CHARACTER YOU CAN DATE / MARRY

---

This is the girls

section. The thing you need to do is to marry one of 5 girls in this game. It's needed to increase your rating. These things are what you need to marry a girl.

1. Red heart. Make sure your girl's heart is RED. Sometimes orange looks alot like red, so if your girl don't want to marry you maybe it's because of this.
2. Blue feather. You have to give the blue feather to your girl to marry her. If she accept it then you'll marry her 1 week after you give the blue feather.
3. 2nd House extension. Many peoples forgot about this. It will add you a bedroom that's needed to marry a girl. So you should not forget about this.

That's what you needed to marry someone. The girls are Popuri, Elli, Karen, Mary, and Ann. This is the list.

1. Popuri:

Description: I married this one. She's very easy to marry because she loves things that easy to get. She loves animals too. Her birthday is at 3rd of Summer.

Family: Rick her brother and Lilia her mother.

Things she likes: Anything that made with egg, but she seems doesn't like egg very much. Things I mean are spa-boiled egg, omelet, and many other. She likes honey, pink cat flower, and to increase her heart rating just talk couple times when bringing an animal like rabbit and squirrel. Don't give her monkey.

Where is she:

Monday-Saturday: 7:30AM - 10AM: Hot Spring  
10AM - 6PM: Poultry farm

Sunday: 9:30AM - 1PM: Church  
About 1-1:30PM - 4PM: Rose Square

Sunday Summer: 8:30AM - 10AM: Beach

Rival: Kai. Try to win the swimming fesitival and after you married Popuri make sure to be his friend.

2. Karen:

Description: She's nice but sometimes she act very bad. She likes flower and food. Her birthday is 15th of Autumn.

Family: Sasha her mother and Jeff her father.

Things she likes: Now many added, these are Moon Drop flower, Pizza, Popcorn, Sashimi, truffles, and wine. Thanks Adam Gagorik and Mark Allan L Poa.

Where is she:

Everyday: 8AM - 10AM: East Town  
10AM - 1PM: Inside the door in the supermarket

1PM - 6PM: Supermarket  
Tuesday: 1:30PM - 4PM: Hot Spring  
and Sunday: Doug's Place

Rival: Rick. He's Popuri's brother. If you want to get Karen fastly just watch the event Karen is getting angry at him. After Karen married you be nice to Rick and give him presents.

### 3. Ann:

Description: She's a tomboy, she lives at his father's inn. She loves many things, she loves animals too. Her birthday is at 17th of Summer.

Family: Her father Doug, and maybe Gray is her brother, but if that's true, then Saibara is her Grandfather. I'm not sure if Gray is her brother then. But gray lives at the inn, right?

Things she likes: I think she likes foods and flowers. I'm trying to get more info about this.

Rival: Cliff. He's a nice person. Never ever you treat him bad. Look at the event section for the info. So just treat him good and treat Ann extra good if you want to marry Ann.

### 4. Elli:

Description: She loves kids and babies. She likes flower too. Her birthday is at 16th of Spring. She works everyday except Wednesday at the clinic.

Family: Her brother Stu and her Grandma Ellen lives at a house in North town.

Things she likes: I think she likes yellow flower and animals. More info about this soon.

Rival: Doctor. He's at the clinic. I don't like his face. Don't know why we have to be nice to him. But be sure to nice with everyone after you married someone.

### 5. Mary:

Description: She's at her library. She loves to read and she's nice. She writes many stories too. It's her hobby. Her Birthday is at 20th of Winter.

This day sometimes there is a blizzard on mother's hill. Be careful because it's same with rainy day, you'll get tired faster and you may get sick.

#### 4. Tornado

You can't go outside to take care of animals and water your plants. Ask harvest sprites to work before the day. Your plants will some destroyed then. This sometimes destroys the hothouse, too.

#### 5. Blizzard

Same with tornado, you can't go outside so ask for help to harvest sprites. The different thing is it won't destroy plants because you can't plant anything when it's winter. Hothouse will sometimes destroyed then.

### CROPS

---

First you should know that you can get crop seeds from the supermarket and Won the Chinese salesman. Seeds in the Supermarket are cheap and different every seasons. The seeds from Won are strange and expensive but most of Won's seeds will make more profit than the seeds from the Supermarket. Won sell flower seeds too. You can spread each bag for 3X3 squares, but you can't water the center square after the seed grows, except if you have an upgraded watering can, or you can ask harvest sprites for watering it. They can water the center square. And if the crop can regrows, you can't harvest the center square, except if you, again ask harvest sprites to harvest it.

