1. VERSION HISTORY

v1.0 : 1/16/03: Original Release

2. LEGAL STUFF

This is a comprehensive guide written to help out with getting the rare Pupu card. It is not to be reproduced, changed, or altered in any form, and can only be found at <https://www.neoseeker.com> Anyone else who wants to use it must email me and cannot change the contents within without my permission.

3. INTRODUCTION

The Pupu card is weak and funny looking. So why would you want it? Well, you can learn the Devour ability which is quite useful. And your an RPG gamer dammit and you won't feel complete :P

4. PUPU/UFO SIGHTINGS

I would recommend you to do this after getting Tonberry GF as it has ability that allows you to buy Elixir. To make things work it easier, equip Enc-None [GF Diablos' ability]. You will be able sight UFOs in battles.

UFO Sighting Spots [you don't have to do this sequence in this order]

1. Winhill Bluffs (east from Winhill) (Cow)
2. Mandy Beach [shores] (south-east from Timber). (head of a Statue)
3. Esthar-Kashkabald Desert (north-west from Cactuar Island) (Pyramid)
4. Health Island (east from Trabia Garden) *you needed the Ragnarok to accomplished this. (Artifact)

How pilot Ragnarok and head to the Great Grandidi Forests. Just head towards north from the Chocobo Holy Area which you done in Disc 2. And land Ragnarok on the hilltop north from it. Wonder around and you will encounter the UFO!

UFO? Stats

HP: 12,100

LV.100

AP: none

Attack: none

Draw: Demi

Steal: none

Win: Aegis Amulet

It does not attack, just keep on attacking it. Well, the item dropped seems to be a good one..

Make sure you have the Item Command

After it flies away with a Big BANG, you can now head towards the area where Balamb Garden is formerly located and you will encounter the PuPu, (it's the pilot of the UFO and he was ejected before his ship explodes). You can choose

kill it and receive Accelerator or help him recover by giving him (Accelerators are cheap stuff compared to the Hungry Cookpot), it keep on saying "Elixir Please" and "More Elixir please" gave it 5x Elixirs, which you have brought then you will receive PuPu card.

PuPu Stats

HP: 810

LV. 100

AP: none

Attack: none

Draw: Firaga, Blizzardga, Thundaga, Curaga

Steal: none

Help: PuPu Card

Defeat: Accelerator

Just help and get that PuPu's Card. In my opinion, 5x Elixirs for a Hungry Cookpot and a PuPu card into the collection, is definately better than an Accelerator. With the Hungry Cookpot you can learn Devour with any GF.
