01. INTRODUCTION
=====
```

I think Digimon World 2 is not as good as the prequel. I hate the random dungeon system, but I do love the DNA digivolving ^0^. On the walkthrough section, I only explain the point of the dungeon/mission,

especially for the boss. On the next update I will add the boss guide.

03. WALKTHROUGH
=====

TRAINING MISSION (Boot Domain)

All you have to do is defeat Leomon. This is a quite easy mission. You have 3 Ultimate Class digimons and the enemies here are only at Rookie Class.

Boss: Leomon + Veedramon + ToyAgumon

DIGITAL CITY

Join one of these Guard Teams:

- Gold Hawk (Vaccine Type): you will have Agumon as your partner
- Blue Falcon (Data Type) : you will have Patamon as your partner
- Black Sword (Virus Type): you will have DemiDevimon as your partner

After joining a guard team, talk to your leader to get your first mission.

1st MISSION (SCSI Domain)

Just defeat Hagurumon at this domain to complete this mission. No, he has no friends at all.

Boss: Hagurumon

DIGITAL CITY

Talk to your leader. Before going to the next mission, go to the Tamer's Club and talk to a Black Sword Tamer there. He will give you a hint. Now make sure you have at least ONE item slot free at your Digi-Beetle, then go to the Digimon Centre and talk to Chris Conner. He will give you a Toy Plane for free. Go to the Main Gate and proceed to the next mission.

2nd MISSION (Video Domain + Disk Domain)

Make friend with a digimon that you want by giving it a gift (read HOW TO CAPTURE A DIGIMON section), but don't use the TOY PLANE yet. You must defeat Kokaterimon at the end of Video Domain. The boss of the Disk Domain is Numemon. After defeating Numemon, go find Angemon and rescue him.

Boss (Video Domain): Kokaterimon
Boss (Disk Domain) : Numemon + Sukamon + DemiDevimon

DIGITAL CITY

Go report to your leader and get your next mission to defeat Centarumon at BIOS Domain. Before that, go talk to Mark Schultz at Tamer's Club. Re-enter the Club and talk to Mark again to get another Toy Plane. Proceed to the next mission. This time bring a Toy Plane with you to capture a Metal Gryemon !!!
Before entering BIOS Domain, go to the Meditation Dome and talk to Angemon to receive 2000 Bits.

3rd MISSION (BIOS Domain)

Give the Toy Plane to Metal Greymon at the last floor before you fight the boss. Defeat him to make him join you. Now with a Metal Greymon on your squad, it's much easier to defeat this domain boss.

Boss: Centarumon + Gabumon + Starmon

DIGITAL CITY

Talk to your boss and s/he will give you an Entry Pass. Now you can enter the tournament at the Coliseum (read the TOURNAMENT section).

4th MISSION (Web Domain + Drive Domain)

Boss (Web Domain) : Kuwagamon + Gesomon + Octomon
Boss (Drive Domain): Birdramon + Flarerizamon + Candlemon

DIGITAL CITY

Make a report to your leader again as usually. Now go to the Tamer's Club and you will meet a cutie babe there. Now go to Meditation Dome to find out who is she. After talking to Angemon, exit the Dome and re-enter the place and talk again to him.

5th MISSION (Modem Domain)

You will fight 2 bosses here. The amount may increase on the upcoming

missions.

Boss 1 (Kim): Greymon + Saberdramon + ToyAgumon
Boss 2 : Wizardmon + Seadramon + Akatorimon

DIGITAL CITY

Do the report stuff. There will be a new place at the Digital Island Map called Dvice Domain. Enter that place and talk to Techna-Donna to get a Titanium Core. Before leaving this place, make sure to buy Pegasus-EG 1 to get your Digi-Beetle upgraded. Back to Digital City and talk to Chief Engineer Maestro at the Main Gate. If you already have the Pegasus EG-1, your Digi-Beetle will be upgraded to a Titanium Body !

Talk to your leader again and s/he will give you 2000 Bits. S/he also will command you to enter the Tournament until you reach Rank 3 (Rookie) before the next mission. After you reach Rank 3, talk to him/her again for the next mission.

6th MISSION (Disk Domain + Video Domain + SCSI Domain)

Boss (SCSI Domain) : Darkkrizamon + Bakemon + Deltamon
Boss (Video Domain) : Raremon + Devimon + Soulmon
Boss (Disk Domain - Bertran) : Vegiemon + Garurumon + Gabumon
Boss (Disk Domain - Damien) : P-Sukamon + Warumonzaemon + Nanimon

(Thanks to Irvan Bastian" <rainbow84@lovemail.com>

DIGITAL CITY

Go see your dearest boss. The next step is go to Device Dome and talk to Professor Piyotte at Techna-Donna's room. If you can't find him, go to the right bottom of the screen then walk on the catwalk there. You will find him at the end of the catwalk.

7th MISSION (SCSI Domain + Web Domain + Video Domain)

Your new mission is to catch the three digimons that Piyotte wants. You GOTTA CATCH 'EM ALL !!! If you don't know where to find 'em, talk to Gus Getum and he will give you the locations for 1000 Bits. But I will give you for free. These are the places where you can find him:

- Yanmamon : SCSI Domain
- Syakomon : Web Domain
- Ikkakumon: Video Domain

After you caught 'em all, bring them to Piyotte. Now what Piyotte wants is the sample of the digimon DNA.

DIGITAL CITY

Report to boss. Go to the Digivolve Room at Dvice Domain and talk to Piyotte. Then talk to Angemon at Meditation Dome. Now you can ask the Clockmon at the left room to get his DNA Patch, but you have to give him a Digivice. Then ask WereGarurumon at the other room. He will ask you to join him to meditate. Tell him that you'e tired and he will give

you the DNA Patch.

Back to Device Dome and talk to Kim to get the Virus Patch. Now you have all the DNA Patch. Go see Piyotte to get the serum. It's time to report to your boss that your digimons are okay now and ready for the next mission.

8th MISSION (BIOS Domain + Web Domain + Drive Domain)

Beat all the Blood Knights squad.

Boss (BIOS Domain) : Clockmon + Tankmon + Drimogemon
Boss (Web Domain) : Devidramon + SkullGreymon + D-Tyrannomon
Boss (Drive Domain): Airdramon + Garudamon + Yanmamon

DIGITAL CITY

You have to find the Electroder from one of these domains. After you got it (I got it from the 2nd Domain), go to Techna-Dona to upgrade your Radar to a Power Radar. 20th MISSION (Chaos Tower)

It's just the same as Core Tower.

Boss: ChaosLord

After you won the battle, you'll see a CG movie. Is that the ending ?
No, it's not. At least, I don't think so. When it appears 'Dive to
GAIA', just pick the 'Yes' to continue the game.

DIGITAL CITY

Just see all the events and you'll know the truth behind it all. Talk
to New GAIA at the Main Gate.

21th MISSION (Tera Domain)

This domain has about 100 floors. Thanks to all of you who told me about this
domain. At the end of the domain you will find very very rare items. The
digimons here are so various too. Some of them can't be found at the other
domains. But I still don't have much time to check it out but I'm surely sure
that it's true ! (thanks guys !)

04. HOW TO CAPTURE A DIGIMON
=====

You can capture a digimon after you win a battle. All you have to do is
by giving it a gift/gifts. But first you must have a Shooter Gun on
your Digi-Beetle to shoot the gifts to the digimon. Simply press the
Square button to aim the digimon, then press the X button to give them
the gifts. Make sure you shoot the digimon with the gift that the type
is the same as the digimon type. Give the gifts until a big red heart

appears above its head. The last digimon you defeat will join you.