-So if you can't get help from those sprites yet, or you don't have an upgraded watering can, you can make the field like this:

```
[][][] So you can water and harvest from the center.
[] [] But sometimes weeds grow in the center, so you can't get to
[][][] the center.
```

-Spread the seeds from the center, like this:

```
[][][] {}=You
[]{}[] Then press the [] button so you spread it.
[][][] The weed can grow in the {} place.
```

-So after you spread it, then it will look like this:

```
[:][:][:] The :: are the seeds.
[::] [::] After some days it will grow and grow
[:][:][:] so you can harvest it.
```

-You should make the field like this, so you can harvest every crops:

```
[][][] [][][] So you can go water all the crops
[] [] [] [] { } (Spaces) = path
[][][] [][][] And don't forget to cut every weeds with the sickle.
        You can cut weeds with sickle or by picking it, but
[][][] [][][] I think you should use the sickle so you'll get
[] [] [] [] experience then you can upgrade the sickle.
[][][] [][][] Don't forget to water them if you want them to grow.
```

```
[][][] [][][] Make the field like this after you upgraded your
[][][] [][][] watering can because you can water the center part of
[][][] [][][] the crops.
```

Here are the crop list.

```

## ANIMALS

---

Okay, now this is my favourite section!!! I like animals. They're all cute, but I don't like spiders, but that's out of the questions. Thanks there's no spiders in this game. Well, I'm an arachnophobic. That's enough for the spiders, so let's talk about cute animals like horse, dog, fish, chickens, cows, and sheep too!!! They're cute and can make you rich, too!!!

### a. Horse

You get a cute pony by visiting the Yodel Ranch at the beginning of the game. All the things you have to do is brush it and talk to it everyday, and let it plays outside the stable on good days. Just bring it back to the stable at rainy day. For easier thing, put some lumber about 3X3 or 4X4, or larger 3X6 it's up to you, make it in front of the stable, so the horse doesn't go to far and you can push it to the stable easily on rainy day. After 1 year, your horse will grow up and you can ride it, and you can use its saddlebag for the shipment, and you can join the horse race festival, too!!! And don't forget to ride it everyday so it'll be a good well-trained horse. And the good thing is you don't need to feed it!!! Don't forget to whistle it too. For the info about the brush look at the tools section.

### b. Dog

You get this cute small thing for free, you know it's already there with you in the beginning of the game. You don't need to feed this one too. Just whistle, and pick it everyday. Once it totally grown up, Won will sell a dogball for 100g. Use the ball to train it, so your dog will drive stray dogs away and help you gather cows and sheep when you use the bell. And you can join the dog race festival too, and you'll win if your dog is a well-trained, so train it everyday!!! For more info about the dog ball look at it at the item section, and for the dog race festival look at the festival section.

### c. Fish

This one's interesting. You can get this little cute animal from fishing. You have to feed it, and you can buy it at the supermarket. It's very cheap and you just need to put one fish feed to the pond even if there are many fish there. It'll multiply when it's grown. And you can't feed, take or add fish to the fish pond during winter. For information about how to fish, look at the tools section.

### d. Chicken

Now this is my favourite animal. You can get this eggmaker thing from buying it at the Poultry farm. It's worth 1500g, but you just

need to buy one, and it will lay eggs if you feed it everyday. For the chicken food buy it at the Poultry farm, or throw a corn at the watermill on the river to make 10 chicken feed. Then after it lays egg you can hatch it by placing it at the incubator. It will hatch after 3 days. You can have 5 chickens at the henhouse, but if you upgrade the henhouse then you can have up to 10 chicken. And eggs they lays have different types, like good, excellent, and other. For upgrading the henhouse look at the upgrade and extensions section.

#### e. Cow

Hey look at those funny spots! This livestock will give you alot of money, and its feed is cheap. Give it fodder for its feed and everyday it will give you milk, after it's grown. You can see if it's bigger than you. You can pasture cows outside to eat grasses, so they'll eat directly to the field. The grass will grow faster. Another thing give it Cow Miracle Potion (C. M. Potion) to make it pregnant, but you can't milk it while it's pregnant. And after your cows have more hearts, the milk type will changes. For some hearts it will give you S Milk, then many hearts will give you M Milk, alot of hearts will give you B Milk, and winning the cows festival will give you G Milk. Brush, talk, and milk them everyday to make them happy. You can have up to 20 cows and sheeps after you upgraded your barn. For the things about milker look at the tools section. And the barn look extensions section.

