CHAPTER 2 GAME TIPS

Stage 2.1

What to do: Beat up on the monsters and rescue the survivors stuck to the wall by attacking the ugly monsters head that is found near the survivor.

Gametip: If you can't get through a large iron gate marked G-3 or G-2 etc..it means there is a panel switch found in some small rooms with those small doors only Akira has access to.

Boss battle(mud beast)

Kill him quickly before the walls close in on you.Use clincher moves if necessary.

Stage 2.2

What to do: Exorcise the survivors by switching to your human form and hit on them.DO NOT pound on them in your devil man form otherwise you'll kill them and your ending rank will go down.

Game tip: Be sure to knock down those brown colored walls pocked with holes in order to find some goodies and a hidden survivor.

Boss Battle(water dragon)

Run up behind him and execute your clincher moves(DO NOT use the hellfire while he's stunned).

Stage 2.3

What to do: You can beat up on the monsters here if you like but its only a waste of time and energy.Just run past them if you like.

Boss Battle(green-skinned demon beast)

Its the same strategy with the boss in stage 2.2 only this time you can now use the hellfire clincher move Yeah! Burn baby ,burn!!

Boss battle (female monster)

Just use your psychic blast on her.

Stage 2.4

What to do: Rescue the survivors and beat up some of the monsters.Beware ,once you rescue the survivor a 2 minute time limit will begin for each one freed.

Boss Battle(giant mutant turtle)

Just do your clincher moves on this thing while he is stunned or knocked down.(Can anyone e-mail me if there is a way to rescue Satcha from this monster's shell??)

Stage 2.5

What to do: There are are only two monsters here so proceed if you like.Eventually you'll reach a dead end but you will see a weak brown wall to easily break down.

Final Boss

Knock him down to the ground with the running attack move (D-pad+R1+square or X)and then execute your clincher moves.

If you get a rank A ending you'll be awarded with a cool, but short 53 second CG movie showing the original classic Devil Man created by Go Nagai of Mazinger Z & Getter Robo fame.
