe I'm learning  
Why the sea on the tide  
There's no way of turning

More than this  
You know that's nothing  
More than this  
Tell me one thing  
More than this  
You know that's nothing

More than this

More than this

You know that's nothing  
More than this  
Tell me one thing  
More than this

" (Mucho Mambo) Sway" by Shaft  
~~~~~

When marimba rhythms start to play  
Dance with me, make me sway  
Like the lazy ocean hugs the shore  
Hold me close, sway me more

When marimba rhythms start to play  
Dance with me, make me sway  
Like the lazy ocean hugs the shore  
Hold me close, sway me more

When marimba rhythms start to play  
Dance with me, make me sway  
Like the lazy ocean hugs the shore  
Hold me close, sway me more

to help me cross mountains I climb  
Gotta ??? to survive

the only way we can reach our goals

[Don't you ever slow down]  
Don't slow down  
[And don't give up]  
No, no!  
['til you reach that goal]

Gotta keep Rushin'  
Gotta keep Rushin' Rushin'  
Gotta keep Rushin'  
Rushing

"Silent Hill" by Thomas Howard  
~~~~~

Lights on the avenue  
All seem so far away  
I'm up here drinking a toast to you  
On such a special day

Tonight is the night for "I love you's"  
Wish we could have this feeling  
Throughout the year  
Christmas is here  
Christmas is here

\*Assorted "ohs" & "ahs"\*

Tonight is the night for "I love you's"  
And if you hold me near you  
You'll feel my heart beating for two  
Tonight is the night for "I love you's"  
Up above the snow is falling  
And stars disappear  
My heart is calling  
Christmas is here

"So Good" by Boyzone

~~~~~  
We're gonna be so good  
Like only we could  
Come on and help me now  
Gonna be so good  
Like I knew we should

I've heard it before, Oh yeah!  
and you're telling me no  
and I'm crazy  
We're talking too fast  
We've just got to take it nice and slow  
Sit back let it flow now

Don't be misunderstood  
When baby, maybe you know

We're gonna be so good  
Like I knew we would  
Like only we could  
Come on and help me now  
Gonna be so good  
'cause it's understood  
Like I knew we should  
Hiyah hah!, so good now baby!

[We're gonna be so good]  
[Don't you know that we could be good]

No matter the cost, Oh yeah!  
When we're out on the town  
Ah, Getting lazy  
I'll show you who's boss  
We're just gonna take it all the way  
No matter what they say now

Don't be misunderstood

"Video Killed the Radio Star" by The Buggles  
~~~~~

They took the credit for your second symphony  
Rewritten by machine and new technology  
and now I understand the problems you can see

Oh-a oh!  
I met your children  
Oh-a oh!  
What did you tell them?  
Video killed the Radio Star!  
Video killed the Radio Star!  
Pictures came and broke your heart!  
Oh-a-a-a oh!

And now we meet in an abandoned studio  
We hear the playback and it seems so long ago  
And you remember the jingles used to go:

Oh-a oh!  
You were the first one  
Oh-a oh!  
You were the last one  
Video killed the Radio Star!  
Video killed the Radio Star!  
In my mind and in my car, we can't rewind we've gone to far  
Oh-a-a-a oh!  
Oh-a-a-a oh!

"Word Up" by Cameo  
~~~~~

[Aw!]

Yo!, pretty ladies around the world  
Got a weird thing to show you so tell all the boys and girls  
Tell your brother, your sister and your mama too  
'cause we're about to go down and you know just what to do  
Wave your hands in the air like you don't care  
Glide by the people as they start to look and stare  
Do your dance, do your dance, do your dance quick, mama!  
Come on baby, tell me what's the word

Word up [up! up!], everybody say  
When you hear the call you've got to get it underway  
Word up [up! up!], it's the code word  
No matter where you say it you know that you'll be heard

Now all you sucker DJ's who think you're fly  
There's got to be a reason and we know the reason why  
You try to put on those "Airs" and act real cool  
But you got to realize that you're acting like fools  
If there's music we can use it, we're free to dance  
We don't have the time for psychological romance  
No romance, no romance, no romance for me, mama!  
Come on baby, tell me what's the word

Special thanks to Neil Hughes for help with the lyrics!!!