#### f. Sheep

Those warm wools are good to make a blanket! This one is fun and can make you pretty much money! Its feed's the same, the fodder. And you can pasture it too. You can cut their wool with the clippers every week, after it's grown up. I think the Wool type's the same with Cow's milk types, and about the hearts, too. Brush and talk with them everyday too. You can have up to 20 cows and sheeps after you upgraded the barn extension. For stuff on clippers look at tools section. Look at the extensions for barn extensions.

That's all for the animals, and one thing beware of stray dogs! They can hurts your animals and their hearts will decrease!!! Have your dog trained well with the ball so it will drive stray dogs away. And another thing never pasture all of your animals on rainy and snowy days, and keep your animals inside their place when there is a hurricane or blizzard on the farm. Don't forget to ask for help to sprites to take care of your animals before the bad weathers come, and don't ask them all! Ask some so you can ask another free sprites when your another asked sprites' time is over. And don't forget to watch the television everyday for the "Life on the Farm", "Tomorrow's Weather Forecast", "TV Shoppings", "News", and "The Delicious Hour".

SECRETS

1. Try to cut the lone cedar tree at mother hill and it'll talk, say you don't want to cut. DON'T TRY TO CUT IT AGAIN.
2. Throw 5 crops you harvested to the waterfall. If your position's right then when you throw the 1st crop a goddess will come.
3. You'll get one from fishing.
4. You'll get one from mining behind the waterfall.
5. You'll get one for 5000g at TV Shopping.
6. You'll get one for 1001 medals at the Horse race.
7. Win the swimming festival.
8. One in the winter mine's pond.
9. One outside the winter mine. Go behind and press X then you get it.
10. Plant ?91? or more flowers Ann will come, say pick up as much as she wants.

Another berry:

Throw 3 cucumbers to the lake and you must throw it from 2 trees in the upper section of the lake. If you right then Kappa will show up. Note that Kappa won't show up if you don't hear the info from Chef the Red Harvest Sprite. Thanks Andre Dharmawan.

Honey:

Plant flowers at summer then bees will come. Take a honey and give it to Louis then the next day he'll come.

Relaxation Tea Leaves:

At spring come to harvest sprites house at 2PM - 4PM, give a present then you'll invited to a tea party, and you'll get a relaxation tea leaves. Thanks Andre Dharmawan for testing it at end of spring.

Squid:

Rumors:

My friend said his friend caught a fish at about 7PM - 10PM in the beach, then Greg came saying something, about buying the fish for 250,000g. The fish is very large, you can't hold it. For Adam Gagorik thanks for reminding me about only 6 legendary fish, but I still put this here because THIS FISH ISN'T A LEGENDARY FISH...

After you throw 5 crops to get power berry then throw 5 more she will ask do you have a sweetheart, then she'll say she's gonna take a bath in the hot spring so just go to the hot spring she's not in there but just jump in and get out then she talks to you again now this will help you an running into her more often. Then after 10 more crops goddess will give you lumber, give it to GOTZ and he'll be your best friend.

(There's still nothing different with Gotz)

The goddess won't come if:

1. Standing in the wrong place.
2. It's a bad weather
3. It's a holiday.

Perfume (love potion):

After you been to the beach a couple times during summer you should find a bottle with a letter in it. Kai will ask you if you plan to stay in the village, say yes then he will take the bottle and give you perfume.

#### TIPS AND CHEATS

---

1. You don't need to sleep at the night, you can sleep at 5AM.
2. Try to save up time as much as possible. Time runs fast-veryfast so you should run everytime and never ever you go fooling around except if you've done all your works.
3. Don't forget to feed every animals, brush and talk then play with dog and horse.
4. Don't crush all small stone on your farm because it's needed to make a recipe.
5. Don't worry if you missed something in TV Shopping because all products you missed will repeated again. Thanks Andre Dharmawan.
6. To know about your relationship with villagers, just check a room inside their places. If you're able to enter a room that you can't enter before, then you have a strong relationship with the people. Thanks Andre Dharmawan.
7. Right just after you wake up in the morning, the first thing you should do is watch the television. Look the weather forecast and life on the farm, and watch the delicious hour at tuesday, and you can see news for festivals, and then music channels, fairy and me, and mechabot ultror if you want.
8. If there is a rain or blizzard or other bad weather, put all your animals inside including the dog and the horse.
9. The time will back to AM after 11:50PM. If you don't sleep then you can get sick.
10. You can get your horse back! Plant many fields(about 30-40) of grasses, when it grows Barley will come and say that it's a good pasture and he'll give you another horse.
11. Sometimes if you put the dogball OUTSIDE (beside the doghouse, mailbox, etc) it will disappear after few days, so the savest way is to put it in your cabinet.
12. If you watch the sport program, you will find that AJA (daughter of the winery) has become an F1 racer.

13. When there's a festival at the beach instead of going home just go fishing until you're really tired because the time isn't running.

!!There is a cheat on the game, fully tested by magical!!

First of all you'll need two memory cards and two different saved games. For example lets say one of your farm is names "AAAA" and the other farm is named "BBBB" use "BBBB" and buy as much cows and sheep as you can and play your game with "AAAA" then once you got all those cows and sheep for farm "BBBB" copy the farm "BBBB" to memory card 2 then load farm "AAAA" then go to your diary and pick exchange animals and follow the direction if you don't know how to exchange animals... take all the animals from farm "BBBB" on memory card 2. This takes alot time but it also helps alot. You can get your house fully upgraded with a hothouse in the 1st yeat and only in summer... here's the price what you can sell animal for...

{Cows}- NOTE: Cow must be fully grown (adult cows) but you can sell your cows for the most money you can get from 3000-8000 for each cow depends on there hearts but if the give golden milk you can get alot of money for it.

{Sheeps}- The sheeps are easy so it's recommended for beginners you can sell your sheep with or without the wool, but better take the wool first then sell them to make a little cash. But you can sell your sheep from 2000-5000.

{Chickens}- It's not really reccomended because you don't get much money buy you can sell them if you want you can get 500 or 2000 if they lay golden eggs.

NOTE: reccomended use this cheat after you get your henhouse and barn upgraded so you can hold more animals and make more money.

This cheats takes time and particies so don't rush it. This can messed many time but can make over 100,000g.

Wrong but funny:

SAVE BEFORE YOU DO THIS. You can try attacking your animals(it's fun) and look their weird reaction. Don't save after doing this. you can try to give everyone bad things too.

More coming soon!

STRANGE THINGS

- 
1. Your dog or animals will get stuck if you press X at the right position near a door. This is VERY BAD if your hen stuck sometimes you can't take her back, she'll lay an egg IN the door, you can't take it, but it seems she will off from the door in the next day.
  2. YOU CAN FISH AT THE BIG POT OF THE HARVEST FESTIVAL.
  3. How could a tree stump regrow in a day???
  4. This is the first time i see a mine that already has many stairs inside. Who put those stairs inside???
  5. Now's the time I see a buyer that buy anything you put in the shipping bin... ANYTHING? PFFF... HOW RICH IS HE???! Zack buy all things even if you throw 999 pineapples inside the shipping bin!!! HE'S SO RICH BUT HE HAS JUST A SMALL HOUSE ON THE BEACH?!!! HOW WEIRD IS THIS???

OH THANKS TO KOR FOR THIS CORRECTION:

I NOTICED THAT ZACK IS JUST A DELIVERY MAN. BUT THERE IS ANOTHER WEIRD THING:

Zack says he lives alone in his house, but Greg lives there too. And even if Zack is just a delivery man, how could he pay all the money before he sell these things you shipped?

Oh another correction there's a boat, and greg isn't at the Zack house. BUT THERE'S ANOTHER THING THAT IS VERY STRANGE, YOU'RE AT THE PEAK AT 5PM AND POOF YOUR MONEY INCREASED.

6. A sheep's wool should grow slowly like this: thin wool at the 1st day, getting heavier and heavier... and then you can cut it again at the next week. Not like this: day 1: no wool, day 2 same, day 3-6, no wools too... 7th day, HEAVY WOOL. This means the wool grow in 10 minutes. At 5:50 AM. In 6AM the next day, the wool is already heavy...
7. In this game there is a basket that contains a black hole inside. After you put something inside, then you can't take it out anymore. But you can throw all the things inside the shipping bin.
8. There is no bathroom. How could the main characters and all other characters take a bath and do other things?
9. Every morning we get a free food.
10. The dog never eat but still alive.
11. There is no use for the doghouse.
12. How could ONE potato be more expensive than a big rock of pure gold, enough to make an ax?
13. If you use the milker on cows, you will get a bottle of milk, get it? a BOTTLE of milk, yup they not just produce the milk, but also the bottle, (this is HM not SHENMUE and it's PS not DREAMCAST but it is a weird thing anyway) heheheh...
14. Try walking to a person, you get blocked, right? Then try running, you'll find out that you can walk through them! The weird thing is, when you run to a person and stop where they are, you can't walk! You will be stuck there unless you run again.

WELL THIS HARVEST MOON IS JUST A GAME BUT THIS SECTION SEEMS VERY INTERESTING, ANYONE THAT KNOW OTHER WEIRD THINGS PLEASE EMAIL ME.

So this is what I think will make the next harvest moon series better:

1. You can trade your crops by bringing it into a market, set a higher price and meet many peoples from other cities... thanks for Marc Haric, we can trade crops in harvest moon snes.
2. Can go to another city and travel, and can buy an automatic watering machine! Buy other field and can plant rice.

More coming soon!
